

THE DEMOCRAT.

LOCAL AND MISCELLANEOUS.

See advertisement of "School Notice" in another column.—also see new advertisements of Dr. Knapp & Son, and notice to "Sinking Fund Borrowers."

Tennessee papers put a very charitable construction upon old Brownlow's bloody editorials and infamous proclamations, by conceding that he is crazy.

On Tuesday last some half a dozen wagon loads of "movers" bound for Missouri passed through this place. "Westward the Star of Empire takes its way."

A man indulged in a big drunk at Blandville, Ky., a few days ago and a company of brave negroes have been stationed at that point to suppress him. Negro vigilance is the price of liberty.

We have received Arthur's Home Magazine for October. Two more numbers complete the present volume of this charming monthly. Terms \$2.50 per annum.—3 copies for \$6. Address T. S. Arthur & Co. Phila.

The Detroit papers tell of the arrest of a female in that city on whom was found securely strapped a tin can made to fit the body "where the bustle ought to go," and which (the can) contained a gallon of liquor. It is nothing uncommon here for persons to be arrested for carrying liquor around their bodies, but not on the outside.

It is said that Brigham Young attends the theatre at Salt Lake, and that all his daughters dance in the ballet. That theatre must have a large ballet corps.

The Poor Farm was awarded by the Board of County Commissioners last week, to G. W. Boyd of Bourbon township. We understand that he has taken charge of that institution, and will of course have the care of the county poor for the ensuing year.

AGRICULTURAL FAIRS.—The State Fair will be held at Fort Wayne this year, commencing October 21 and will continue during the week. We understand that the Rail Road Company will furnish transportation at half fare.

The Laporte county Fair commences Sept. 28th and will continue three days. The Marshall County Fair will be held at the fair grounds near this place, commencing the 12th of October and lasting three days.

Another "loyal" office holder has come to grief. The Ohio state treasurer has been arrested for embezzlement, and his office declared vacant. Having stolen only \$56,000, the law will probably have to take its course. Three times that amount would have been merely a "defalcation."

New Goods.—Rice & Bro. have purchased and are receiving a large and well assorted stock of new goods which they are desirous of selling at astonishingly low prices. They can afford to sell as cheap as any other house in Plymouth, and can supply their customers with almost any article that may be wanted.—Give them a call at the old stand one door south of the Edwards House.

PETERSON.—The October number of Peterson's Magazine is on our table. This is a bright particular star among the monthlies, and very few who have been blessed by its refreshing beams will afterwards be content to be without it.

Plunkett's theatrical entertainments given at this place last week, were not as fully attended as they should have been. The acting for the most part was even better than could have been expected under the circumstances.

To-day the soldiers free dinner comes off in this place. There will be undoubtedly a large attendance, though much smaller than if the whole people had been invited to participate in the preparations for, and festivities of the occasion, instead of one political party only. We are mistaken if the republicans do not fail to make the party capital out of this demonstration that it was designed to create.

The State *Sentinel* says that a negro soldier at Lexington, Ky., fired his revolver at a man for telling the negro not to enter his father's yard. The negro was arrested and taken to "headquarters."—The vagabond was immediately released upon entering into a written obligation to "give no more trouble." That was cool, wasn't it? These shoulder straps have strange notions about white men's rights.

New Goods.—Now is the time to purchase your Fall and Winter Goods, at J. M. Dale & Co's, they have just received a very large and comprehensive stock, and will sell cheaper than the cheapest, as their goods were bought before the recent rise.

They have also a large stock of clothing, just opened, at very low prices. Call and examine for yourselves.

A PERMANENT CURE.

Their consultation for years have averaged from five to seven thousand a year, which gives them an experience unsurpassed by any, and equalled only by a few.

Remember that they do not promise to cure all stages of disease. While all diseases are curable, it taken in season, all stages are not. Your case may be cured this week, or next—today, or to-morrow, hence the danger of delay.
