

## ISHED BY A MOB.

## OHIO PEOPLE Avenge A BRUTAL MURDER.

Most Atrocious Crime at New Richmond Punished Without the Law's Delay—Fate of the Culpit Ample Deserved.

New Richmond, O., Aug. 22.—At 4 o'clock yesterday afternoon a mob took Noah Anderson, colored, from the jail here, and hanged him for the murder of Franklin Fridman, nearly 80 years old, and president of the First National Bank of this place.

Mr. Fridman was among the wealthiest men in Clermont county. He owned a number of farms and lived at Clermontville, about two miles from New Richmond. He was driving into New Richmond shortly after noon yesterday, when he stopped at one of his houses. Hitching his horse at the doorway, he went into an adjoining field, where he was suddenly attacked by Noah Anderson, a muscular negro, who had no weapon but his hands. With these he quickly bore the aged banker to the earth, and then, clutching his throat with the power of a demon, he literally choked his helpless victim to death. When satisfied that the man was dead, Anderson fled. Soon the prostrate man was borne to the house, and found to be past all help. He was already dead.

Fridman came from Germany and was a boilermaker. In 1840 he moved to Clermontville, Clermont county, O., where he had ever since been engaged in mercantile, manufacturing and banking pursuits, and had been until the time of his death president of the Fridman Lumber Company, president of the First National Bank and president of the Shain-Roberts Furniture Company, all of New Richmond. O. He leaves eleven children living. He is estimated to be worth about \$1,000,000. Anderson came to New Richmond on a shanty-boat some months ago. He claimed to be a paperhanger by occupation.

## BIG BUILDING FALLS.

Lucky Escape from Death in a Chicago Amusement Resort.

Chicago, Ill., Aug. 22.—At 11:15 o'clock last night the Coliseum, the gigantic amusement building of Chicago, fell with a crash. It was within a week of its final completion. But an hour before 400 workmen were hurrying on the building. It was too early for the large morning shift that began at 3 o'clock, and fortunately no one was injured. The loss, it is believed, will reach \$125,000. The cause of the accident could only be conjectured last night. The Coliseum was designed in Italian Renaissance style. It was to be 770 feet in length by 300 feet wide. This great area of 240,000 square feet, or nearly five and one-half acres, was to be inclosed and covered with a great roof. The seating capacity was calculated at 40,000. The building was to have been opened Sept. 2.

## FRESH OUTRAGE IN CHINA.

Another American Mission Attacked and Four Scholars Killed.

Hong Kong, Aug. 22.—Another outrage has been committed near Foo Chow. The American mission has been attacked by a large and infuriated mob armed with various weapons. The chapel and school were wrecked and four native scholars were fatally wounded, while the foreign teacher escaped. There is a strong anti-foreign feeling in Foo Chow, which is spreading among the populace, who are parading with cries of "Drive out the foreign devils."

## Michigan Train Robbers Still Free.

Fennville, Mich., Aug. 22.—Despite the efforts of the express company detectives and the local police Allegan county's train robbers are still at large and probably far away from the scene of the hold-up. The amount of booty secured is hard to estimate, but judging from what could be learned here and the fact the Chicago & West Michigan Railway has offered a reward of \$1,000 for the capture of the robbers the amount secured was probably considerable. Allegan county and the American Express Company will also offer rewards.

## Debs' Staff Released from Jail.

Woodstock, Ill., Aug. 22.—Hogan, Goodwin, Rogers, Burns, Elliott and Kellier of Debs' staff have completed their terms of sentence and left for Chicago this morning. Debs has three months yet to serve. There release will mark a new departure in the work of organizing railway employees. District headquarters will be established in all the large railway centers throughout the country. Since their imprisonment 156 local unions that were shattered by the strike of last summer have been reorganized and 27 new ones instituted.

