In the hurry of business last week, we forgot to change the terms of our Paper, as printed on our outside, to those we have now adopted, viz:  
**\$1.50 PER ANNUM.**  
or Two Dollars, if not paid until the year has expired.

## Remember.

That we take on Subscription, Advertising, &c., almost every article that the Farmers raise. We are in for "dicker," gentlemen, and receive the same as Cash many of the various articles to be found in the Stores and Work-shops.

## JOB PRINTING.

We have a full supply of the best materials for that style of Work, and can execute it in every variety, from a Mammoth Poster to the most delicate Label—promptly, neatly, and at the lowest living prices.

**THE BALL** at the Edwards House, on the 22d inst., promises to be the most elegant one of the season. The "Edwards House" sustains its reputation as a first class Hotel, and always will, while Capt. Bailey has the management.

Signs of an earthquake at the end of the bridge on Michigan street. Town Marshall please call and examine.

We learn from South Bond that a large number of persons will start from that place for Kansas, in the Spring.

Produce is now transported by railroad from Chicago to Boston without change of cars.

A new Post Office has been established at Hanna's Station, on the P. Ft. Wayne and C. Railroad.

Nicholas Longworth, of Cincinnati, paid \$16,000 tax during the past year.

We have no acquaintance with the editor of the Crown Point Register, nor are we particularly anxious for any, since that gentlemanly and entirely unprovoked allusion to the Messrs. McDonald and ourselves, which he made in his Paper a week or two since. We have never before alluded to the so-called editor of the Crown Point Register, and now discuss the fellow from further notice by us, merely remarking, however, that the Register has long been a disgrace to its Party and a stigma on the town.

The Democrat is a **LIVE PAPER**, established for the benefit of our Town, and Marshall County, generally, as well as for ourselves. Here we have located—invested a large amount—and intend to make our Paper a permanent "institution," keeping our Readers well posted in every matter of interest.

We learn that John Soren, Esq., of Bremen, in this County, intends removing to Bremen shortly. Mr. Soren has held the offices of Postmaster and Justice of the Peace at Bremen, and discharged the duties of both in an honorable manner. We wish the Success much success, and a pleasant journey to his new home.

Roads improving—and our streets crowded almost every day with teams from the country—one of the best signs of prosperity in any town. The truth is, that Farmers living even a long distance from Plymouth, find that the high prices paid for Produce, in our market, justify them in bringing it here.

Mr. S. Moore, we understand, will soon retire from the management of the "Moore House,"—with a fortune, we hope; if he does not, he deserves one, at least, for his efforts to please as acknowledged by all who have patronized his Hotel. Success to Mr. Moore, in whatever business he may engage.

Our large, and steadily increasing Subscription List affords great inducements for Advertising in our Paper. We have fixed our figures at 1,000 the present "signs of the times" plainly show that in a short time our List will be up to that amount.

Don't forget to read the letter from Dr. McDowell to Rev. Mr. Beecher, published in our paper last week. It cuts the whole Band of Traitors, (of whom this man, Beecher, is the chief,) to the quick. They are as dumb under the scorching effects of this letter, "as the sheep before the shears."

The Boston Post says that John Brown's widow has already received \$4,000 as her portion of the sales of Brown's life.

Stephens, one of John Brown's accomplices in the late murderous outrage at Harper's Ferry, was convicted last week. Sentence not passed.

Gov. Milton S. Latham (Dem.) of California has been elected to the U. S. Senate, to fill the vacancy occasioned by the death of Senator Broderick. The vote stood, Democrat 112, Republican 31. Of the 112 Democratic votes Mr. L. received 93, the others were given to Mr. Randolph.

I. O. G. T.—At the last regular meeting of Morning Star Lodge, No. 61, I. O. G. T., the following officers were regularly installed for the present quarter:  
W. C. T. J. Carbutt.  
W. V. T. Miss M. C. Ackerman.  
W. S. C. S. C. Keach.  
W. T. Miss Delia Wilbur.  
W. I. G. Miss Amanda Pershing.

W. A. S. Miss S. Fuller.  
W. F. S. W. M. Kendall.  
W. M. E. Moore.  
W. D. M. Miss H. Tibbits.  
W. R. H. S. Mrs. M. E. Pershing.  
W. I. H. S. Miss H. Waters.  
P. W. C. T. H. B. Pershing.

REMEMBER—that thorough organization and vigilance will insure success, and without them we may expect defeat, for it will surely come upon us. The opening campaign is admitted by all, to be more important than any that has ever preceded it. There is nothing less at stake than the Union, and if this is not enough to arouse us, we need not claim to have any patriotic us. The question is simply this: Shall we remain dormant and let the financial sectional and disunion opposition triumph? They are now at work all around us, and may already be said to be regularly organized and earnestly at work, and if we do not counteract the influence of their misrepresentations, they will do just what they say they are going to do—beat us again this fall, in this country. On the other hand, if we work as we should, we will beat them handsomely, for we have a majority and all we need is to get it out, and to do this we must organize.

PERSONAL—James N. Du Barry, Esq., superintendent of the western division of the Pittsburgh, Fort Wayne and Chicago railroad, was in town yesterday. Mr. Du Barry is constantly passing and re-passing over his division of the road, giving it his unremitting attention, and adding continually to the smoothness of the track. Trains bound west from Chicago are invariably on time. It would add much to the reputation of the road if the track were as good and time as certain as the Pittsburgh division. Here, however, seems to be all the trouble. Had not Mr. Du Barry better take the whole road, or is Mr. Moore so much straitened in his operations by Pennsylvania complicity as to be unable to get rid of broken rails.

