THE Indianapolis Sentinel, under the management of Mr. Bright, its editor, is winning golden opinions from democrats all over the state for the ability with which it is conducted, and its untiring advocacy of democratic principles. As the state organ of democracy it is well worthy of the support of democrats throughout the state, and we cheerfully commend it to the attention of our readers.

THE BASE BALL FEVER has considerably abated under the demoralizing effects of the late rains. The boys think "it will never do to give it up," and are determined to appoint meetings for practice, even if they do not attend.

MASONIC.—Below we give a list of the officers elected at the last session of the grand lodge of F. & A. M. of the state of Indiana. It will be seen that our respected fellow-townsmen, M. H. Rice, carried off the highest honors. This mark of distinction must be highly pleasing to Bro. Rice, and is doubly so to "old 149."

Short, Directors. Meet at their grounds in south Plymouth, a few rods north of the lake, every Monday, Wednesday and Friday evening for field practice. Regular monthly meeting first Monday in each month.

The exercises at the Plymouth lyceum next Tuesday evening, will consist of debating, reading of the paper, reading of original essays, select reading, music and general sociability. All are invited.

The Presbyterian sociable meets this afternoon and evening at the residence of J. Paul.

The German cornet band of this place made an excursion to Bremen by invitation, on last Monday, and had a very agreeable time in that social village. Our boys were escorted into Bremen by the band of that place through all the principal streets, playing alternately and receiving a hearty welcome and good cheer at every house. The night was spent in dancing, which commenced early in the evening in Mr. Jones Miller's new hall, and continued until a late hour. The German cornet band take this opportunity to return their thanks to the citizens of Bremen for their hospitality and cordially invite them to be with them on Wednesday the 17th day of June, to a basket picnic, to be given near Plymouth.

SOME weather-wise chap says it rained on twenty-three out of the thirty-one days in May. The month of June promises to keep up the average, much to the disgust of the corn-planters who are belated with their seeding.

COMMON PLEAS COURT has been in session here since Monday. Judge Egbert presiding.

DEMOCRATIC MEETING.—There will be a meeting of the democrats of Union township at the Shirley school house, on Saturday, June 6th, at 2 o'clock, p. m. Good speakers will be in attendance. Turn out!

The best history of our late civil war yet published is undoubtedly that written by Alexander H. Stevens, published by Zeigler, McCurdy & Co., Lombard block, Chicago. Agents for this county, Messrs. Ford & Kelley, are prepared to furnish the work to those desiring it. See advertisement in another column.

See advertisement in another column of Maxey's Improved Bed Bottom. This is a new invention, and it is highly spoken of by those who have tested its workings.

The promptness and certainty with which Dr. Heckell's ague cure expels the cause of all bilious diseases from the human system, especially chill and fever, renders it the most desirable remedy of the kind ever offered to the public, where it has been tried and tested. For sale by all druggists.

The enterprising firm of Brown Bros. sport a soda fountain, the cost of which is estimated at \$500.00. It not only works ingeniously, but affords a delightful beverage.

The second number of "Packard's Monthly," an American magazine devoted to the interests and adapted to the tastes of the young men of the country," has made its appearance, and fully sustains the high opinion which the first number had led us to form of it. The field which "Packard's Monthly" proposes to occupy has long been vacant, and if the proprietors of this new candidate for public honors fulfill the expectations of its friends, based on its present excellence, it will soon rival magazines of far greater pretensions. Success. Subscription price \$1, with liberal inducements to clubs. Address S. S. Packard, publisher, 937 Broadway New York.

HYMNAL.—The clerk of this county granted marriage licenses to the following parties, during the month of May:

The foreman of this office has been engaged ten years in the "art preservative of all arts," and would announce that only three times during this lengthy period has he got date of paper wrong. Hope some of our patrons will fail to remind us of wrong date on first page this week.

MORAT.—Beware of Koot's ginger pop. ALLEMAN & MAYER, agents for the LaPorte Woolen Factory, will pay the highest market price, in cash and go d., for wool, delivered at their store in Plymouth, No. 8 Michigan street.

The following fearful warning was received by one of the employees of the Democrat office, but as the Monday night in question has passed by, and he has not had his mortal coil shuffled off, he thinks the matter may have been a hoax:

To be turned out of a home, improved by years of labor, would be a great hardship, yet there are hundreds of men in Marshall county at all times subject to this misfortune.

A very large number of titles to land in this County are perfectly worthless as they stand; but many of them can be corrected and perfected at a slight expense. Do you, know reader, that the title to your land is good? You may find too late that it is not.

By calling at our Abstract office you can satisfy beyond a doubt.

POLITICAL excitement bids fair to run wild during the campaign just opening.

Men of both parties are already stepping outside the bounds of common sense. When men of different political opinions meet, politics is the order, and nine times out of ten one or both of them use language calculated to engender ill feeling, without the possibility of doing the least good one way or the other. A conversation occurred the other day which will serve to illustrate:

Republican.—"You're a d-d copperhead and a traitor."

Democrat.—"You're a d-d black abolitionist and a traitor too."

Republican.—"I am loyal—I sustained my country during the war and I mean to fight you d-d rebels and copperheads till you're all wiped out."

Democrat.—"Yes, you're 'loil' as h-l-I and sustained your country by fighting for the d-d nigger. You'r nigger than a nigger and hav'nt got half as much sense. We'll so effectually clean you out this fall you won't know what ails you."

