The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Mrs. Hoyes and son Tom spent Friday in the country on their farm four miles north-west of town.

Rev. P. E. Davis, postmaster of Wheatfield, was in the "hub" on business last week and reported that city all right.

The Epworth League, gave a reception to the graduating class Saturday night at the home of Frank Warren.

Coin's Financial School (price 25c) is given free to every new trial subscriber of The People's Pilot. Twenty-five cents for three months.

John Rennicker of Blackford had a leg broken last week by his horse falling with him. He suffered a similar injury a few years ago.

J. W. King only remained one day at the three-day shooting tournament held at Urbana, Ill., last week, but in one event he scored 19 out of 20 shots.

Prof. I. C. Renbelt was tendered the superintendency of the school at Dana, Vermillion county, but had to decline because he had accepted a similar position at Royal Center, Cass county.

Remember the "exchange," run every Saturday by the Christian church ladies in C. D. Nowel's store; they have all kinds of pastries, baking, and other edibles, also needle and fancy work.

While Charles Murry and wife of Barkly township and Miss Humes, daughter of Capt. John Humes, of Union township were riding near Mrs. Lesh's last Sunday afternoon, the horses became frightened and ran away. Miss Humes suffered an injury of her right wrist and Mrs. Murray was bruised pretty severely if not injured internally. The buggy was demolished. All people who will persist in riding in buggies should take out accident policies.

The colored minstrel-concert show at the opera house Saturday night was attended by fully as large an audience as could be expected, and for a company of two the entertainment was really satisfactory, though Mr. Nichols and his wife have undoubtedly seen better days. It had the unmistakable marks of the minstrel show, and despite the ragged edges which were constantly visible, it was highly enjoyed by all and no one had cause to be positively shocked.

The finest of prospects for corn and oats are reported in the vicinity of Mt. Ayr, in fact the outlook is promising for unrivaled crops for the whole of Jasper county.

Judson H. Perkins has taken the agency for the celebrated Osborne haying and harvesting machinery and in another place in this paper he has an advertisement of that excellent machinery.

Curg Spittler, Ray Thompson and Ira Washburn returned last week from Wabash, State and Perdue Universities, respectively. The boys are glad to be home again and get something to eat.

Trade in every line of business has been better this year in Rensselaer than at any previous season. The town has grown steadily in population and in solid improvements, and has a prosperous future.

The Junior Endeavor festival in the court house yard, June 1, was a complete success. The children in Brownie costumes waited on the tables, and their jolly good humor and polite ways added much to the enjoyment of those in attendance.

The supreme court in the case of the state vs. Atkinson, on page 27, decisions of 1894, decides that Memorial Day is only a legal holiday as relates to commercial paper, and that saloons are not required to close on that day. The opinion was delivered by Judge Coffey.

The Sunday school of the Christian church celebrated Children's Day, Sunday evening, June 2, with an excellent program entitled, "The Light of the World." Each class rendered something appropriate for the occasion. A missionary collection was taken amounting to \$—.

Rensselaer is approachable at this time on the subject of encouragement for some reliable manufacturing plant. It must be gilt edged and bear close inspection, and be able to give employment to all its hands during the full year. Such an enterprise can get liberal assistance in locating here.

The G. A. R. members are not feeling good because three of the four saloons did not observe Decoration day as a holiday. There was pretty strong talk of having the matter investigated by the proper authorities, but it appears that a late decision of the supreme court, given elsewhere in this paper, gave them the right to keep open if they chose to do so.

The following composed the company at a very enjoyable reception given by Miss Jessie Bartoo in honor of Mrs. Walls and Miss Burfink, retiring teachers of the Rensselaer schools, at the Pavilion Saturday, May 25th. Mrs. Julia Jennings, Mrs. Alice Banta and Mr. C. C. Jerome have advertised letters in the postoffice at Rensselaer.

Frank Osborne of Medaryville was in town Saturday on business. He is one of the leading school teachers of Jasper county, and is now taking a commercial course in Lafayette.

Rev. Father Berg will leave next week for Niagara Falls and New York City, and will sail for Europe on one of the fast ocean liners on the 30th. He will be accompanied on his trip by Father Lambert, of Dunnington, Benton county. Father Berg came to this country from Germany fifteen years ago, being then only fifteen years of age, and this will be his first visit to his native country since coming to America. The Press wishes him a pleasant and enjoyable journey. Father Paulinus of Rensselaer, will be in charge of the church here until Father Berg's return.—Remington Press.

A visit to Kohler's brick and tile works, one mile west of town, disclosed a condition of activity in the brick yard, where a new kiln of 150,000 brick was about ready for the fires. The brick machine has a capacity of 3,000 per hour when working with a full compliment of hands. This is the third kiln that has been burned this year and the building demands of Rensselaer and vicinity will keep the yard in active operation for two or three months longer. Mr. Kohler says that the demand for his product is much greater than ever before, and that the future promises still greater consumption in that line. The tile works will remain closed until August, when that branch will be pushed with the entire force of workmen.

It's M. D. Now.

The following from the Lake County News, under the above caption, refers to Postmaster Honan's brother, who was recently given the appointment as head of the inspection bureau as mentioned below:

"Last week Dr. J. H. Honan graduated at Rush Medical College and is now a full fledged M. D. The Dr. is head of the U. S. inspection force at the G. H. Hammond works and has made many friends here during his brief stay, who will be pleased to know of the Doctor's advancement."

Mt. Tabor Cemetery Notice.

By request of the undersigned, all persons interested in the Mt. Tabor Cemetery, half mile east of Blackford, are asked to meet at the cemetery at 10 a. m., Saturday, June 15, 1895, to elect officers for the coming year, and do such needed work as the grounds require.

Wm. Cooper, Pres.
Geo. W. Casey, Sec.

Celebrate the Fourth!

The plans and energy being put forth to celebrate the Fourth will make it the greatest event of the kind ever given in Rensselaer. More money is being raised than at any previous occasion, and the committee have the hearty support of the business men and all other citizens. It will be a hummer.

Valparaiso has shown its aristocratic nature in passing an ordinance forbidding the passing of hand bills or other advertising matter on the street, or distributing the same at residences. It is a species of narrow minded intolerance the popular verdict of every freedom loving community should repudiate. The passing of bills is as legitimate as any other part of a man's business.

A COMPETENT INSTRUCTOR.

Prof. A. H. Purdue has gone to Yankeetown, Warrick Co., Ind., his old home, where he will remain for three or four weeks visiting old associates. He will then return and engage in the United States geological survey, in this county principally, for several weeks, working on the glacial division.

Later in the fall he will enter the Chicago University for a course of technical study, having recently been elected to a fellowship in that institution.

Mr. Purdue has made many warm friends in a social way while residing in Rensselaer, and his work in the high school has been most successful and satisfactory. The school is a loser by his retirement from the faculty.

What Our Neighbor Has Done.

The following from the Winamac Republican is a gentle reminder of what might just as easily be done here:

"Late Saturday afternoon the last lots were sold which were needed to guarantee the erection of a wagon factory at this place. So far, Winamac has done her share towards the enterprise. Mr. Roberts was notified at once and in reply says that he will commence work on the buildings in June. People would have laughed at the person who would have prophesied a year ago the march of improvements and developments that the town has made since. Winamac started to grow in the midst of hard times when other towns were losing trade and prestige and now that better times have come for the country at large it only needs a continued effort to keep the town growing."

In order to order a machine that is always in order, it is always in order to order a McCormick, sold by C. A. Roberts.
