In the interest of a new public school library at McCoyburg, (Marlboro), a box social was given at the school house last Saturday evening, under the direction of Louis H. Hamilton, the school teacher, the total proceeds of which were \$56.80. The play, Topp's Twins, was cleverly executed and the entertainment was a very pleasant event. Mr. Hamilton is a firm believer in the good results of a public library, and he has started libraries at other schools in Jasper county. There are 49 pupils in the Marlboro schools, and Mr. Hamilton is giving splendid satisfaction as a teacher.

REMINGTON.

REMINGTON, in which place The People's Pilot has an extensive circulation, is a very pretty village of over 1,000 population, situated in the extreme southern part of Jasper county on the C. & P. railway 125 miles from Chicago. Largest hay shipping point in Indiana; fine horses, cattle and hogs; rich agricultural lands worth up to \$75 per acre and higher; four warehouses; county fair; excellent high schools; fine churches; well-graveled gravel roads in all directions; two banks.

To the Editor of the People's Pilot.

We have now had, about one week of rainy weather, and the tiles are all running full of water. The cisterns are also now all full, and the wells which have for some time part been dry, will soon again afford plenty of water. These rains are certainly an incalculable blessing to this locality, as without them people would have been seriously inconvenienced for want of water, and another dry season here would have resulted in a total failure of all kinds of crops.

The cutting affray which we noticed last week, as we predicted resulted in the arrest of Clergett, who did the cutting, on the charge of assault and battery with the unlawful intent to commit a murder. The affidavit on which the warrant for arrest was based was pronounced by the court (Esq. Chappell,) to be faulty. The court was requested to hold the prisoner, pending the preparation of another affidavit, and while this was being done through the aid of some outside parties, the prisoner was assisted to make his escape to Brookston, where he took a train and skipped out, presumably to Illinois. The victim of the cutting, we understand, is getting along pretty well, and will soon be out again.

Dr. Bond of Goodland came over Saturday to visit relatives and friends in Remington. He returned to his Goodland home on Monday morning via the 9:45 o'clock train.

Mr. Farris of Chicago was in Remington the latter part of last week and the fore part of the present week, soliciting subscriptions for a map of Jasper county, which will be published provided a sufficient number of subscriptions can be obtained to warrant the authors in publishing the same. Mr. Farris exhibited to us a map of Cass county, Ind., showing the towns of the county on a fair size scale, which appeared to us to be a very fine work indeed.

A law suit was tried by a jury

in Esq. G. B. Chappells, court last Saturday, the case being entitled Graham vs. Trilby. Graham brought suit against Trilby, a tenant on her farm, to recover rent due which she claimed was unpaid. Trilby's defense was that he had sold her corn in the crib on the farm last spring at 50c per bushel in liquidation of the indebtedness; this she denied. The jury remained out on the case several hours and finally concluded that they could not agree on a verdict and so reported to the court, who there upon discharged them. The plaintiff was represented by Guy of Remington, and the defense by Wilson of Rensselaer. The case is to be tried again on Friday, the 3d day of January, 1896.

Mr. and Mrs. Abner Gray of Illinois are visiting with their son, M. A. Gray, the real estate agent of this place, for a few days. Mr. Gray Sr. is an old sailor and tells many thrilling tales of his experiences on the seas. Mr. Gray was also one of the "49ers".

Many accidents are being almost daily reported, resulting from the use of our modern corn shellers. If these accidents are not the result of carelessness by the operators, would it not be the best plan to discard the use of these shellers?

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 7c.
