PILOT PUBLISHING CO., (Limited) Proprietors.

DAVID H. YEOMAN, President. WM. WASHBURN, Vice President. LEE E. GLAZE, Sec'y. J. A. MCFARLAND Treas.

THE PEOPLE'S PILOT is the official organ of the Jasper and Newton County Alliances, and is published every Thursday at

ONE DOLLAR PER ANNUM.

Entered as second class matter at the post office in Rensselaer, Ind.

Peoples Party Convention.

Members of the peoples party are requested to meet at their usual places of meeting in the several townships of Jasper county March 21, 1896, at 2 o'clock p. m., for the purpose of electing a chairman for each precinct and perfecting the precinct organization as was done about two years ago. The precinct chairmen then selected will constitute the county central committee, and will meet at the Nowels House in Rensselaer, March 28, 1896, for the purpose of perfecting the county organization, setting time for holding of nominating convention, and transacting such other business as may come before the meeting.

J. A. MCFARLAND, Chm'n.
L. STRONG, Sec.

David Overmyer, administration candidate for governor on the Kansas democratic ticket at the last election, has addressed the democrats of his state urging them to organize in every precinct in the interest of silver. Mr. Overmyer is a native of this state and a brother of the Hon. John Overmyer, the great democratic leader of south-eastern Indiana. The leaven is working.

An article by Cleveland Moffet in McClure's Magazine for March will describe the curious and important scientific uses lately made of kites, especially in the departments of meteorology, electricity, and photography. It will also describe how to make the modern tailless kite; how to fly kites in tandem, and the possibilities of the kite as a coming instrument of war. Along with other pictures, there will be a number of views photographed from a kite, at an elevation, in some instances, of 1,500 feet.

Faith, Courage, Success!

A word with our folks who are discouraged and almost ready to give up—please do not give up yet, hold on, fight on. Times will be better, we are sure of it, with Jasper county divided, and a new court house at Virgie filled with middle of the road officers, and run in the interest of the people who elected them. Plan now and plant in the spring; do the best farming next season you have ever done. But do a big lot of thinking this winter. Somebody has undertaken to do it for you without you asking them, and a pretty mess they have made of it. They must quit it, we'll do our own thinking and work for our own welfare, knowing whatever is good for us is good for our neighbors. Be courageous, be patient, be resolute, and hold on! The skies will brighten and the days of prosperity will surely dawn.

Correspondence of the People's Pilot.

Quite a snow storm since last report.

Roads improving since the barometer took a downward turn.

The services of Dr. Jones are in constant demand as there is an unusual amount of sickness in these parts at present.

The Davison Brothers are making extensive preparations for tiling as they expect to lay about two miles of drain tile this spring.

The people in general are making wonderful strides in improving their wet lands, and are spending thousands of dollars in making a permanent drainage system for an immense tract of land formerly covered with water. The early settlers are learning a lesson they should have learned years ago, that, no matter how rich in decayed vegetation, land will not grow crops while covered with water.

E. L. Wilcox resigned his position as teacher at the Gant school for a more lucrative and congenial one under Uncle Sam. He will get the appointment of mail distributor on the Monon at a salary of \$80 a month. Mr. Wilcox merits the

honor of standing at the head of his class in a competitive examination at Chicago. A Mr. Lowery will teach out the remainder of the unexpired term.

A musical entertainment held at the home of Simon Kenton Saturday night was enjoyed by all present to the utmost.

Grandma Zard is making a visit with her daughter, Mrs. Marion Kenton.

We are sorry to lose Richard Grow from our midst but our loss is Rensselaer's gain.

Elmer Kenton will soon move to the widow Hoyes' farm.

Vic Webb of Lafayette paid G. M. Wilcox a short visit while enroute to see his parents, who reside in Walker township.

George Andrus is at home at present. Came home he says to rest, but has so much to do that he doesn't want to do anything.

Mr. Bloher has moved on D. B. Nowels' farm one and a half miles north-east of Surrey.

REMINGTON.

Correspondence of People's Pilot.

There has been considerable change in the weather within the past twenty-four hours. The mercury dropping from about 20 degrees above to zero this Monday morning.

Joseph Yeoman and wife of Rensselaer were in Remington last Saturday on business. They spent the day visiting the family of his brother, Ira W. Yeoman.

