### A Birthday Reminder.

An exceedingly pleasant afternoon for the Daughters of the American Revolution, of the General Van Rensselaer Chapter, to the number of fifteen, was spent in the country two miles west of town at the home of Mr. and Mrs. Moore, June 25. It was Mrs. Moore's seventy-third birthday, she having the distinction of being one of only five living daughters of Revolutionary soldiers living in Indiana.

A special program was rendered as follows:

"Battle of Bunker Hill," was the subject of an excellent paper read by Mrs. A. McCoy, followed by a recitation, "Paul Revere's Ride," by Mrs. E. P. Honan. Mrs. A. Purcupile next read an interesting paper on, "The Origin and History of our Flag," which was followed by a carefully prepared paper on "Gen. Lafayette as a Frenchman," Mrs. F. B. Meyer.

The special feature of the occasion, was the presentation of a beautiful souvenir spoon to Mrs. Moore, which was done by the Regent Mrs. T. J. McCoy in behalf of the Chapter with a few very appropriate remarks. Mrs. Moore responded in a very fitting manner thanking the ladies for their visit and the memento.

After enjoying refreshments the ladies wished her many happy returns of the day and returned to their homes in the city.

### The Iroquois.

The county has sued the petitioners for the Iroquois improvement, applied for Oct. 7, 1892, ordered made April 12, 1893, and the work abandoned May 10, 1894. The county seeks to reimburse itself for all money paid to the viewers and their employees in about the sum of \$3,800, \$800 accrued before April 12, 1893, and \$3,000 between that time and May 10, 1894.

The petitioners have spent time and money to prepare and present their application, put the reports of viewers and orders of the Board in due form and have also paid all costs not paid by the county. They are appearing to this suit without process, some have done so and the others will no doubt do so and act in harmony. The friends of future drainage improvement will watch this effort to reimburse the county out of the petitioner's pockets with interest. The statute of March 7, 1891, provides for such reimbursement out of the first money received from the sale of bonds or collection of assessments, the county's account being kept with the improvement. The failure of the Board to make the proper order on May 10, 1894, left the county's debtor insolvent. The question raised by this litigation is whether the petitioners are bound to preserve the friendly intentions of the members of the County Board at all stages of ditch construction or repay to the county all expenses to the date of such Board's refusal to proceed further with their duties in completing the work undertaken as in this instance on April 12, 1893.

### David H. Yeoman.

David H. Yeoman, the democratic candidate for Joint Representative, for the counties of Lake and Jasper, was born in Jasper county in 1841. His father died when he was four years old. He lived with his mother, aiding her in the management of the farm until the beginning of the rebellion, when at the age of 19 years, he responded to his country's call by enlisting as a private. He was afterward selected as First Lieutenant and served until the close of the war, when he was discharged as Brevet Capt., at the close of the war. He went with Sherman to the sea. He is prominent in G. A. R. circles and one of our most respected citizens.

He was married shortly after the war and lived on a large farm in Union township, about six miles north of Rensselaer. He was an extensive farmer and stock grower and was at one time a member of the State Board of Agriculture. He has always advocated all measures tending to elevate the farmer or laborer. He was at one time a member of the executive committee of the State Grange and was for two years president of the State alliance.

He has held several minor offices, and was twice elected trustee of his township. He is a man of the people and if elected to the position to which he aspires he will represent the whole district and the whole people.

### Crumpacker Should Resign.

Rensselaer Republican.  
If the feelings of the patriotic Republicans of Jasper county is a fair index of the tenth district generally, and we are convinced that it is, it will be useless to attempt to re-elect Mr. Crumpacker this fall, and the right and proper thing to do will be to induce him to resign his place on the ticket, or failing that, to have the congressional committee declare the nomination off, and to call a new convention.

The Republicans here feel that Mr. Crumpacker, in voting against Hawaii at the time he did, and preceding that unpardonable act by the public explanation he made has betrayed not only the Republican party, but the nation itself. To have gone against the almost universal sentiment of his party, and of the most patriotic and broad minded element of all other parties, heretofore, on this question, would have been bad enough; but to go against that sentiment now when the exigencies of war have brought home to our people as never before the necessity of taking these freely offered islands, as a measure of national defense—is unpardonable.

There was no one part of Cleveland's most unpopular administration so universally condemned by the Republicans nor so generally by the Democrats, as his hauling down the American flag at Hawaii. And there was no act in the official life of Walter Q. Gresham which did so much to wreck and destroy his former good fame as his support of President Cleveland in that matter.

But at the time Cleveland ordered the flag down, the necessity of its being up there was not half so apparent as now, when Crumpacker votes for it to stay down.

Let us put up the flag and let us put Crumpacker down. It is the only course left for the Republicans of the tenth Indiana district consistent with true patriotism to the country and true fealty to the most patriotic party that ever swayed the destinies of our nation.

# JUDY and the LEIF Buggy Company,

Have come to stay at

## GOODLAND, INDIANA.

We have good reasons for so doing. It is because the lands around Goodland and vicinity are fertile and the farmers thriving, because from out of the ground, all the good things must come.

### We Have Proof of it Already.

We are already running a corps of mechanics repairing buggies here; we mean business so do our friends who have trusted us with their work; we shall and will do their work so that we will merit their confidence; we want the buggy repairing from all over the vicinity of Goodland and other towns around that have no such repair shop.

Remember Special Sales Days every Tuesday, but on

## JULY 5th,

there will be a special sales day and display of all kinds of Harness.

Come and see them. We sell at the lowest possible price for cash and will sell to anybody and everybody without personal security on time. We believe in every man standing upon his own resources, therefore we have adopted this plan. Come and talk to us. Be sure and call on sale days. Special terms offered.

### REASONS FOR INSURING In the Continental.

1st. Because it is one of the Oldest, Strongest and Best Managed Companies in the United States.  
2nd. Because it adjusts its losses fairly and pays them promptly, without any wrangling about it.  
3rd. Because it has adjusted and paid losses to over seventy-five thousand farmers.  
4th. Because it insures you for Five Years upon the installment plan, permitting you to pay one-fifth of the premium annually, without interest, instead of paying the whole in advance; thus giving you the proceeds of each year's crop with which to pay your premiums as they fall due.  
5th. Because it insures against damage to buildings, and losses of Live Stock by Lightning, Tornadoes, Cyclones and Wind Storms, as well as loss by Fire.
