

THE DEMOCRAT. LOCAL AND MISCELLANEOUS. JOHN McDONALD, Editor.

scarl. The great Magician and natural born Ventriloquist, is posted for an entertainment at Corbin's Hall, next Wednesday eve., May 7th. The Professor will doubtless give an entertainment worthy the patronage of all admirers of the wonderful and the humorous. Admission 25 cents; Children 15 cents.

Honest Corner. J. Brownlee, it is said, has received a huge supply of Dry Goods, within the last few days. The honesty and fair dealing which has obtained for his store the sobriquet of 'Honest Corner,' is still to form an important feature in this establishment. Of course his goods are as cheap as the cheapest, and fully equal in quality to the best the market affords.

A "Most Magnificent." Paralleled and approachable stock of Dry Goods, Clothing, &c., has made its appearance at the unrivaled establishment of S. & M. Becker. They are prepared to make nice 'fits' (in the clothing line) and warrant their work. If you want to get a nice suit of clothes, go to Becker's. If you want anything in their line of business, read their advertisement in to-day's paper, and be convinced that theirs is the place to buy.

Thanks. To the P. M. for late Cincinnati papers.

DEMOCRATIC CONVENTION.

Pursuant to published call, the Democrats of Plymouth met in Convention on Saturday, the 26th ult., at the Court House, for the purpose of nominating candidates for the ensuing Corporation election, to be held on Monday, the 5th of May.

On motion of H. Corbin, Wm. M. Patterson was chosen chairman.

On motion of same, John McDonald was chosen Secretary.

On motion of John G. Osborne, the chair appointed the following named gentlemen a committee to report names of candidates:

John G. Osborne, Daniel McDonald, William Greenawald, Henry McFarlin, Daniel O. Quigley.

The committee made the following report, which, on motion of James F. Van Valkenburgh, was unanimously adopted:

1st Ward,.....J. B. N. Klinger; 2d ".....R. Williamson; 3d ".....P. S. Allen; 4th ".....C. Haslinger; 5th ".....E. Collins. Clerk and Treasurer—A. C. Thompson; Marshal—James D. Wolf; Assessor—Wm. Greenawald.

On motion, the Convention adjourned sine die.

WM. M. PATTERSON, Chm'n. JOHN McDONALD, Sec'y.

Died. On Wednesday, April 30th, MARTHA, daughter of Andrew and Alice Hume, in the 14th year of her age.

"Sweet Martha, dear, here lies the rose that bloomed from us, and here she lies, Thou art dropped and fallen, Oh how soon, And left a mother's heart to break.

A few brief days, a few brief years, Thou art no more on earth, But now, alas! no more on earth, Thou art left to thy home in Heaven.

E. Paul. The story of the shoemaker "down east" who whipped his boy to death because he couldn't count his Boots and Shoes as fast as his father made them, don't apply to the superior stock of Leather used in Paul's Boot and Shoe Store. Here you can get neat, durable and well finished Boots and Shoes, and everything else in his line—made by first-class workmen—(Paul keeps no others)—and what he tells you that you may rely on. He not only has a mammoth Stock for you to select from, but is a pleasant gentleman to deal with. Advertisement in this week's paper.

Lemon. Keeps the Chicago Dailies, Times, and Tribune, Literary papers, Magazines, Dime Books, etc., etc.

Cancers Cured or no Pay. Dr. SWANK will be at the Edwards House from the 19th to the 26th of May, 1862.

Persons had better call early, as the Dr.'s room is very much crowded generally about noon.

He treats all forms of Chronic diseases and especially Cancers, in the successful treatment of which he is scarcely excelled by any Physician in the west—he cures them or charges nothing for his services. The Dr. has given universal satisfaction to his patients, and has cured some very bad cases here.

The Dr. is a regular graduate of one of the best medical schools in the United States, and stands high in his profession as a physician, and has had an experience of some twenty years in practice. But his reputation is too well known to need recommending. He discards all poisons—making use only of innocent and effectual remedies—selecting and preparing his medicines himself. They are pleasant to take—not sickening or debilitating, but bracing—and consequently patients are not deprived of doing moderate labor. He deals honestly with his patients, if he thinks he cannot benefit them, he will tell them so, as it is no physician's interest to deceive his patients.

See his Circular (which is half the size of a common newspaper) contains from thirty-five to forty good certificates of cures of cancers he has cured. He has also more than a hundred specimens of cancers he took out and preserved in spirits.

He carries a full supply of medicines. His charges are reasonable. Counsel free of charge.

THE PLYMOUTH DEMOCRAT. PUBLISHED EVERY THURSDAY, BY T. & P. McDONALD.

TERMS OF SUBSCRIPTION: \$1.50 IN ADVANCE. Short Tapering to Current-Paying Home Subscribers. Foreign Subscribers to comply with the Terms.

JOB DEPARTMENT.

We are now prepared to execute nearly all kinds of Posters, Programmes, CIRCULARS, PAMPHLETS, CARDS, BLANKS, BILL HEADS, &c.

TERMS VERY REASONABLE.

DR. ROBACK'S STOMACH BITTERS. ARE NOT TO BE EXCELLED AS A STOMACHIC AND REGULATOR OF THE DIGESTIVE ORGANS.

These Bitters are not offered to the public as a medicine which will cure all the "ills which flesh is heir to," but as a remedial agent—a great Regulator of the system. In the Bilious districts of the West and South there has, for a long time, been much needed an article of Stomach Bitters, which, if taken in proper quantities, and at the proper time, are a sure preventive of

Bilious Fever, Fever and Ague, Liver Complaint, Dyspepsia, Indigestion, Jaundice, Kidney Complaints, and all diseases of a similar nature.

