

ABOUT ACHES.

When you have a headache or a backache you may be able temporarily to stop the one by a headache powder and the other by a plaster, but you haven't cured the ache. That is caused by some disarrangement of the system—some disease or some disorder. The headache and backache and other aches are symptoms, and the cause must be removed before the symptoms cease to return.

Most of such symptoms are caused by bad blood. And the cause of bad or diseased blood is usually constipation—irregularity of the bowels—and biliousness.

There is nothing that will so quickly and effectively cure constipation and biliousness and purify the blood as Celery King. It cleanses the whole system and strengthens and rejuvenates every organ.

Physicians recommend and all druggists sell Celery King. Two sizes, 50 and 25 cts.

SATURDAY, MARCH 9, 1901.

An armistice exists in South Africa which calls for a temporary cessation of hostilities in order that Boer leaders may confer as to terms of surrender.

Another young girl was assaulted by a tramp near Bluffton, this state, last night. A posse was immediately organized and are in pursuit. If caught he will likely be lynched.

Emperor William, who was recently given a black eye, is a lover of repartee, as may be judged from the telegram sent by him to Prince Henry of Prussia, which was as follows: "I look as if I had just come from China."

The state of Delaware will have no representation in the upper branch of congress, the legislature having adjourned sine die without electing a senator, and the governor refuses to make any appointment. Scenes of indignation were witnessed during the proceedings.

The house yesterday voted to adopt the Jones bill as the primary election law for Indiana. Our representatives, Kirkman and Davis, voted in favor of concurring in the report of the committee which recommended that the senate amendment to house bill number 40 be adopted. The house concurred in the report by a vote of 51 to 33. In the senate the Bonham telephone bill was killed and the appropriation bill passed. It was Senator Binkley's motion that killed the Bonham telephone bill.

The federal government of the United States has exclusive control of the import duties, the internal revenue, the coinage of money, the light houses, the life-saving stations, the navigable rivers and lakes, the foreign policy, the postoffice and the army and navy. As to the system of accounts kept by the government it can hardly be surpassed in any country. There is not an account, however trifling it may appear, that does not go to Washington, and no error, no discrepancy, can possibly escape the close scrutiny of the auditors of the treasury at Washington.

A strong and necessary move has been made lately in different parts of the country against the use of the nasty and pernicious cigarettes by boys of tender age. Nuisances of minor importance than cigarette smoking are abated by law, and we can not see any reason why the cigarette law should not be stringently enforced. By this restriction a positive benefit would be conferred on our young people. The smoking of the paper covering the tobacco, seldom of pure quality, and still more so the inhaling of the paper smoke into the youthful, tender lungs, will in a short time seriously impair the constitution of the youngsters, produce nervousness and frequently result in pulmonary diseases and premature death. Away with the cigarette.

Railroad Notes.

Harry Miller, superintendent of the Vandalia main line, was in Indianapolis yesterday, conferring with receiver Mallott. The Vandalia now has 686 men employed in its shops at Terre Haute, the largest number in the road's history.

TO CURE THE GRIP.

Advice of a Famous Physician.

First and foremost, REST. Take care of yourself. Your already weakened nerves want rest, and must have it. If the attack is severe, go to bed and remain there. More fatalities result from neglect of this precaution than from any other cause.

Eat sparingly. Your digestive organs are in no condition to take care of large quantities of food. Drink plenty of pure, cold water. It allays the fever, stimulates the kidneys to action and opens up the pores of the skin. Keep the bowels open with Dr. Miles' Nerve and Liver Pills.

Take three doses of Dr. Miles' Nerve and Liver Pills, and if you cannot sleep take an extra dose at bed time. To further control the fever, and to overcome the peculiar aches and pains of grip, use Dr. Miles' Pain

Pills. They act quickly and effectively, and no bad effects result from their use. These remedies have been thoroughly tested more than a million times, and their efficiency is thoroughly established. They never fail to give relief.

Dr. Miles' Remedies can be found at any drug store, and they are sold on a positive guarantee that the first bottle or package benefits or money refunded.

Dr. E. Detchon's Anti Diabetic

May be worth to you more than \$100 if you have a child who soils bedding from incontinence of water during sleep. Cures old and young alike. It arrests the trouble at once. Sold by A. G. Luken druggist.

"The Pan-American Buffalo Line"

Will be opened May 5th, 1901, with

through passenger service from Richmond over the Pennsylvania and Erie Lines, via Columbus and Akron. For particulars call upon or address C. W. Elmer, ticket agent, Richmond, Ind.

Story of a Slave.

To be bound hand and foot for forty years by the chains of disease is the worst form of slavery. George D. Williams of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle-working medicine is a god-send to weak, sickly, run-down people. Every bottle guaranteed. Sold by A. G. Luken & Co. druggists.

\$500 REWARD

We pay the above reward for any case of Liver Complaint, Dyspepsia, Sick Headache, Indigestion, Constipation or Costiveness we cannot cure with
