GETTING READY

Civil Government In the Philippines Will Soon Be Established.

PLANS BEING PERFECTED

It is Expected That the New Government Will Be Established Before July 4.

Interesting Conjectures As To Who Will Be At The Head of the Same.

Washington, April 9.—The news from Manila regarding the establishment of civil government is in accord with information already made public here that the new Philippine government will be established about July 1. Immediately upon the passage of the army appropriation bill the entire Spooner amendment was embodied in the Taft commission and the commission was directed to prepare a plan for the government of the islands in accordance with the law. This plan has not yet been completed, but it is expected to be about the time for the return of the commission to Manila, and it will be called here for approval or amendment. The civil government proposed will not be very elaborate, but sufficient to meet the present requirements. One of the most interesting features is as to who will be in the supreme authority under the president.

The law says that all military, civil and judicial powers necessary to govern the Philippine islands "shall be vested in such person and persons as the president shall direct." The language has been weighed very carefully and the designation "person" followed by "persons" is taken to mean that the president shall name some one to have supreme authority under his own directions, and that the persons shall be those acting under that command. Judge Taft, it is understood, is to be the governor of the island, but it will be necessary to have some one in Washington to act as the medium of communication between the president and the governor. There will be a great deal of business which the president cannot handle himself and some cabinet officer will be selected to have charge of the Philippines as well as other insular affairs.

Authority over the islands probably will be exercised by the president through Secretary Root as the secretary already is familiar with the governmental machinery of the islands. More than this, the law specifically asserts that the military as well as civil and judicial powers shall be exercised in the islands, and it is not believed feasible to divide the responsibility as for many years to come there must be joint and harmonious action by the civil and military authorities. The president has given the governor and his council will exercise the broadest authority and much that heretofore has been submitted to Washington for determination by the military governor general and Taft commission is expected to be settled by the governor's council and executive assembly, should one be thought necessary. The general belief expressed here is that the governor and council will be about all the government necessary.

After the Star Witness.
Toledo, O., April 9.—Frank Landis of Upper Sandusky, star witness for the state in the trial of four men known as the Foster gang, for the murder of W. C. Johnson last fall, yesterday received a can of condensed milk by mail. Investigation shows that the bid had been received and the contents disturbed. It was sent to Columbus for examination by a chemist. Landis has received several anonymous threatening letters.

He Was Despondent.
Memphis, Tenn., April 9.—William Mrazek, aged 21 years, in a fit of despondency brought on by illness, committed suicide yesterday by shooting himself through the right temple. The young man came to this city from Alton, Ills., last September.

The Car Is Shaky.
St. Petersburg, April 9.—The health of Emperor Nicholas has been shaken by the recent commotions and he will probably abdicate if the next child of the empress should be a daughter.

Loubet at Nice.
Nice, April 8.—President Loubet and others received numerous ovations today. Loubet decorated the grave of Gambetta.

After the Salt Trust.
Cleveland, April 9.—Attorney A. W. Lanson was today appointed receiver for the United Salt company of this city. J. M. Henderson, who applied for receiver, charged the trust or National Salt concern with wrecking the local economy.

Logan Statue Unveiled.
Washington, April 9.—The equestrian statue of John A. Logan was unveiled here today with a great

demonstration, President McKinley being the orator of the day.

Knox Sworn In.

Washington, D. C., April 9.—At 10:30 in the cabinet room of the white house Justice Shiras administered the oath to Elihu C. Knox as attorney-general.

More Trouble for Debenture Companies.

Cincinnati, O., April 9.—The debenture mortgage holders today sued the Neave Building company under an Ohio statute providing a penalty for property owners allowing gambling on their premises. An interstate company recently ousted by the supreme court had its offices in the Neave building.

Pugilist Charged With Murder.

Cincinnati, O., April 9.—Michael Conley, the pugilist, known as the "Iron Horse," was arrested today charged with murdering Charles G. Gleda, a telegraph operator, Sunday morning.

MANILA NEWS.

Aguinaldo Signs Under Protest—More Insurgents Surrender.

