Threaten to Tie Up Havana.
Representatives of twenty-three labor unions waited on Governor-General Magoun at Havana, Monday to warn him that the striking masons' terms must be complied with or there will be a sympathetic walkout tying up nearly every industry in Havana. The labor representatives say they do not wish to proceed to extremities without giving the government an opportunity to bring about a settlement by arbitration.

The Governor-General promised to do his best in the efforts for peace and then gave warning that violence of any kind would be rigorously repressed and that labor leaders would serve their cause best by doing their best to suppress all violence.

The employers already have announced that they will negotiate no further with the men, inasmuch as enough masons are at work to supply present needs. The support pledged to the masons from the other unions makes the former's position, however, very strong. The most important of the masons' demands is for an eight-hour day without a decrease in wages.

The first installment of Taxes (including Road Tax) must be paid on or before the First Monday in May, or the taxes for the whole year will become delinquent and subject to 10 per cent. penalty. The second installment must be paid on or before the First Monday in November following. But any taxpayer may pay the full amount of such taxes on or before the First Monday in May, 1908.

Assignees, Guardians, Administrators and others who pay taxes on property in trust, and persons whose taxes are complicated, such as undivided estates, etc., are earnestly requested to settle such taxes before the last few days, as it requires considerable time to make divisions and separate receipts therefor. AS THE TREASURER CANNOT KNOW THE LOCATION OF EACH PERSON'S PROPERTY, TAXPAYERS SHOULD DESIGNATE THE PROPERTY ON WHICH THEY WISH TO PAY TAXES, AND SEE THAT ALL PROPERTY IS SPECIFIED IN THEIR RECEIPTS. If they have land in more than one township or town or desire to pay taxes on lands not in their names, call the Treasurer's attention to the matter.

ROAD RECEIPTS WILL NOT BE RECEIVED AFTER THE FIRST MONDAY IN MAY, EXCEPT ON DELINQUENT TAXES. Carefully examine the receipts before leaving the office, and if anything is wrong have the correction made at once.

The Treasurer will not be responsible for the penalty and charges on delinquent taxes resulting from any omission of the person failing to state definitely on what property, in whose name, and in what township or corporation it is assessed. Persons owing delinquent taxes should pay them at once. The present law is of such a character that there is no option left the Treasurer but to enforce the collection of delinquent taxes by the sale of property, if necessary.

"The owner of property on the First day of March of any year shall be liable for the taxes of that year; the purchaser of property on the First day of March in any year shall be considered the owner on that day."—Section 103.

Call on the Auditor for irregularities in taxes or for reductions to be made. The Treasurer cannot make such reductions. Taxpayers will find it greatly to their advantage to call at the Treasurer's office and get a memorandum of the amount due from them for taxes. County orders cannot be paid to parties owing delinquent taxes. All persons are warned against buying them.

THE ANNUAL SALE OF DELINQUENT LANDS AND LOTS WILL TAKE PLACE THE SECOND MONDAY IN FEBRUARY, 1908.

I would especially urge upon taxpayers the importance of paying early and avoiding the rush of the last few days.

FRED. H. MYERS,
Treasurer of Marshall County, Indiana.

AUDITOR'S SPECIAL NOTICE.

Persons having school Fund Loans on which the interest is delinquent, will please give the payment of said interest their prompt attention, as the law compels the collection of said interest.

CHARLES M. WALKER, Auditor of Marshall County.
