

THE DEMOCRAT.

LOCAL AND MISCELLANEOUS.

Judge Turpin's meetings are largely attended, and the enthusiasm everywhere manifested gives assurance of his election over Mr. Colfax. Look out for the train in October, and keep the track clear.

Up to the hour of our going to press there is nothing of an official character from Washington to confirm the statement of the Chicago Tribune correspondent that there will probably be no draft. It is to be hoped that the statement will prove correct;—no draft has yet taken place.

The shoddy papers assert that Gov. Morton has taken possession of the "great seal" of the Sons of Liberty. He probably intends to run the machine himself. Perhaps he and Dodd can compromise their difficulties by the latter consenting to act as Deputy Grand Commander under his Excellency.

The nomination of McClellan renders the shoddyites miserable. Some of them manifested their ill temper here by tearing down the notices for a ratification meeting last Thursday evening. Guaw away vipers, you can't hurt the file.

There is a certain sleek faced hypocrite, with more gas than brains, who has rather an enviable notoriety for lasciviousness, that has been quite busy recently abusing us. Go on, old fellow, if you want us to give you another castigation, such as you received at our hands year or two ago. We have no favors to ask at your hands unless you conclude to pay what you deliberately lied us out of some years since.

We have received the first number of the Valparaiso *Democrat*, a neat six column sheet, edited by C. C. Morial, a sterling democrat of the Jeffersonian school. The *Democrat* will do good service in the cause of constitutional liberty, and we wish it abundant success. The *Democracy* of Porter County have long needed an organ there, and if they properly sustain the *Democrat* we have no doubt but that they will succeed in placing the county under the control of the *real* friends of the Government.

All those who desire a continuance of "stamp duties," frequent drafts, heavy taxes, an increased number of widows and orphans, and a perpetual war, will vote for Lincoln and Johnson. Those who are opposed to these things will vote for the people's candidates, McClellan and Pendleton. On which side are you, my friend?

Union Leagues' Military Drill. We stated a week or two ago that after the League adjourned the members went into the north-west part of town and spent some time in military drill. It now seems we were mistaken, and we hasten to make the *amende honorable*. We are credibly informed by a Leaguer, and of course he knows that the members of the League did not drill that night.

We heard of a good pious soul the other day who says he cannot feel comfortable in church when he sees democrats seated all around him. No wonder the hypocrite don't feel easy on Sundays at church; he is a member of the Union League which meets on Saturday nights. We suppose he would much rather *still* confine for democrats than to meet them in church after his midnight orgies in the League room. No wonder his conscience makes him uneasy when he goes into the presence of christians and gentlemen.

A caucus was held a few evenings ago by a number of the Loyal Leagues in town to devise some way if possible to avoid the draft. We understand that quite an amount was subscribed for the purpose of buying negroes to be used as substitutes. Why not? Their "loyal brethren" of Massachusetts have been doing this for some time past, and we only wonder that our anti-slavery friends here did not think of it sooner. A negro will count as much as one of them on the quota, and would perhaps fight as well. We see no objections to the arrangement.

The 7-30 Government Loan. We publish this week proposals for the 7-30 government loan, the advantages of which we find summed up in the New York *Examiner* of a recent date as follows.

1. "ITS ABSOLUTE SECURITY."
2. "ITS LIBERAL INTEREST."
3. "ITS CONVERTIBILITY INTO A SIX PER CENT. BOND."

4th. Its EXEMPTION FROM STATE OR MUNICIPAL TAXATION."

We are not much of a financier, but one thing it seems to us admits of no doubt, and that is, if the government itself does not prove a financial failure these bonds must be a capital investment, especially for those having a large surplus of funds on hand, and even if the government should ultimately prove bankrupt these bonds would be no worse than the stocks of Banks and Railroads, for all would go down in the general crash. We should be glad to own a hundred thousand or so of the 7-30's but alas! we're only a poor editor and it can't be.

ASTHMA OR PHthisis.—A spasmotic affection of the Bronchial Tubes, which are covered with a dry tenacious phlegm. "Brown's Bronchial Troches" will in some cases give immediate relief.

THE PLYMOUTH WEEKLY DEMOCRAT.

NARROW ESCAPE OF LEE.—The Petersburg correspondent of the Mobile Register says that the day before he wrote, a spent ball struck the ground in front of Gen. Lee, and, glancing, struck his heel, and a few minutes after a young officer standing near Lee was shot through the lungs.

REBEL DESERTERS.—The Provost Marshal has issued an order that "deserters from the rebel army are not subject to enrollment in draft, nor are they acceptable as substitutes or recruits."

U. S. 7-30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum, principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of \$50, \$100, \$500, \$1,000 and \$5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charged as soon after the receipt of the original certificates of deposit as they can be prepared.

At the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent, which will be paid by the Treasury Department upon the receipt of a bill for the amount certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

SPECIAL ADVANTAGES OF THIS LOAN.—All those who desire a continuance of "stamp duties," frequent drafts, heavy taxes, an increased number of widows and orphans, and a perpetual war, will vote for Lincoln and Johnson. Those who are opposed to these things will vote for the people's candidates, McClellan and Pendleton. On which side are you, my friend?

It is equally convenient as a temporary or permanent investment. The notes can always be sold within a fraction of their face and accumulated interest, and are the best security with banks as collateral for discounts.

INTEREST INTO A SIX PER CENT. 3-20 GOLD BOND.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. premium, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

IT'S EXEMPTION FROM STATE OR MUNICIPAL TAXATION.

But aside from all the advantages we have enumerated a special Act of Congress exempts all bonds and Treasury notes from Local taxation.—

On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

While the government offers the most liberal terms for its loans, it believes that the very strong appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed to satisfy said order of sale, I will then and there, and before the officer receiving the deposit, be forwarded to the Treasury Department.

SCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States at Washington, the several Assistant Treasurers and designated Depositaries, and by all national Banks which are depositaries of public money, and

ALL RESPECTABLE BANKS AND BANKERS throughout the country will give further information and

AFFORD EASY FACILITY TO SUBSCRIBERS.
