II. Longbrake, of near Inwood has been confined to his home for over two weeks with a low grade of malarial fever.

Harry Wiltfong, who visited here a few weeks ago, has been quite sick since his return to Chicago, but he is now convalescent.

The automobile gun and battery from Northwestern military academy has changed its route to the east and is now in camp at Hudson lake making more repairs.

Mr. and Mrs. Seymour L. Brown celebrated their golden wedding at Warsaw Saturday. They have both been members of the M. E. church over fifty years.

The increasing demands upon the capacity of the Brightside home have necessitated additional room and Mrs. Work is contemplating the erection of another story on the main building.

Morris Agler left for Van Wert Ohio Monday to attend the annual reunion of his old regiment, the 46th Ohio, and to visit his mother who is now 90 years old.

Father Moench came down from Valparaiso Sunday evening to preach the funeral sermon of Jacob Wade. The funeral was held at St. Michael's church Monday and was largely attended.

W. B. Garrison and family left Tuesday morning for Okmulgee, Indian Territory where they expect to reside. They are excellent people and the best wishes of hundreds of friends go with them for health and prosperity in their new home.

Our news despatch announcing that President Roosevelt had taken the oath of office and giving the statement he made at the time reached us too late for publication but it was posted in a prominent window at the post office where it attracted much interest.

Andrew Wade, son of Jacob Wade, has been in Tyler, Texas, for about six years. He started home to attend his father's funeral, and a telegram was received Sunday stating that he had arrived in Chicago and would be here that night, but he did not come and his relatives are somewhat alarmed, as they do not know why he has not reached here.

Dr. S. P. Colvin, who was pastor of the M. E. Church here nine years ago, is now the oldest effective minister in Northwest Indiana Conference, and the conference Monday presented him with a cane. It was a surprise to Dr. Colvin who is strong physically, and mentally is a match for almost any preacher in the conference and it caused considerable amusement. He goes back to Covington for another year.

THEY GOT OIL

Bremen is in the Throes of a Wild Oil Boom and the Town is Grazy.

BREMEN, Ind., Sept. 17.—The people of this little burg are wild today with elation over the developments at the oil well near the fair ground. Stock in the oil company is in demand at high prices but very little of it has changed hands, the owners preferring to hold on. A few shares sold yesterday at 150 and higher figures are offered today. Business is practically suspended and the people are assembled at the well eagerly watching for developments.

The well is down 415 feet, 25 of which, as the drillers claim, is in tension rock. Water stands 250 feet deep in the tube and casing is being put down today to exclude it. It is thought that the well will be shot tonight if the casing is completed. There was a smell of oil or gas Saturday evening, which increased Sunday to a positive flow capable of burning in a large flame and on Monday the gush came—thick, black oil forcing its way through the column of water with the aid of the gas that accompanies it. The expert here say they feel little doubt that the oil well be produced in paying quantities and everybody is jubilant.

The oil is a lubricating oil, the same in quality as that obtained in the very profitable fields in Jasper and Vigo counties, and if it turns out that this well is successful others will be driven at once and the possibilities of this district thoroughly tested.

IN BAD CONDITION.

Free Rural Delivery Endangered by Bad Roads.

Postmaster Yockey has been notified by the general superintendent of rural routes that the roads traveled by carriers from the Plymouth office are in bad condition and he is directed to notify the people on these routes that the present lack of attention to the roads will, if continued, endanger the permanency of their free delivery. The letter says:

"A rural carrier cannot possibly make regular time or perform efficient service over poor roads, particularly during the winter and spring months. The summer is the time for mending these highways, which are really serving as post roads, and which should always be passable for the transport of the mail. It is the hope of the department that the patrons who are receiving the benefit of the service appreciate it, and that they will promptly co-operate in an effort to repair all deficient portions before winter sets in, so that the permanency of rural free delivery service may be ensured."

This is a matter of extreme importance in this country and the proper road officials should make it their business to put the roads in good repair before bad weather sets in to interfere with the work.

DAY OF MOURNING.

Exercises Prepared for the Meeting of Citizens Tomorrow Afternoon.

At half past 1 o'clock Thursday afternoon the tolling of the schoolhouse bell will announce that all is ready for the solemn service in memory of the murdered President. At 2 o'clock the service will be opened by Mayor Jones in the auditorium of the school. All business will be suspended during the meeting and the city will be given over to the one purpose of testifying to its sorrow for the tragic murder that has filled the nation with grief.

The exercises will be opened with an invocation by Rev. W. W. Raymond, which will be followed by the reading of President Roosevelt's proclamation for a day of mourning. The reading will be by Jacob Martin.

The resolutions to be reported for that purpose will then be read. Addresses will be delivered by Rev. O. S. Thornberry, Hon. C. P. Drummond, Geo. H. Thayer, Jr., and Hon. Samuel Parker, and others will be called upon for short talks. Rev. J. E. Hartman will pronounce the benediction. Under the direction of K. F. Brock the following hymns will be sung: "Jesus, Lover of my Soul," "Lead, Kindly Light," "Nearer, my God to Thee," "Some Time We'll Understand" and "Abide with me."

A Slip of Paper.

S. D. Henderson, of Mead Center Kas, says, "I can not say too much in praise of your Dr. Marshall's Lung Syrup and the peculiar way I came to try this medicine. I once found a slip of paper laying along the road, on which was printed these words, 'Use Dr. Marshall's Lung Syrup for Asthma,' and my wife being troubled with Asthma for several years and having tried a great many different medicines, I thought I would just spend 50c more and try yours and I must say it is the best she has ever used, and think it will cure her sound and well." Sold by C. Reynolds.

