Remington Notes.

(The following items were received too late for publication last week.)

This place was visited by the heaviest rain and thunder storm that we have experienced this year on Tuesday night and Wednesday morning, the storm lasting until after daybreak. The down pour of the rain was almost constant, and flooded the entire face of the earth; the thunder and lightning was terrific in the extreme. We have heard of no damage resulting from lightning, but the oats certainly must be badly injured as they are still nearly all in the fields.

The Democratic Judicial convention for the 30th Judicial Circuit of Indiana, composed of the counties of Benton, Jasper and Newton, was held in Goodland last Monday the 10th inst, at one o'clock p. m. Hon. Dawson Smith of Benton was made chairman and Joseph Pefley, also of Benton, was chosen Secretary. The chairman on taking the platform delivered an excellent speech on the financial policy of the government, strongly opposing the single gold standard, and favoring the remonetization of silver. The business of the meeting now entered into by the appointment of a committee on credentials, which in a few moments reported the delegation from each county, fully represented, and that Benton was entitled to 28 votes, Jasper 20, and Newton 18. Wm. Darroch of Newton being the only candidate for judge, he was placed in nomination by acclamation. Nominations were then called for the office of prosecutor.

Benton county presented the name of Mead Hayes, Jasper presented the name of Ira W. Yeoman, and Newton the name of A. D. Babcock. The ballot resulted as follows: 36 votes for Hayes, 22 votes for Yeoman, 8 votes for Babcock before the vote however was counted, Newton recalled her ballot, and Mr. Babcock withdrew his name. Another ballot resulted as follows: 37 votes for Hayes, 29 votes for Yeoman. The judicial convention was then adjourned and the representative convention composed of the counties of Jasper and Newton was then organized by selecting A. D. Babcock, of Goodland, chairman. The chairman stated the object of the convention, and the following nominations were made: Hon. Wisely Buswell, W. W. Gilman and Dr. M. S. Hunston, of Newton county, and Geo. O. Stemble, of Jasper county.

At the end of the first ballot Dr. Hunston and Mr. Buswell withdrew and Mr. Gilman was nominated. Mr. Gilman was brought into the convention, notified of his nomination and asked to speak. He said, among other things, that the money question was the only one of absorbing interest to the great majority of the people. He has been interested in the silver question for many years and he said many things calculated to cause thought and make converts. The republican party, he said, was responsible for the downfall of silver and that it had now practically declared that the United States must be governed by financial laws enacted by

England and other foreign nations. He had belonged to the party but could not swallow their inconsistency and, on that account, had they parted company.

Hon. Frank M. Kistler, of Logansport, and Hon. W. W. Gilman, of Goodland, candidate for representative, will address the people of Remington on Saturday evening August 15, at eight o'clock, on the financial question. This is intended to be the opening of the campaign for the silver people here, and everybody is invited to be present and hear the gentlemen.

The Christian Endeavor of the Christian church will give a James Whitcomb Riley entertainment at the home of J. N. Leatherman, Friday evening, Aug. 21. All are invited to come with 10 cents for the usual Riley refreshments.

The school house at Parr was crowded to its fullest capacity last Monday night, at the free silver meeting addressed by Walter Harrington, David Shields, Ernest Lowther and J. A. McFarland. The Union Township Free Silver League was organized and received twenty-six members as a starter. It was at this place after the public speaking a week ago last night that three young men, at the instigation of some over zealous Republicans, threw several eggs with such accurate aim as to hit Mr. Harrington, his wife and her mother. It is fair to say however that though the boys were all sons of republicans, their act was wholly without sanction by their parents, and is deeply regretted by all fair minded citizens.

The Garden South.

The South is destined to be, and is rapidly becoming, the garden of the United States. Here life is easiest to live; the rigorous winters do not eat up the fruits of the toil of summer, nor are the summers so trying as many northern people have supposed. "I used to live only half the year" said a northern farmer recently settled in the south, "and I used to work all the time then. Now I work half the time and live all the year through."

Home seeker's excursion tickets will be sold over the Monon Route to nearly all points in the south at the rate of one first class fare (one way); tickets - good returning on any Tuesday or Friday within 31 days from date of sale. Liberal stop-overs are allowed. These excursions start (and tickets are sold) August 17, 18 and 31; September 1, 14, 15; October 5, 6, 19 and 20. Call on W. H. Beam, agent of the Monon Route, for further information.
