AN'S OWN PALACE

Count Waldersee Occupies the Palace of the Empress Dowager.

ATTITUDE OF GERMANY

An Incident Which Has Aroused Distrust of Berlin's Motives in Washington.

Baron Von Sternberg's Recall Is Looked Upon As A Serious Matter.

Shanghai, Oct. 20.—Members of the Big Knife society are creating disturbances in Teh Chau Hu, province of Shan Tung.

Washington, Oct. 20.—According to the latest telegram from the Chinese legation, Field Marshal Count Waldersee and staff left Tien Tsin on the 14th for Pekin by train as far as Yangtun, and thence on horseback. The empress dowager's palace will be his temporary abode. They will return to Tien Tsin in three weeks. Sir Ernest M. Satow, the new British minister to China, left Tien Tsin by boat for Pekin on the 15th. The German and Russian ministers are still at Tien Tsin. A body of German troops burned down a small village below the German settlement at Tien Tsin after killing 18 Chinese and looting the houses. The villagers appealed for protection to the provisional government at Tien Tsin, which, however, refused, as it was outside their jurisdiction.

Distrust of Germany's attitude in China has been revived as a result of information received here showing the hostility of the Berlin government to a policy of conciliation in the settlement of the far eastern question. It has been learned that the recall of Baron Speck von Sternberg, the German charge d'affaires, was due to his efforts to smooth the road, looking to a prompt, peaceful solution of the Chinese trouble. Baron Speck von Sternberg returned to Berlin on the steamer Deutschland.

Among the friends of the Baron in the official circles here deep sorrow was felt when the news of his removal from Washington was first noted. His relations with the administration were of the most cordial character, and the officials generally conceded that he was doing much to make a satisfactory solution in China possible. Exact details as to Baron von Sternberg's recall are not obtainable, as none of the officials of the German embassy will talk about the matter, and the German government does not seem to be fully informed on the subject.

Officials here are deeply grieved over the recall, as they feel that it is an aid in preserving good relations between the two powers.

The Chinese Way.
Berlin, Oct. 20.—The King and Li Hung Chang and Prince Ching has not made a good impression in government circles here. The general comment is that the note reads more like conditions imposed upon the conquered than the reverse.

TRADE REVIEW

Generally Quiet Though Confident Feeling Prevails.

New York, Oct. 20.—Bradstreet's trade review today says: As the jobbing distributive trade tends to lessen with the advance of the fall season, the repressive influences of anti-election feeling becomes more clearly perceptible and the result is a generally quiet, though at the same time, confident feeling in the trade. In the cotton and wool trade, which the stock market has apparently begun to discount with the result of swelling current bank clearings well above recent totals. As for some time past the best trade advances come from the South, which remains cheerful in spite of lower cotton. Pacific coast advances are that export trade is very large as the result of many needs and Asiatic requirements. North-western trade is on the whole quiet, and the disposition to charge the election with this is manifest. Eastern wholesale trade is quiet, but for some time past the advance of the United States against 210 last week, 221 in this week a year ago, 213 in 1898, 205 in 1897 and 202 in 1895.

In the Jury's Hands.

Georgetown, Ky., Oct. 20.—When court met at 8:20 last night the Youtsey case was formally submitted to the jury. The judge told them they could use their own pleasure about considering the case during the night or today. They decided to take the papers to their rooms and report back today, and they were sent to their boarding houses. Youtsey's condition is better. He has taken nourishment without trouble and physicians say his temperature, pulse and respiration are normal.

SCHEME THWARTED

Attempt to Assassinate John W. Gates Failed.

Chicago, Oct. 20.—S. L. Morris was arrested last evening for an alleged attempt upon the life of John W. Gates, ex-president of the American Steel and Wire company. When searched at the police station two large revolvers were found in his pockets.

It is asserted that Morris also had designs upon the life of W. J. Brimmon, general manager of the Kansas City & Southern railroad, whom Morris is alleged, had enticed to this city by means of a telegram purporting to be signed by Gates, but which he himself had sent. Manager Brimmon arrived at the Grand Pacific hotel

NOT SO CERTAIN

The Miners' Strike Not So Nearly Settled After All.

A HITCH IN AFFAIRS

It Is Now Practically Certain That the Miners Will Not Return to Work On Monday.

