Governor Hughes of New York, reports that it cost him only \$369.65 to get elected. No wonder the old-time politicians are against him.

Uncle Joe Cannon thinks that if he could have spared the time to stump his native state, North Carolina, it would have elected six Republican congressmen.

Peter Kruyer of Plymouth, has a seven-year-old son in the Holy Family hospital, LaPorte, where he recently underwent an operation.—Michigan City News.

A coal war has broken out in South Bend, but there is apprehension among the consumers that the zone of hostilities won't be widened. Coal dealers will stand together.

A press dispatch states that twenty thousand sheep grazing on the Cumbers mountain range in Rio Arriba county, 140 miles north of Santa Fe, N. M., are reported to have perished in the blizzard which raged in that section a few days ago. The storm was the worst in years, and snow is from five to ten feet deep.

## FOR SUPPRESSION OF DIPHTHERIA

### SANITARY FEATURES—DIRECTION FOR ITS PREVENTION AND SUPPRESSION.

#### Epidemic is Sweeping the State—State Board of Health Sends Out Warning.

Diphtheria broke out in many places in Indiana during October. The disease caused 41 deaths and over 1600 cases. So far Plymouth and Marshall county have been practically immune. This dread disease may be wholly prevented, or greatly reduced by the proper care and precautions. The state board of health is mailing out the following circular relative to the prevention and suppression of diphtheria:

"Diphtheria is contagious and infectious. Membranous croup is diphtheria of the larynx, is the most serious and fatal form of diphtheria, and requires extraordinary care.

Diphtheria may be acquired by direct exposure of the well to those suffering from the disease, and also through clothing and other articles that have come in contact with the sick. Diphtheria is not confined to children. Adults may and do have it. Indeed it is almost as common among adults as among children, but adults do not so often die from it.

One attack of diphtheria does not afford long protection against subsequent attacks.

Diphtheria poison may remain inactive in a house for a long time, unless destroyed by disinfectants, may cause a new outbreak at any time.

The spread of diphtheria is favored by faulty ventilation, overcrowding, filthy condition of habitations and persons, damp cellars and general lameness of houses.

Animals may have diphtheria. Common fowls, cats and cows are liable to the disease.

The origin of the seeds of diphtheria, like the origin of corn and wheat, is unknown, but it is known absolutely that every case of the disease proceed from a previous case. Diphtheria is more common in the cold months, for then there is less fresh air in the houses, and colds and irritated air passages more generally prevail. Persons who have catarrh, or who are subject to sore throat, or whose health is run down, or who are underfed, are apt to catch diphtheria.

**Control and Suppression.**

This is accomplished by proper living, isolation of the sick, rigid quarantine of all who have been exposed, thorough disinfection and the proper use of fresh, reliable diphtheria antitoxin.

When diphtheria prevails, even to a slight degree, in your neighborhood:

Do not go to meetings in crowded places.

Do not permit your children to go to day school Sunday school, picnics, parties or entertainments.

Do not permit your children to roam the streets.

Do not fail to supply good, nourishing food to children and give them plenty of fresh air.

Do not go into a house where there is a case of diphtheria, and do not come in contact with any person who has entered the house.

Do not eat or drink in the same room with the sick person, if diphtheria is in the house, and do not let any one else use the same cup, plate, tumbler, spoon, knife or fork used by the sick person until they are thoroughly boiled in water.

Do not expose children to diphtheria in any way. When grown people are obliged to go into the room of a person who has diphtheria they should bathe and change their clothing before they go where children are. It is a sin to be careless and carry diphtheria infection to others.

Do not fail to disinfect all stools from a diphtheria patient.

Do not permit children to live in the house where diphtheria exists if it is possible to send them away, and do not fail to have the doctor immunize all exposed children with antitoxin.

Do not permit cats, dogs, canary birds or other pets to remain in a room where a person has diphtheria, for animals may easily have the disease and carry it to other houses.

If diphtheria exists in your house remember you owe an obligation to your neighbor not to infect the disease upon him. To smuggle (keep secret) a case of diphtheria in order to escape quarantine is as bad as to set fire to your neighbor's house. Therefore obey willingly the imposed quarantine. As one attack of diphtheria does not prevent its recurrence be sure it is spread the disease lest it return again to you.

**HAS CLOSE CALL.**

**Warsaw Man Was Almost Struck by Freight Train in Plymouth on "Y" Tuesday Night.**

W. B. Yost, of Warsaw, when at Plymouth Tuesday evening, narrowly escaped death or severe injury. He was running to catch a Pennsylvania train for Warsaw, and had to cross the Y near the Pennsylvania depot. Just as he stepped on the switch, he saw a cut of box cars approaching and stepped out of the way barely in time to escape. There was no light on the car and it was very dark. Yost has not entirely recovered yet from his case of nerves.

**Thirteenth District Member.**

O. B. Smith of the First National bank of Rochester, is the Thirteenth district member elected by the bankers of the state in convention in Indianapolis.