## Nebraska Democrats Meet.

Omaha, Neb., Aug. 22.—The Democratic state convention convenes in Omaha to-day. Since all opponents of free silver in the party will hold a state convention Sept. 5, it is conceded there will be no fight along this line. The call provides for 813 delegates, and Chairman Smith expects that at least 700 accredited delegates will attend. The convention meets at 2 o'clock.

## Illinois Farmers Organize.

Springfield, Ill., Aug. 22.—The State Farmers' Institute, created by an act of the last general assembly, met here yesterday and organized. F. M. Palmer, of Clinton, was elected president.

## CROKER TO RETURN.

Great Tammany Leader Will Resume Control of the Organization.

New York, Aug. 22.—The World says that Richard Croker is slated for reappointment to his old position in Tam-

RICHARD CROKER.

many Hall as chairman of the finance committee. Verification of this report came from sources which cannot be doubted.

## WE WILL TAKE A HAND.

American Consul Instructed to Investigate Turkish Outrages.

Constantinople, Aug. 22.—The United States consul at Beyrut, Thomas R. Gibson, has been instructed to proceed to Tarsus in order to open an inquiry into the attack recently made upon the American college there. It is stated the sultan has decided to issue a decree Aug. 31 announcing general reforms throughout the empire. The tendency of this reply to the powers, however, is more retrograde than progressive, as, for instance, Christians are not admitted to be eligible to hold the post of Vali, in spite of the fact that Christian valis have existed for years past.

## Millions for a Half-Breed.

Kansas City, Mo., Aug. 22.—Attorney Grant I. Rosenzweig returned yesterday from Kaskaskia, Ill., where he has taken thirty depositions in support of the claim of Antoine Gilles that he is the only begotten son of the late William Gilles, and the son-heir to the \$2,000,000 estate left by him. William Gilles lived his early days in Kaskaskia, and came to Kansas City when it was a trading post. He became wealthy here and died in 1870, leaving his estate to Mary Troost. Since then the property has fallen into many hands. Antoine Gilles is a half-breed Indian, who lives in Indian Territory. The suit will be tried at the term of court.

## After the Nebraska Bandits.

North Platte, Neb., Aug. 22.—Sheriff Miller and a posse are on the trail of the men who robbed Union Pacific train No. 8 Tuesday night near Brady Island. The special train arrived there at 4 a. m. and immediately the sheriff picked up the trail, which led directly north. The men are supposed to be three in number, as the imprint of the horses' feet indicate. Express Messenger Thomas McCarl says the robbers did not get over \$100 for their trouble. Conductor Flynn thinks that the escape of the freeman with the engine alarmed the robbers and caused them to leave before they had completed their work.

## Starvation in Sight.

Black River Falls, Wis., Aug. 22.—Owing to the failure of the blueberry crop, which usually furnishes them a living, the Wisconsin Winnebago Indians are threatened with starvation this winter. The Indians are hard up, and have already contracted obligations with the merchants, which will exhaust their annuity to be paid them on Nov. 1. There seems to be no likelihood of their getting any interest on their principal of \$900,000, and they are entirely without resources to keep them through the winter.

## A Thirteen-Year-Old Hero.

Greenup, Ill., Aug. 22.—The 5-year-old son of Mr. and Mrs. Harry Hutsill, four miles west of this city, narrowly escaped death in a burning barn yesterday. George Smith, 13 years old, rescued the child, burning himself badly about the hands. The Hutsill child may live, but is in a critical condition. He was at play in the barn when it caught fire. The building and contents, property of H. Bright, were entirely consumed. Two horses burned to death.

## Socialist Processions Forbidden.

London, Aug. 22.—A dispatch to the Times from Berlin says the Vorwaerts publishes a confidential circular from the president of Schleswig to his subordinates instructing them to prohibit socialist processions as far as the law permits and also holding them responsible, in view of recent indiscretions, for keeping the ordinance secret.

## New Yorks Change Managers.

New York, Aug. 22.—Another change has been made in the management of the New York Base-ball club. Jack Doyle no longer holds the position of manager, having been succeeded by Harvey Watkins, who, acting on instructions from President Freedman, assumed the reins yesterday. Doyle's successor as captain of the club is Third Baseman Davis.

