

Shadow of Herself

Stomach Was Too Weak to Retain Food

A Complete Cure Effected by Hood's Sarsaparilla

Now Enjoying the Best of Health With Digestion Perfect.

"My mother was subject to sick headaches and indigestion for over a year. She was unable to stand for any length of time, and was obliged to stay in a dark room as she could not bear the light. She had no appetite whatever and her stomach was so weak she could not retain what food she did eat. She also had severe pains in her head. She suffered so much that she became the shadow of her self. One day I happened to read a testimonial about Hood's Sarsaparilla.

Sounded So Truthful

I persuaded her to try this medicine. Before finishing the first bottle there was an improvement in her condition. She no longer threw up her food and her head ache was not so severe. She took in all four bottles of Hood's Sarsaparilla and several boxes of Hood's Pills and regained her weight. She is now enjoying the best of health. Her digestion is good and she can eat almost anything she wishes. She is 42 years old and says she feels as well as when she was 16. Hood's Sarsaparilla made a complete cure in her case.

One hundred and forty years ago tonight Robert Burns was born. The anniversary will be celebrated throughout the civilized world.

Rev. Dr. Hillis, the brilliant successor of Dr. Swing as pastor of Central church, Chicago, has accepted a call from Plymouth church, Brooklyn, Beecher's congregation.

Speaking of the need of township reform a prominent and thoroughly reliable citizen gives us the following incident which came under his personal observation. It happened some years ago but it is just such a thing as is liable to occur any year under our present system, and it is probably but occurred in this and other townships of the state. This is the story: A woman who had long been a charity pensioner died and was buried at the expense of the township. About that time a new trustee came into office. A daughter of the deceased pensioner called on the new official as usual for the old lady's pension and it was paid for months. Finally the trustee by some means learned that the pensioner had no earthly existence and stopped the weekly stipend. Thereupon the daughter (an able-bodied woman) became very indignant and appealed to the citizen above alluded to call on the trustee and bring him to time. The amazed citizen who knew that the old lady had long been dead expressed surprise at the audacity of the thing, and of course declined to be a party to any such imposition.

SCOTCH CHARACTERISTICS.

Rev. Frank De Witt Talmaage preached a sermon in Chicago last Sunday on "Robert Burns and the Scotchman." His diagnosis of the Scotch character is one of the best we have seen. Here it is:

"There is one characteristic which we must admire about the Scotch, and that is, they never do anything in a half-hearted way. If a Scotchman is kind he is one of the sweetest, gentlest of men that ever lived; if he is mean he is as bitter as gall. If he is mean he is mean all the way through, all the way up, and all the way down. He is a Scotchman in his theology. If he is a Christian, no free agency for him. He opens his mouth and swallows the whole scheme of redemption, foreordination, original sin, eternal degrees, the attributes, heaven, hell, the judgment, the atonement, damnation, and salvation, everything goes down, and every breath he draws smells of the fire and the brimstone. And he goes around with a great big piece of sulphur in each hand, and with every point of the full of the leaves of the catechism. When a Scotchman is drunk he is drunk all through. What is a Scotch drink? No, clear, not wine, not beer, not any light sparkling beverage. But Scotch drink always means Scotch whisky. When a Scotchman takes his drink, just the same as he takes his theology, he always takes it straight. He wants to water and no dilution in either. And the more fire there is in both, the better he likes it. A true Scotchman is through and through, up and down, in and out, or else he is nothing."

CALL FOR CONVENTION

Of Indiana State League of Republican Clubs.

In pursuance of resolutions adopted at a meeting of the district managers and the executive and advisory committees thereof, at the Denison hotel, Friday evening, January 20, 1939, the annual convention of the Indiana State League of Republican clubs is hereby called to meet in the city of Ft. Wayne, at a hall to be hereafter designated, on the 11th day of February, 1939, at ten o'clock a. m., for the purpose of electing officers and district managers for the ensuing year, and for the transaction of such other business as may come before the convention.

1. The basis of representation in said convention will be as follows:

Each club reporting to the secretary of the state league in 1938, and each additional club so reporting in 1939, will be entitled to three delegates, and each of such clubs with a membership of over fifty (50) will be entitled to one (1) additional delegate for each fifty (50) members and multiple thereof in excess of the first fifty (50) members.

2. The credentials of each delegate will be issued in blank by the president and secretary of the state league, but such credentials must be properly filled and certified by the respective district managers in their respective districts over such clubs, and by the president and secretary of each of such clubs.

3. In case any delegate is unable to attend said convention he, or the president and secretary of said club may provide a proxy, whose credentials as such proxy, shall be duly certified on forms issued by the president and secretary of the state league as regular credentials are granted.

4. All credentials must be filed with W. W. Huffman, secretary of the state league, not later than 9 o'clock on the evening of February 10, 1939, at the league headquarters (place to be hereafter designated) at Ft. Wayne.

The county managers will at once call meetings of the above mentioned clubs under their respective jurisdictions for the purpose of electing delegates, as above provided.

This will be the only state Republican meeting during this year, and it is desired that as many Republicans be present as possible as the citizens of Ft. Wayne are making elaborate preparations for our entertainment.

