

# The Republican.

THURSDAY, JULY 10th, 1879.

## CITY AND COUNTY.

Huckleberries are ripe, and the crop is said to be larger than usual.

W. C. Bailey, of Peru, was in the city Saturday visiting his brother, Prof. Bailey.

Max Ruge is putting in his establishment, one of the finest refrigerators in the city.

The M. E. Church social will be held at Mr. John Dial's Tuesday evening. All are invited.

Warsaw has been selected as the place of meeting for the next State Sunday School Convention.

Rev. Charles Little, of Wabash, will preach in the Presbyterian church next Sunday morning and evening.

Capt. Bogardus, the great American marksman, passed through town on No. 6 of the P. F. W. & C. R. R. Tuesday night.

James Dollar had two head of cattle killed by the I. P. & C. railroad, last Friday, about two miles west of town.

Professor Ward is going west in a few days, and if he likes the country, will remove thither and go into the cattle trade.

A survey is now being made of the public school grounds, preparatory to fencing them and putting down new walks.

W. H. Simons, Robert Nell, P. Smith and probably others, boast of boards less than a week old who have come to stay.

The annual report of our city schools is now in press, and will be ready for distribution in about ten days or two weeks.

Major Cooper, the reformed lawyer had a small audience to lecture to his audience Tuesday evening at the Court house yard.

Major Matt M. Cooper, the eloquent orator of Michigan, will address the young men and citizens generally at the Court House square to-night.

Major Cooper, the reformed lawyer, is said, by those who have heard him, to be one of the finest temperance orators that ever visited this city.

Mr. Amil Becker, of the firm of Becker & Wolf, is removing his family from Ft. Wayne to Plymouth, where he intends to reside in the future.

Several of our clerks taking advantage of the dull times in town and the high price paid for harvest hands, have been in the harvest field for several days.

The big show and our advertisers take considerable of our space this week; but this will not last always, at least we are afraid not—and our readers will get the usual amount of reading matter.

Mrs. Caldwell, who has been visiting her daughter, Mrs. F. M. Welch, for some time, returned to her home at Bayview, O., Tuesday, accompanied by her son, Mr. S. S. Caldwell, of Upper Sandusky, O.

There was almost a fire at the Haslinger barn last week. The straw in the shed taking fire probably from carelessness of some one smoking. The blaze was extinguished before much damage was done.

The P. F. W. & C. Railroad Company have put down a nice, new floor at the depot, and are removing all the thistles and other noxious weeds from their grounds, setting an example that others might do well to emulate.

We understand that the entire High School surprised Prof. Ward last Thursday evening, but did not learn the particulars, more than a very pleasant time was enjoyed, and as a surprise it was a complete success.

Within the last few days the price of wheat has advanced considerably in the eastern markets. The advance is attributed to the unfavorable crop advices from Europe, and the large number of European orders to buy here.

The new furniture firm have been repairing and repairing generally the building on LaPorte street which they will fill with furniture, and we have no doubt that Joseph Leonard and Charley will soon have a large trade.

Mrs. Garrison, formerly on the editorial staff of the Indianapolis Herald, and well known as one of the ablest writers in the State over the nom de plume of "Gertrude" and "Gray" is visiting her sister, Mrs. Dr. Borton in Plymouth.

T. E. Roberts Park Church of Indianapolis, contemplate leaving that city July 21st on a picnic excursion to Mazankuckee, with tents, provisions, etc. They expect to remain five days on the shores of Marshall county's beautiful lake.

Superintendent B. A. Chase and family started for South New Lyme, Ohio, last Tuesday evening, where they expect to remain the summer. The action of the Board, in retaining Mr. Chase to conduct our schools, is indeed commendable, and we hope he will return in the fall much improved in health.

There was a large crowd at Bourbon, on the Fourth, and plenty of music by the Bourbon, Plymouth and Rochester bands, contesting for a prize of \$500. The judges being Bourbon men, of course the Bourbon band got the money, and Plymouth and Rochester boys are cursing each other for not knowing better than to enter the contest with such judges.

H. Holverson, the popular groceryman at the postoffice corner, knowing that we needed money at this season of the year stopped us on the street yesterday and pressed a two dollar bill into our hands to pay his subscription a year in advance.

We see from the annual catalogue of St. Mary's Academy, Notre Dame, that in the distribution of honors, Miss Mary Sullivan, of this city, was awarded first premiums in Bible history, grammar, rhetoric, botany, modern history, chemistry, epistolary, correspondence, composition, elocution and music.

