

# THE DEMOCRAT.

LOCAL AND MISCELLANEOUS.

**ADVERTISING AGENCIES.**—The following advertising agencies are authorized to contract for advertising at our lowest rates: COOK, CORBIN & CO., 40, Park Row, New York; GOS. P. BOWELL & CO., 40, Park Row, New York; COOK, CORBIN & CO., Cincinnati, O.

**MESSRS. A. C. Thompson, D. E. Vanvalkenburgh, R. N. Williams, E. J. Kelley and C. H. Reeve,** delegates from this county to the state convention, started for Indianapolis last Monday.

**M. R. Elliott,** whose advertisement appears in another column, is a good workman, and all the work done by him can be relied on as being neat and substantial. Give him a call at his shop, forty rods south of the corporation line, on the Michigan road.

**Schofield & Simons** had one of their rigs "smashed-up" by a runaway last week. Damage \$175.

The bridge referred to in the card of "South Plymouth" some two weeks since, has been repaired; thus vindicating in a most signal manner, the "mightiness" of the "pen." South Plymouth's success will probably embolden him to make other suggestions in relation to much-needed improvements in the south part of town.

The officers of Plymouth Lodge No. 149, F. & A. M. were regularly installed on Friday evening, January 3d.

The officers of Plymouth Chapter No. 49, and of the Council of R. & S. M. were installed last Monday evening, January 6th.

**EB. SHIRLAND,** of North township, will please accept our thanks for favors rendered. Let the democrats in the various townships take hold of the matter of raising subscribers to the DEMOCRAT in the business-like manner that our friend Eb. has, and our "1,000" list will be made up in far less than the time prophesied. Who comes next?

**DIE MODENWEIT.**—The February number of this excellent magazine for fashions and fancy-work has made its appearance. The embroidery designs and the numerous well-executed engravings of the different styles of "garments" make Die Modenweit "ahead of the field." Price \$3 per year. Address S. T. TAYLOR, Importer of Ladies' Fashions, 349 Canal St., N. Y.

**BISCUIT A LUXURY FOR ALL.**—The popular notion that people suffering from dyspepsia or predisposed to that disease, should not eat biscuit, has grown out of the fact that the common saleratus has been used in the making of such biscuit. And it is right; the article is mischievous. But light and healthy biscuit, such as dyspeptic people may eat with impunity and with positive benefit, are made from D. B. Deland & Co.'s Best Chemical Saleratus. Physicians admit this.

We are under obligations to W. W. Hurlbut, Esq., at present residing in St. Paul, Minn., for late files of St. Paul papers. The numerous friends of Mr. Hurlbut will be pleased to learn that his health is rapidly improving.

Attention is called to the business cards of C. H. REEVE, in another column to-day's paper. To any person who desires "trade" of any kind, the inducements offered in Mr. R.'s cards are such as to merit an investigation.

Those who have canoe-seat chairs which need re-bottoming, should not fail to call on WASHINGTON TUTTLE, at his residence, on Garro street, near the river bridge. Mr. TUTTLE warrants his work to be done in the most workmanlike manner, and to give satisfaction.

The many friends of Mr. H. Woodbury, late of the hardware firm of H. B. Dickson & Co., were made glad by the appearance of his well-known phiz and "side whiskers," one day last week. Mr. WOODBURY has made business connections of a satisfactory character in New York City, and will hereafter make his headquarters at that place. Success to you, Woody; and in parting, permit us to reiterate the advice given by the venerable TONY WELLS to his son, "SAMUEL, SAMUEL, beware of the widders."

**AFRICAN MINSTRELS.**—On Thursday evening, of last week, our citizens had the exquisite pleasure of listening to a troupe of negroes (so called), styling themselves the "Boston Minstrels." Those who had the courage to "stay-out" the performance are entitled to great credit for their efforts to enjoy themselves "under difficulties," if the verdict of many who were present can be relied on. If their success were on a par with their merits, we should soon have the pleasure of recording their obituary as a troupe.