## Charged with a Grave Crime.

Milwaukee, Wis., Aug. 22.—County Physician John H. Otto was arrested yesterday on a warrant sworn out by Richard V. Fischer, who charges him with having performed a criminal operation on his daughter, Paulina Fischer, which resulted in her death. Dr. Otto was released on bail of \$3,000.

## MUST FREE WALLER.

## UNITED STATES WILL MAKE AN IMPERATIVE DEMAND.

The Detention in a French Prison of Our Consul to Madagascar Will No Longer Be Permitted—Claims Made That His Health Has Suffered.

Washington, Aug. 22.—There is good authority for the statement that a peremptory demand will be made by the United States for the release of ex-consul John Waller of Tamatave, and that satisfactory indemnity will be required for his arrest and imprisonment, with a probable request for a commission to determine Waller's rights in Madagascar. The discussion of the case between the French and American diplomats has reached a point where it is said there is little else for the United States to do, owing to the fact that repeated requests for a copy of the charges and testimony upon which Waller was convicted have not been complied with by the French government. The dilatory action of France in this matter is regarded as indicating that the French government has a case and will be unable to resist the demands made by the United States for the restoration of Waller to liberty and indemnity for his losses. A condition which makes the delay of France more aggravating is the fact that the department is aware of the serious illness of Waller in prison and that his further confinement is harmful to his health.

International questions generally move slowly, but the delay in producing papers and testimony in the case of Waller has been of an exasperating kind, and has resulted in sharp pressure by United States officials to bring about a settlement, the belief being that a great deal of the delay has been largely unnecessary. Some of the reports which have been received at the department indicate that the treatment of Waller has been unjust and his arrest and trial a breach of international comity.

Enough is known regarding the negotiations to justify the statement that the department is confident it will result in the release of Mr. Waller, with indemnity for his imprisonment and the restoration of his property rights. There is also authority for the statement that the department feels assured Waller's bare release could have been secured before now, but it was felt that this would be accomplished at the risk of losing indemnity for imprisonment and protection of Mr. Waller in his property rights in Madagascar. As the money interests involved are placed by no one in the department at less than \$1,000,000, the case has been handled on the theory that it was better that Mr. Waller should continue to endure his incarceration for a few months than risk losing his claim.

## ROUT THE INSURGENTS.

Battles Being Won by the Spaniards in Cuba.

Havana, Aug. 22.—According to Spanish official advices Maj. Annibal, at the head of 87 infantry and 21 cavalrymen, belonging to the Camaguey squadron, was recently attacked at Llano by the vanguard, consisting of twenty men, of an insurgent force. The vanguard was commanded by Capt. Gonzales, and the main body of the insurgents, amounting to about 100 men, was commanded by Manuel Napoles, who occupied strong positions. Maj. Annibal repulsed the vanguard and killed Gonzales. He then attacked the main body, captured their positions and dispersed the insurgents, who left nine men killed and seventeen saddled horses. The troops also captured six rifles, a small number of machetes, and a quantity of ammunition. On the side of the troops three men were wounded.

## Mineral in Colorado.

Vance Junction, Col., Aug. 22.—Mining men are becoming greatly excited over recent discoveries made by James Blake about five or six miles below this place. It is a contact which can be traced for fully five miles in an easterly direction and carries mineral valued according to assay returns of from \$50 to \$200 a ton. Already hundreds of prospectors are on the ground and all are of the opinion that it is one of the richest discoveries ever made in this part of Colorado.

## Discovers a New Comet.

Echo Mountain Observatory, Cal., Aug. 22.—Lewis Swift, the astronomer, says: "This morning, at 2 o'clock, I discovered a new comet in the constellation of Pisces. Its place was in right ascension 0 hours, 27 minutes, 40 seconds; declination, 5 degrees, 30 minutes. It is very faint, and has no tail. It is moving slowly northeast, parallel with the ecliptic periodic. Nothing is known as to what comet it is, or whether it has been seen before."