Manila, P. I., April 9.—It is reported Aguinaldo this morning signed the peace manifesto under protest. Colonel Alba, the insurgent leader of Zamboanga province, surrendered with his troops, also General Malver in Cavite province.

Philippine Losses.

Washington, D. C., April 9.—Since the rebellion began the Philippines lost over fifty thousand men. Eight thousand rifles have been captured and six hundred thousand pounds of ammunition.

European Liner Trust.

Washington, April 9.—The state department is advised of the formation of a gigantic trust embracing every line spinning concern on the continent of Europe.

Considering a Strike.

New York, N. Y., April 9.—The employees of the Central railway of New Jersey are balloting today on the question of a strike.

Big Machinery Combine.

New York, April 9.—Charles Alis is here consolidating big machinery and stationary engine plants, capital \$50,000,000, including plants at Canton, Youngstown, Akron, Cleveland, Cincinnati, Hamilton, O., Ft. Wayne, Milwaukee, Wilkesburg, Pittsburgh, New York, Philadelphia and Chicago.

Carpenters' Strike at Indianapolis.

Indianapolis, April 9.—About four hundred union carpenters quit work here today because the contractors failed to sign the scale for an advance of five cents per hour. Others are working.

U. C. T. Secretary Dead.

Columbus, O., April 9.—Charles Benton Flagge, secretary of the United Commercial Travelers, died suddenly here today of pneumonia.

THE TOURISTS.

Their Twelfth Annual Banquet and Election of Officers.

The twelfth annual banquet of the Tourist club will be given at the Westcott on the evening of Friday and will be an occasion of more than usual importance. The menu is a very elaborate one. The Tourists have been one of the most successful of the city's social organizations. They have had in Richmond, it was started eleven years ago with about twenty charter members, of whom about a dozen still remain. John N. Smith was the first president. Soon after organization the membership was limited to fifty, and has been full ever since, any vacancy being quickly filled. They meet twice a month at the home of some member and the evening is devoted to travel, history, art and the like, of some country selected as the one to be visited in their meetings during the year. By devoting the entire year to one country the information derived is very exhaustive and complete. This year was devoted to France. The business of the meeting Friday evening will be the election of officers for the coming year, the presentation of the subject and the assignment of the papers and discussions to the members. This is held in the hands of a committee. The present officers are: S. S. Stratton, president; Mrs. E. P. Trueblood, vice-president; Miss Elenora Robinson, secretary; Howard Dill, treasurer.

The program committee is: Walter S. Davis, S. S. Stratton, Miss Elenora Robinson, Mrs. Walter Hutton and Mrs. Howard Dill.

Our New Art Gallery.

The opening of the Morrison Reeves library will take place about the 15th of April, with an exhibition of fine pictures. This exhibit promises to be unusually attractive. Mr. R. B. Gruelle of Indianapolis, one of the group of Hoosier artists, that has won wide fame, will come to Richmond, upon the invitation of the "Clear Creek Sketch Club." He will bring about sixty beautiful water colors, most of them last summer's work in and about Gloucester, Mass. Our fellow townsman, Mr. Bundy, who is also rapidly coming to the front, and of whom we may well feel proud, will exhibit in addition about forty landscapes in oil, all from about Richmond, and the work of the past year.

The art gallery has lately been fitted up for this exhibition, which we hope may be followed by many others. These art exhibitions will add to the already great educational advantages offered by the library.

HAVE FALLEN OUT

Entente Between Russia and China Is Said to Have Terminated.

DIPLOMATIC RELATIONS

Between the Two Great Eastern Powers Are On a Decided Strain of Late.

Refusal of China to Sign the Manchurian Convention Has Created a State of Things.

Washington, April 9.—Aside from the telegraphic advice bearing on the matter there are some attending circumstances which indicate that at least some strain or partial interruption of intercourse has occurred between Russia and China. The fact developed in Washington about a week ago that Russia had delivered to China what amounted to an ultimatum on the signing of the Manchurian agreement. This followed the usual course of ultimatums and fixed a definite limit of days within which China could accept or reject the Russian proposal. It also conveyed the clear intimation that unfavorable action by China would lead to a severance of diplomatic relations between the two countries. The limit of time fixed is believed to have been one week and to have expired last Wednesday. China did not sign within the time limit and the next day, Thursday, Russia delivered her note to the powers, which has been accepted as removing the pressure over the Manchurian agreement. This at first seemed to be a waiver of her prior intimation of an interruption of diplomatic intercourse, and yet there was no such explicit waiver, and the latest advice from Peking reporting that an interruption has now actually occurred, seem to be directly in line with the threat previously conveyed.

