## IN MISSOURI AND KANSAS.

The Severe Weather in Those States Causes Much Suffering.

Kansas City, Mo., Nov. 27.—A heavy snowstorm which has prevailed throughout the Mississippi and Missouri Valleys the past thirty-six hours has prostrated telegraph wires in a direction from here. The snow can after a heavy storm of rain, and left a thick coat of ice over everything exposed. From all points in Missouri it is reported to be of unusual severity, and it is stated that railway traffic is to be seriously impeded. Throughout Kansas the storm has approached the proportions of a blizzard. It is claimed, however, that the storm will do winter wheat an immense amount of good. Much suffering among

the rear settlers in the Cherokee strip, turns to lecturing his flock for neglecting devotional exercises. It may be safe to presume that the pulpit lacks the forceful element of success. The voiceless vacant seats speak more emphatically to the preacher than his lectures do to the congregation.

The east room of the Odd Fellows' block will be occupied in the near future by the new firm of Antrim & Dean, (James F. Antrim and Charles Dean,) who will put in a stock of hardware. They will undoubtedly do their portion of business in their line.

Some of our best farmers are making preparations to hold their corn crop for a future market, believing that nothing short of phenomenal crop prospects will prevent a rise in price before the next season is over.

## And The Prophecy is Fulfilled.

Less than a year ago, the People's Pilot discarded its "ready-print" feature and began printing the entire eight pages at home. This was done that the paper would be free from the objectionable page of "foreign" advertisements, inserted by the ready-print publishers and to enable the editor to select and know what was published in all parts of the paper, and to give more space to local matters. The above facts were stated in the Pilot and its readers modestly told that the change was made to improve the paper.

The worthy editor of the Republican took particular pains to ridicule the change and devoted the better part of a column to explaining the absurdity of the paper being any better because of its being all printed at home, becoming extremely mirthful over the substitution of "plate matter" for "ready prints."

In reply the Pilot made the prophecy that the Republican would be obliged to discard its "ready print" side or go out of business, as it could not long trot in the same class with its "all-at-home" printed contemporary in the habiliments of a past decade.

The Pilot has gone steadily on, its reading clientele measurably increasing, and its advertising patronage surpassing that of any former time. Whether it has become the favorite paper of Rensselaer the editor is content to let the public judge, but certain it is, the same Republican, with same editor, that so ridiculed the Pilot for its change last winter, has found sufficient reasons for quitting its ready print publishers, and last week it swung quietly into line with the Pilot and printed both sides on the home press, fulfilling the Pilot's prophecy above referred to; it will bear reproduction in the light of recent developments, and is as follows:

KICKS AT THE INEVITABLE. "The editor of the Pilot, with the greatest charity for the manifest nervousness of his most congenial brother of the Republican, can well afford to smile at the following from his last issue, which is reproduced that the people of Jasper county might discover that it had been printed: "Our esteemed neighbor the Pilot was "talking through his hat" at a great rate last week, and we scarcely know by what theory to account for the great and sudden output of his imagination, unless it be that his removal is the near proximity of the sulphur water of the court house well has had the effect of unduly stimulating his imaginative faculties. He gives it out straight, for instance, that the Pilot is the best paper in Indiana, and he don't care who knows it and, the unkindest cut of all, no exception is made even in favor of that great light of populism, the Nonconformist of Indianapolis. In another place the readers are given a great 'stiff' about the Pilot being all 'home print' now, when the facts are that nearly the whole paper is made up from stereotype plates received every week by express, and in no essential respects better than nor different in nature from the ordinary ready prints or 'patent insides,' which the Pilot has used heretofore. Right along with this 'breeze' about the Pilot's 'all home print' (on all-imported' stereotype plates), are several cracks about the Pilot's circulation, which are of a piece in imaginative magnitude with the 'best paper in Indiana' and the all home print' racket."

THE EARNESTNESS OF THE VENERABLE EDITOR OF THE REPUBLICAN IS CERTAINLY AMUSING. PROBABLY HE DOES THINK, IN HIS EXCITED MENTAL CONDITION, THAT THE PILOT IS ALL PLATES, BUT THE READERS OF THIS PAPER HAVE NO DIFFICULTY IN FINDING TWICE AS MUCH LOCAL NEWS AND HOME SET MATTER AS THEY CAN FIND IN THE OFFICIAL PAPER OF JASPER COUNTY.

THE PILOT IS PRINTED AT HOME ON BOTH SIDES, AND THAT IS EXACTLY WHAT TROUBLES OUR WORTHY CONTEMPORARY. HE RECOGNIZES THAT THE DAY IS NOT FAR DISTANT WHEN HE MUST DO THE SAME.

HIS READERS ALREADY RECOGNIZE THE DIFFERENCE BETWEEN THE "PATENT INSIDES" AND THE "HOME PRINT," AND WILL SOON BE DEMANDING THAT HE MOVE THE PAPER UP ON THE LINE OF PROGRESSION PURSUED BY THE PILOT. HE KNOWS THAT SUCH A MOVE WILL COST GOOD HARD GOLD DOLLARS, AND IT TOUCHES A TENDER SPOT. HE HAS FEDED AT THE PUBLIC CRIB SO LONG, AND GIVEN SO LITTLE FOR THE PRIVILEGE, THAT IRRITATES HIM TO BE CROWDED.

WE FORGIVE YOU BROTHER, BUT YOU MUST BEND TO THE INEVITABLE; YOU MUST PRINT YOUR PAPER ALL AT HOME."

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

WE WILL GIVE ONE HUNDRED DOLLARS for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENNY & CO. Toledo, O. Sold by all Druggists, 75c.

IT MAY DO AS MUCH FOR YOU.

Mr. Fred Miller, of Irving, Ill. writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. for large bottle. At F. B.