## ROW OVER BIRTH REPORTS.

### Prosecutions Have Been Begun Against Physicians in Elkhart and Newton Counties.

The State Board of Health is having considerable trouble in getting birth reports from some counties of the state, and the health officers of Elkhart and Newton counties have been ordered to begin prosecutions against derelict physicians in those counties. Dr. J. N. Hurty, secretary of the board, regards the law requiring the return of birth statistics as being highly important and practical. In his letter ordering the prosecutions he says:

"There is no more important matter than that of reporting births, deaths and contagious diseases. These reports are needed for the family, for the state and for medical science. The physician who fails or neglects to obey the law is wronging the state and is wronging medical science and is a bad citizen, inasmuch as he violates the law."

## SEE BEVERIDGE FOR A JOB

### INDIANA SENATOR HAS MANY FEDERAL POSITIONS FOR DISTRIBUTION.

#### Says Fitness Alone Will Determine—He Will Not Seek to Build up a Machine.

Senator Beveridge has announced the keynote of his policy in regard to the distribution of patronage. The junior senator is confronted with a momentous responsibility in the distribution of the federal patronage of the state at large and of eleven of the thirteen congressional districts. No other man in public life, except the President, has as sweeping a command over the "spoils of office." The heads of the departments at Washington do not have as many places at their disposal, because appointments within their jurisdiction, except for the minor places, are made by the President. Senator Beveridge's recommendations as to federal patronage in Indiana, except as to the Sixth and Tenth Congressional Districts will be conclusive.

"Men for fitness only," is his command.

Senator Beveridge states that he will not consider applications before March 4 next and that in filling all appointments two principles will be strictly adhered to as follows:

"1. Men will be recommended from the point of view of public service and factions will not be recognized.

"2. No machine will be built up—that is all there is to it.

**Appointments and Salaries.**

The principal appointments to be filled, with salary, names of present incumbents, etc., follow:

Pension agent—A. O. Marsh, incumbent; salary, \$4,500; term expires January, 1910.

Surveyor of customs—L. G. Rochschild, incumbent; salary, \$5,000; term expires February, 1910.

United States marshal—H. C. Pettit, incumbent; salary, \$4,500; term expires December, 1909.

District attorney—Joseph B. Kealing, incumbent; salary, \$5,000; term expires December, 1909.

In addition there are the collectors of internal revenue for the sixth and seventh revenue districts, who have no fixed tenure, the surveyor of the port of Evansville and postmasterships in a large number of cities, and in fact all the presidential postoffices in the state outside the 6th and 10th districts.

## A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Sion root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchitis, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Sion root, Queen's root and Black Cherry-bark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages, but it will cure many severe chronic coughs, chronic bronchitis, and hemorrhagic troubles, and chronic sore throat, and excessive gastric (stomach) acidity.

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scurfous swellings and old sores, or ulcers.

Send Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the medicine. There is no alcohol in it.

## NOTE THE SALE DAYS--Saturday, Nov. 21; Ending Saturday, Nov. 28.

## LADIES' GLOAKS, MILLINERY, BLANKETS, BOYS' KNEE PANTS SUITS

On the above mentioned lines we offer our entire stock at a GREAT REDUCTION, and you have one full week, including two Saturdays, to choose as buying days. Every Ladies' Suit, and every Lady's and Child's Cloak; each and every hat in our Millinery section; all our Cotton Blankets, and all our Boys' 2-piece Suits, WILL BE REDUCED for this week's sale.

## A timely Event in our Cloak & Suit section

The reason for making the reduction so early in the season is due entirely to weather conditions. The continued warm weather has retarded our sales and it leaves us with too many Cloaks. We figure that we must take a loss sometime, as our stock must be sold, and the chances are very much better for us now than later. By buying now we will do you much good, and, at the same time, you will us.

## OUR ENTIRE MILLINERY STOCK AT A SACRIFICE.

All our Trimmed Hats must be sold by Nov. 28th. We need the room to display our Holiday Line of Toys. The Prices we are making we know will sell these Hats, but to get first choice and the best durable shapes, you must be early. Come the first day.

## COTTON BLANKETS AT A SAVING.

Our Blankets you will find are better qualities and much heavier than we sold other seasons. You will consider them snaps at the prices we ask for them. Full assortments in every price quoted:—39c, 50c, 75c, 89c, \$1.00, \$1.25, \$1.39, \$1.48, \$1.75, \$2.00 and \$2.50.

## All Knee Pants Suits, Ages 8 to 16 Years, Greatly Reduced

Our stock is more than half larger than it should be. It is immensely larger in sizes 10 to 15 years. By making sharp reductions during the sale days we hope to reduce same, and will afford a great bargain opportunity for late buyers. Come where you can get a big selection at a low price.

## Our Annual Thanksgiving Linen Sale

STARTS NOV. 28. (See next week's papers.)

## U. B. MINISTERS IN CONVENTION

### REV. YAEGER OF PLYMOUTH ADDRESSES CONFERENCE AT COLUMBIA CITY.

St. Joseph District is holding a Three Day Session at That City.