PROFITABLE HOME

DYEING.

DIAMOND DYES MAKE HANDSOME, UNFADING COLORS.

A Few Dimes Will Save Many Dollars.

In nearly every home there are faded and unfashionable dresses and coats that can be dyed with Diamond Dyes so they will look as good as new. Such for the boys can be made from the father's party worn clothes, and then colored with Diamond Dyes to look like new, while a dress and jacket can be made for the girls with little work and expense.

Many women dress their families in handsome, fashionable clothing at a comparatively small expense. Thanks to Diamond Dyes.

Diamond Dyes are put up specially for home use, and the directions are so plain that even the inexperienced can get beautiful and unfading colors by using the dyes. They color anything from ribbons, feathers, and waists to the heaviest coats and dresses.

There are some fifty colors in the list of Diamond Dyes, making all the fashionable shades. Be sure to use the Diamond, as they are the only dyes that have stood the test of years and that can be depended upon for successful home dyeing.

Honey Bees From the Philippines

The Department of Agriculture will introduce into this country the great honey bees from the Philippines.

These bees are twice as large as those of this country, and produce five or six times as much honey. They have extra long tongues, and can reach the nectar in many flowers that our variety cannot. While this move will be of material benefit, it will not be any more so than Hostetter's Stomach Bitters, which reaches and cures many ailments that other remedies fail short of.

Among the ailments which may be remedied by Hostetter's Stomach Bitters are dyspepsia, indigestion, biliousness, constipation, malaria, wasting diseases, and affections of the kidneys and blood. We especially recommend the Bitters to men and women whose nervous systems are shattered.

Complimentary Invitation.

Prof. W. S. Hiser, of the Richmond public schools, has been extended a cordial invitation to address the students and faculty of the Ohio School for Business, at Dayton, O., at some time within this month. He will not be able to do so, owing to the pressure of his present work, yet nevertheless he appreciates the honor of the invitation.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh is a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is the only medicine that will cure it. It acts upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SINGULAR STATEMENT.

From Mrs. Rank to Mrs. Pinkham.

The following letter to Mrs. Pinkham from Mrs. M. RANK, No. 2,354 East Susquehanna Ave., Philadelphia, Pa., is a remarkable statement of relief from utter discouragement. She says:

"I never can deal with words with which to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me.

"Some years ago I had womb trouble and doctored for a long time, not seeing any improvement. At times I would feel well enough, and other times was miserable. So it went on until last October, I felt something terrible creeping over me, I knew not what, but kept getting worse. I can hardly explain my feelings at that time. I was so depressed in spirit that I did not wish to live, although I had everything to live for. Had hysteria, was very nervous; could not sleep and was not safe to be left alone.

"Indeed, I thought I would lose my mind. No one knows what I endured. I continued this way until the last of February, when I saw in a paper a testimonial of a lady whose case was similar to mine, and who had been cured by Lydia E. Pinkham's Vegetable Compound. I determined to try it, and felt better after the first dose. I continued taking it, and to-day am a well woman, and can say from my heart, 'Thank God for such a medicine.'

Mrs. Pinkham invites all suffering women to write to her at Lynn, Mass., for advice. All such letters are seen and answered by women only.

Albert Izor of Indianapolis is at Philip Izor's.

Mrs. Sarah Lavelle of Anderson is at her mother's, Mrs. Conley.

Mrs. Ann Vasson has gone to Indianapolis with her daughter Mary. They will be absent three months.

James Gray continues quite poorly. His nurse, Mrs. Ella Kene, has returned to Indianapolis.

Josh Green returned a few days ago from New Castle, where he visited Philip Ratliff and family.

The Schubert orchestra will give a concert in about two weeks. The boys are playing well. They already have two commencement engagements.

Dangers of the Grip.

The greatest danger from La Grippe is the pneumonia which it causes. It is a deadly disease, and, however, Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for the grippe we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventive of that dangerous disease. It will cure the grippe in less time than any other treatment. It is pleasant and safe to take. For sale by A. G. Luken & Co., druggists.

GRIM GRIP'S DEADLY MARCH

DEATH AND DESTRUCTION TO MANY.

Boston, New York, Philadelphia, Washington, Louisville, Terorized by the Awful Scourge—All The Great Centers of Population Affected.

The depressing effects of the present epidemic of grip are apparent everywhere. Teachers, clerks, business men, mechanics, laborers, street car drivers, and even the police officers and even the doctors all furnish victims by the hundreds.

No remedy yet discovered can show results equal to Dr. Miles' Restorative Nerve, which quickly overcomes the excessive exhaustion, invigorates the appetite and assists nature to throw off the deadly microbes from the system. In times of epidemic like the present it should be taken as a preventive of disease.

"Grip had left me a physical wreck; weak, helpless and miserable. I could not eat; could not sleep; could not gain any strength, and my nervous prostration of the worst kind. Our home physician could not help me and I commenced using Dr. Miles' Nerve. The first night's sleep that I had had in four months came as the result of two first doses. When I had taken two bottles I felt better than I had before in years, and continued to improve until I was entirely cured."