Oliver G. Soles, deputy county treasurer, and by the way well known by every man in the county as an efficient officer, enrolls for the Republican ticket this week, and after him comes Isaac Restler, one of the leading temperance men in the city. The only wonder is that those men could have done without the paper as long as they have.

Work on the new jail has not commenced yet, Mr. Kilgore not having selected in getting his house entirely off the grounds on which the jail is to be built. We shall, on the outside of our paper next week give a general description of the new jail, so that all our readers may know what kind of a building the contractor is expected to erect.

Coroner Holtzendorf, who is a good barber, a good surgeon and a good fellow generally, excepting his politics, which somehow keeps him in the Democratic party, never forgets when his subscription expires, and never fails to renew. He always pays for his Republican just as promptly and as pleasantly as he shaves or dresses the hair of his patrons without regard to party, and we hope that he may live long and prosper.

Mrs. S. H. Bennett, of this city, who has done without the Republican two years, made us happy by calling this week and paying for the paper a year in advance. We also received a pleasant call from W. H. Allsuffer, who, having recently become a resident of the county, says he wants to learn all he can about the county he lives in, and shows that he knows how to get the news by subscribing and paying for the best paper in the county.

The Fourth in Plymouth was one of the quietest days ever seen here. A large number of our people were away from home celebrating. Many went to Michigan City and Bourbon; quite a number went to Marquette, some went to Ft. Wayne, and others went fishing or out into the country to see the "golden grain." At night there was a nice display of fireworks on Michigan street for the amusement of those who staid at home.

We took the train for Ft. Wayne, Friday, and stopped off at Warsaw. Everything was quiet there. Williams and Bosler were both gone to Ft. Wayne, but we waited both offices and found everything in nice shape. We found Zimmerman, of the Union, holding the fort and found him a jolly sort of fellow, who is making a good Democratic paper for the untried at Warsaw. We were surprised to find more than a dozen very fine residences going up in the city, and it seemed that everybody was improving and painting up their property.

In South Bend the principal events attracting attention during the past week, were the successful burglary of a house on Main street, the assault of Jacob Leichter upon his wife with a butcher-knife, the arrest of the thieves who stole a thousand dollars worth of guns from a train on the Lake Shore road, and the recovery of the guns; and the riddling of Moses Pyke's residence by lightning, the house being almost torn to pieces and set on fire in a number of places, the stove broken to pieces, the tinware all melted, the family escaping uninjured.

The rain throughout the county, Monday, was one of the heaviest of the season. Tuesday was clear, but Wednesday morning the rain was again pouring down, discouraging farmers, as much of the wheat is yet uncut, and there is danger of that in the shock sprouting. Farmers have been unable to get hands at two dollars a day, and yet the town has been full of tramps every day—about, able-bodied men, begging for something to eat, while others who reside here have lounged on the corners, swearing they would seek the wheat rot before they would work for such prices. All such men deserve to starve.

Last Monday evening at about 9:30 o'clock, twenty-five couple or more, friends of Biv. J. B. Henry, gently walked into the residence of Mrs. Yockey, and took possession of things generally. After having spent about two hours very pleasantly, they released their control of affairs, and as quietly departed for their respective homes, leaving as mementoes of their visit, and as expressions of respect, the following presents: One large silver cup—Samuel Craig, Wm. Morrill, T. J. Whitmore, A. T. Metcalf, Henry Langdon, Thomas Hill, the Misses Flossenzler, Mr. Zehner, Wm. Funk and Ed. S. Brooke; two elegantly finished floral vases—Mr. Ed. Brady and James Butler; one large photograph of donors—Mrs. G. W. Hoover and Miss Emma Yockey; one extra fine silk handkerchief—Simon Becker; also many other contributions by Miss Al. Klinger, Mrs. Alteman, Mrs. Yockey and others whose names we did not learn.

The Methodist church of Mishawaka now boasts of salaried singers in its choir.

