### POPULAR WANTS.

Advertisements of four lines or less will be inserted under this heading for twenty-five cents per month—such as Help Wanted, Farms for Sale, Houses to Rent, Lost, Found, Pasturage, Situations Wanted and Wants of all kinds.

**ORGAN**—Nearly new, will be sold very cheap; part payment down, balance on easy terms; it is a first-class instrument and very little used. Call or address Pilot office.

**LAND FOR SALE.** Eighty acres of as choice land as lies in Jasper county can be purchased for \$50 per acre—eight miles southwest of Rensselaer, in Jordan township. All tiled; good new frame house, well, wind mill and comfortable stock buildings. Inquire at this office.

## REMINGTON.

REMINGTON, in which place The People's Pilot has an extensive circulation, is a very pretty village of over 1,000 population, situated in the extreme southern part of Jasper county on the C. St. L. & P. railway 125 miles from Chicago. Largest hay shipping point in Indiana; fine horses, cattle and hogs; rich agricultural lands worth up to \$75 per acre and higher; four warehouses; county fair; excellent high schools; the churches; well-graded gravel roads in all directions; two banks.

Winter now appears to be upon us and overcoats and base burner stoves are the order of the day.

A small flurry of snow fell here last Monday afternoon, when not a sign of a cloud could be seen. It was occasioned by the steam from Hartley's elevator, which congealed in the cold air, the wind blowing from the north-west, and fell to earth in the shape of perfectly formed snow flakes.

The sick mentioned in our last communication are now reported better, but there are still a few cases of typhoid fever in and near Remington. Elder Carsen is not yet able to attend to his ministerial duties, but is slowly improving.

"Tommy Grant" has his new dwelling house about ready for occupancy, and will probably move into it about the first of November. He now has a splendid and desirable property, having six lots all in a body.

Ed Boml has his fine new dwelling house about ready also to move into and he will probably occupy it in a few days.

Station Agent A. B. Coleman is also pushing his new house along with great rapidity, and

will move into it yet this fall. These three residences are first class structures, and add greatly to the appearance of our town.

Remington has made a good, steady, healthy and permanent growth, and we are well satisfied with our town, and the country around about it, believing that it can hardly be beaten anywhere, and the improvements of the farms are valuable and permanent. It is hard to find a farm anywhere near Remington which has not good buildings, and is extensively tiled.

The Rensselaer Republican in its report of the number of subordinate members of our lodge of the I. O. O. F. in attendance at Rensselaer on the occasion of the dedication of the hall there, gave the number from this lodge as 30. That is wrong. The number was about 55 subordinate lodge members, and 25 ladies who are members of the Rebecca Degree, making at least 80 members from Schuyler Lodge in attendance there. We would not say anything about this matter were it not for the fact that we desire all the credit that is due us, and do not care to have an erroneous statement go out which tends to show that we are either a very weak lodge, or that we are not interested in the good work of Odd Fellowship. We believe that Brother Marshall should correct his report.

Corn is not yielding so large a crop as was anticipated by our farmers before they commenced husking. The quality however is very fine. The average yield will probably be about forty bushels per acre.

The mother of Fred Rose and Mrs. August Walters, who were reported sick about two weeks ago, died last week, and was buried in the Remington cemetery. The relatives of the deceased have the sympathy of this community.

Uncle Henson Owens of Gilboa, Benton county, will move to Tennessee in the course of a week or two to spend the winter with his son, William Owens, who bought a farm about two years ago near McMinnville.

Uncle Henson will be accompanied by his aged wife.

The Lettie Coletton Comedy Co., under the management and proprietorship of Ed G. Sourbier, played the great sensational comedy drama, "A Midnight Call," to a fair sized audience at Durand hall last Monday evening. Persons in attendance reported the play very good.

### DEMOTTE.

W. O. Nelson and wife, teachers of Keener township, visited in Rensselaer Saturday and Sunday.

The canning factory has shut down for winter after doing a good business for three or four months.

DeMotte carpenters are constructing a house for H. Schmidt at Kniman.

Fires along the Kankakee marsh and swamp are doing a great deal of damage for Nelson Morris, in the way of burning hay.

Charles Ginder is on the sick list.

DeMotte must be prospering as it has Eightie Akers in its center and the suburbs cover nearly eighty acres besides.

School has already commenced in the new school house northwest of town.

In the Mike Haloran vs. Blocker case the former was defeated.

J. W. Douthit, state prosecutor, was in our town last week.

A large portion of the male population was over at Kniman at court last Saturday.

Miss Ella Hanley, the primary teacher of this place, was visiting in Chicago Saturday and Sunday.

M. M. Tyler, the deputy prosecutor of this place, is doing a good business as traveling salesman.

People of this vicinity have been troubled by a few days of terribly windy weather.

W. W. Cheever says that he will have his house finished by next Fourth of July if he has good luck and plenty of it.

There is a heavy crop of corn

in this vicinity and husking has begun.

There was a few Nubbin Ridders present at the Fred Heislebring dance Saturday night.

Potato digging is a main feature of farming at present in this township. STORMY PETREL.

### McClure's Magazine for November.

The editor of McClure's Magazine calls attention to the unaccountable neglect of Lincoln as a subject for a magazine serial. Books about Lincoln have necessarily—like all books of biography—a limited circulation, and only once before has a magazine published a life of Lincoln. People at large know little of the first forty years of Lincoln's life. Few know that he was a man grown before he left Indiana for Illinois. He spent fourteen years in southern Indiana, and left there in his twenty-second year.

There is a remarkable resemblance between the early portrait of Lincoln in McClure's for November and the portraits of Emerson.

### The Annual Milk Church Picnic.

A happy man was Alfred McCoy last Saturday. His favorite event of the year proved a phenomenal success. The day was pleasant even for the smoky days of old October, and except for a lively breeze it could not have been better. Hundreds of happy people, of all ages and both sex, thronged the court house park. They came from all the surrounding country, some from a great distance, but all prepared to enjoy the hospitalities of the occasion.

The provision to prevent confusion in feeding the multitude was successful, and save a few late comers, all were bounteously supplied with the richest viands produced in Jasper county. The crowd exceeded anticipations or no one would have been cut short, and it is certain that for the next annual event ample precaution will be taken to have an abundance.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENNY & Co. Toledo, O. Sold by all Druggists, 75c.

### It May Do as Much for You.

Mr. Fred Miller, of Irving, Ill. writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. for large bottle. At F. B. Meyer's drug store.

Indiana school books at Meyer's drug store.

Keystone Corn Husker and Fodder Shredder. Sold by Robt. Randle.

Drop in and see the latest fancies in fall millinery at Meyer Sisters.

J. H. Cox sells the best coal and wood in town at the old stand of Dexter & Cox.

F. B. Meyer, druggist, has prepared a large quantity of the hog cholera preventative, recommended by the state lecturer, who spoke at the farmers meeting in the court house last Saturday, the formula of which is given elsewhere in this paper. Call and get a package before your hogs become sick.

Coin's Financial School (price 25c) is given free to every new trial subscriber of The People's Pilot. Twenty-five cents for three months.
