King's shooting gallery closed business for the present Monday night, to make room for the excavation for the new Forsythe building.

Ed. Hildebrand will be laid up for at least two weeks with a badly injured knee. He fell into the cylinder of a threshing machine after work had stopped Saturday night.

Roe Yeoman is the possessor of a fine new Mystic wheel, the gift of his father, James Yeoman, last Saturday. Roe is a good rider and very much pleased with his treasure.

A stranger in this vicinity remarked a few days since that Rensselaer was the best town of its size he had ever visited. This man will purchase a farm near town even if he has to pay double the price of land twenty miles removed.

Departed This Life.

After an illness of five days Fritz J. Zard died at his home in Rensselaer Sunday morning, Aug. 4, 1895, aged 61 years, 3 months, 15 days. The funeral was held Monday at 1:30 p. m. from the residence, the Rev. B. F. Ferguson officiating. The interment was made in Crockett cemetery.

Mr. Zard was one of the most respected citizens of Jasper county, and the high esteem in which he was held was evidenced by the unusually large procession which followed his remains to the grave. He was a native of Prussia, being born there April 9, 1834, emigrating to the United States in 1856, first settling at LaPorte, this state, where he married Miss Dora Malchow two years later. He resided in Hanging Grove township from 1861 until last March, when he moved to Rensselaer. He leaves a widow and five children.

The County Institute.

The annual teachers' institute of Jasper county will be held at the court house in Rensselaer Aug. 19 to 23.

Prof. E. B. Bryan of Indianapolis and Prof. L. L. Jones of Tipton will have charge of the institute work.

A course of evening lectures will be given. County Supt. W. W. Pfirmer of Newton (the poet) will be present Tuesday evening; President Joseph Swain will lecture Thursday evening. The instructors will each give one evening lecture.

Tickets for the entire lecture course 50 cents. Teachers paying membership fee will be entitled to free admission to lectures. Everybody invited.

J. F. WARREN,
County Superintendent.

Cash for Poultry.

Highest prices paid for poultry, eggs, veal, etc., at my newly-opened place north of railroad near depot. JOHN F. MCCOLLY.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other in toxicant, but acts as a tonic and alternative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at F. B. Meyer's drug store.

THE MYSTIC WHEEL.

What Some of the Cyclists Say Regarding Its Merits.

The Mystic bicycle is manufactured by a company composed of responsible citizens of Mukwanago, Wis., the president being A. H. Craig, a brother of the editor of the Pilot. They determined when starting the manufactory to build the best wheel that could be made. They had the proven model of a superior design, and it only required the best workmanship to turn out a better wheel than other high-class manufacturers were doing.

This they have done, and it is not claiming too much to say that it is superior to any \$100 wheel on the market.

The guarantee of the manufacturer is broad, and every wheel sold by the Pilot has the additional guarantee of the publisher.

The Mystic can be seen at the Pilot office. The price is \$85, but can be had through special arrangement for \$65 and expressage (about 75c.)

Note what these letters say:

Chicago, May 7, 1895.—The wheel you sent me gives entire satisfaction. Please ship one for my brother as soon as possible.

G. S. NORTON.

511-513 Masonic Temple. Note—Mr. Norton visited the factory in March and was so much interested in how the Mystics are manufactured that he decided then that the next wheel he rode should be a Mystic. As he is a wheelman of eight years' experience the above testimonial is indeed a high compliment.

Waukesha, Wis., May 10, 1895.

—The Mystic wheel I got of you for my daughter gives splendid satisfaction. It fills the bill in every particular. Respectfully yours,

A. J. FRAME.

President Wakesha Nat. Bank.

Caldwell, Wis., June 8, 1895.—We, the undersigned wheelmen of Caldwell, Racine county, Wis., do hereby testify that we have owned and ridden many different kinds of wheels, but none have given such satisfaction as the Mystic. It is the freest in action, easiest to manage and smoothest running wheel of any we ever tried. We can make better time and climb harder hills than we ever did before. In fact, it is all its makers claim for it. We have visited the factory, examined every part in the rough and also when finished, and find machinery, workmen and material are worthy inspection and prove by their work that they make one of the finest wheels on the market.

