

## POLITICAL NOTES.

Strong resolutions were adopted at a meeting of the people's party county committee at Milwaukee denouncing Senator Carter's bill providing for military drills in the public schools.

Rhode Island republicans will select national delegates April 10 at Providence.

Clay county republicans, in convention at Vermillion, S. D., endorsed J. L. Jolley for governor.

Democrats of the Twentieth Illinois congressional district will hold their convention June 17 at Mount Vernon.

Democrats of Benton Harbor, Mich., nominated a full ticket to oppose those of the republicans and the silverites.

## MISCELLANEOUS.

Two Philadelphia sailing vessels, the bark Havana and Robert S. Patterson, have been given up for lost, with their crews, numbering thirty persons.

J. A. Robertson, of Monterey, has been granted a concession to build waterworks and sewers for the city. The contract involves an expenditure of \$1,500,000. Chicago capitalists are interested.

Officers of the Cumberland County, Illinois, Veteran association, have decided to hold the seventh annual reunion at Greenup, July 2, 3 and 4. A number of regimental reunions will be held at the same time and place.

At the First Baptist Church at Terre Haute, Ind., Sunday night Eugene Debs spoke from the pulpit on what the church should do for the labor cause.

Bills are pending in both houses of congress authorizing the government to grant to Nebraska about 12,000,000 acres of land. Protests against the bill have been signed by land owners representing Hooker, McPherson, Grant, Thomas and a part of Cherry county, and these protests have been forwarded to Washington.

J. W. Lintz & Co., grocers of Canton, Ill., have been closed on judgment notes held by Peoria and Canton wholesalers.

Gen. Neal Dow celebrated the 92d anniversary of his birth at Portland, Me., Friday. There was no formal observance of the event. Congratulatory telegrams came from all parts of the country; also cablegrams from England. Gen. Dow still retains perfectly his wonderful vigor and is in complete possession of all his faculties.

A. K. Ward, the \$300,000 swindler, who has been held in the Shelby county jail awaiting trial under sixty indictments, is at the point of death at Memphis, Tenn., and, on recommendation of physicians, he was removed to a hospital. He will be guarded night & day by deputy marshals.

The house of representatives, after three days of debate, adopted a resolution censuring Thomas F. Bayard, ex-secretary of state and now ambassador to the court of St. James, for utterances delivered in an address to the Boston (England) grammar school and in an address before the Edinburgh (Scotland) Philosophical institution last fall. The vote stood 180 to 71 in favor of the first resolution and 191 to 59 in favor of the second.

The government engineers in charge of the construction of the Hennepin canal announce that work will be suspended this spring owing to the fact that the appropriation has been nearly exhausted.

The Senate Committee on Territories has agreed to report favorably the bill for the admission of Arizona as a State of the Union.

R. G. Dun & Co.'s review of trade says: "A movement toward better things is still the exception. There is better business in shoes, and small industries, and there has been a squeezing of short sellers in cotton, but the general tendency of industries and prices is not encouraging, and those who were most hopeful a month ago are still waiting, not so hopefully, for the expected recovery."

The Central Pennsylvania Methodist Episcopal conference voted to admit women lay delegates to the general conference by 152 to 52. The proposition to reduce the representation to the general conference passed by a vote of 216 to 25.

## THE MYSTIC FOR 1896.

Every part is made on honor and we guarantee it.

It is a model of beauty, strength and ease of management. We use only one class of material—the highest quality obtainable.

Our mechanics work by the day, and thus reduce poor construction to almost nothing.

Our improvements are all the most careful critic can desire.

We build for future reputation, not for the benefit of to-day.

Our bearings are dust-proof. Our tubing is the finest English tube made.

Our ends are case-hardened and made from our own designs.

Our chain is the easiest chain in the world. It is practically without friction, does not stretch, and needs no oiling. Our new small sprocket is cut to relieve the draft of the chain from the sprocket tooth by a device between the teeth. This chain and

sprocket is worth \$25 to any wheel, and yet we charge nothing extra for this construction.

Our large sprocket is changeable, and our handle bars can be adjusted to suit the rider.

Our wheel weighs exactly twenty-four pounds, but we challenge any twenty-pound wheel to run easier.

The reason why we make the wheel twenty-four pounds is, we know it will stand any country road. The Mystic costs to build 80 per cent more than job wheels. We can not compete in price with any wheel not made with the same care and accuracy.

Do not buy a low grade wheel, as it will be a poor investment.

Before you buy see a Mystic, and thoroughly examine its parts and general construction.

We court inspection. We take no back seat to any wheel made.

Our Exhibit at the Great Cycle Show at Chicago, January 4 to 11, is booth No. 103. Send for Catalogues. Write for particulars. Call for agencies.

NEW GOODS.

In the opening of this new hardware store and the establishment of a cash system, Antrim & Dean have carefully considered the undertaking. The stock which they offer for sale is paid for, and all the discounts which ready cash could influence in these hard times has been obtained. They were not hasty in purchasing, and took advantage of several opportunities to obtain lines of goods far below wholesale quotations, and they propose to give their customers, with cash, and equal opportunity to buy cheaply. They have a most attractive stock of goods, centrally located, and hope to have the public bestow a portion of their favors upon them, if they prove to deserve it. A first-class tinner is employed for all kinds of new and repair work, including roofing.