## Terrible Accident.

John Edwards, a farmer about 40 years of age, residing three miles west of town, on the farm of Jerome Thompson, was in Plymouth Saturday afternoon and remained until late in the evening, starting home about 10 o'clock. It is said somewhat intoxicated. Arriving at the freight house of the P. F. W. & C. railroad, he concluded to climb on the freight train going west, ride up to the summit and then jump off. He says that he was between the track and the platform and thought that he could get to the west end of the platform before the train caught him, but the train overtook him and knowing that he would be crushed between the platform and cars, he caught hold of a bar attached to the car and attempted to climb up, but his feet slipped and he fell between the cars and the platform. He then tried to crawl under the platform, but his feet and ankles were caught beneath the wheels and crushed. Darr Joseph and a brakeman heard him holler, the train was stopped and they drew him up on the platform. In a few minutes a number of persons had gathered at the scene of the accident and he was carried to the Haslinger, or National Hotel, where Drs. Reynolds, Bowers, Wilson and A. C. Holtzendorf amputated both limbs below the knee. Mr. Edwards manifested a great deal of nerve, and it was with difficulty that he could be induced to take chloroform while the amputation was performed. He says it did not seem to hurt him much when his feet and ankles were crushed beneath the cars and he has not suffered very much from pain since. He seems cheerful, talks in a clear, firm tone of voice, and says that while he realizes that he shall be a cripple for life, he thinks that he shall yet be able to do something to make a living. He has a wife and three children. The accident occurred within a few feet of where McDonald was crushed to death between the cars and platform about three years ago.

## WALKERTON.

BY ST. JOSEPH.

We have had a glorious rain this (Monday) morning and corn and oats look well.

Walkerton boasts of a normal school, and Prof. Hattie is hastening the exercises thereof.

The proposition to issue bonds to build an extension to our school house, was voted down a few days since.

Farmers from LaPorte county were in town yesterday offering from \$2.00 to \$2.50 per day for harvest hands, and many went away without getting the required number.

B. H. Beall, M. D. and L. I. D. has retired from all these things and gone to farming. This leaves only Daily in the field, when he meets Robbins, of LaPorte, then comes the tag of war.

Walkerton is a hot greenback town but not so hot as it was last year; yet we note that when your county surveyor, North, comes up here he seems literally perspiring with Greenback theories, but we suppose the perspiration comes when he returns to the coal atmosphere of the Plymouth hard money Democrats.

If you have never visited the great huckleberry marsh extending from Starke and St. Joe down into Marshall, embracing thousands of acres, you, Mr. Editor, as a gleaner of news, should visit it some Sunday during the berry season. But it would make you a sadder as well as a wiser man; for while many good people congregate there, it is the resort of the idle and vicious of all the surrounding country, some coming even from Chicago. I was there yesterday (Sunday) and saw whisky and beer flowing like water for all that had money to buy. Women were there as low and vile, that it seemed almost impossible that they were once pure and good. Drunkenness abounded, and in the few minutes that we were there we saw a very black eye given the countenance of a neighboring town. The noted coon-skin, "Huckleberry Queen," was riding through the avenues with a male escort who seemed proud of his position, but as she was in a maudlin condition, she was soon engaged in an altercation with a fellow who seemed to have as little self-respect as she, and language so vile and shocking that it should have blistered the lips that uttered it, was poured forth in the presence of women and little girls and boys who stood by listening to every word. Gambling was openly carried on at a number of places, and there were none who had the authority to prevent it. Some of the good people up this way wonder if the officers in Marshall county, whose duty it is to enforce the law, know of the open violations that occur year after year at the marsh part of their county.

## INWOOD.

BY EQUINOX.

Little Charlie Stevens is slowly improving.

Mercury 96 degrees in the shade last week.

The boys of Inwood are organizing a cornet band.

McMasters & Bro. have an immense stock of goods.

Farmers are nearly done harvesting and wheat is very good.

"Are you going to the walking-match and show" can be heard on every corner.

Most of the farmers and laborers of this vicinity spent the Fourth working in the harvest field.

## Views Afoot.

BY ELY.

Argos, Ind., July 9th.

Mr. J. Pickler moved to his farm Tuesday.

C. M. Townsend is the boss marksman of this place.

Mr. Thomas Shakes made Argos a call last Monday.

Phil Barnes is studying law with S. J. Holley, J. P.

Mr. and Mrs. Chas. Flank are visiting in Bremen this week.

Rev. Hudson McKee, of Logansport, was in Argos Tuesday.

B. F. Taylor moved to his new residence in town Tuesday.

James Drummond has laid aside his self binder and says it is no go.

The 4th of July came and went without any unusual occurrence in Argos.

Prof. A. M. Ward, of Plymouth, made a short visit to Argos last Monday.

