Owed to Confidence.

What soothes us when we're being bleed?
What fills us when we should be fed?
What gives us stones instead of bread?
Confidence!

What Slogan sounded near and far?
What heard we in the Silver war?
What beat our Western Lochinvar?
Confidence!

What puts our property in soak?
What made so many banks go broke?
What makes hard times, and that's no joke?
Confidence!

What did they talk for without light?
What did they vote for—wrong or right?
What caused the suckers all to bite?
Confidence!

MORAL:

They say a burned child dreads the flame.
Beware! Remember! Mark the name!
And don't be caught by the same old game—
Confidence!

Two Silver Champions.

Doubtless many of our readers, who appreciate the importance of the restoration of the bimetallic standard, would like to subscribe for and support a farm paper which while unsurpassed in its agricultural, household and other departments, at the same time has been the leading exponent of the bimetallic principle of finance. With a view to supplying this want, we have made a liberal clubbing arrangement with the Farm, Field and Fireside of Chicago. For many years this great paper has been pointing out to the farmers that low prices were the result of a contraction of standard money to the gold basis and urging them as a patriotic duty of self defense to vote for the restoration of silver.

So effective has been its work, especially during the late campaign, that Chairman Jones acknowledged to Wm. J. Bryan that it had done more towards the restoration of bimetalism than any other single agency.

As will be seen by our combination offer on another page, we can give this paper in combination with the People's Pilot, both one year, for the low price of \$1.60. This offer also includes twenty packets of the best seeds in the market from the Farm, Field and Fireside's free seed distribution, where 10 cents extra is paid for postage and packing. The Farm, Field and Fireside and the People's Pilot are two papers which Mark Hanna's boodle could not influence in the late campaign.

Leslie's For February.

A Particularly bright and attractive number of Frank Leslie's Popular Monthly is that for February. It has a long list of good articles and capital short stories, and almost everything is illustrated. The opening paper is a sketch of "Life in ussia," by Sophie Friedland, describing a month's visit a Little Russian country house. There is an excellent article on "The University of Pennsylvania," by Dr. Lewis R. Harley, forming the fourth paper in the Monthly's series on "American Universities and Colleges," which has previously treated of Yale, Cornell and Bryn Mawr. Other good things of this number are: "A Visit to the Salt Works," by S. Turner Willis; "Ants of the Tropics," by A. James Miller; "The Development of the Modern Hotel," by John P. Ritter; "Some stories of Cats," showing their habits, characteristics and affections; "The Character of General R. E. Lee," by Edmund Jennings Lee; "A Railway Ride from Edinburgh to Balmoral," by M. E. Leicester Addis, etc. There is an installment of Edith Sessions Tupper's serial story, "Father John," some interesting matter about new plays, with portraits; a young folks department, containing a Cuban war story, and other things; and gossip about the new books.—Frank Leslie's Publishing House, New York.

Minutes seem like hours when a life is at stake. "Croup gives no time to send for a doctor, delay may mean death. One Minute Cough Cure gives instant relief and insures recovery. The only harmless remedy that produces immediate result. Sold by A. F. Long.

Far, Far Away.

A NEW SONG.

Where, oh, where, has confidence gone?
Far, far away.

'Twas promised in chunks by the ton,
Far, far away.

Elect me, 'twill come, was McKinley's cry;
Mark Hanna swore it was no lie.

Now Wall street points us up to the sky,
Far, far away.

Where, oh, where, did prosperity go?
Far, far away.

Is the thing we would all like to know,
Far, far away.

The banks they are bursting by the score,
Wages are lower than ever before.

And prosperity is on the other shore,
Far, far away.

Where, oh, where, can we find the gold?
Far, far away.

'Twould make us all rich we were told,
Far, far away.

They said it would come and start the mill,
Hard times and poverty it would kill.

But it never came closer than Wall street's till,
Far, far away.

Where, oh, where, can those jobs be found?
Far, far away.

That labor was to get if money was sound?
Far, far away.

About those jobs they told us a lie,
The only job is McKinley pie.

For now they are winking the other eye,
Far, far away.

From an outraged people they'll have to flee,
Far, far away.

With Wall street promises we'll not be caught,
The voters with Bryan will cast their lot.

And send gold bugs where the climate is hot,
Far, far away.