## Minnie Williams Telegram a Fake.

Providence, R. I., Aug. 22.—The dispatch purporting to have been sent to the lawyers for H. H. Holmes at Philadelphia from this city and signed Minnie R. Williams is generally believed here to have been a fake. No such person is known to have been here.

## Passenger Coach Ditched.

Atlantic, Iowa, Aug. 22.—Rock Island passenger train No. 4 ditched a passenger coach on the Audubon branch here yesterday afternoon. John Clark, of Des Moines, a traveling man, was dangerously hurt. Several were injured.

## Money for the Mora Claim.

Madrid, Aug. 22.—A credit of \$1,500,000 to pay the Mora claim was gazetted yesterday.

## JAMES E. CAMPBELL

Nominated for Governor by the Democrats of Ohio—The Platform.

Springfield, Ohio, Aug. 22.—Ex-Gov. James E. Campbell was nominated for governor by acclamation yesterday by the Ohio democratic convention. Mr. Campbell protested and said he was depleted financially and otherwise unable to make the race. The motion to nominate, however, was put and carried.

EX-GOV. CAMPBELL.

with a great whirl of enthusiasm and the chair declared Mr. Campbell the nominee for governor. The full ticket is as follows: Governor, James E. Campbell; lieutenant-governor, John B. Peaslee; state auditor, James W. Knott; state treasurer, William B. Sholer; supreme judge, William T. Mooney; attorney-general, George A. Fairbanks; board of public works, Harry B. Keefe; clerk Supreme court, J. W. Cruikshank.

It was 10:30 when the chairman of the state committee, M. A. Smalley, called the convention to order. Prayer was offered, after which Senator C. S. Brice was introduced as the presiding officer of the convention. He commended Cleveland's policy and urged democrats to continue their fight along the lines mapped out at the white house. The majority report of the committee on resolutions was adopted, 19 to 2. Both President Cleveland and Senator Brice are endorsed. The money plank is as follows: "We hold to the use of both gold and silver as the standard money of the country and to the coinage of both gold and silver without discrimination against either metal or charge for mintage; but the dollar unit of coinage of both metals must be of equal intrinsic and exchangeable value, or be adjusted by international agreement, or by such safeguards of legislation as shall insure the maintenance of the parity of the two metals and the equal power of every dollar at all times in the payment of debts, and we demand that the paper currency shall be kept at par with and redeemable in such coin. We insist upon this policy as especially necessary for the protection of farmers and laboring classes, the first and most defenseless victims of unstable money and fluctuating currency." This is the plank adopted in the platform of the last democratic national convention.

Gen. Findlay of Crawford county introduced the following, which was passed: "We view with alarm the invasion of one of the republics of this country by Great Britain, on the plea of collection of debt, and indorse the Monroe doctrine."

With a series of resolutions of thanks the convention at 2:40 adjourned, the nominations having all been made in about half an hour.

## AT WASHINGTON PARK.

Attendance at the Big Trotting Meeting Causes Alarm.

Chicago, Aug. 22.—The fact that women were admitted free increased the attendance at Washington Park materially yesterday, there being the largest crowd present since the meeting opened. The promoters of the meet, however, have sustained a loss of \$1,500 a day on each day's racing so far, and claim that a successful season cannot be given without betting being allowed. The breeding of fine horses throughout the state will soon be a dead industry, it is claimed, unless the present anti-betting law is repealed.

Summaries of yesterday's races: Champion stakes, 2:24 class, for foals of 1891, trotting, guaranteed purse, \$1,500; Dentine, b. g., by Aberdeen—Rena S., by Cyclone, 1; Spinaway, b. m., 2; Billy Parks, b. c., 3. Time—2:14½, 2:13¼, 2:17.