Rev. O. R. Beebe, of Union Mills, this State, will deliver a lecture to the people of Argos on temperance next Wednesday evening. He will also preach at the M. E. church on Tuesday evening.

Last Tuesday a drunken tramp claiming to be a detective caused the arrest of a man named Reed, of Rochester, for horse-stealing. The affair was found to be all nonsense and the tramp was invited to get out.

Wilkie Wag came near losing himself last week by shooting himself in the knee with a revolver. He was shooting rats, he said, but missed the rat and hit his knee. Another instance of parents' carelessness in allowing their boys to carry weapons.

Mrs. Camp, wife of Jonathan Camp, has gone entirely insane from some unknown cause. She is becoming savage and makes the people in her vicinity do just about what she wants them to do. Arrangements are being made for her removal to the asylum.

Married—At the residence of the bride's parents in Argos on last Wednesday evening, by the Rev. Mr. Saunders, Miss Della Gordon to Dr. Austin H. Johnson. The newly married couple started the same evening for Cedar Rapids, Iowa, to visit the Dr.'s relatives. They have our best wishes for their future happiness.

It is our sad duty to add to the list of the dead, a near and dear friend, Jasper L. Lowry, aged 24 yrs. 1 m. and 25 days. He was a member of the M. E. church, and was respected and loved by all who knew him. The deceased was a young man susceptible of making his mark in this world, but it was the desire of him, who rules for it to be not this. After languishing on beds of pain and affliction for many months, he finally passed away on last Monday morning to try the realities of the unseen world. Funeral services on Tuesday, conducted by Rev. T. H. McKee, of Logansport. The remains were taken to the Baptist cemetery for interment.

## TYNER CITY.

FOUR.

General good health.

The growing corn is looking splendid.

W. H. Smith has moved to Pulaski county.

Tyner boasts of having a professional journeyman.

The apple crop is almost a failure in this locality.

Hewey Campbell is the happy possessor of a wind pump.

L. G. Dillman has his corn mill in successful operation.

S. E. Jacob drives one of the noblest teams in the township.

Dr. C. M. Swihart, of Warsaw, was visiting friends here last week.

The wheat harvest is in full blast, and the prospect fair for a good yield.

Mrs. Ewing, of Logansport, is here visiting her brother, Mr. Martin Harris.

George Warner, who was seriously injured in a drunken brawl at the huckleberry marsh a few days ago, is able to be on his legs again.

In the case of the State vs. C. L. Murray, who was arrested for using profane language, the State dismissed the case on account of the absence of a material witness.

Messrs. Frank Morgan, Joseph Chew, G. M. Richardson, G. W. Boyd and their families, are making arrangements to attend the temperance camp meetings at LaPorte.

Under the supervision of John Neff, street commissioner, our streets have been put in splendid condition. Mr. Neff has been appointed Marshal by the town trustees.

The inaugural ceremonies at the Bently huckleberry marsh will probably take place next Sunday. All the rogues, thieves, gamblers and prostitutes in the country are flocking there in large numbers.

Some of the law-abiding citizens are talking of calling a public meeting to take some means for enforcing the law and maintaining order at the Bently marsh. The move is a good one, and should have the hearty support of every well disposed person in the county.

## DUNELSON.

BY DONALD.

Harvesting about all done.

Steve Dwinell is on the sick list.

The postoffice is to be moved again.

Miss Ella Jerman was visiting at Bourbon last week.

## For Trade.

Forty-one acres, five acres in corn and fenced, for a good team and some money; also some town and city property for sale and trade at ruinous rates.

GORDON & CO.

## Another Show.

The Grand Parade to be given by W. W. Cole's New York and New Orleans Circus and Menagerie, July 14, in which not less than 40 new and splendid cages and chariots, drawn by 175 horses, will be in line, will be found an appropriate overture to the splendid performance which this mammoth organization provide later in the day. In this will appear 100 artists in all, among them Captain and Mrs. Bates, the married Giants, whom Mr. Cole only succeeded in procuring for this season by the proffer of extraordinary inducements; George Conklin, the Lion King; Carlotta Wambold, leading lady bare back rider; Frank Gardner, Jockey Rider and Champion Leaper, by virtue of his standing offer to pay \$1,000 to any one who accomplishes his feat of a double somersault over 22 horses; Will Odell, bare-back rider; Young Leon, rider of six horses; the Clowns, Tom MacIntyre, Pico, Dan Kennedy, and a host of others too numerous to mention individually, but each one master of his or her line of the profession. The Menagerie this year will be found to contain a larger number of animals than ever before, never before seen in this country. Every other department of the Great Show gives equal evidence of Mr. Cole's determination to keep it at the head of the road. He laid the groundwork of his success when he sank \$300,000 in the original organization of the concern, and the additional outlay of \$20,000 last winter in new and beautiful rolling and live stock; in increasing and improving the Menagerie, and in purchasing a new wardrobe for the performing artists, shows that Mr. Cole is not willing to rest on his past laurels, but intends to keep his combination at the head of the road, squarely on its merits, whatever the cost may be.