The peculiar strain of diplomatic relations between the Russian foreign office and the Chinese minister at St. Petersburg gave further evidence that friction has occurred. The illness of Yang Yu was the cause ascribed for his failure to sign the agreement. There is good reason to believe that the Russian authorities did not regard this sickness of Yang Yu as occurring in good faith, but looked upon it as a device to avoid action. The St. Petersburg dispatches now state that Yang Yu's sickness has so increased since his last interview with Count Lamsdorff that he may have to withdraw. This is accepted here in the posted quarters as a delicate intimation that the Russian government has expressed its disapproval in such a way that Yang Yu's withdrawal will follow in consequence. But there appears to be an outward acceptance of the fact that it is said that Yang Yu's term ended about a year ago, and that he was asked to return to Peking. The government accepted, and Quai Chun did not go to St. Petersburg, but remained to become a member of the Tsung Li Yamen. Should Yang Yu retire now, it will be claimed that it is in accordance with the prior program. In case there proves to be an interruption of the relations between Russia and China, it is not expected to disarrange the negotiations between the powers and China, or between Russia and the powers. It probably would be confined to a termination of the close entente long maintained between Russia and China. Mr. Wu has not been asked of any such development, and the information before the state department is so contradictory that it does not permit any clear explanation of the real state of affairs.

Will Get New Arms.

Washington, April 9.—Governor Allen of Porto Rico has had a long conference with Secretary Root. The secretary was greatly interested in the details of the organization of the new Porto Rican regiment which will be recruited from natives of the island. The governor made arrangements for exchanging the arms of the insular police of Porto Rico. This force numbers 600 men and has proved very serviceable in ridding the outlying districts of bandits. They have been given jurisdiction recently over towns having less than 2000 inhabitants.

It Was Loaded.

Boonville, Ind., April 9.—William St. Clair accidentally killed himself at his father's home near here yesterday. He was playing with an old pistol, and it was discharged, the bullet striking him over the eye. Death was instantaneous. He was 16 years old.

MARRIED ON DEATHBED.

Pathetic Instance of Loyal Love at Cincinnati.
Cincinnati, April 9.—Detective P. Hayes of Chicago and Miss Jeanette Evans of Chicago were married here yesterday under peculiar circumstances. Miss Evans came here a week ago to prepare for the wedding at the residence of her sister in this city. She was taken suddenly sick with the grip, and it was thought she would die on Saturday. Hayes was notified, and arrived Sunday. A marriage license was secured yesterday, and the ceremony performed while Miss Evans was on her deathbed. The scene, with the weeping family about the bed, was very pathetic. After the ceremony the bride began sinking and died a few hours later. Hayes remained with his bride constantly. When she was sinking, just before death, he took her in his arms and she breathed her last while he was holding her in his embrace. Mrs. Hayes seemed happy all day, and was smiling while suffering intense pain from peritonitis.

Interesting Meeting.

The meeting of the Epworth league of the First M. E. church met last evening at the home of Otto Krone, south sixteenth street. It was their monthly literary meeting, and the subject was Longfellow. Each guest gave a short quotation from the poet and the paper was by Prof. Davis. There were also some musical numbers on the program.

COURT NEWS.

The following cases were filed in circuit court today: By A. M. Gardner, Grant S. Sherman vs. W. T. Allen, on account. By C. C. Binkley, Patrick Corrigan vs. the estate of Timothy J. Corrigan, claim by T. J. and Jessup, Mary E. Allen vs. John W. Allen for divorce. Complaint recites that they were married at New Castle in 1888, that in 1890, defendant left complaining and has not lived with, or supported her since, and is an habitual drunkard. Divorce, custody of their child Dorothy, and \$500 alimony are asked.