R. Clark, W. J. Clark,

C. F. Bettcke, Horace Clark.

Alamosa, Colo., May 27, 1895. The Mystic has had the heaviest competition possible, but more than holds its own. I took your wheel without any experience whatever, and immediately found myself confronted with experienced experts of the Columbia, Waverly, Sterns, Syracuse, Spaulding, Soudan and several other makes, but I won more credit marks than all of them. Please ship immediately the order I gave you for Durango and Pagosa Springs. Next year we will sweep the country.

S. CRAIG, M. D.

Troy Center, Wis., May 27, 1895.—Since riding the Mystic wheel I have been asked many times how I liked it and how it compared with other wheels. To all such inquiries I have but one answer to make: It gives perfect satisfaction. It has many points of excellence over the general make of wheels and is the easiest running wheel I ever rode. It is very sensitive in the head, which is an advantage not to be lost sight of. The workmanship is first-class in every respect and the style and finish as near perfect as possible. I have seen none that I thought its equal. The chain is a point that beats them all, and I consider it worth \$5 more at least than any other I ever saw. Taking all in consideration I consider the Mystic the best high grade wheel on the market this season.

W. S. BUNKER.

Havelock, Iowa, May 21, 1895.—I have just arrived home from Minneapolis, having made the trip up and back on my Mystic (550 miles) without a break or mishap and without paying out one cent for repairs, and I went through mud, over hubs and rocks which would certainly have smashed anything but a strong wheel, yet my machine is as good this minute as she was when it came out of your factory.

H. W. ACKLEY.

Newburg, Wis., May 16, 1895.—The Mystic arrived all o. k.; took it last night. Had to ride

Coin's Financial School (price 25c) is free to every new trial subscriber of The People's Pilot. Twenty-five cents for three months.

home eight miles and I never had such a snap and pleasant ride before because it runs so easily that the rider doesn't know whether he is working with his feet or not. I have seen and ridden many different wheels, but none that I have ever seen can compete with the Mystic in any respect. Bicyclists who have never ridden a Mystic do not know what a good wheel is—but there is no use trying to praise it, because it praises itself more than human being can praise it.

JAS. B. MOLLING.

Rensselaer, Ind., July 6, 1895.—I desire to express my great pleasure in the ownership of a Mystic wheel. It has proven all that was hoped for, and I prefer it to any wheel that I have seen. MISS EVA WASHBURN.

Rensselaer, Ind., July 6, 1895.—I take pleasure in saying that the Mystic is the easiest running and most perfectly balanced wheel that I ever rode. Have just returned from a ten-day trip without the slightest accident or expense for repairs. It certainly has no peer as a high-class bicycle.

MOSES LEOPOLD.

Notice.

The fourth quarterly meeting of the Rensselaer circuit Methodist Protestant church will be held at Roseland church Saturday and Sunday, 17 and 18. Those especially interested will take notice. Everybody cordially invited. OLIVE LOWTHER, Pastor.

Beware of Ointments for Catarrh that Contain Mercury.

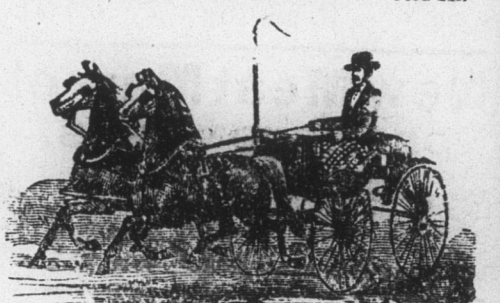

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists, price 75c per bottle.

When ever clear vision at a proper distance becomes difficult, it is proper to seek the aid of glasses. They become to the overburdened muscle of the eye as much of a necessity as food to the empty stomach, or a cane or crutch to him who has not the full power of his legs. There is no advantage in delaying their use. Call on or mail a postal card to CHAS. VICK, Optician, and get a perfect fit, with the best lenses in the world, at hard time prices, the best that money can buy. Rensselaer, Ind.
