WHEATFIELD, 15. April.—The hens in and around town favored us with a very pleasant Easter. Street grading is all the rage in town something that has been much needed.

The high grade school closed last Friday with graduating exercises and entertainment in the evening. Some two hundred and fifty people.

Plank has arrived for the new cross walks, also lumber for the jail. Now boys be careful.

Henry Whitaker is laying the brick foundation for his new dwelling in the north part of town.

Simon Fendig spent a few days at his old home in Rensselaer the fore part of this week.

Mrs. Phelps is visiting with friends and relatives in Lowell.

Miss Maud Swisher has been quite sick the past few days but is reported better.

Mrs. Myers did business in the city Tuesday and Wednesday.

P. E. Davis and wife who have been very sick with the grippe and congestion of the lungs the past two weeks are some better at this writing.

Dr. Vaughn and family have moved back to their old home at Winamac.

Elwood Davis, who has been working in Illinois, was brought to his Uncle John's, 14 miles out of town, sick with lung fever. He could not be taken home on account of the serious illness of his father and step-mother.

B. B.

An exchange wants to know what caused the defeat of the Democratic party. Overproduction, of course.

JACKSON Tp. April 16.—Farmers are about to plant corn, Oats are looking fine.

Mrs. William Chamberlain is quite sick.

Levi Miller is building a new house.

Garden making is the feature of the day.

William Murfitt and family, near Brook, visited in this vicinity last Sunday.

Charles Birkland has purchased a new carriage.

Writers on health say that persons should repose on the right side only, and claim it is injurious to lie on both sides, but we would like to know where could be found a healthier set of men than the lawyers. Pop.

SURREY, April 15.—Mrs. Simon Kenton returned from Georgia on the 12th. She has been on an extensive trip through the Southern States, spending a great deal of her time in Thomasville, Ga.

G. L. Thornton finished his new house last week and moved into it Friday.

Chas. Pullin ordered a car of lumber from a certain World's Fair Salvage Co., when in the city last week. He intends to build a large hay barn on his lot he purchased of D. S. Makeever a few weeks ago.

We don't know of any cause as to their being delayed in this manner.

Mrs. Walter Reynolds of Brookston, Ind., is visiting, her mother Mrs. G. R. Thornton.

Chas. Crisler went to Brookston Saturday with some intentions of purchasing the Brooklivery outfit.

The A. C. F. society of Vaughan chapel gave a very interesting Easter entertainment.

Rev. B. F. Ferguson preached an excellent sermon at Vaughan chapel last Sunday.

D. B. Nowels was in Surrey last Monday on business.

Frank Bruner, son of J. F. Bruner of DeMatte, spent Sunday with Charlie Kenton and Trevor Wilcox.

Mr. and Mrs. B. F. Ferguson and Mr. and Mrs. Carson, the latter of Brookston, took dinner with Geo. Wilcox Sunday.

Cary Crisler went to Delphi and back last Saturday.

Quite a few of Mrs. T. O. Langs friends, of Rensselaer, took dinner at her home Sunday.

Swaney Makeever passed through town Sunday.

Four of our young people walked to Parr last Sunday afternoon and rode back on the milk train. We don't know if they paid their way or not.

E. J. Wilcox the agent for the Columbia Bicycle ordered one of the best wheels for his own use last week.

From the looks of the number of jars and crocks that G. M. Wilcox received last Saturday he is going to supply all of Jasper county.

Roads are getting better, oats are all sowed and some of the farmers are plowing for corn.

Geo. Wilcox is having some repairs on his house and store room. He also fenced in three new lots. Surrey seems to have a general boom.

Chas. Hemphill has been hauling tile, for use on his father's farm, from Melvan Kenton's tile yard.

Wm. Freeman, the new owner of the C. D. Nowels farm, is having it ditched thoroughly this spring. He is getting his tile of Kenton. This gentleman is from Illinois and seems to know what makes land produce in its best form.

Mrs. Brooks spent Sunday with Mrs. Jasper Kenton.

Mr. and Mrs. John Daugherty, of Rensselaer took dinner with Mrs. G. R. Thornton Sunday.

Mr. and Mrs. Carson, Rev. J. W. Noland and Mr. Stewart from Brookston, Ind., were present at the Quarterly meeting held at Vaughn chapel from Friday night to Sunday night. They were delegates from the F. W. Baptist church located about 6 miles from Brookston.