The above, from the Chicago Times is a just compliment to one of the most industrious and careful Railroad men on the P. Ft. W. & C. R. R. and having watched Mr. D's actions since he became connected with the road, we are prepared to endorse the above in full, and were there more such men on the Road, more general satisfaction would be given to those who patronize the road—trains would run with more regularity, and passengers would feel that their lives were perfectly safe.

We call attention to the card in today's issue of John L. Woodward, Advertisement next week.

NOLL AND KNOWLTON—Advertise their Butcher Shop in to-day paper. They are clever, accommodating fellows, keep a variety of the best Meats, and, as they richly deserve, are doing a fine business.

The Department of State has received additional intelligence from Mexico, giving accounts of recent outrages perpetrated upon American citizens residing and doing business in that country. They are of the most revolting character, and the press complaining call upon the government of the United States to prevent these flagrant violations. The hands of government are tied, and unless Congress gives the President the power asked for, nothing can be done for them.

ACKNOWLEDGES HIMSELF A THIEF.—Helper, author of the Republican text book, "Impending Crisis," has published a letter in the Tribune and other papers in which he admits that he stole \$3,000 of his employer, with whom he served apprenticeship as clerk. The charge was made by Sora & Biggs, of North Carolina, in his place in the Senate. He at first made a stout denial and protested to have been reformed. It is evident he needs more of that spirit which induces charity for others or he would not be guilty of applying the epithets "thief," "robber," and "pirate," to men better than himself—men who live as he is accused by a dishonest or mean act. It is a characteristic of those who have been addicted to immoral or dishonest practices, and who professed to have reformed, to look with disdain upon those whose life long depravity has been corrected. Helper, in shaming his old neighbor and friends shows the malignity of his nature.—*Elmira (N. Y.) Gazette.*

In our State, says an Indiana correspondent, "a female mistletoe years of age before marriage without consent of parent or guardian; when under that age it is the practice for the parent to give a permit," which duly proven, justifies incest. I enclose a verbatim copy of a paper of the kind:

"September 29, 1853.  
"Mr. Woolfolk, Clerk Lawrence County.  
"I am willing to let my girl Mary Barber so far as I am concerned. I can't come down to see you—this is right and Ben your resist for same."  
T. O. BARBAR.

"Dennis, darling, oh, Dennis, what is it you're doing?"  
"What, Biddy, I'm trying an experiment!"  
"Murder! what is it?"  
"What is it, did you say? Why, it's giving hot water to the chickens I am, so they'll be after laying build eggs."

Several advertisements intended for this issue are not inserted for want of time to put them in type. We are compelled to leave out much original and other matter which was unavoidably crowded out. A rush of Job work has thrown us slightly behind this week.

## MARRIED

On the 12th inst., by L. Matteson, Esq., Mr. SYDNEY JONES, to Miss ELIZABETH SHERWOOD, all of North Township, Marshall County, Ind.

## FINANCIAL DISTRESS AT THE FAR WEST.

From gentlemen who have recently returned from the West, we receive melancholy accounts of the state of financial matters in that region. The effect of inflated, extended, extravagant speculation in wild lands and town lots has resulted with great force upon not only the capitalists who have invested their money, but upon the enterprising pioneers who, while building up the material interests of the country, used their spare money and their credit in purchasing new lands and estates. The crash of '57 brought down judgments numberless upon the devoted heads of thousands of individuals of this class in Iowa and Minnesota, and ruined men who would have been rich had they sold out before the crisis.

More than one of the men who were the first to plant civilization in the howling wilderness, who have built up cities and towns, were offered—extravagant prices for their property and refused them. Instead of selling out and securing a competency of real capital, they involved themselves in debt, and when the crisis came, which swept away the weak banks and bankers of that region, their property was patched over with judgments, and a large proportion of it will have to be sacrificed for less than a quarter of its real value.

In DuPont, Iowa, a gentleman who, with a partner, transacted the heaviest grain and lumber business done in that section of the country, is now covering his head by driving an express wagon. The city of DuPont is dead broke. No watchmen, no gas, no money in the city treasury to pay for anything. Iowa is, in fact, worse off than Minnesota, where a good crop of wheat was raised for exportation last year. Two good crops will restore the North-west to something like prosperity. But the pressure it is now undergoing will ruin thousands of individuals, and check the general growth of that region for several years.—*Boston Herald.*

## What it Has Not Done, and What it Has Done.

The *Detroit Free Press* says: Abolitionism has been a failing for more than three years, and it has not made one more free, unless it has stolen him in and run him into Canada. It has not made one foot of soil free that would not have been free a year since; and slave property to-day is more valuable than it has ever been before. But for Abolitionism, many negroes would have been made free who are still in servitude; several of the slave States would have adopted plans of gradual manumission; and slave property would have been less valuable than it now is. Abolitionism has accomplished no good, but a world of mischief. It has made it necessary that greater discipline should be exercised in the government of the slave; it has caused the free negroes to be expelled from some of the Southern States, and it will cause them to be expelled from all the others; and it has produced a state of feeling between the South and the North, which, if it shall not be abated, will cause the dismemberment of this Union.

"Katey, have you laid the table cloth and plates yet?"  
"An' sure I have, mem—everything but the eggs; an' isn't that Biddy's work, surely?"
