Robinson Brothers Lumber Co.

LUMBER,
COAL, TILE,
SEWER PIPE.THERE is but one valid reason for expecting liberal patronage from the public, which is that we give as great, or greater, value for the money as can be had elsewhere either in Rensselaer, Marion, or in towns or in Chicago. Falling to do this we do not deserve the trade.

REMINGTON.

REMINGTON, in which place The People's Pilot has an extensive circulation, is a very pretty village of over 1,000 population, situated in the extreme southern part of Jasper county on the C. & O. & R. railway 125 miles from Chicago. Largest ham shire in Indiana; fine horses, cattle and hogs; rich agricultural lands worth up to \$75 per acre and higher; four warehouses; county fair; excellent high schools; fine churches; well-graded gravel roads in all directions; two banks.

To the Editor of The People's Pilot.

About two inches of the "beautiful" snow fell here Sunday night and Monday morning. The average small boy is consequently in the height of his glory.

Hon. William E. Uhl, attorney of Monticello, Ind., was in Remington last Saturday on legal business.

Oliver B. McIntire has been in Remington for the past two weeks visiting friends and looking after his business interests.

Mr. Dye of Wolcott, who was looking after the lumber business here last week in the absence of his son Charles, met with the loss of his eye-brows one evening. He was preparing to close the office, and in blowing out the light the lamp exploded, causing the disaster. He may consider himself in great luck to

know that the damage was no greater.

A person who goes about much at this season of the year, can certainly appreciate the value of good roads. We had occasion to pay a visit to near Fowler recently, and going over took advantage of the gravel roads, which were in a fair condition, but on our return, business took us over the black dirt and clay roads, which were bad in the extreme. The team was compelled to walk most of the way back, and we were several hours in making the return trip. We need many more gravel roads, and that in the near future.

All of the Public schools in Remington, and Carpenter and Jordan townships adjourned last Wednesday evening in order to allow the teachers to attend Thanksgiving dinners, and other exercises, and also to attend the County Teachers Association Friday and Saturday held at Rensselaer, which they probably all did. They report a very pleasant and profitable time for both occasions, and all returned to their several charges on Monday morning.

Geo. F. Bloom, one of our grocers, has sold out his stock of goods to Messrs. Hanly Bros. and will retire from the business. He claims that owing to poor health, and slow business he was compelled to abandon the business.

The football game on Thanksgiving day between Goodland and Remington teams resulted in the defeat again of the Remington boys, the score standing 4 to 6 in favor of Goodland.

W. N. Chappell, a carpenter who recently located in Remington, went over to Rensselaer one day last week accompanied by Miss Sadie Anderson. They procured a marriage license of County Clerk Coover, and were at once married by Capt. Burnham, J. P.; returned to Remington and at once commenced housekeeping in the Kirk property on North Ohio street. We wish them a prosperous and happy voyage on life's tempestuous sea.

Charles Chamberlain, an attorney of Hoopston, Ill., formerly of Remington, accompanied by his wife and Dr. C. C. Landon also of Hoopston and formerly of this place; spent the latter part of last week including Thanksgiving day with Dr. Landon, brother-in-law and father, and other Remington relatives and friends.

The Thanksgiving sermon preached by Rev. J. D. Carson in the M. E. church last Thursday was greatly appreciated by all who heard it.

H. H. Walker has gone to Chicago to visit his sons there, and will probably remain all winter if he succeeds in finding good employment there.

Mr. and Mrs. B. F. Richcreek spent Thanksgiving in Indianapolis with a brother of Mr. R.

S. W. Thompson sr. of Monticello was in Remington two or three days last week, endeavoring to consummate a trade for Mr. Seymour's property here. We understand they failed to agree.

Rev. Gilbert Small occupied the Presbyterian pulpit last Sabbath. Rev. Small is at present located at Idaville, Ind.

Mr. E. F. Emery went to Chicago last week for a short visit with friends. He will only be gone a few days.

We are sorry to note the death of a brother of our fellow townsmen, Mr. James Zea, which occurred in Colorado a few days ago being the result of a kick from a broncho.

Mr. George Griffin went to Chicago last Wednesday to visit his son Fred. Mr. Griffin returned home on last Saturday.

The Goodland team I. O. O. F. came down Monday evening conferred the second degree on a candidate. They did their work well.

Miss Maude Lally and Mrs. John K. Bingman, visited with the family of P. H. Lally last week in Michigan City.

Peter Oaks of New York city, is visiting his mother Mrs. Katie Kuhlman, for a few days. He will probably return to his Uncle's in New York in a short time.

LEE.