Anson Chupp, who is working for John Baker at Mt. Ayr, spent Sunday with his parents.

Victor Yeoman and Miss Mary Jenkins were married at the home of the bride's parents on Wednesday, Apr. 10th. The groom is a son of Hon. D. H. Yeoman, the bride being a daughter of Anderson Jenkins of Union township.

G. W. Andrews and sons, carpenters, are building a house on one of D. H. Yeoman's farms which is to be occupied by the newly married couple spoken of above.

Word was received last Friday of the death of James Morris, the venerable father of Mrs. D. H. Yeoman. He has been living at Pittsburg, Ind., for some time.

Chas. Hardesty and Abe Shade are ditching on G. M. Wilcox's farm 1/2 mile west of town.

Jno. Younglass and Lue Wilcox went to Chicago on the 7th inst. Lue managed to get back on the evening of the 8th, but John was delayed a little and didn't get back until the 14th.

**FOREIGN.**

The Duke of Connaught (Queen Victoria's son) has given orders that the army officers under his command at Aldershot shall qualify themselves to be judges of the food supplies furnished by army contractors for the troops, and also of the storage for horses.

With a view of creating oases in the barren waste land of the interior, the authorities of South Australia are boring for artesian wells in a number of places. They will also plant Algerian trees in the neighborhood of these wells, should water in sufficient quantities be found.

In a recent speech in the French chamber M. Lockroy inveighed against extravagance in the naval department, claiming that the English could build a war ship for about half what the same vessel usually cost in the French yards.

It is said that two members of the house of commons who desired to visit Constantinople before the opening of parliament, to inquire into the grievances of the Armenians, were prevented from doing so by the refusal of the Turkish authorities in London to visa their passports.

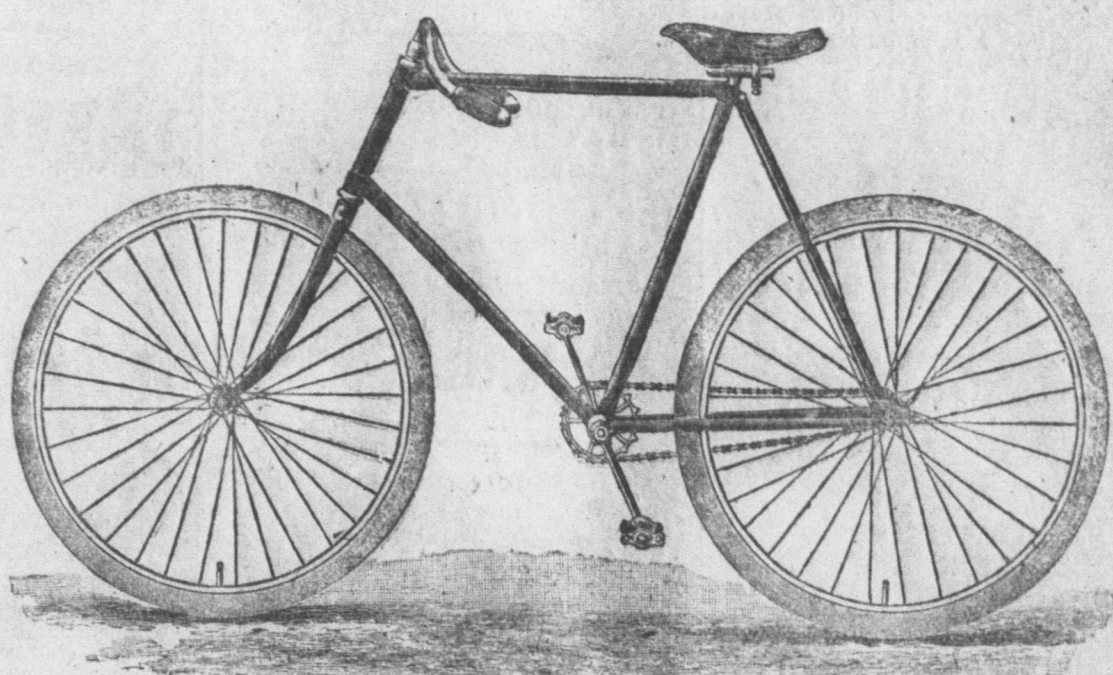

The Paris Eccler says France is not inclined to abandon its demand for the extradition from England of Dr. Corneliuz Herz, the Panama canal lobbyist.