Operators Express a Determination Not to "Bow and Scrape" to President Mitchell.

Scranton, Pa., Oct. 20.—It is a practical certainty that the miners will not be back to work next Monday, as was expected from the action of the Philadelphia conference of operators on Tuesday and Wednesday and the Scranton conference Thursday.

Some of the largest of the local companies, however, have agreed to continue to the 10th of November, as is demanded by the resolutions of the miners' convention. They were willing enough to conform to this demand, but now they seem to have undergone a change of heart and only one operator of any prominence will say outright that he would make the modification. They say it would be humiliating for them to come with an amendment to their notices.

As one prominent operator puts it: "The modification would serve but one purpose, and that is to gratify a whim of John Mitchell. We do not propose to waste any energy bowing and scraping to Mr. Mitchell."

AT A STANDSTILL

Settlement Seems As Far Removed As Ever.

Hazleton, Pa., Oct. 20.—As far as the United Mine Workers of this region are concerned, matters are at a standstill in the anthracite mining contest with the operators. There is nothing new in the situation, and President Mitchell still refuses to talk.

Much disappointment is expressed in this region because an early ending of the strike is prevented by reason of the powder grievance. What will be done with this question is difficult to forecast, and it is believed the United Mine Workers' officials have not yet definitely decided what they will do.

Some of the strike leaders say that union officials are not authorized by the Scranton convention to decide the powder grievance, and that another convention of miners will be necessary to dispose of the question. The anthracite coal field are insistent on a flat 10 per cent. increase without the powder reduction being considered in figuring out the per centage of advance.

When he was asked what the United Mine Workers would do if the operators refused to recede from their stand, he said the contest would continue until the operators made the concession. When it was suggested to him that there might be a break in the ranks of the strikers before the operators would weaken, he expressed the utmost confidence in the loyalty of the men in the entire region. Notwithstanding the confidence of the labor leaders in their ability to hold the men together, there is a belief prevalent here that a break will come sooner or later. Strikers seeking relief from the United Mine Workers are becoming more restless with each succeeding day.

Trouble at Eaton.

Muncie, Ind., Oct. 20.—There are fresh labor union troubles at Eaton, in the American Flint Glass Workers' association ranks. There are some differences in the small shop department of the factory. Over 200 men are out. Lewis Wilhelm, the blower who was shot by Andrew Cowan, the cutter, is resting easy, but is not yet out of danger. Cowan was taken into custody yesterday afternoon. He wanted to give only \$500 bail. The charge of shooting to kill demands \$2,000 or more, and Judge Deffer would not reduce it so long as there was a chance of the man dying.

He Was Quiet About It.

Chicago, Oct. 20.—Within a few feet of his wife and in the same room where she was sewing and singing, John Pfeiffer, yesterday hanged himself to a hook in the door casing. So quiet was the man in his act and so busy was the woman with her work and her song, that she did not see him procure the clothes line and deliberately hang himself. It was nearly a half hour later before the woman arose to leave the room and saw her husband hanging by the neck dead.

Crescents Failed Again.

Terre Haute, Ind., Oct. 20.—The great Crescents failed again yesterday in his attempt to lower his own world record of 2:04 for trotting stallions, but made the mile in 2:04. As the season is late, Mr. Ketcham, the owner, will not send the horse on another trial, but will take him home to Toledo on Monday.

A LONG JOURNEY

Gov. Roosevelt Meets Warm Reception In West Virginia.

Hinton, W. Va., Oct. 20.—Governor Roosevelt and party closed their tour of West Virginia last night, after one of the longest journeys in his western trip. Starting from Parkersburg, he made the upper Ohio in the morning he made speeches at different points along the Ohio river, notably at Point Pleasant and Huntington, and from the latter place started up the great Kanawha valley, where he made a number of speeches at different points along the river at Charleston to witness a great demonstration at the state capital and make an address at the university. He was accompanied from Huntington through the Kanawha valley by Governor At-

THE PLOT FAILED

Dastardly Attempt to Wreck a Home in Lawrence County.

FUSE WOULD NOT BURN

Fort Sticks of Dynamite Had Been Placed Beneath the House of Henry Board.

No Explanation Is Given of the Bold Plan to Blow Up the Place.

