August Walters' mother-in-law, who lives with him about two miles south-west of Remington, is dangerously ill and not expected to recover. She is subject to attacks of her present disease, each recurrent attack being more severe than the preceding one, and it is thought this latest attack will prove fatal.

The Remington Board of Town Trustees at their last regular meeting held last Friday night, among other business transacted ordered, a new "Blymer" fire alarm bell to be purchased from the Cincinnati Bell Foundry, the bell having become useless.

Dennis P. O'Connor has sold his billiard and pool tables and business to Cornell Merrill. Mr. Merrill has taken possession of the same.

Henry C. Bugbee, who bought a good farm in Mississippi some time ago, and who has been down there for the past two or three months, returned to Remington last week. Mr. Bugbee will remove from here there with his family in the course of a month or two, and take possession of his new farm. We are sorry to lose such an excellent citizen as Mr. Bugbee, and our best wishes go with him to his new location.

Rev. J. D. Carson is still confined to his bed at his home one and one-half miles south of Remington. He was unable to fill his appointments again last Sunday. His disease is pronounced by his physician, Dr. H. Landon, to be typhoid fever.

Another splendid rain which lasted a little more than an hour fell here last Sunday afternoon. It freshened and brightened up the grass and other vegetation nicely.

There being no services in the Christian church last Sunday, the members of that organization divided up and attended the Presbyterian and Methodist churches, as their inclinations directed.

A great deal of fall plowing is being done in this locality.

Mr. and Mrs. R. R. Petit, who had been visiting friends in Michigan City for several days, returned to their home in Remington about the middle of last week. They report an enjoyable visit. While there they took in the various departments of the prison.

Henry Welsh reports the loss by fire of his farm house on his farm in Jordan township the fore part of last week. He carried a small insurance on it, but not one fourth its value perhaps.

William Seymour returned from his Iowa land viewing trip last Thursday evening. He is still much pleased over the outlook in the section of that state which he visited.

Last week was extraordinarily dull in Remington until Saturday afternoon when the streets exhibition such scenes of activity as is rarely seen here. There were more people here then than has been seen for many a day on our streets and most of them were trading.

John Kenyon, who has been threshing in Dakota, returned some days ago. He made the trip on his bicycle.

Joseph Vogel, our shoe dealer, who has had such a hard struggle with fever and other complications of disease for some months past, is slowly recovering.

He is able to be at his store most of the time, but does not regain his strength as rapidly as his numerous friends desire he should. Perhaps with cooler weather he will improve more rapidly.

A. H. Witman, the former jeweler of Remington, now located at Minonk, Ill., has been sick since early last spring, with lung troubles bordering on consumption. He does not seem to improve much if any. He is a member of Schuyler lodge, No. 284, I. O. O. F., of this place, and the lodges look after him in his distress. Bro. Witman has the sympathy not only of the lodges here but of the community at large and all hope that he may speedily recover.

George Griffin and his family returned last Saturday evening from Chicago, where they have been on a visit to Mr. Griffin's son Fred, who holds a lucrative position on a stock journal. He has been employed by the turf association for about ten years past, having been located in New York City, Detroit and Chicago during all of said time.

James E. Stiller visited at LaFayette last week, having met the committee of the soldiers home on the occasion of his visit. We understand that he is an applicant for the position of Adjutant for the home. He is well qualified for this position, being an excellent penman, and a good business man. He has numerous friends here who would be much pleased if he succeeds in securing the position. He is in every way worthy of this appointment, and the authorities, will make no mistake if comrade Stiller gets the place.

Great trouble is experienced by strangers trying to find a boarding house, as there is no such place here, and few families are inclined to keep boarders.

Our little town is quietly preparing to take a boom as there are several new industries talked of, that would make a splendid success here if once started. There is already a greater demand for houses than can be filled and no one has lived here and proven themselves industrious and been compelled to remain idle. The prospect now is that the demand for workers will be greater than it ever has been before. B. Y. GUESS.

N. C. Pumphrey will give a box supper at No. 3 school house, two miles north of Mt. Ayr, Oct., 18. Every one is kindly invited to bring baskets. The proceeds are to be invested in books.

The box supper at No. 5 school house last Saturday night was a success. The boxes were sold by Gus Grant of Rensselaer, who showed his ability in that line of work. As Mr. Grant is yet a young man by the time he has attained the age of manhood he will be to the front.

Art Baker, our enterprising liverman, had a lucky runaway Saturday night. He was attending a party at his father's, east of town. When his team broke loose and went home passing George Ferguson and N. C. Pumphrey with safety and lodged between Mr. Stucker's yard fence and a tree without injury to anything.

A large number of Mr. and Mrs. Albert Harris' friends surprised them by walking in upon them while they were eating supper last Friday evening, Oct., 4. The cause of the event was the moving of Mr. Harris and family from here to Rensselaer. Every one enjoyed themselves, and returned home at a late hour. What Mt. Ayr loses Rensselaer gains.

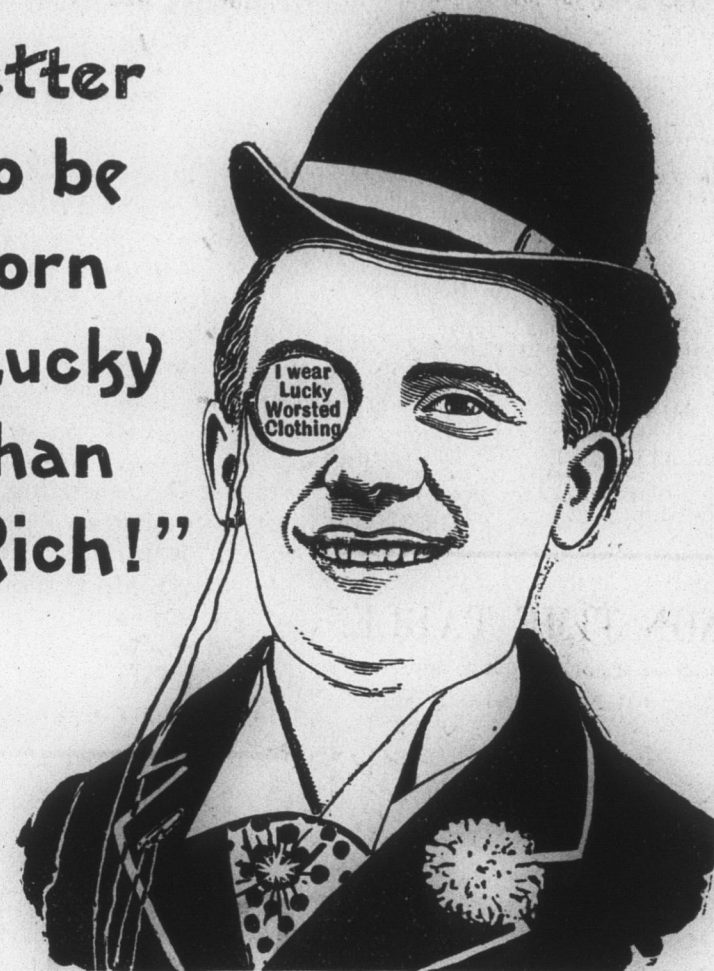

People who were driving from Mt. Ayr to Rensselaer Saturday, met two strange looking people. They said they had come a long way, so far as the Jasper county poor farm. They were heavily laden with market baskets. On arriving in Mt. Ayr they were recognized as a couple of fair school marmes. And the baskets they had carried from Rensselaer sold for one dollar and a quarter each. Is walking a success?
