tion can be had on that subject

The work on the cement walks  
through tenth street park is progressing  
nicely, and will soon be finished.  
When they are done that will make  
one of the finest walks in the city and  
will greatly improve the appearance of  
the park.

There will be nothing done with the  
cases against the Natural Gas com-  
pany until the return of Judge H. C.  
Fox, who will appoint a judge to try  
the cases. Judge Rabb states that it  
will be impossible for him to try the  
cases at this time.

A. Simoyan, the largest native im-  
porter of rare oriental rugs, has un-  
doubtedly the largest collection  
of rugs ever shown in this city,  
and considering the quality they are  
selling at very low prices. He has  
sold a very large number in this city  
to the very best families, but his stock  
is so large that he is able to please the  
most particular. One cannot help but  
be interested when looking at the  
rich colorings and dainty and unique  
designs. Monday will be his last day  
here. Corner eighth and Main streets.

## ASSOCIATED CHARITIES. CLOTHES GIVEN AWAY.

### Still Another Meeting Failed to Produce Results—Postponed.

The Associated Charities again  
"missed fire" for their regular meet-  
ing for counsel. The meeting was to  
have been held in September, accord-  
ing to custom, to make arrangements  
for the winter's charitable work. That  
meeting was interfered with by reason  
of several conflicting dates that mem-  
bers had to fall elsewhere, and the work  
of that meeting was deferred till the  
regular October meeting, which should  
have been last Tuesday. That meet-  
ing also failed to accomplish anything,  
and the work was again postponed till  
the regular November meeting, the  
first Tuesday in November. At that  
time, if the season continues open and  
warm, as it has been, it will perhaps  
not be too late to make all the neces-  
sary arrangements for the care of the  
poor throughout the coming winter.

South Tenth Street Park.

The mound for the fountain in the  
south tenth street park is not in the  
center of the intersection of south B  
street. This is perhaps on account of  
the location of the trees, and was no  
doubt done to prevent having to re-  
move any of the fine trees in the  
pretty little park. It is understood  
from the contractor that the walks in  
that park are not to be cement after all,  
but of crushed stone because of  
the fact that it might occur to  
the cement walk from leaf stains and  
tobacco spit. It was the general un-  
derstanding of the council that the  
walks were to be of cement.

## LEG BROKEN.

John Klu'e, of Loehr & Klu'e,  
falls from His Wheel and  
Sustains Painful Injuries.

Yesterday afternoon John Klu'e, of  
the firm of Loehr & Klu'e, was coming  
from his home on south twenty-first  
street on his bicycle, when he sus-  
tained a painful fall that resulted in  
rather serious injuries. He was coast-  
ing down hill at eighteenth and south A  
streets, when he started to fall. Throwing  
down his right foot to catch him-  
self, he struck the front of his foot and  
ankle caught the entire front of the  
wheel directly above the ankle being  
also fractured. The injury is a ver-  
y painful one and will keep him house-  
bound for some time though it is thought  
there is no especial danger of perma-  
nent injury.

Give us your Saturday or-  
der. We have the goods to  
please.

A Great Slaughter Sale of  
Clothing to Begin Saturday,  
October 8th.

The Railroad store will begin a great  
slaughter sale of clothing in order to  
offset the fake "sizing out to quit  
business" sales which have been  
sprung on the public so often. Now  
we expect to hold our trade at all bar-  
racks, and will while this so-called fake  
closing out sale continues sell our entire  
stock of clothing, consisting of  
\$100,000 worth of choice new fall  
goods regardless of cost. See ad.

No Right to Ugliest.

The woman who is lovely in the  
face, and temper will always  
have friends, but one who would be  
attractive must keep her health. I  
she is weak, sickly and all run down  
she will be nervous and irritable. If  
she has constipation or kidney trouble,  
her impure blood will cause pimples,  
blowouts, skin eruptions and even  
complications. Electric Bitters is the  
best medicine to regulate stomach  
and kidneys and to purify the  
blood. It gives strong nerves, bright  
eyes, smooth, velvety skin, rich com-  
plexion. It will make a good-looking,  
charming woman of a run-down in-  
valid. Only 50 cents at A. G. Lukens &  
Co's drug store.