2:40 class, trotting, purse \$1,000; Judge Rice, blk g., by Belmont Wilkes, dam by Gilbert, 1; Turquoise, b. m., 2; Royana, br. m., 3. Time—2:19½, 2:23¼, 2:20¾, 2:25.

2:20 class, pacing, purse \$1,000; Earlmont, b. h., by Belmont—Lady Lyle, by George Wilkes, 1; Emma Wilkes, blk. m., 2; May Murphy, b. m., 3. Time—2:13½, 2:14¼, 2:16½.

To-day Joe Patchen (2:04) and John R. Gentry (2:03½), both of whom are now aspirants to the pacing throne left vacant by the deposition of Robert J. meet. Much interest has been manifested in this race, and it is possible to draw a crowd under the present conditions, it should be in attendance to-day.

## Miners to Get More Money.

Houghton, Mich., Aug. 22.—Quincy, Wolverine and Kearsarge copper mines announce a 10 per cent raise in wages, effective from August 1. The other six active mines in the district have previously announced an advance from the same date. The increase in Houghton county will amount to nearly \$50,000 a month. The advance was voluntary on the part of the mine owners.

## Honolulu Ratifies Contract.

Honolulu, Aug. 14, per steamer Australia to San Francisco.—The senate and house have ratified the cable contract made by President Dole with Z. S. Spaulding, who will ask the next congress for an annual subsidy of \$250,000.

## MARKETS ARE WEAK.

## BOTH WHEAT AND CORN SUFFER A DECLINE.

The Former Declines 1 1-2c and the Latter 1 1-8c—No Export Inquiry for Winter Wheat—Heavy Movement of Corn Continues—Wall Street Prices.

Chicago, Aug. 21.—After a rally at the opening to 64c, the price for September wheat dropped to 62½c the first hour. The December was at 66¼c and off to 65c. The cables were a little lower for Liverpool, Berlin wheat was 1¼@¾ marks lower. The export clearances promised very light. From the first prices quoted the market made ½c or more recovery at 11 o'clock. The September got reaction to 63½c, the December to 65½c bid. This was the result of December buying orders placed at 65c and some covering for September by local people. The rally was followed by an hour of dullness. Then the selling pressure returned and prices went back to the low point again about midday. Local receipts were only 43 cars, and of these but 11 cars were No. 2. Last year this market had 176 cars contract wheat. Northwest receipts were 218 cars, compared with 293 last year. This in the face of the fact that the crop is enormous, the price 10c to 15c higher, the season earlier. The primary receipts were 467,000 bu, about half the movement of same day last year. Baltimore private message gave shipments from that port over 100,000 bu and reported German bids. The grading of winter wheat at all markets indicates a large percentage of the short crop not merchantable.

Wheat made no recovery of importance from the low point. September sold 62½c and closed 62½c. December sold 64½c and closed 65½c. There was no export demand reported here or at seaboard. Vessel room was engaged for 92,000 bu at 2c rate to Buffalo.

There was further decline in corn for the session. September started steady at 37½c, dropped to 37¼c the first hour and sold down to 36½@36¾c later. May corn sold 32½c and 32¾c. The cars to-day were 442 and the estimate for to-morrow heavier at 600 cars. Shipments yesterday were 200,000 bu, but this was less than half the receipts. The cash premium was off to ¾c and there was not that demand of last week for corn to arrive. Exports were 146,000 bu, mostly from New York.

Corn closed with a little recovery at 36½c September and 32½@32¾c May. Vessel room was taken for 685,000 bu corn at 1¼c Buffalo rate.

Provisions were a slow market all day. Pork started steady, but dropped back 25c for September, to \$7.70, 15c for January to \$10.10. Near the close the September price was 10c under last night at \$9.85. Lard lost 5c—selling \$6.10 both months. Ribs sold off to \$6.10 and Armour bought 1,000,000, and the price held later at \$6.12½. Last prices were 10@15c lower pork, 5@7½c lower lard and ribs.