Tabor, Puntney & Co. took in over six thousand bushels of grain one day last week. There was one hundred and three loads delivered at their warehouse, and Mr. Coover, their weigh master and clerk, was kept very busy all day.

Hon. George Major has sold his residence property in Remington to his son, Postmaster John F. Major. Uncle George informs us that he will probably locate in Bloomington, Indiana, for the purpose of obtaining the advantage of the high schools there for his step son, master Charles Combs. Mr. Major is an estimable citizen and we are extremely sorry that he contemplates removing from our midst, but our best wishes will most certainly go with him to his new home.

August Meyer has recently purchased the George Allman residence property in the north-east part of Remington. He has sold his farm in the country, and will make a sale of his personal effects on the 25th inst, after which he will move into his recently purchased property in Remington.

A. B. Lewis of Lee station on the Monon has purchased property on Division street in Remington from C. E. Hoslasher, and will become a citizen of Remington. He could not have found a better town in which to invest and locate.

The family of Benjamin Walker of this place has been sorely afflicted during the late fall and the entire winter with typhoid fever. There has been four members of his family very sick with the disease, but thus far he has lost none of them.

The Slayton Jubilee singers gave an excellent entertainment in Durand hall Wednesday evening. The hall was packed to its fullest capacity and the audience manifested its appreciation of the entertainment by continuous applause. This was the last of a series of four entertainments given by a special management, and the enterprise throughout a proud success. At least the managers lost no money whilst they perhaps were not much ahead but were satisfied with the results.

H. H. Walker, formerly postmaster here, who has been employed a portion of the past winter in Chicago, returned about two weeks ago, having been taken down with la grippe and other complications. He has been confined to his house ever since his return but is able to sit up and be about the house now. He is perhaps improving some at present, and is under the care of Dr. John P. Ramsay.

John I. Nutt who has been so long sick with typhoid fever, is now able to go about town and claims to feel alright, although somewhat weak from his long severe illness.

All the rooms and offices in the second story of the Durand block are now occupied for the first time in many years.

At the public sales being held in this locality we notice that property usually sell at very fair prices, especially horses seem to be gaining in price. They sell all the way from \$40 to \$100.

Quick in effect, heals and leaves no scar. Burning, scaly skin eruptions quickly cured by De Witt's Witch Hazel Salve. Applied to burns, scalds, old sores, it is magical in its effect. Always cures piles. A. Long, Druggist.

The young ladies of Mt. Ayr since the social Friday night, have confessed to being royally surprised. The occasion being as follows: The young men prepared an excellent supper at the school hall and invited the young ladies there. THREE LIVES WERE LOST.

All the Missing of the Burdett Fire Accounted For.

Troy, N. Y., Feb. 19.—Three women were killed in the Burdett building fire Monday night. The dead are:

MRS. CATHERINE KANE.

MRS. MARGARET CARROLL.

MRS. JOHANNA DOYLE, Fifth avenue.

There are now none missing and unaccounted for, and it is not believed that there are any more bodies in the ruins. The injured, in addition to those whose names have previously been given, are:

Mrs. Lena Jarvis, arms and hands burned.

Miss Mamie Redden, head burned.

George Nixon, head cutter: head and hands burned.

Miss Mary Kelly, badly burned on

the hands and face and ears frozen.

Benjamin Harris, electrician; over-

come by the cold.

The collections for relief already amount to over \$500, and it is expected that this sum will be increased to over \$1,000.

While the firemen were yet at work on the Burdett building they were summoned to fight flames in Apollo Hall, one of the land-marks of the city. The hall was soon destroyed, and the flames spread to premises on the ground floor, including two saloons and a restaurant. The loss will reach \$30,000.

FIGHT HAS BEGUN.

Chicago Garment Workers and Bosses

Commence a Life or Death Struggle.

Chicago, Feb. 19.—The present indications are that before the end of another week at least 8,000 garment-workers employed in the wholesale clothing manufacturing houses of Chicago will be on a strike. In fact, the big strike is now on, but only about 175 men are out, and only four wholesale concerns are affected. These men who have struck are clothing cutters, trimmers, and fitters. The contest is one that will test the full power of the United Garment-Workers' Association, and the outcome virtually holds its existence in the balance. If the manufacturers win, the association, which numbers on its roster about 15,000 men, will lose a large part of its membership, while, if the unions win, it will establish the United Garment-Workers of America as one of the most powerful labor bodies in the city.
