NEIGHBORHOOD NEWS

FLAKES FROM SNOWFLAKE.

Walker and Barkley Townships, July 22.—Corn looks very promising.

Harvesting of wheat and oats is over in this section and threshing is in full blast. The hay harvest is on.

William Miller and Alonzo Boyd, two of our best young men, attended church at Wheatfield Sunday.

Mr. Burt Dunn and family of Medaryville were visiting Mrs. Dunn's mother, Mrs. Mary Grimes, Sunday last.

Mr. Lewis Stockwell of this place spent Sunday in Rensselaer prospecting for a location.

Mr. McCurtin of Nubbin Ridge and Miss Flora Snider of this place were quietly married at the home of the bride's parent's Saturday evening. May their path be strewn with flowers and may they live a long and happy life is the wish of their many friends.

J. W. Smith and family were visiting Sherman Smith and family Sunday last.

James Dickerson, recently of Boone county, has returned home for a short stay.

News is scarce at present, but Madam Rumor will chatter soon.

SMALL POX SCARE.

Goodland, July 24.—Abundance of rain in this vicinity has put an almost lost art on the countenances of the farmers.

Mr. Colborn will soon begin the erection of a fine residence north of the school house. It will cost between four and five thousand dollars.

We have not heard anything since before ground-hog day of the Newton county soldiers' re-union. Where, when, and how is it to be held?

Mr. Parsons, conductor on the LaCross division of the C. & I. C. since the great strike of 1894, has been transferred from this run to be general superintendent of terminals with headquarters at Danville Ill. Mr. Stanley, the man who took so active a part in the strike, and conductor on this run, has been assigned to his old run.

A new well has been put down in the power house and it is said to be a good one. The test of a steam pump for a day and a

half failed to make any preceptable difference with it.

The brick work on Kent's new hotel is being pushed rapidly. The contract calls for its completion by Sept. 1.

For some unknown reason our baseball team did not go to Watseka, as stated by us they would do last Wednesday.

Quite a number of our young people drove over to Remington Sunday.

What would neighboring towns think of a Fourth of July committee that would present a bill, and insist on its payment, for services rendered in posting bills, that he and all of his might have a good time? Such a case our committee found a few days ago in settling up Fourth of July expenses.

The Panhandle railroad company is now connecting their tracks between this place and Kentland. It had all been laid some three or four years ago west from Logansport and east from the state line but about five miles.

John Hodshier of Rensselaer, is laying brick on the M. B. church.

Mr. Warren Wilson and wife left here Friday for their home in Chicago after a three weeks' visit with his mother. Warren was born and raised in Goodland and naturally has a warm place in the hearts of our citizens.

D. Mahoney, for sixteen years section foreman of the Panhandle at this place, but now superintendent of sidings at Logansport, was in town Saturday.

Mr. Gilson, living about eight miles south-east of this place, had his residence struck by lightning one night last week and damaged to the extent of \$300. Every dish and mirror in the house was broken.

Considerable scare was created last week by the report that a case of small pox had developed at Mr. Flickerstone's, five miles north of town. It is a small child and only has a light attack of veroloid.

The M. E. church quarterly meeting will be held at this place next Saturday and Sunday. Rev. Wilson, presiding elder, is expected to be present.

SOUTHEAST MARION.
S. E. Marion, July 24.—The

threshing machine is heard in various direction.

M. Y. Slaughter, John Pennwright, Geo. Hanens, and Grant Daily have threshed. Oats have yielded from 15 to 25 bushels per acre; wheat 5 to 6 bushels.

Corn is looking well through this locality—has had but very little of the late rains.

A couple of men from Montgomery county were in this vicinity Tuesday looking for farms to rent.

John Evans has returned from his trip to Montgomery county where he has been harvesting a crop. He had 70 acres of wheat which yielded 250 bushels. He has now closed up all his affairs in that county and can be counted a permanent resident of Jasper, where he has a fine farm and new house.

About 20 men are now engaged stringing telephone wire, which will all be up in three weeks at the outside, by which time the system will be ready for use. There will be about eighty-five subscribers at the commencement. The rate for private use is \$1 per month; for business houses \$2. It is not an automatic switch, as at first proposed, but a regular "hello central" system. The office will be open night and day, with a possible closing part of the day Sunday. The appearance of the work done so far is excellent, all the poles being large, securely set in the ground and carefully aligned, giving an appearance of permanence and thoroughness.

