

THE DEMOCRAT.

LOCAL AND MISCELLANEOUS.

ADVERTISING AGENTS.—C. H. SCRIVEN & Co., 51 Dearborn Street, and Cook, CORBET & Co., 85 Dearborn St., Chicago, Ills. S. M. PETTINGILL, New York City, and Geo. P. ROWELL & Co., 23 Congress St., Boston, Mass., are authorized to receive advertisements for the DEMOCRAT.

Central Committee.

The Democratic Central Committee of Marshall county are requested to meet at the office of C. H. Reeve, in Plymouth, on Tuesday the 22d day of May, 1866, at 1 o'clock P. M., for the transaction of important business. A full attendance is desirable.

By order of the executive committee.
C. H. REEVE, Chairman.
(Attest.) A. C. CAPRON, Sec'y.

SWEET POTATOES.—Those wanting potatoe plants can be supplied by calling on Joseph Westervelt or J. Brownlee of this place.

There will be services at the Evangelical Lutheran church next Sunday at 10 o'clock A. M., the Rev. Mr. Werner officiating.

We call the attention of our readers to the advertisement of J. Adams & Co. under the head of new advertisements this week.

We understand that the P. Ft. W. & C. R. R. has changed its timetable; next week we will publish the corrected schedule of the road.

We call attention to the advertisement of Shaw and Clark's Sewing Machine. Those out of employment may find something to their advantage by consulting it.

Arthur's Magazine for June is received. The high moral tone and excellent literary character of this Magazine should commend it to the patronage of all who desire a first class monthly in the family. It is emphatically a Home Magazine.

Those fine showers last week were of immense advantage to the farmers and gardeners. Vegetables of every kind are now looking very fine and bid fair for a good crop. Already there have been a few of the more common garden vegetables in the market here.

The corner stone of a new German Church in the neighborhood of Henry Stuck's residence in West township was laid on Monday last, with appropriate ceremonies. We have not room to spare to give the particulars in detail, our paper being nearly made up when we received them.

A drunken man fell off the Railroad bridge across Michigan street sometime last Sunday night and was thereby injured so badly as to be unable to help himself. He remained where he fell till Monday morning when he was discovered by some passers-by who took him up and removed him to more suitable lodgings. We did not learn the name of the unfortunate.

Henry McFarlin has resigned the office of Constable and we now have none nearer than Inwood. The Board of Commissioners will doubtless make an appointment at the June term; until then those desiring the services of such an officer will have to secure the appointment of some one to act as a special Constable in the particular case required, or else convey papers himself here to the Constable at Inwood.

There was quite an active little muss in the shape of a fight, or rather a pouncing, on the sidewalk last Saturday in front of Hawlanger's saloon. What occasioned the brawl we did not learn, but suppose that it was the usual cause—whisky. We commend these little matters to the notice of the town Marshal. We need much more stringent police regulation here than we have had heretofore in order to preserve the peace.

THE OLD PLYMOUTH BAND.—We have received a communication from Dr. V. Callist from which we infer that the Plymouth Band has been "reconstructed." It seems that the members have been paying the Dr. a visit, much to his gratification, for which he is duly thankful. We received the Dr.'s communication too late for insertion this week, therefore this brief notice must suffice instead. Success to the Band.

NOT SURPRISING!—A few days since a lady purchased a bill of goods at Westervelt's amounting to near Forty dollars, and told them that she had been in every store in town and got their very lowest prices, and found the Goods she bought to be much cheaper than they could be purchased elsewhere; and is not surprised at all, for selling as they do at ONE PRICE, they must mark goods as low, or lower than any one will sell the same, to keep their trade; which they say is very satisfactory and increasing. Their prices to-day are Prints at 11cts, 12cts, 15cts, 18cts, very best 20cts; Bro. Sheet at 14cts, very best, fine or heavy 27cts; Bleached Muslins at 10, 12, 18, 20, 22, and 25cts, finest 40cts. A very complete assortment of New Goods are now being received. Boots and Shoes all marked down, a large stock of ones are now being opened. Carpets, new ones, very beautiful patterns, at astonishingly low prices.

FIRE AT INWOOD.—On Saturday evening last the saw mill of the Messrs. Hoffman, at Inwood, was totally destroyed by fire. A large quantity of black walnut lumber in close proximity to the mill was also consumed in the conflagration. The origin of the fire is unknown, but it is conjectured that it caught in the upper part of the building among the saw dust, where it made such rapid progress that it could not be extinguished. We have not learned the amount of the loss sustained by the Messrs. Hoffman.

The new Board of corporation Trustees met and organized on last Friday evening, electing H. B. Dickson, Esq., President of the board. Now that the organization is complete we hope to see energetic steps taken to clean up our streets and alleys at once. The warm season is approaching and unless the matter is attended to before it comes, it had better not be touched this summer. Immediate action is what is needed.

INSANE.—An inquest of insanity was held last week at the Court House by Justices Osborne and Maxey in the case of Oliver Sykes, a citizen of North township. Mr. S. has suffered for nearly a year past with pains in his head, which finally resulted in undermining his general health and bringing on disease of the mind. For some months past this has been growing worse and worse until now he is quite deranged. It is thought that a few months treatment in the Hospital for the Insane will restore him again to reason. Let us hope that in this his friends will not be disappointed.

RUNAWAY.—A horse attached to a buggy was standing hitched to the railing in front of the residence of M. H. Rice one day last week, when a little boy passed along beating on an old tin pail, scaring the animal and causing him to break loose and run away. He passed up Michigan street to the corner opposite Mr. Reeve's residence and then made a turn towards the river coming near which he made a short turn into an alley upsetting and breaking the buggy in pieces. This hammering on tin pans and other such like demonstrations by little boys is doubtless great fun for them but frequently occasions damage to others.