These Bitters are composed of rare and powerful roots and herbs, which make them

Highly Tonic.

Dr. Roback's Stomach Bitters are the poor man's Friend.

Dr. Roback's Stomach Bitters save the poor man many Doctor's Bills.

Dr. Roback's Stomach Bitters are the rich man's Solace and Comfort.

Dr. Roback's Stomach Bitters invigorate the weak and debilitated.

Dr. Roback's Stomach Bitters drive away melancholy and make life enjoyable.

Dr. Roback's Stomach Bitters are the Soldier's Friend, by preventing Diarrhea, Dysentery, Rheumatism, etc.

These Bitters are put up in quart bottles, of which the above is a fine sample. The label is finely engraved, and is provided with a safe-guard from counterfeits. Price \$1 per bottle, or six for \$5.

C. W. Roback, Proprietor, No. 6 East Fourth St., Cincinnati, to whom all orders should be addressed.

FOR SALE BY For sale in Allegheny county, by Dean & Co., T. A. Lemon, Pershing & Co., Plymouth; Robert Corwell & Co., Burlington; N. H. & P. S. Allen, Cincinnati; John G. Osborne, Burlington; James Miller, Brown, Jas. M. Wickler, Argos; Peter Smith, Uniontown; and Druggists and Merchants general throughout the Union.

Plymouth, Indiana, April, 1862—13th

Sewing Machines.

GREAT REDUCTION IN THE PRICES OF SINGER & CO.'S

Standard Machines.

Well known to be the best for Manufacturing purposes:

No. 1. SUTTER MACHINE, FORMERLY SOLD AT \$30, REDUCED TO \$27.

No. 2. SUTTER MACHINE, FORMERLY SOLD AT \$100, REDUCED TO \$75.

Singer's Letter A Machine.

Is the best in the World for Family Sewing and Light Manufacturing Purposes.

Price (with Hammer, and beautifully ornamented) \$50.

We would ask for our Letter A Machine, the special attention of Vest Makers and Dress Makers, and all those who want Machines for light manufacturing purposes. They embody the principles of the Manufacturing Machines, making, like them, the interlocking of the teeth, and are designed to be as celebrated for Family Sewing and light manufacturing purposes as our Manufacturing Machines are for manufacturing purposes in general.

Family Sewing Machines are valuable in proportion to the number of things they can do well. See what ours can do before making a purchase.

There is no doubt as to the value of our Machines for manufacturing purposes, but it is only of late that the public began to learn that the essential elements of a machine best adapted to the best work, would also be the elements to be embodied in a Family Machine. It is now well known that our Letter A Machine is the only Family Machine yet offered to the public which, in simplicity, rapidity, durability, and economy of correct action. While as a general thing, the sewing machine room is a crowded one, to say the least, our machines are unequalled for manufacturing purposes, they are almost sure to assert, in the same breath, that Singer's Letter A, or Family Machine, are not so good as these!

This is a more stock of the trade, and we confidently invite those interested in the subject to examine for themselves, and see what our Letter A Family Machines, with all the recent improvements, are capable of doing. Let them try, they will see the most delicate material to perfection, as clearly stated, they are also adapted to light manufacturing purposes, and that, be it remembered, can not be said of any of the other Family Machines yet offered to the public.

The No. 1 and 2 Machines are of great capacity and application for manufacturing purposes.

Our No. 3 Machine is especially adapted to all kinds of light and heavy leather work, in cutting, trimming, Boot and Shoe making, Harness making, &c., &c. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmer's stitching work, that they do better with them than by hand; so, too, the saving of time and labor is very great. The table of these machines is 24 inches long, and the shuttle will hold six times as much thread as the shuttle of those used for tailoring purposes. The last machine works as fast as most small ones.

We have also on hand, Hammer, Gages, Silk Twine, Linen and Cotton Thread, Spools, Best Machine Oil, &c., &c.

We manufacture our own Sewing, and would warn all persons using our machines not to buy any others. We know that there are needles sold of the most inferior quality, and that they cross the needle charge for the least. The needles sold by us are manufactured especially for our machines. A bad needle will render the working of the best machine almost useless.

Our customers may rest assured that all our Branch offices are furnished with the genuine article.

In case of small purchases, the money may be sent in postage stamps, or bank notes, or by express, and we will send the goods by express, or by mail, as directed.

Correspondents will please write their names distinctly. It is all important that we should, in each case, know the Post Office, County, and State.

All persons requiring information about Sewing Machines, their sizes, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of "M. Singer & Co's Guide to Manufacturers and Dealers." This beautiful Pamphlet, carefully devoted to the subject—it will be sent gratis.

We have made the above statement in price with this view of making the public and ourselves. The public have been supplied by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are laid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great deal of work, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, badly made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a Machine, are certainty of correct action at all rates of speed, rapidity of construction, great durability, and simplicity of operation, with the least labor.

Machines to combine these essential qualities, must be made of the best metal and finished to perfection. We have the ways and means, on a grand scale, to do this.

The purchasers of Machines, whose daily bread is in sewing, will find that those having the above qualities not only work well at rapid as well as slow rates of speed, but last long in the most possible working order. Our machines, as made by us, will earn more money with less labor than any others, whether in imitation of ours or not.

In fact, they are cheaper than any other Machines as a gift—LOCAL AGENTS, W. SINGER & CO., 438 Broadway, N. York.

Indianapolis office, Old Fellows' Hall, Washington Street.

12 E. PAUL, Local Agent in Plymouth.
