CROWDED OUT.—The new advertisement of S. & M. Becker is unavoidably crowded out of this issue. It will appear next week.

WOOD.—We want wood from those of our subscribers who have not paid for their paper—dry wood two feet in length, preferred.

MATINING professes to be a strong Union man, and yet urges against John Houghton the serious objection that he at one time voted for Colfax. O, confound you!

WHO CAN BEAT IT?—Mr. J. S. Scott, deputy sheriff and general collector for this county, brought to our office a corn stalk last Friday, on which were 22 well developed ears of ripe corn. The stalk and corn grew on the farm of H. McDaniel in this County. Who can beat it?

The report circulated by abolitionists that John Houghton was once a Republican is an unmitigated, unqualified, malicious, mean, contemptible lie.

The abolitionists profess great love for the crippled soldier. They proved this in their defeat of Crandall,—over the left.

BOOTS & SHOES.—DRY GOODS.—At the store room of Cleveland & Hawley, can be found an endless variety of Boots & Shoes, all very cheap. They have a large and well selected stock of Dry goods, at extremely low figures.

THANKS.—Brig. Gen. Milo S. Haskell has our thanks for a complimentary ticket to the Sixth National Exhibition of horses which is advertised to take place at Goshen, Indiana, commencing Oct. 11th, to 14th inclusive.

A number of prominent gentlemen called upon Gen. Grant on Monday at Cincinnati, relative to the arrest of Rev. Dr. Huston, at Newport, Ky., by order of Gen. Palmer. Gen. Grant, after hearing the facts in the case, immediately telegraphed Gen. Palmer, directing the unconditional release of the eminent divine. Gen. Grant also expressed the opinion that it was time military arrests and military commissions were at an end.

HEAVY STOCK.—J. M. Dale & Co., have one of the largest and most complete stocks of Dry Goods in Plymouth. They are honest, upright men to deal with.—Give them a call.

THE STATE FAIR.—The Indiana State Fair, now being held at Fort Wayne, is very largely attended, and the exhibition of Stock, as well as of Agricultural and mechanical implements, are said to be very fine.

NUSSBAUM & CO. have received an immense stock of groceries, at their old stand on Michigan Street, which they are selling cheap; give them a trial.

The Georgia state convention has unanimously adopted an ordinance declaring the act of secession null and void.

Why didn't the republicans nominate Crandall instead of Kendall? Crandall is poor and crippled, having lost an arm in the service; Kendall is well off, having received considerably more than \$100 a month while in the army. Crandall has a hard time to live, while Kendall, is engaged in a lucrative business. How the rebels love the crippled soldier!!

Some abolitionists made an attack upon Capt. Sennett, at Monroe, Iowa, recently, while the Captain was delivering a speech in favor of the soldiers' ticket.—Abolitionists are now as ready to mob soldiers as they used to be democrats.

VAN AMBURGH'S MENAGERIE.—

On Friday of next week—the second day of the Fair—Plymouth is to be visited by the world-renowned Menagerie of Van Amburgh & Co., an establishment which is celebrated throughout Europe and America as the leading Zoological Exhibition of the age. This season the menagerie is not only larger than ever, before, but it consists almost entirely of animals imported with the past year and a half, among which are representatives of general species that have never before been exhibited in America. This menagerie contains the only living Giraffe that has been brought to this country for years, and very probably the last that will ever be seen here, as the race is almost extinct—the only Royal Bengal Tiger in the United States; and many other interesting species of animated nature that are not to be found in any other exhibition. It is the unanimous testimony of the most influential papers published where Van Amburgh & Co. have exhibited the present season, that their menagerie is in interest, novelty, variety, and magnitude, possesses anything and everything of the kind that has ever gone through the country.

A Pennsylvania brigadier general has been detected in an attempt to rob the government of \$135,000 at Lynchburg, Va. He was caught with the money in his possession, and incarcerated in the Old Capitol prison at Washington.

The man who tried to sweeten his tea with one of his wife's smiles, has fallen back on sugar. Our devil wants to know whether he hurt himself by the fall.

**HON. EMERSON Etheridge.**  
Our dispatches from the south yesterday said: "The trial of Hon. Emerson Etheridge commences to-morrow at Columbus, Ky. He is supposed to be charged with speaking disrespectfully of Brownlow and President Johnson. Maj. Wm. H. Coyle is judge advocate of the commission."

We are surprised that President Johnson would permit this farce to proceed.—Emerson Etheridge was arrested and imprisoned by one Doboy, a lieutenant colonel, on the ground alleged in the extract. So far as has yet appeared, this has been his only offence. He is not a man from whom any capital can be made. There is a sharpness and bitterness about his humor which makes him an antagonist to be avoided. We shall not do the president the injustice to suppose that his personal feelings have influenced him in permitting the trial, and are therefore at a loss to account for his action. The proceeding is so utterly beneath the dignity of himself and the nation that we are half inclined to suspect that he has only refrained from interfering with a view to make the last of the military trials as ridiculous as the majority of them have been.