The first of the three days' sessions of the men's convention of the St. Joe conference of the United Brethren church was held in Columbia City Wednesday afternoon at 2 o'clock. An evening session was held Wednesday night, two sessions Thursday and a Thursday evening session—the convention adjourning Friday afternoon at 4 o'clock. An excellent was prepared and the attendance was large throughout the meetings. The Arion quartet furnished special music.

Among the ministers present were the Reverends S. H. Yager, Plymouth; G. E. Lake, Albion; F. P. Overmeyer, Waterloo; W. H. Petro, Bourbon; J. W. Lake, Bremen; J. E. Grimes, Warsaw; J. F. Byrer, Fort Wayne; E. H. Pontius, Knox; J. D. Coverstone, Grass Creek; J. W. Eby, Goblesville; J. W. Borket, Rich Valley; O. W. F. Pelett, Warsaw; I. Imler, Decatur; O. O. Wells, Butler; L. O. Oyler, Huntington; J. W. DeLong, Syracuse; H. G. Pence, Tynes; L. W. Love, Pleasant; J. E. Kek, Collins, besides many lay delegates.

Wednesday's session was presided over by the Rev. J. E. Grimes, presiding elder of this district. W. S. Nickey, layman, president of the Whitley County Sunday School association, delivered an address on the subject, "What Men Owe to the Church," followed by W. H. McEwen editor of the Albion Democrat, on "What the Church Owe to Men." H. H. Barsh, of Huntington, spoke on the subject, "What Both Owe the Boys." The addresses were thoughtful and able and contained many valuable suggestions.

Wednesday evening the Rev. S. H. Yager, formerly of South Whitley and now located at Plymouth, gave an address on "Discovering and Developing Christian Workers." The Arion quartet presented special music.

**Treated Friends Too Soon.**

After having treated his friends at North Manchester and jollified over his election as state treasurer on the Democratic ticket, John Isenberger has discovered that he lacked just 837 votes of winning.

**Will Meet in South Bend.**

The next meeting of the Thirteenth District Medical Association will be held at the Oliver Hotel in South Bend, Nov. 18, and several physicians from Plymouth will attend.

A clergyman writes: "Preventics, those little Candy Cough Tablets are working wonders in my parish. Preventics surely will check a cold, or the Grippe, in a very few hours. And Preventics are so safe and harmless. No Quinine, nothing harsh nor sickening. Fine for feverish restless children. Box of 48 at 25c. Sold by L. Tanner.

Hives, eczema, itch or salt rheum sets you crazy. Can't bear the touch of your clothing. Doan's Ointment cures the most obstinate cases. Why suffer? All druggists sell it.

It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the Heart and Kidneys. The old fashioned way of dosing the stomach or stimulating the Heart or Kidneys is surely wrong. Dr. Shoop first pointed out this error. "Go o the weak or ailing nerves of these organs," said he. Each individual organ has its controlling or "side nerve." When these nerves fail then those organs must surely fail. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Preventics. A few days' test will surely tell! Sold by L. Tanner.

Read the pain formula on a box of Pink Pain Tablets. Then ask your doctor if there is a better one. Pain means congestion—blood pressure somewhere. Dr. Shoop's Pink Pain Tablets check head pains, womanly pains, pain anywhere. Try one, and see how it feels. Sold by L. Tanner.

Dr. Shoop's Health Coffee is created from pure parched grains, malt, nuts, etc.—no tea leaf in it. Fine in flavor—is "made in a minute." No or 30 minutes tedious boiling. Sample free. C. M. Slayter.

"My child was burned terribly about the face, neck and chest. I applied Dr. Thomas' Electric Oil. The pain ceased and the child sank into a restful sleep."—Mrs. Nancy M. Hanson, Hamburg, N. Y.

To check early colds or Grippe with "Preventics" buys sure relief for Pneumonia. To stop a cold and Preventics is safer than to let it run and be obliged to cure it afterwards. To prevent, Preventics will cure even a deeply seated cold, but when early it is all the more effective. It breaks off these early colds. That's surely better. Why wait if you are called Preventics?

Preventics little Candy Cough Tablets. No Quinine, no physic, nothing sickening. Nice for the children and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Preventics may also save to you your usual sickness. And don't forget your child, if there is feverishness, higher fever, head, probably has Preventics' greatest efficacy. Sold in 5c boxes for the pocket, also in 25c boxes of 48 Preventics. Based on your druggist giving you

For sale by all Dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States. Remember the name—Doan's—and take no other.

**WOMEN'S WOES.**

Plymouth Women Are Finding Relief at Last From Their Sufferings.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs or headaches dizzy spells, bead- in-down pains; they must stoop over when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ailments. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. Nellie Holly, living on South street, Plymouth, Ind., says: "Severe pains over the kidney regions and heavy backaches bothered me for ten years. The condition of my kidneys was far from normal and at times I suffered severely. Doan's Kidney Pills finally came to my notice and I procured a supply at Richard's Pharmacy. It was not long before the removed the kidney complaint and stopped the backache, pains in my loins in the region of my kidneys. I have often endorsed Doan's Kidney Pills since and consider it a privilege to do so."

For sale by all Dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States. Remember the name—Doan's—and take no other.