LOCKED HER UP

Thirteen-Year-Old Would-Be Bride Kept in Durance.

Noblesville, Ind., April 9.—Lewis Hines, aged 21 years, and Miss Bertha O. Bruner, aged 13 years, who live near Millersburg in the northern part of Hamilton county, were licensed to marry a few days ago. To avoid a possible suit for damages, which the parents of the girl threatened to bring on account of her not being of age, the county clerk drove to Millersburg yesterday to procure the license before the marriage occurred. Hines was gone, but his parents were prevailed upon to sign the license.

Miss Bertha Hines had had her locked up in a room at their home for two weeks, and refuse to permit Hines to see her. They object to her marriage on account of her youth.

Workmen Are Jubilant.

Muncie, Ind., April 9.—Now that the date has been set (May 1) for the closing of all the plants controlled by the American and Independent Window Glass companies, the workmen are looking forward to the prospects for the next fire. The heads of the organizations and the manufacturers are now trying to get together in a wage conference, to be held during the latter part of this month, or early in May. It is probable that the manufacturers will offer a material increase in wages for the next year, and also a longer fire. Workmen are jubilant over the prospect.

Caught In An Explosion.

Windfall, Ind., April 9.—George Isgriz of this place was seriously burned about the head and face at the pumping station of the Lafayette Gas company, three miles from here, in a gas explosion which occurred yesterday. Isgriz was one of the stationery boilers he turned on the gas to blow the soot out, and it was ignited from the furnace near by while his face was close to the boiler on which he had been working.

MAY BEA STRIKE

Block Coal Hens In Indiana Rejection of Proposition of Operators.

SEEKING A COMPROMISE

Committee From the Miners Confering With National Executive Body Today.

If This Conference Fails a Strike Is Said To Be Next Thing to Happen.

Brazil, Ind., April 9.—The proposition of the operators presented to the block coal miners a basis of settlement at a joint sitting held here on Friday was rejected yesterday by a vote of 15 to 10, and the most unanimous vote of the miners. The operators agreed to advance the day men 15 cents per diem if the miners would purchase power from them at \$1.25 per kilowatt-hour, and agreed in the bituminous district.

A joint meeting of operators and miners was held yesterday afternoon, when the vote of the miners was made known. Seeking a settlement was impossible, and one of the operators, testing parties going in, a committee consisting of Hoxton Johnson, for the miners, and William Wilson, for the operators, went to Indianapolis today to hold a conference. If the miners' national executive board to try and secure a compromise agreement, if this fails a strike is inevitable.

DEEPLY IN THE LAW

Indiana Board of Health Rejects Anti-Vaccination Liberties.

Indianapolis, April 9.—The state board of health is defying a law that was passed by the last legislature. The measure was introduced in the form of an amendment to the law already in existence, and made it unlawful to exclude from the public schools of the state any child of school age who is in good health mentally and physically. In other words, no matter what may be the conditions of the child's father, who is suffering from contagious or infectious diseases, under the new law the child cannot be held in quarantine, but can attend school.

The amendment was introduced by Representative Lott, a member of the school opposed to vaccination. It is this law that the state board is defying, and Secretary Hurty says that the courts of the state will uphold the board in its action. Instructions have been sent out from time to time informing the secretaries of county boards of health that the law is not to be observed. As heretofore, the pupils coming from homes where confined from schools.

Hanged to His Post.

Greensburg, Ind., April 9.—Riley Robbins, a wealthy farmer and prominent in the G. A. R., was found dead, hanging to a bedpost. His wife had been dead for several years, he lived alone. No reason can be assigned for the suicide, as Mr. Robbins was well fixed financially, and he was seen by his neighbors feeding his livestock only a short time before his death was found.

Robbed the Trustee.

Brazil, Ind., April 9.—Burglars entered the home of John Rippe, school trustee of the town of Staunton, and robbed him of \$300. They entered the house, chloroformed Mr. Rippe, his wife and two children, and took the money from Mr. Rippe's pocket. The money belonged to the school fund. There is no clew.

