We've got 'em—statesmen (?)

Education will rapidly follow organization.

The people may be goaded to rebellion.

Capital, or property, is only crystallized labor.

Where is Bland? He's not at the "forks of the road."

If you have "that tired feeling" take a little more of the gold cure.

Every family ought to have a bond, but the majority have bondage.

Bonds mean bondage, but Grover says we can buy prosperity with them.

The platform "trimmer" is as bad as the platform "loader." Watch them both.

The popular sentiment was too strong against the bond syndicate and it dissolved.

It makes us tired to hear a man talk free silver while he remains in a gold-bug party.

All the gold in the world would not pay the interest on the world's debts for one year.

John Sherman and Grover Cleveland are two of the most despised men in the nation.

If there are any democratic candidates for president, they haven't come out of the woods yet.

If you think this country is run by money, why don't you have the manhood to protest against it?

Keep it before the people that a majority of congressmen of both old parties voted to demonetize silver.

The meeting of the National Democratic committee at Washington was more like a funeral than anything else.

Oh, yes, the bankers know all about the money business! They now have the money and the people the experience.

The gold wing of the Democratic party won the first fight by dictating the place for holding the National convention.

Cursing Grover Cleveland won't save the democracy or win a victory for the Populists. What we need is work and organization.

The only man that is benefited by dear money is the money loaner.

The Carnegies are supplying Russia with armor plate for \$300 per ton; the United States is paying the same firm \$600 per ton. The cost of the steel billets from which armor plate is made costs about \$12 per ton.

The gold standard means dear money; money of high purchasing power; money that will buy more bushels of corn, more acres of land, more days of labor, but that will not pay one cent more of taxes, nor of mortgages, nor of interest.

Among the most prominent converts to the free silverites in this part of the state recently is Hon. Robt. Parker of this place. Mr. Parker served in the legislature of 1890-2 as a republican joint representative of Newton and Jasper counties.—Reming-Press.

Solomon achieved all his glory by having a circulation equal to \$800 per capita. Gold and silver was plentiful and cheap, but it was an era of unexampled prosperity, the brightest spot in all the world's history. There was employment for all and a market for every product; crime was almost unknown and the race was raised to a high intellectual plane, a real civilization.

People's Party Meeting.

Hon. John Swan was greeted by a good sized and deeply interested audience at James school house, three miles south of Rensselaer, last Saturday night. He is an able speaker and handled the money question in a masterly manner. This is the first of series of school house meetings that are to be held in the several townships.

Earle Reynolds's Unique Position.

The following from a Detroit exchange may be of interest to Rensselaer readers:
A. Earle Reynolds, athletic manager of the Metropolitan Grand Opera Co., which recently sang in Detroit, was in the city yesterday en route to New York.

"There is a great deal of work for a man to do in connection with such a company as the Metropolitan Grand," said Mr. Reynolds. "I am athletic manager and trainer of Calve, Melba, Nordica, Mauriel, the De Reszke Brothers and the other stars of the organization. I taught them all how to skate in New York early in the winter. You see, opera singers do not have much chance to get out, and it is essential that they should be given a proper amount of exercise. While at Chicago I taught the stars named how to ride a wheel, and now they are all passionately enamored of the great outdoor sport. It is relaxation, in fact a tonic to their nerves. When it is too cold the ladies and the gentlemen take exercise in light gymnastics. I carry a portable 'gym' with the company.

"The operatic season is practically over. I left the company to rest up, but in about three weeks I will return to Detroit and my next move will be to go out on the road with the Fowler racing team.

"It may not be generally known, but the De Reszke Brothers own one of the biggest racing stables in Europe. The string is quartered at their estate in Poland. They will race during the summer in Poland and Russia. While in St. Louis the brothers visited the fairgrounds race track. They were much impressed with the clever ridding of the colored jockeys, and commissioned me to hire two good boys. While in Chicago last week I signed Jerry Chorn, one of the best western riders, and another smart knight of the pigskin, to ride for them. The boys will accompany the brothers home. There are no colored jockeys on the continent. I believe that one colored lad did go to England, but he did not stay there. The colored boys will certainly prove a great novelty in far away Poland and Russia and the De Reszkes expect the southern boys will show old world jockeys a few tricks in the art of riding. The white boys over in Poland are all too heavy to ride the 30 two-year-olds in the brothers' string. Jeard De Reszke will do all of the training.

A. L. Wooster, a prominent citizen of Osseo, Mich., after suffering excruciatingly from piles for twenty years, was cured in a short time by using De Witt's Witch Hazel Salve, an absolute cure for all skin diseases. More of this preparation is used than others combined. A. F. Long, druggist.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations. Rev. John Burgess, Keokuk, Iowa, writes: 'I have been a Minister of the Methodist Episcopal church for 50 years or more, and have never found anything so beneficial or that gave me such speedy relief as Dr. King's New Discovery.' Try this Ideal Cough Remedy now. Trial Bottles Free at Frank Meyer's, drug store.

It is highly probable that some of our young bicyclists, the misses in particular, are taking altogether too much exercise on their wheels. There can easily be excess in the best of things. Physicians warn against this danger.