Three refugees from Sassoun who have arrived in London were eye witnesses of the Armenian massacres, and their evidence confirms the reports of the atrocities.

Lieut. Col. Ludlow, military attache of the American embassy at London, who was recently appointed military engineer of the Nicaragua Canal commission, sailed for New York.

Charles Baxter, executor of the estate of Robert Louis Stevenson, says it will probably prove worth between \$100,000 and \$150,000. Most of this will be from profits from Stevenson's books.

THE MYSTIC CYCLE, Highest Grade Bicycle.

**Descriptive Specifications.**

In presenting our '95 model to the public, we wish to impress the fact that the Mystic is not one of the many diamond frame bicycles with which the market is now flooded, and which can be bought at almost any price. On the contrary, the Mystic is one of the finest lined, most symmetrical and highly finished machines at the disposal of intending purchasers.

THE FRAME, in general appearance, is very pleasing and perfectly constructed on the latest and approved models.

LARGE TUBING, of light gauge, is used throughout, and every joint reinforced.

EVERY PART is made of the finest steel.

OUR MECHANICS are the best in the world.

OUR MACHINERY is perfect.

OUR STOCKHOLDERS are men of integrity.

THE HEAD is 9 1/2 inches in length, of large diameter, light and rigid.

WHEEL BASE, 44 inches. Depth of frame, 23 inches (unless otherwise ordered), which is the standard depth for the average rider. This brings the top tubes and rear fork tubes on a level and parallel with each other, which is a pattern of neat appearance.

THE TUBING is of the very best cold drawn seamless steel stock, produced from the finest quality Open Hearth Crucible Swedish Ingot.

ALL SOLID PARTS are of the best quality steel, accurately machined and fitted.

THE BEARINGS are the best procurable. Bearing cases and cones are of highest grade steel, perfectly hardened and accurately fitted.

THE BALLS are of the best, made by the latest Rolled Forged Method, and are the most perfect produced.

THE SPOKES are the best Swaged Piano Wire Steel, capable of sustaining an enormous high tension.

THE SPROCKETS are of the highest grade Drop Forgings, accurately machine-milled to fit chain. Front sprocket is light, yet very strong and rigid.

REAR SPROCKET is detachable.

FINISH consists of three coats of best jet black enamel, baked on at a high temperature, all brass work (not dipped). Each coat, except last, is carefully rubbed down with felt and pumice stone, which imparts to the last coat that handsome iridescent finish so greatly admired.

ALL BRIGHT PARTS are highly polished and given a heavy copper-plate, then repolished and nickel-plated. This prevents rustings and gives an elegant "solid" finish.

WOOD RIMS. Our cycles are furnished with wood rims, unless otherwise ordered. These rims are proved and guaranteed. Steel rims, either nickel-plated or enameled.

TIRES. Morgan & Wright, Vici, Webb or Dunlop. Other makes if purchaser so orders.

HANDLE BAR can be furnished in either drop or raised pattern and in two widths, 16 and 18 inches.

FORK. Our Improved Fork is a design of our own, and is light with great strength. This is considered so great an improvement that we give a special drawing showing its construction.

CHAIN. This is the great improvement of 1895, and we devote two pages to its description. Until you see this chain you cannot appreciate its merits.

Our Improved Fork.

THE CONSTRUCTION of our Fork is very light, yet exceptionally strong and rigid, being built in such a manner as to distribute all strain equally on the different parts. FORK SIDES are all reinforced.

The Morse Chain

IS THE GREAT IMPROVEMENT OF 1895. THIS CONNECTION IS TO A CHAIN WHAT THE PNEUMATIC TIRE IS TO THE WHEEL.

Just stop and think: No Oiling, No Binding, No Stretching, No Friction, and of course much less power to propel. Actual tests of 1894 show that in running 2,000 and 3,000 miles these chains did stretch only one-twentieth of an inch, and when put on factory machinery and run 5,000 miles the elongation was only one-eighth of an inch.

Do you think this is a pretty large story? Well, examine the cut and see how it works. It does not revolve around a pin, but works from the center and rocks in the pin, thus overcoming that great obstacle found in other chains.

Use this chain once and you would not go back to the pin friction for half the cost of a wheel.

You get a Mystic and you get this chain.

Before you buy a wheel see the Morse Chain.

We do not say of this chain that it is just as good, but that it is better than any other chain made, and is worth \$15.00 more to any wheel.

Join the Club and get an \$85 for \$65.