Sentenced For Thirty Years.

Noblesville, Ind., April 9.—Fred Batts of Muncie and John Darlington of Dunkirk entered a plea of guilty to larceny yesterday before Judge Neal, and were committed to the Jeffersonville Reformatory under the indeterminate sentence law. Batts was sentenced to 30 years, and Darlington to 20 years.

Grindstone Let Go.

Southport, Ind., April 9.—Jacob Yeager, blacksmith, was alarmingly injured yesterday while working in his shop, a grindstone bursting and the fragments flying in every direction. Yeager was struck in the head, causing concussion of the brain. Orville Harding, a boy who was in the shop as a spectator, was slightly hurt.

Killed While "Kidding."

Elkhart, Ind., April 9.—Adelbert McCoy, 16 years old, is dead here in injuries inflicted by Bert Swaim, 23 years old. The young men were "kidding" each other, and Swaim became angry and inflicted fatal injuries.

Robbed the Professor.

Bloomington, Ind., April 9.—The home of Dr. J. A. Woodburn of the chair of history of the Indiana University was entered by burglars. They carried off the silverware and took \$10 belonging to Mrs. Woodburn.

Getting Back to Work.

Springfield, Ills., April 9.—All the mines in the Springfield subdistrict resumed operations yesterday with the exception of one, where the drivers refused to work because they were not furnished cotton and oil free.

COURT NEWS.

The following cases were filed in circuit court today: By A. M. Gardner, Grant S. Sherman vs. W. T. Allen, on account. By C. C. Binkley, Patrick Corrigan vs. the estate of Timothy J. Corrigan, claim by T. J. and Jessup, Mary E. Allen vs. John W. Allen for divorce. Complaint recites that they were married at New Castle in 1888, that in 1890, defendant left complaining and has not lived with, or supported her since, and is an habitual drunkard. Divorce, custody of their child Dorothy, and \$500 alimony are asked.

PRETTY COSTLY.

The Sunday Violators Pay Fines Aggregating Nearly \$200 for Last Sunday's Business.

With beer selling at five cents a glass the saloon men who were caught violating the law last Sunday will have to get even. The fines assessed in police court this afternoon foot up to about \$200, which at the usual tariff will require the sale of 4,000 foaming schooners without reckoning the cost of the beer. As it ought to require no more than ten schooners to put a man in a condition of recklessness that would mean 400 drunken men before the brewery gets anything.

There were twenty-six good cases against Frank Hebbler, bartender for Keenpohl, and two against Tim Warren, bartender for Alf Collett. By agreement fines were assessed against Hebbler in twelve cases and the fines and costs figure up to \$14.15 in each case, a total of \$169.80, and two cases against Warren, with the same fine and costs, footing to \$28.30. They were stayed and paid, and thus justice is satisfied.

Mamma Know Her Business.

Chicago, April 9.—The new city administration, headed by Mayor Carter Harrison, was indicted into office at the city council chamber last night. A picturesque feature of the gathering was the presence of Mrs. Potter Palmer, with a corte of prominent society people, who came to see her son, Honore Palmer, alderman from the 21st ward, sworn in as a city official. When the time came for Alderman Palmer to poll his vote he was so busy explaining the "dodging" to a young woman that he forgot to vote and the audience laughed and applauded. Reading Clerk McCaffey then announced the second time, but his mother, who was listening, evidently knew how her son should vote, for she uttered an involuntary "aye," and the vote was counted before the listeners realized the situation.

Boxer Movement Reviving.

Shanghai, April 9.—Yu Yin Lin, governor of Hupei province, has been appointed governor of Kwang Si province, in succession to Huang Hui Sen, who has been ordered to resign. This is interpreted to indicate that the reactionary of Sun Yu intend to introduce the Boxer movement in the southern province.

Swartwood Finally Taken.

Springfield, Ills., April 9.—N. Swartwood, who killed C. B. Caldwell, a wealthy farmer and neighbor of Swartwood near Manchester, Ills., last Wednesday in a quarrel over a homestead line, and who has been hunted by the sheriff with a posse and blood hounds, was arrested in Ashland yesterday.