To the Ladies of Marshall County. I will sell you as good a sewing machine at my store in Plymouth for \$25, as any agent will offer you at your homes for \$35 or \$45. I will not go out with horse and wagon and charge you fifteen or twenty dollars more for a machine than it is worth; but I will give all the assistance and advice every machine owner needs for three years, for the small sum of twenty-five dollars cash. Don't forget the place.

G. WOLF, A. G. Canada Singer Sewing Machines. July 3rd.

Be Sure to Get the Genuine. As there are many fakes of Powder, sold in bulk for Dr. Price's Cream Baking Powder, which is not his, be sure to get the genuine, which is put up in cans, securely labeled, and made only by Steele & Price, all of whose preparations are uniform and reliable. Buy it only in cans.

Like to Obtain. No doubt the public would like to obtain what it requires at as cheap a rate as possible, and many times are induced to purchase cheap articles, which are in reality the dearest in the end. Dr. Price's Special Flavoring Extracts cost a few cents more, yet they are the cheapest, for they require much less in quantity.

Business. All persons knowing themselves indebted to me by note or account will find it to their interest to call at my office and settle the same before the 1st of Sept. 1879.

to sept 1 DR. BORTON.

Universal Salt-fraction Everywhere. Hille's Compound Extract of Buchu and Cuba, gives universal relief in every case where tried, for all diseases of the Kidneys, Bladder and the Urinary Organs. For sale by L. Tanner. 20-31.

Asthma. The tortures and agonies I endured for six years, none but those who have suffered with the terrible disease can know. My life was miserable. In desperation I tried Gile's Liniment Iodine Anodyne. It gave me instant relief. Used it internally as well as externally.

THOMAS DRANIGAN, 127 West 27th street, N. Y. Gile's Liniment Iodine Anodyne. Sold by G. Blain & Co. 30-31.

Universally Admired. Dr. Price's Unique Perfumes are now universally admired. It is truly remarkable to see how like the freshest of nature's flowers are all of Dr. Price's odors for the handkerchief. They are the sweetest and most lasting odors in the market.

Johnston's Compound Extract of Sarsaparilla, of which an advertisement may be found in another column, is a good article and entirely destitute of all quackery. Independently of the ample testimony given from professional men, advised by Mr. Johnston, we are well satisfied of the virtues of the Extract of Sarsaparilla, as we have used it ourselves with entire success, in removing the affection under which we labored. In all cutaneous affections especially it is invaluable. For sale by L. Tanner. 30-31.

An Honest Medicine. Official medicines advertised to cure all affections of the Throat, Chest or Lungs, we know of none we can recommend so highly as Dr. Hovey's new discovery for Consumption, Coughs, Colds, Asthma, Bronchitis, Hay Fever, Hoarseness, Tickling in the throat, loss of voice, etc. This medicine does positively cure, and that where everything else has failed. No medicine can show one half so many positive and permanent cures as have already been effected by this truly wonderful remedy. For Asthma and Bronchitis it is a perfect specific, curing the very worst cases in the shortest time possible. We say by all means give it a trial. Trial bottles free. Regular size \$1.00. For sale by L. Tanner and G. Blain & Co., Plymouth.

MARRIED. By Rev. Austin Palmer, at his residence July 4, 1879, Mr. James Moore and Miss Christine Patton, both of Plymouth.

ACARD. To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of mental power, and all the troubles which result from a disordered system, we offer you, FREE OF CHARGE, this great remedy, Dr. Joseph T. Smith's, Station D. New York City.

Produce Market Review. Corrected weekly by E. K. BARNHILL, GROCER, No. 9 LaPorte Street.

Wheat, per bu.	\$1.00
Corn, per bu.	.85
Oats, per bu.	.75
Hogs, live per cwt.	3.25
Do, dressed per cwt.	4.00
Lard per lb.	.06
Butter per lb.	.12