Correspondence of the People's Pilot.

R. T. Newman was in town Monday.

The schools of this township were closed for Thanksgiving.

John Clark is preparing to build a residence on his farm.

M. F. Maple visited in Lee last Saturday.

Weather is colder and the snow fall gives everything the appearance of winter.

Lemuel McIntire and L. C. Warner will leave these parts for Tennessee next Monday.

Charles Baughman who is teaching in this county visited the Association at Rensselaer Friday.

Miss Ola Dodd of Jasper county dismissed school the last of the week and attended the association at Rensselaer.

Otis Jacks has the typhoid fever and A. B. Lewis is acting as clerk and postmaster during his illness.

Mrs. Maud Noland spent Thanksgiving with relatives at Brookston, returning Sunday accompanied by her sister, Miss Mathews, who will spend a few days at Lee.

There is still more tile being shipped in and hauled out to the farms near this place. Those people who bought farms here last spring do not seem to be so easily frightened about the land as some of the old settlers predicted. They are the kind of people that make the world go round.

Your Mother's Apron Strings.

The versatile and witty Chapman Lozier, one of the most popular men before the public, is booked for Trinity M. E. Church, Saturday evening, Dec. 14. The unique entertainment to be given, "Your Mother's Apron Strings," is not a dry lecture, but a medley of original songs and poetry, replete with humor and sparkling wit from start to finish.

Bishop Ninde says: "I was delighted with it. The satire is keen and wholesome; the pathetic parts, pure, elevative, and tender; the songs, very sweet and touching. The last song, which bears the name of the monologue I had heard before, and would like to hear it many times again." Rev. M. M. Marshall, Presbyterian Pastor, Dak:

"It combines the keenest satire, wit and humor of the first order, and is purely original. Nothing else like it on the public platform."

Northwestern Christian Advocate: "Original, unique—full of wholesome, moral instruction, and spiced with humor that old and young alike enjoy."

Admission only 25 cents; children 15 cents. Entertainment begins at 7 o'clock; doors open at 6.

VEST AND SILVER.

Believes in Free Coinage, but Is Willing to Vote for a Goldbug.

When political leaders like Senator George G. Vest of this state sink patriotism below party name, it must be evident to every intelligent, thinking man that he must act independently, boldly and promptly, if he would see this country wrested from a greedy, vicious and heartless plutocracy; a power that grows fat and waxes strong under the deadly, desolating effects of contraction and the establishment of a gold standard.

When a man—a United States senator—can stand in front of an audience of his constituents as did Vest at Fayette, Mo., last Saturday, and tell his hearers in the plainest terms of the evils of a scarce money volume and the horrors and misery attending its contraction—when such a man can picture this and then deliberately tell his hearers that he will support this system of wholesale ruin and oppression if his party so decides in its next national convention, can the people longer wait for leaders to act?

He tells his hearers that an inflation of the currency is needed, but will support the nominee of his party if the candidate be a gold standard man on any platform the convention may make. In effect he declares that while knowing the road to prosperity for the masses of the people—his constituents—he will follow the path leading to confiscation of their homes, want, misery and all the horrors attending the system he so vividly and truthfully portrays, if his party so decides. Think of that!

He tells his hearers that he could not face them without the mantle of shame on his face, were he recreant to his allegiance to their cause, and then brazenly informs them that he will support a gold man on a platform without regard to its declarations.

He asserts that the money in circulation does not exceed \$3.84 per capita, and declares in effect that if his party decides against an increase he will yet stand by it.

If the advocates of free silver and more money pin their faith to the leadership of such men as George G. Vest the consummation of their object is delayed till the end of time.

He would rather be wrong and be called a democrat than be right and identified with an organization honestly in sympathy with the masses of the people.—Missouri World.

Damaged By Smoke Only!

The Cincinnati Shoe Manufacturing Company was damaged to the extent of \$175,000. Part of this mammoth stock has been shipped to Rensselaer, Indiana, and placed in the large store-room in the Old Liberal Corner, opposite the Rensselaer Bank, and will be sold to the people of Jasper County, as directed by the insurance company, at less than appraised value. This great fire sale of Men's, Boys' Ladies', Misses and Children's Shoes will commence Thursday, December 5, 1895, and will continue until Saturday, December 14th, making this the greatest ten days sale ever inaugurated in Rensselaer.

Charles Baughman who is teaching in this county visited the Association at Rensselaer Friday.

Miss Ola Dodd of Jasper county dismissed school the last of the week and attended the association at Rensselaer.

Otis Jacks has the typhoid fever and A. B. Lewis is acting as clerk and postmaster during his illness.
