FROM NEW MEXICO

CHARLES BURT IS PLEASED WITH HIS NEW SURROUNDINGS.

Editor Tribune:

Before leaving Plymouth in November a great many Marshall county friends asked me to write them concerning this country, so if you will allow a little space, it will be a pleasure to give a few of my impressions of this country.

Landed here on the 8th day of November and as our good friend McCrory has already informed you, went to instructing the young idea the following Monday. Have a fine school of which seventeen are of Mexican persuasion, but let me say that they are among my brightest and most industrious pupils. When it comes to manners they can and do show the average American boy a few things.

This is my vacation. Last week the New Mexico Educational Association met in Old Historic Santa Fe of which we have read all our lives. By courtesy of the school board of this place it was my pleasure to attend this meeting. It seems to be general throughout this territory for the boards to pay the expenses of their teachers to these meetings, besides their regular wages during vacation. That is ahead of anything within my knowledge.

The teachers of New Mexico are as fine a lot of teachers as can be met with anywhere in the East. In fact the great majority of them are from the East, thus accounting for the up-to-date, progressive methods employed.

Santa Fe the city of historical legend, lies in a beautiful valley surrounded by snow-capped mountains, which to a tenderfoot like myself, was a source of much wonderment and admiration. The streets are very narrow, some being little wider than an alley in Plymouth, and none paved. In the center of the town is the plaza, or public square, around which is the business of the town. Curio shops abound on every hand, the proprietors of which are always ready to welcome the tourist provided he has the necessary to buy with, but being a poor "escualdo de maestro," I didn't intend heavily.

The town of Montanair is situated at the northwest end of the Estancia valley, the country surrounding being rich for agricultural purposes. At a distance of from seven to fifteen miles are mountains upon whose sides are to be found plenty of timber suitable for building purposes. Sawmills are located wherever this timber is and it is being rapidly worked up into lumber. The surrounding country is being rapidly settled by people from the East. The East here means Kansas, Nebraska, Missouri etc. However there is quite a colony here from Indiana.

All kinds of crops can be produced here, just as well as in the East. The cry of too dry has passed into legend since Mr. Campbell, the expounder of dry land farming began to demonstrate to the people that it is not necessary to have floods to make the soil produce just as abundantly anywhere. This seems like fiction to the eastern farmer but if he will come here he will be convinced that it can be done.

There is so much than could be said that I will not take up any more of your time and space. If any one is interested enough to write me I will endeavor to give them such information as they desire, but to all who want to better their condition, I would say, "Go West."

Very respectfully yours,
Chas. L. Burt,
Montanair, N. M.

Mob Assaults Muncie Police.

Virtual anarchy reigned in Muncie Friday night at the close of three days of rioting, due to the street car strike. Friday the mob, while not deserting the stones and bricks which were used as weapons Thursday, resorted to the use of firearms also.

Three street cars were demolished and at least half a dozen strike breakers are injured, but as far as the police records show, no body was hurt by bullets. The rioters, as in the previous day, Friday succeeded in driving all street cars from the streets and none were running Friday night. Members of the mob have gone home to recuperate for another struggle.

Violence Thursday culminated late Friday afternoon when 2,000 men took possession of the up-town district in violation of police orders and the mayor's proclamation and refused to disperse, even when counseled to do so by the officers of the Muncie trades council. When a group of mounted police, assisted by foot policemen, attempted to arrest a boy the mob assaulted Chief Van Benbow of the police and laid open his scalp with a stone.

The Indiana Union Traction company has renewed its request for militia, but Adjutant General Oren Perry of the National guard, who Friday assumed control of the police, still refuses to heed the call for martial law and says local authorities are able to cope with the situation.

When the baby is cross and has you worried and worn out you will find that a little CASCASWET, the well known remedy for babies and children, will quiet the little one in a short time. Contains no opiates. Sold by L. Tanner.

In addition to the above, in the City of Plymouth there is levied the sum of \$2.00 on each male dog; \$5.00 on each female dog, and \$2.00 on each female spayed dog.

The first installment of Taxes (including Road Tax) must be paid on or before the First Monday in May, or the taxes for the whole year will become delinquent and subject to 10 per cent. penalty. The second installment must be paid on or before the First Monday in November following. But any taxpayer may pay the full amount of such taxes on or before the First Monday in May, 1908.

Assignees, Guardians, Administrators and others who pay taxes on property in trust, and persons whose taxes are complicated, such as undivided estates, etc., are earnestly requested to settle such taxes before the last few days, as it requires considerable time to make divisions and separate receipts therefor. AS THE TREASURER CANNOT KNOW THE LOCATION OF EACH PERSON'S PROPERTY, TAXPAYERS SHOULD DESIGNATE THE PROPERTY ON WHICH THEY WISH TO PAY TAXES, AND SEE THAT ALL PROPERTY IS SPECIFIED IN THEIR RECEIPTS. If they have land in more than one township or town or desire to pay taxes on lands not in their names, call the Treasurer's attention to the matter.

ROAD RECEIPTS WILL NOT BE RECEIVED AFTER THE FIRST MONDAY IN MAY, EXCEPT ON DELINQUENT TAXES.

Carefully examine the receipts before leaving the office, and if anything is wrong have the correction made at once.

The Treasurer will not be responsible for the penalty and charges on delinquent taxes resulting from any omission of the person failing to state definitely on what property, in whose name, and in what township or corporation it is assessed. Persons owing delinquent taxes should pay them at once. The present law is of such a character that there is no option left the Treasurer to enforce the collection of delinquent taxes by the sale of property, if necessary.

"The owner of property on the First day of March of any year shall be liable for the taxes of that year; the purchaser of property on the First day of March in any year shall be considered the owner on that day."—Section 103.

Call on the Auditor for irregularities in taxes or for reductions to be made. The Treasurer cannot make such reductions. Taxpayers will find it greatly to their advantage to call at the Treasurer's office and get a memorandum of the amount due from them for taxes. County orders cannot be paid to parties owing delinquent taxes. All persons are warned against buying them.

THE ANNUAL SALE OF DELINQUENT LANDS AND LOTS WILL TAKE PLACE THE SECOND MONDAY IN FEBRUARY, 1908.

I would especially urge upon taxpayers the importance of paying early and avoiding the rush of the last few days.

FRED. H. MYERS,
Treasurer of Marshall County, Indiana.

AUDITOR'S SPECIAL NOTICE.

Persons having school Fund Loans on which the interest is delinquent, will please give the payment of said interest their prompt attention, as the law compels the collection of said interest.

CHARLES M. WALKER, Auditor of Marshall County.

REMONSTRATORS WIN.

Special Judge Hess Goes One Closer Than Bernetha.

Judge W. B. Hess who presided as special judge in the second remonstrance case found in favor of the remonstrators Thursday. He held that the list contained 290 legal remonstrators which gave them a majority of one. This is one less than decided upon by Judge Bernetha in the first case. The opinion was lengthy and as there is no better lawyer in Indiana than Judge Hess there is no question as to the decision.

This was the case of John J. Siple of Argos. There are still left two saloons in that town, and whether these two will in turn fight their inevitable fate, remains to be seen.

No. 17, due here at 6:28 p. m., will carry a coach, and take on passengers daily except Monday, between Ft. Wayne and Chicago, at all scheduled stops.

No. 35, which arrived here at 9:10 p. m., and No. 36, which left here at 5:45 a. m., formerly running between Crestline and Plymouth, will both be discontinued.