Rural Delivery Suspended.

The post office department has ordered that all post offices be closed on Thursday and that the rural carriers shall refrain entirely from any official duties on that day.

Returned to Culver.

J. A. SHUNK'S TRIAL

All Is Not Lovely Among the Modern Samaritans.

Our readers know that the Modern Samaritans believe that J. A. Shunk owes them some money, and they know also that Mr. Shunk says he does not owe the lodge a cent, and that a suit has been instituted to settle the matter. The case was to have been tried before Justice Molter last week, but Mr. Shunk thought he could not get justice in this city and asked for a change of venue to Lapaz. This was granted, but a few days later the defendant decided that there was not enough prejudice against him in Plymouth to make a change necessary and the matter was again placed in the hands of Justice Molter.

Monday morning when the case was called for trial Mr. Shunk's attorneys again asked for a change from this township. "Squire" Molter informed them that they could not "monkey" with him any longer and the change would not be granted. They then decided that they could not get justice in Molter's court and asked that Mayor Jones be allowed to try the case.

His honor, Justice Molter, granted the request and the trial is set for Friday morning before Mayor Jones.

COOL AND CONVENIENT!

Statter's at Buffalo Saves Visitors the Long Journey Between Town and the Pan-American.

One of the hardest parts of visiting an Exposition are the tiresome trips between one's lodging place, or hotel, and the grounds. This is especially felt by ladies after a hot, tiring day, who feel that they must get "home" for a rest, yet would like to return in the evening if it was not so far away.

All this inconvenience may be obviated by staying at Statter's Hotel, which adjoins the Exposition grounds, and which is, in itself, one of the wonders of the Exposition. It is the largest hotel in the world—contains over 2100 rooms, can comfortably accommodate over 5000 people, and has a dining room, in which 1200 can sit down to a meal without crowding, and with a service as prompt and efficient as the most exacting could desire.

From its towers and terraces the whole of the wonderful panorama of life at a great industrial exhibition can be daily studied and enjoyed, which at night when the wonders of electricity take the place of daylight, the scene is one never to be forgotten.

The stories so frequently told on the trains and elsewhere by runners, touts, etc., about scarcity of accommodations and exorbitant charges should be promptly dismissed.

Statter's can, and frequently does, take in 500 people all in one party, and they are comfortably housed in a very short time without so much as a ripple of excitement, so perfect is the organization and management. For \$2.00 and \$2.50 a day, you can get a clean, comfortable room with breakfast and evening dinner included, while for those who prefer not to board at the hotel, good rooms can be obtained at \$1.00 and \$1.50 per day.

Intending visitors to the Pan-American, therefore, can rest assured that by going direct to Statter's they can get good accommodations, and be assured of fair and honest treatment and a very cordial welcome.

ST. JOSEPH CONFERENCE.

Annual Session to be Held in the Warsaw U. B. Church Commencing Wednesday, Sept. 17.

St. Joseph Conference of the U. B. will meet in the church of that denomination in this city Wednesday morning, Bishop E. P. Kephart, of Annville, Pa., presiding, who will also make the opening address. St. Joseph Conference comprises about one-fourth of the state of Indiana and consists of sixty-seven charges, with a membership of about 15,000 communicants. Each charge will be represented by the minister and one lay delegate who have equal voice in the deliberations. The questions that will create the greatest interest at this session will be missions, church erection, education, and the number of presiding elders' districts.

A Neighborhood Aroused.

The conversion of a city residence lot into a farm barnyard, and a very offensive barnyard at that, such as few farmers will tolerate even in the isolation of the country, has outraged an entire neighborhood in the south part of Plymouth, and the fact that the selfish offender is a member of the common council and apparently thinks he is shielded by his office does not lessen the sense of injustice. Councilman Gibson is being freely deprecated and condemned for his utter disregard for the rights of the people who live near him. He occupies a home in a locality full of other homes, but he keeps in one small lot enough animals to stock a quarter section. Cows, calves, horses, hogs, poultry, all are harbored in increasing numbers and no attempt whatever is made to keep the premises clean.

The place is a stench in the nostrils of everybody in the vicinity and an eyesore to all who are compelled to look upon it. The temper of the victims is aroused and they purpose to invoke the law to compel what self-respect and common decency lead most people to do without even a hint from others.

St. Thomas Church.

In accord with request in the proclamation of President Roosevelt for "All people to assemble on Thursday, Sept. 19, in their respective places of Divine Worship" for final tribute to the late President McKinley. Service is appointed in church that day at 10 a. m.

The Ladies Parish Guild meeting is postponed from Thursday to Friday afternoon to meet with Mrs. T. J. Winings.

Wednesday, Friday and Saturday this week are Ember Days.

Saturday is also St. Mathew's Day.

The text Sunday was "Thy Will Be Done," from the Lord's Prayer, Matt. 6:10, interpreted and exemplified in Matt. 26:42, as also in the death of President McKinley.

George Hahn's Wheel.

Someone accidentally or intentionally got away with George Hahn's bicycle from in front of the Thomas market on South Michigan street Saturday evening. George had left it at the curb while he went in to purchase some meats, returning in a few minutes only to find his good wheel gone and an "ice wagon" in its stead. Bystanders saw the fellow and unless he returns it pretty quick his actions may not be so easy for him to explain. Such occurrences in broad daylight and on a principal business street are to be wondered at because of their audaciousness.—South Bend Times.