The *Republican* last week devoted some two columns of its space to vituperation, falsehood and abuse of the editors of this paper. We are content. When we are assailed by that sheet we feel pretty sure we are right, and should it so happen that we should at any time receive its commendations, we should feel called upon to critically examine our past course to find if possible what mean, low, contemptible thing we had done to warrant its praise. Its slaver of praise or abuse is alike impotent to affect the character of its objects, hence it can take such course as it likes with entire freedom.

The trial of John Vankirk for assault and battery last week resulted in his conviction and a fine of ten dollars and costs of prosecution, amounting to ten dollars more.

The prosecution for surety of the peace against him and his son George in favor of Wm. Zehner resulted in the acquittal of George and the binding over of John in the sum of three hundred dollars to answer the complaint in the Common Pleas Court. The suit for trespass was dismissed on motion of C. H. Reeve, the attorney for the prosecution.

The editor of the *Republican* is doubtless a believer in the old adage that "figures won't lie," and so proceeds to make a calculation relative to the publication of the "Delinquent List" by which he attempts to show that the Publishers of this paper received too much for printing the list. His figures are based upon his own distorted views and hence are as unreliable as his calculations generally are. In this instance, at least, he has demonstrated that "figures won't lie." We advise the old gentleman to procure the services of some boy eight or ten years old to do his counting in the future, as it is evident his own memory is becoming so weak that he cannot count three hundred correctly. Of course he thinks democrats always get too much when they get anything for their labor. We charged no more than the regular legal allowance for publishing the Delinquent list, and because we, instead of himself, got the job he is mad as a March hare. There was an inquest of insanity held at the Court House last week, and if the old gentleman goes on as he has done for a time past there will be another one soon; indeed we have heard it already said that he ought to have his head shaved and blistered as he is evidently becoming more and more irrational.

WANTED.—Two intelligent, accomplished young men of prepossessing appearance and perfect health, (occasioned by the use of Dr. Roback's Stomach Bitters) desire to secure a home with some aristocratic family (with young ladies society preferred) where their society would be considered an equivalent for board, &c. Address—P. F. V.

ALL who are in want of Boots or Shoes had better call at PAUL'S Boot and Shoe Store, in the south room of J. L. Westervelt's Building, where they can buy a better article for less money than they can buy any where else in Plymouth.

OBITUARY.—Mr. John Noll, for a number of years past, a citizen of Plymouth, departed this life on Sunday last. His disease was inflammation and suppuration of the lungs. As a citizen and an honorable, upright, business man, Mr. Noll was esteemed by all who knew him. He was a German by birth, and while his loss will be felt by the entire community it will be more especially so by his own countrymen. He was buried on Tuesday, the remains being attended from his residence by the Fire companies and a large concourse of citizens. Appropriate religious services were held at the Lutheran Church of which he was a member. May the all kind Father look with compassion upon her who has thus been bereft of a loving companion, and her support, in this time of her affliction.

At a joint meeting of the Plymouth Fire Companies the following preamble and resolutions were unanimously adopted:

Whereas, It has pleased Almighty God to remove from among us our worthy friend and Brother Fireman, John Noll, therefore

Resolved, That the Plymouth Fire Department, and especially the Plymouth Protection Hook and Ladder Company No. 1, of which he was a worthy and honored member, deeply and sincerely deplore his loss, cut down as he was in the prime of his life, and in the midst of usefulness; that with sad and melancholy hearts we have paid the last sad tribute of respect to his remains, in obedience to his dying request.

Resolved, That in him, the Fire Company has lost a worthy and honored member, the community one of its most respectable and worthy citizens, his wife a devoted and affectionate husband, and his relatives a firm and true friend.

Resolved, That the afflicted and sorrow-stricken wife, sister and brother of the deceased, we extend our warmest and heartfelt sympathies.

Resolved, That copies of these resolutions be furnished to the family of the deceased, and to each of the Plymouth papers for publication, and that the same be spread upon the records of the company.

Committee.

Mr. French of Cincinnati and Mr. Norton of New York, who are connected with, and interested in the construction of the Indianapolis, Rochester & Chicago Railroad, were in town last week and this, looking after the interest of the road. We understand that the laborers all along the line have all been paid off, and those who have been furnishing ties and materials for the company will soon receive what is due them. We hope to see the work go on now to a successful completion.

We see by the *Delphi Times*, that the name of B. B. Daily Esq., is mentioned as a probable candidate for the State Senatorship in the district composed of the counties of Clinton and Carroll. Mr. D. is a sound democrat and if nominated would make a good race. He is not unknown to the public and if elected would wield an influence in the Senate second to but few members of that body. The *Times* cordially indorses him and that is no small praise.

Knowledge is power and we might add knowledge may be gain. For instance, it may be gain to the citizens of Plymouth and vicinity to know that Hawley & Williams are manufacturing the best Lady's Serge and Morocco Gaiters; Gents' Serge, and French Calf Gaiters and Bells; also Gents' French Calf and Kip Boots, that have ever been offered in this Market. This we confidentially assert without the fear of successful contradiction. We have the very best material that can be selected in the market, and our workmanship in Northern Indiana. Any one doubting this we desire to call at the sign of the Golden Boot, Pauls old stand, and satisfy themselves. Those believing it will be sure to call. We would also call attention to our large and varied assortment of Boots & Shoes which we have just purchased for cash, and at the lowest market prices, and desire to sell for cash at a very small advance. We are determined not to be undersold by any one in the trade.

HAWLEY & WILLIAMS.
