

Its Hardware This Week!

Now of course we haven't got a large stock of hardware, in fact we haven't got room for it; but what we have got is what people have use for every day, and we are selling so that on such articles as follow below

We save you 15c to \$1.00

Everything listed is of the best make, and made by the most reliable manufacturers. Remember the cheap price don't signify that the stuff is of cheap material, Oh NO.

Jackson 13 tooth garden rake, 50c, saves you 35c
" malleable " 35c, " 15c
" socket hoe 35c, " 30c
3 other kinds 25c to 35c, saving from 15c to 25c
Hellegars silver steel axe, \$1.00, saves you \$1.00
Champion axe, 70c, " 30c
Cutmore axe, 85c, " 40c

Common spades, 60c, " 15c
20 inch ditch spades, 90c, " 35c
Forked garden spades, 50c, " 15c

We haven't got room to continue this, but nevertheless we've got lots more and price in correspondence.

Yours very truly,
FRANK MALOY.

Paint the Court House.

One of the most liberal contributors to public improvement, a heavy tax-payer to be sure, but a man who never complains about taxation for proper purposes, remarked a few days since, that the court house should be kept in better repair, that it was a solid building, would last for many years if given proper care, and was ample for all the requirements of Jasper county for a generation to come, but if it is allowed to decay it would be the excuse for building a new and costly one, that the people do not need and are not able to pay for. This is probably the opinion of nine-tenths of the voters of Jasper county, and even though the treasury is low, it is false economy to neglect repairs.

Surrey's Big Boom.

SURREY, May 6.—Boom, boom, right here in Surrey.

Mr. Lang's house painted, G. M. Wilcox's lot fenced in, P. Pullin's hay barn started with a foundation, and D. B. Nowel's house rapidly nearing completion.

Miss Emma Kenton returned from Arizona Friday, May 3.

Another new wheel flies from Surrey. Lou Wilcox brought a Monarch from the city last week, and a handsome bicycle suit.

James Wenrick and family attended church at Dew Drop, in Walker township, last Sunday.

Every Sunday evening people seeing Thomas Lang flying first

west, then south, at runaway speed, wonder why he is so excited when all else is serenely calm and quiet.

Sherman Thornton is very sick in Rensselaer.

A. C. F. last Sunday evening at Vaughn Chapel. A good programme carried out.

Preaching at Vaughn Sunday night, May 12, by Rev. DeWeese.

A few young people spent a pleasant evening at the home of G. Thornton's Friday evening.

Preparations are begun for Children's Day, June 9th.

GENTLE ANNA.

Notice.

The third quarterly meeting of the Rensselaer circuit, M. P. Church, will be held at Rosebud church, Saturday and Sabbath, the 18th and 19th inst. Rev. Nathaniel Vice, a former pastor, is expected to assist.

OLIVER LOWTHER, pastor.

I am here to stay that you may buy goods for the least possible money. Will you appreciate it? C. D. NOWELS.

Christian Church Notes.

T. J. Legg, state Sunday school evangelist, will hold a Sunday school institute at the Christian church to-morrow, (Friday) May 10th. There will be two services, at 9:00 a. m. and 2:00 p. m., and a lecture at 8:00 p. m. in the evening. A special invitation to all.

There have recently been seventeen additions to membership. Two candidates were baptized in the river after services last Sunday evening.

The District Christian Endeavor Convention is to be held in Goodland the later part of June. All Endeavors from the south part of the district should make arrangements to attend.

Boys remember those sweaters at Nowel's from 25c to \$1.00.

M. E. Church Notes.

A number were baptized a few weeks ago; all others to receive baptism are requested to be present next Sunday morning. There was a largely attended communion service last Sunday morning; the evening audience was delighted to hear the Rev. J. H. Wilson, P. E.

Arrangements for the "June Festival" are rapidly maturing. Professor August Wolf, the accomplished violinist, has been engaged for Monday night, June 3; for Tuesday night, June 4, The World's Fair Quartette; for Wednesday night, June 5, Rev. C. N. Sims, D. D., the eloquent lecturer; for Thursday afternoon (children's rally) and night, June 6; Rollo K. Bryan, the celebrated chalktalker; Friday night, June 7, a grand concert, home talent.

The Programme, it is confidently believed, can hardly be excelled.

Trunks at Nowels.

Jack The Bicycle Ripper.

Some small minded reptile has been industriously engaged in the contemptible business of puncturing the tires of bicycles that are left standing about town. This amusing diversion has been going on for some time, and a large number of wheels have been tampered with, and when one considers what annoying task it is to take the tube, mend it and replace it properly, the meanness of the sneaking scoundrel can be understood. It is said that one of the victims claims to know who the offender is, and has set a trap to catch him. One thing is certain if he is caught the boys will not put the county to any expense in the matter, as a very unique and quite original program arranged for his benefit.

For valises go to Nowels.

Patriotism and Politics.

No more appropriate program for the celebration of Independence Day could be proposed than the joint discussion of the living political issue of the day, the financial question, by representative speakers of the two opposing schools. The silver question with its kindred propositions is the one absorbing feature of the political discussion to-day. Newspapers of every shade of political faith are filled with dissertations, pro and con, and the masses are keenly interested in its study. The heat of a campaign has never developed so pronounced a discussion of finance as is now in progress in all parts of the country, and no more suitable use could be made of the national holiday than the calm, impartial presentation of facts upon this great subject by the ablest advocates of the opposing forces.

If taken in hand at once a monster gathering could easily be secured in Rensselaer for the Fourth. Let the matter be taken under serious consideration; that an amicable arrangement can be effected.