PILOT AGAINST THE CAZAR

An Effort to Wreck His Train Discovered by Police.

Sebastopol, Oct. 20.—Details of an alleged plot about a month ago against the life of Emperor Nicholas, have just come from the Caucasus. It appeared that about a fortnight before the Czar and Czarine began their journey to the Crimea, a student at Moscow university, son of a post-captain of the Black sea fleet, was arrested for digging in a suspicious manner in the vicinity of a railway tunnel near Sebastopol.

The police, after the arrest found a large quantity of explosives deposited where they would have inevitably wrecked the tunnel when the imperial train was passing. There are certain indications that the plot was one of those concocted by the Brest group of Anarchists.

Porto Rican Registration.

San Juan, P. R., Oct. 20.—Partial returns to the registration for the forthcoming election which took place Oct. 16 and Oct. 17, indicate that about 50,000 registered throughout the island. In the municipal elections last spring, 31,179 votes were cast. Next month's election will be for the choice of a Porto Rican commissioner to the United States Congress and 35 members of the House of Delegates, the election of the lower house of the insular legislature, which will meet in January. The party leaders agree that the Republicans will have a majority in the House of Delegates and that the Federalists will elect their nominee, Senator Manuel Gaxiola, as commissioner.

Missouri Bank Robbers.

Bronaugh, Mo., Oct. 20.—Seven masked men wrecked the safe of the Farmers' bank. Dynamite was used and the report was heard by the community. William T. Morren, who fired several shots in the darkness in the direction of the report and shot after shot was returned by the robbers. One struck Morren and killed him. He was shot squarely between the eyes with a 44-caliber bullet. The robbers escaped.

A Horrible Crime Charged.

Woodbury was charged with the extradition to Cleveland, Ohio, of Harry Howard, who was found in New York up to receipt of a dispatch from Chief of Police Connor of Cleveland. Stewart is wanted for the murder of his 3-months-old daughter. Bedfordshire body was found in Lake Erie with her throat cut from ear to ear.

Hanna In Bryan's Home.

Linton, N. D., Oct. 20.—With prosperity as his principal topic of discussion, Senator Hanna traveled through the eastern tier of counties of Nebraska yesterday, making speeches in over a dozen cities and towns and winding up last night at Linton, the home of Mr. Bryan, where an immense demonstration had been arranged in his honor.

An Echo of the Maine.

New York, Oct. 20.—Nichols Sculp, a Swedish naval cook, who was on the battleship Maine when she was blown up in Havana harbor, shot and killed himself in Brooklyn yesterday.

Marquis Ito's New Cabinet.

Yokohama, Oct. 20.—Marquis Ito has formed a new cabinet. Viscount Katsura Taro and Admiral Yamamoto to retain the portfolios of war and marine respectively. Ito knows that the policy of the ministry belong to the premier's new party.

Krugger Welcome in Dublin.

Dublin, Oct. 20.—Mr. John J. Clancy has given notice that he will move at the next meeting of the corporation that the freedom of the city be conferred upon ex-President Krugger.

A PROPHECY.

Something to Paste in Your Hat and Refer to Afterward.

When the Bryan politician that has hopes of some position in the dim and distant future smiles and pats you on the back, you can bet your bottom dollar he'll be warm beneath the collar when they count the little votelets as they're emptied from the sack—if he finds the other fellow who wore the badge of yellow has the better of the bargain and has got the thing he wants; then his love and his devotion, which was deeper than his omen, will lead him like a specter driven from his favorite haunts.

The Deadly Grade Crossing.

Indianapolis, Ind., Oct. 20.—A Lake Erie & Western switch engine struck a street car at Thirtieth street last night. There were 21 passengers in the car, and of this number 14 were more or less injured, two of them perhaps fatally. The engine struck the front end of the car, reducing it to kindling wood, carrying it fully 20 feet and finally throwing it against a freight car standing on a side track. Of the 21 passengers in the car scarcely one escaped without an injury of some sort.

Aged Woman's Suicide.

Indianapolis, Ind., Oct. 20.—Mrs. Ratze, a former Indianapolis woman, and lately a resident of Chicago, killed herself yesterday by swallowing four ounces of carbolic acid. She was 74