The glass-blowing at Balcany Hall on five nights of last week was very interesting to those who had never witnessed the *modus operandi* before. The attendance at these entertainments was very fair.

The Cincinnati, Chicago & Louisville Railroad Company shipped 454 cars of lumber during the year 1867. At a fair average this would be equal to about 2,382,000 feet.

THE C. C. & R. R. Co. have completed their new station house, west of the old track and north of Garro street, and the agent at this place, Mr. H. S. BENSON, has taken formal possession. Last Monday trains commenced running on the company's new track, and every necessary arrangement is made for the convenient shipping and receiving of freight.		
The C. C. & L. Co. propose to carry freight from this point west at the rates of the P. & W. & C. R. R. Co. This will remedy, in a great degree, the trouble and delay in getting cars for westward-bound freight, and as competition is the life of trade, it is reasonable to suppose that this arrangement will prove of great benefit to our shippers.		
LAST Sunday evening was the eve of the Epiphany season in the christian year. The services at St. Thomas' (Episcopal) Church were attended with a beautiful altar decoration. The altar was covered with pendant stars, among which was a large and beautiful star, formerly made by Mrs. Benson, resting on the altar cross. The altar cross is the workmanship of Mr. Robinson, our fellow-townman, finished by Mr. Tyner, and florally ornamented by Mrs. J. C. Cushman. It is an exceedingly beautiful piece of workmanship and reflects great honor upon the architect. The ladies also deserve great praise for their labor and taste in the church decorations for the Christmas and Epiphany seasons.		
THE "week of prayer," which commenced on Monday, of this week, has been observed in this place by a union prayer meeting each morning at the basement of the Methodist church, and by evening meetings at the Methodist and Presbyterian churches. The attendance at these meetings has been quite large.		
There will be religious services at the court house this (Thursday) evening, at nearly candle-light, Rev. C. Drumbagh, of Kosciusko county, officiating.		
NOTICE.—The members of the I. O. O. F. will please meet at Phillips & Johnson's office on Saturday, January 11th, at 7 o'clock p. m.		
By advertisement in another column it will be noticed that A. C. CAPRON, Esq., has been appointed Scool Examiner, to fill the vacancy occasioned by the death of Mr. Cummings. Mr. CAPRON's well known qualifications for the position render the appointment an eminently satisfactory one.		
H. MUNGOLD advertises his farm for sale, consisting of 160 acres of land and suitable building thereon, and his saw-mill with 70 acres of timbered land. This property is situated about one mile east of Tyrer City. Mr. M. has a severe attack of "western fever."		
JOHN G. OSBORNE, Esq., who came home to spend the holidays, departed for the water cure at Cleveland on Monday last. Mr. OSBORNE's health improved very much during his visit at the cure, and he is confident of deriving great benefit from his present visit.		

In to-day's paper will be found a statement of the shipments made from this station on the Pittsburgh, Ft. Wayne and Chicago Railway. The statement was furnished us by Mr. S. R. Edwards, the efficient agent at this station, to whom we tender our thanks. The statement exhibits a degree of prosperity and commercial activity which few towns the size of this can boast.

The Firemen's Grand Ball, on Tuesday evening, was a splendid affair. Four o'clock Wednesday morning found the dancers still busily "drifting" from which it is inferred that a good time was the result.

**Bible Cause.**

By order EXECUTIVE COM.  
The free school commenced at the seminary last Monday, O. D. Lake, principal.

To be turned out of a home, improved by years of labor, would be a great hardship, yet there are hundreds of men in Marshall county at all times subject to this unfortunate.

A very large number of titles to land in this County are perfectly worthless as they stand; but many of them can be corrected and perfected at a slight expense. Do you, know reader, that the title to your land is good? You may find too late that it is not.

By calling at our Abstract office you can satisfy beyond a doubt.

Blacksmiths who wish to purchase coal for their winter use can be supplied with the best quality of Pittsburgh coal, by calling on Koch & Co. at the new warehouse.