And so on ad lib.

Now "isn't it queer I ask you," that men standing high in society will so far forget themselves as to be guilty of using that kind of argument. What is the use of two men of different political views—each radical in his way—attempting to convince the other that he is wrong. The result is to widen the breach without doing any corresponding good. Let each one try to learn to subdue his passions, and our community will be the better for it.

The democrats and those opposed to impeachment, celebrated the acquittal of the president on Wednesday, by bonfires, speeches, music, &c.

WORK on the new brick block of J. W. & Omar Davis has commenced in good earnest.

The Bourbon township democratic club was addressed on Wednesday evening by Mr. Van Long, of Warsaw. The band played music for the meeting, and the manifestations were evidence that those who were present, of the household of the faithful, enjoyed themselves hugely.

MR. SAMUEL DAVIS, of this place has just returned from the gold mines beyond Cheyenne. He says the reports sent out from the gold mines are manufactured by interested parties, who have no regard whatever for truth.

The assessor the past week has been visiting the tax paying portion of the people who constitute the corporate town of Bourbon. It is a big thing to live inside the corporate town of Bourbon. It's a big thing to live inside of a corporate town. A person enjoying that blessed privilege can pay taxes, read ordinances that are never attempted to be enforced, stub his toes against side walks that need repairing, fill up the streets with anything he wants to without the least danger of being disturbed, and is not expected even to know anything about the financial condition in the "corporate town," because that is past finding out, and it would do him no good to know anyhow. It's a big thing to have the protection of a "corporation."

—John H. Popp fizzing and popping in Richmond.

—Last Thursday morning a brakeman on the local freight, by the name of J. W. Benfield, was instantly killed, on the Pittsburgh, Ft. Wayne and Chicago railroad, near the Columbia City depot, by being crushed between two cars while in the act of coupling.

—We regret to learn that the last heavy rain washed out the dam of Mr. James Matthews' trout pond, near Bainbridge, entirely destroying his valuable school of fish, which he had obtained in New York at so much expense. He had fully demonstrated the fact that trout culture can be made a success in this state, and will rebuild his dam in such a way as to hereafter resist the high waters.—N. A. Commercial.

THE PLYMOUTH DEMOCRAT.

Official Paper of Marshall County!

TERMS -- \$2 A YEAR

Published Every Thursday Morning

AT—

PLYMOUTH, INDIANA.

Devoted to the interests of the democratic party, the principles of Washington, Jefferson, Madison, and to the best interests of the people of Marshall county.

Believing that the objects of the so-called republican party are to inflict on this once happy country, the disfranchisement of the negro race, and the ultimate disfranchisement of all white citizens who do not subscribe to their theory, we shall oppose that negro-loving, constitution-hating enemy of free government with all the ability we possess.

We believe that this is a WHITE MAN'S GOVERNMENT, made by white men, for the benefit of white men. We believe also that there should be no privileged class in this country, the rich man should be no longer exempt from taxation, while the laboring man has to toil and sweat to pay the expenses of the government.

The Democrat is firmly established on a solid foundation, and the proprietor will spare no pains to make it worthy the support of the democracy of Marshall county. He asks the co-operation of all democrats in aiding to extend its circulation, and hopes the interests of the party will not be further jeopardized by the apathy of men who might with very little effort double the circulation of their county organ.

C. AULTMAN & CO'S

"SWEEPSTAKES."

THE ONLY GENUINE

"SWEEPSTAKES" THRESHING MACHINE.

C. AULTMAN & CO., H. H. TAYLOR, Manufacturers, Canton, Ohio. Gen'l Western Ag't, Chicago, Ill.

TWO STYLES OF HORSE POWERS.

The Improved "Carey" Power, (Both eight and ten horse.)

The "COMPENSATING" POWER, (Both eight and ten horse.)

A commendable ambition exists among threshers to "own the best machine in the neighborhood." Nothing is more disagreeable to them than to have farmers complain that their work is not properly done, or to lose valuable time by reason of breakage, and they cannot be too careful in selecting a machine.

The Sweepstakes is the accredited head of the Threshing Machine family, and its superior strength, durability, simplicity, ease of draft, style of finish, and capacity for threshing and cleaning grain faster and better than any other are acknowledged.

The great reputation achieved by this favorite machine, has led several unscrupulous manufacturers, and numerous agents, to attach the name "Sweepstakes," in one way or another, to their machines, and advertisements to mislead and deceive.

To avoid deception, see that every machine has the name "C. AULTMAN & CO. MANUFACTURERS, CANTON, OHIO," in gilt letters, conspicuously on both sides of the Separator.

The Genuine Sweepstakes enables the thrasher to pick his customers, seldom stops for repairs, does much better work than others, saves much thrumming and wear, does more work with less labor, and enables him to select the best and most profitable crop.

The farmers give it the preference, and often at an extra price per bushel, because it threshes grain from the heads, separates it perfectly from the straw, cleans it for market without waste, saves all the grain, does its work with the utmost speed, safety and economy, and does not keep a gang of men and teams about it on expense.

The elegant "Patent Pivot Side Gear" is to be found only on the "Sweepstakes."

Our "Patent Cleaning Apparatus" enables the operator to control the direction of the blast and position of the sieves, and clean either heavy or light grain, without waste, as fast