J. J. Montgomery of Rockford, Ill., has charge of the installation of the system, is certainly worthy of commendation for the work he is doing. He is superintendent of construction, and considered one of the most expert telephone men in the country.

BUCKLIN'S ARNICA SALVE.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by F. B. Meyer.

Benjamin Fisher Killed.

Benjamin Fisher, section hand on the Monon at this place, was run down by a freight train last Friday morning while he was at work alone on the track near Surrey. He was badly crushed, both legs being frightfully mangled and he received severe cuts on the head and back. His injuries were at once seen to be fatal, and he died at 2 p. m. at the home of his father, Henry Fisher, the mail train picking him up a few minutes after the accident and bringing him to Rensselaer. He recovered partial consciousness, but not sufficiently to give an intelligible account of the occurrence.

Coroner Wright has not yet returned a verdict, the inquest which began Saturday and was continued Tuesday and Wednesday having not yet been completed as the Pilot goes to press. The obituary appears in another column.

Millinery at Cost.

Mrs. C. E. Hershman, will leave town for a visit in a short time, and now offers all her remaining hats at cost and less. Everything must be sold at once and greater bargains can now be had than were ever before offered in Rensselaer.

STATE CROP REPORT.

From The U. S. Weather Bureau at Purdue University.

WEEK ENDING MONDAY, JULY 22.

CENTRAL PORTION.

Moist, warm fair weather was interrupted by frequent rains on several days, heavy enough in most localities to do much good to growing crops. Corn is growing rapidly, is in silk and tassels and shooting, and stands of good color in clean fields, promising a big crop. Late potatoes and beans are growing well. Young clover and millet are growing well. They are still sowing buckwheat in Decatur county; in other fields it is up and growing nicely. Vegetable and garden truck are improved. Sweet potatoes, tomatoes and melons are growing nicely; in Wayne county tomatoes are in bloom. Wheat threshing continues; in Boone county threshing is ended. Oats in shock most everywhere; in most counties the grain is plump but the straw short; in Henry county it had to be handled with out binding. Haying is nearly done, but crop is short and of good quality; timothy is nearly all housed; a good crop in Decatur county. Plowing for fall sowing has begun, and much fall feed is being sown. Chinch bugs are numerous and injuring corn in Franklin and Vigo counties. Heavy hail did damage to corn and gardens in Madison county, and strong wind to corn and orchards in Boone, Henry, Hancock, Vermillion and Decatur counties. Apples and pears are abundant and free of worms, and plums are ripe.

NORTHERN PORTION.

Numerous good rains and warm, moist weather improved all growing crops. Pasture in many localities begins to look green again. Corn is improved, is tasseling and shooting and grows rapidly; in Pulaski county the crop promises to be one of the greatest ever raised. Late potatoes are in fine condition, but early potatoes have but few in the hill, bugs are doing damage in Jay county. Vegetables were helped by the rains. Buckwheat is growing fast; in Starke county they are still sowing it. There are plenty of tomatoes for canning. Millet promises a fair yield, but clover seed will be short in some localities. Apples and pears are a large crop; in Miami county they have to prop the branches. Wheat threshing continues; it yields better than estimated when in shock in Adams, Carroll, DeKalb and Allen counties, but Steuben and Pulaski counties the yield is less; in the latter county where an average of fifteen bushels had been estimated 1,500 acres threshed a yield of 9,000 bushels only, and half of that poor wheat. The oats harvest continues, and in most counties it is nearly all cut; it does not ripen even in Starke county, some part of a field cut, while the other part is still green. Fall plowing has begun in many localities. Large hail injured corn in Tipton county, and high winds did damage in Jay, Tippecanoe and Tipton counties. Chinch bugs are still bad in localities, and grasshoppers in Miami and Marshall counties.

Benjamin Fisher Killed.

Benjamin Fisher, section hand on the Monon at this place, was run down by a freight train last Friday morning while he was at work alone on the track near Surrey. He was badly crushed, both legs being frightfully mangled and he received severe cuts on the head and back.
