LOCAL AND MISCELLANEOUS.

JOHN McDONALD, : : : : Editor.

## He "Still Lives."

AFTER several weeks forbearance, Mattingly has "pronounced" on us! We had thought to escape any notice at his hands, whether complimentary or otherwise, as we would be an object of pity in either case, but we were not destined to escape the slings and arrows with which Mattingly covers those who may chance to offend his Sereneness. The article which has called down the ire of "poor old Jingle Box," as a friend sympathetically calls Mattingly, was in relation to Bill Shirley and his ten per cent. operation. As Mattingly did not deny anything we said, it will readily be seen that he merely wanted a subject on which to vent his spleen. He says that if Bill were dealing in skunk hides we, and some of our friends would have to take care of our pelts. That may be so, Ignatius; and if the same Ten Per Cent man were advertising and paying the highest price for nigger hides, the venerable Mattingly and his friends would require more "broomsticks" to defend themselves from William's avariciousness than were ever purchased to "clean out the South before breakfast." Mattingly confidently asserts that "Bill Shirley" still lives, and although William has attempted to depreciate the value of United States currency—by doing which a man was recently arrested in Alexandria, Va., and a sutler drummed out of a regiment at Washington,—yet he is considered to be "A. 1" as far as loyalty is concerned. The gratifying intelligence that Bill Shirley "still lives," will undoubtedly create a great sensation in the monetary world. Evidently, there is no discount on Ten-Per-Cent Shirley.

## Correspondents.

An article on "War and Taxes," from a correspondent, is laid over until next week.

We have received a communication in regard to the assertion made in the Republican of a late date, that the young ladies of a certain town had made a gentleman wear a petticoat through the streets. Not being a subject of general interest, we will merely state wherein the writer thinks the Republican misrepresented him. He says the young ladies did not compel him to wear said petticoat, but that he did it of his own free will and accord; which puts a different face on the matter. He also says that he did not back out two or three times, but that his private affairs made his presence at home desirable.

## Leg Broken.

DR. J. J. VINALL, while attending to his horse, last Friday night, was very seriously injured by being kicked and pawed by the horse, which had got frightened at the lantern which the Dr. had brought into the stable with him. The Dr.'s right leg was broken, and he was otherwise so badly mutilated that he will be long in recovering.

## Sharp Practice.

Ab. Becker purchased twenty pounds of dressed chickens from a lady customer, not long since. Shortly after the purchase, he sold a portion of them, when it was discovered that they were every one stuffed with hogs liver! That woman intended to make a living.

## Misaid.

The manuscript of Miss Hibbs' poetical contribution has been mislaid. Will she furnish us with another?

## Accident.

Mrs. Stringer, living a short distance South-West of town, fell and broke one of her arms, last Tuesday.

## Nearly Full.

Col. Eddy's Regiment had, at latest advices, 832 men enlisted.

## Died.

On the 17th inst., ELIA M., daughter of E. E. & Lois Edwards—aged seven years, five months, and fourteen days.

On the 20th inst., of Typhoid fever, Lizzie, wife of R. M. Brown.

## Domestic Economy.

No housekeeper or cook is prepared to enter successfully upon her ordinary duties without Dr. B. D. Land & Co.'s Chemical Saleratus on hand. It relieves the mind of much of the care and anxiety experienced by the skillful cook. You can get it of most grocers and merchants in the country.

The following flattering notice is taken from the Portsmouth (N. H.) Seaside Valley Republican, of April 3, 1858.

SCANDINAVIA.—A friend writes to us for our "real opinion" of Dr. Roback's Scandinavian Remedies,—where he can get it in them—and why they are called "Scandinavian," and we are frequently asked the same questions. Scandinavia is the ancient name of Sweden and Norway, and a Scandinavian, that is, a Swede or Norwegian, affectionately calls his country "Scandinavia," in the same sense as we speak of "Columbia," or "The Union." By the way, there are over nine thousand Scandinavian families in Dane County Wisconsin. Although a citizen of this county for many years, Dr. Roback is a Swede by birth, and compounds his Medicines of Swedish herbs, we think the name is very appropriate. We have the very highest opinion of the Medicines, and Dr. Roback himself, who is not only a singularly skillful physician, but a gentleman of the Old School, as we know personally. Our advertisement columns will answer the rest of our friend's letter. See advertisement.

## Special Notices.

[From the Plymouth Patriot, Feb. 2, 1861.]  
Worthy of Merit.

Among the many remedies offered to the public under the head of Patent Medicines, it is a relief to know that some of them are valuable preparations, will do what is claimed for them and are worthy of use and place in every family. Belonging to this class may be mentioned, Dr. Roback's Scandinavian Remedies, Blood Purifier and Blood Pills which are most excellent preparations and which have the desired effect in all cases for which their use is intended.

Like thousands of others we bear personal witness to this, having used them in our own family with the best effect. We are also acquainted with many who speak voluntarily in praise of these medicines.

One of our leading business men says, that by the use of only four bottles of the Purifier, he received more than one hundred dollars benefit. His difficulty was erysipelas.

We express our thanks for a liberal present of these remedies for use in our family.

## Cancers Cured or Not Pay.

Dr. SWANK will be at the Edwards House from the 15th to the 23rd of each month.

Persons had better call early, as the Dr.'s room is very much crowded generally about noon. He treats all forms of Chronic diseases and especially Cancers, in the successful treatment of which he is severely excelled by any Physician in the west. The Dr. is a regular graduate of one of the best medical schools in the United States, and has had an experience of some twenty years in practice. But his reputation is too well known to need recommending. He discards all poisons—making use only of innocent and effectual remedies—selecting and preparing his medicines himself. They are pleasant to take—not sickening or debilitating, but bracing—and consequently patients are not deprived of doing moderate labor. He deals honestly with his patients; if he thinks he cannot benefit them, he will tell them so, as it is no physician's interest to deceive his patients.

See his Circular (which is half the size of a common newspaper) contains from thirty-five to forty good certificates of cases of cancers he has cured. He has also more than a hundred specimens of Cancers he took out preserved in spirits.

He carries a full supply of medicines. His charges are reasonable. Counsel free of charge.

## SPECIAL NOTICE.

TO CONSUMPTIVES.

The advertiser having been restored to health in a very few weeks by a very simple remedy after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used, (free of charge,) with directions for preparing and using the same, which they will find a sure cure for Consumption, Asthma, Bronchitis, &c. The only object of the advertiser in sending the prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription will please address

REV. EDWARD A. WILSON,  
Williamsburg, Kings County,  
41m3 New York.
