FRIDAY, MAY 24, 1901.

The sudden death of Ex Governor Tanner of Illinois yesterday removes a prominent figure from the political arena of that state. Mr. Tanner was a combative and nervy politician. He was 57 years old and a native of Indiana.

The sharpness with which the revision of creed debate in the Presbyterian general assembly started yesterday showed what a deep interest is being taken in the subject. Notwithstanding the fact that 151 Presbyteries recommended a revision of the church creed it is evident that a determined fight will be made against a change by the conservative element in the general assembly.

I. O. O. F.

Grand Officers Nominated At Indianapolis Yesterday.

The closing session of the annual meeting of the Indiana grand lodge of Odd Fellows was held yesterday afternoon.

The following officers to be voted for at the meeting of the grand lodge to be held here in November were named yesterday:

For Grand Master—George P. Brown, of New Albany.
For Deputy Grand Master—E. E. Prior, of Martinsville.
For Grand Warden—D. M. Bell, of Dubois.
For Secretary—J. H. Brown, of Columbus.
For Treasurer—Curtis Marshall, of Madison.
For Editor of the Grand Lodge—Edwin Farrer, of Nashville.
For Grand Chaplain—W. H. Hastings, of Washington.
For Grand Lecturer—John H. Carroll, of New Amsterdam.
For Grand Scribe—J. B. Plesinger, of Bluffton.
For Grand Organist—Alexander Johnson, of Fort Wayne.
For Grand Marshal—J. D. Dalton, of Mankin.
For Grand Marshal—W. W. Pershing, of Tipton.
For Grand Marshal—E. F. Harding, of Fort Wayne.
For Grand Secretary—W. H. Leedy, of Indianapolis.
For Grand Treasurer—John F. Wallick, of Indianapolis.
For Grand Treasurer—W. A. Morris, of Frankfort.
For Grand Treasurer—Benjamin Franklin, of Indianapolis.
For Grand Representative—Thos. R. Jessup, of Richmond.

Public Waiting Room Association.

The establishment of a public waiting room in this city is almost an assured fact. An earnest company of representative citizens have deliberately discussed the subject as to its expediency and feasibility and a constitution has been unanimously approved. It provides that any one can become a member of the association by the annual payment of 50 cents. The controlling power is vested in a representative central council. There will be an auxiliary council, and the business management will be entrusted to a carefully selected board of managers.

It is hoped that all well disposed citizens will take more than a passing interest in this matter and encourage the inauguration of the movement by sending their names and the membership fee of 50 cents to the temporary secretary, Francis M. Robinson, or they may be left at M. C. Price's hardware store, 816 Main street.

The project when fully understood will certainly commend itself to every one without exception who would like to surround all human lives with the environments which tend to make all men manly and all women womanly. The magnitude of the work that can be undertaken in the beginning, the extent of its usefulness and the rapidity of its development must all depend upon the support that is given by those who see the opportunity that is now for the first time afforded for a united and persistent effort of all good people to co-operate for the general good.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure to get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75¢ per bottle. Hall's Family Pills are the best.

ART EXHIBIT.

Arrangements Well Started for This Annual Educational Function.

The arrangements for the annual art exhibit are now so well under way that a very good idea can be given of the rare treat that is in store for the public. Particular effort has been made this year to lessen the number of pictures and at the same time raise their standard—a question of quality not quantity. About \$150 is needed to make the association safe in all its undertakings and it is hoped this will come in within the next three or four days. The officers of the association are confident the public will freely give this amount or purchase tickets equivalent to it, if reminded of the fact or approached on these points. The tickets will be on sale at Fletcher's, Nicholson's, Moorman's and Jenkins' and will be in the hands of the various committee members.

It cannot be told at this time exactly all the pictures that will be on exhibition, but a large number have been assigned that will be there without fail. Several come from New York. F. Hopkinson Smith, known to the Richmond public as an author and lecturer as well as an artist, sends water colors that show originality and uniqueness. Mr. Smith lectured at Earlham not many seasons ago. Child Hassam, New York, sends work in oil. He exhibited here last year, but will have something new. Charles Warren, Eaton, New York, sends two oil paintings of scenes in Holland. He had two fine views last year. These men all exhibit in the finest picture displays that can be paid for their work is considered of the highest standard. F. K. M. Rehn, New York, the marine painter, sends two pictures. Edwin H. Polhaus, New York, who exhibited one water color last year, sends water colors. He frequently contributes to the Century Magazine. Bruce Crane, New York, has also half promised to send one of his best oil pieces.

Chicago will be represented by several artists. William Wenot has promised four oil paintings. He is a resident of Chicago. He sold seventeen pictures, which is considered a very remarkable performance. There will be two oils from Sweden. Svenson, whose specialty is Norwegian winter scenes. He is an artist with an exceedingly interesting personality and more about him will be presented later. A high compliment that can be paid his pictures is that they are Swedish. Charles Hallberg, the sailor artist, will contribute marine views. Pauline Dan will be represented by two pictures, one of which, entitled "The Seeker," is valued at \$1,000. It is a figure piece. There will be one oil by Brush and Pencil, an art magazine. Anna L. Stacey sends oils and water colors. Mrs. Martha Baker will send an exquisite collection of miniature oil paintings. Mrs. M. C. Price, teacher of figures in the Chicago Art Institute, will also contribute.

The association has the promise of sixteen pictures of a high grade from Columbus, Ohio. Mr. and Mrs. Pauley, Alice Schille and Miss Ziegler, a relative of the McCabes of this city, will be among the contributors. Cincinnati will be represented the same as last year, each artist having three or four pictures. Messrs. Meakin, Sharp, Earhart and Duveneck and Miss Wilson make up the list. Indianapolis' four names that are best known to the art world will be represented. They are T. C. Steele, William Forsythe, Otto Stark and L. B. Grueble. Indianapolis parties will send a picture by Frank Schell of Paris, J. Otis Adams of Brookville, and John Seaford, so well known locally, will have some of their best work on exhibition. This gives some idea of what the foreign contributions will be, and besides, the local artists will have many good things. Charles Conner, Prof. J. E. Bundy and Frank Irwin will all have new work that is most highly spoken of. There will also be a small loan exhibit.

The department of arts and crafts will be a feature this year, as it has been enlarged to include china, pottery, wood carving, metal work, needle work, textiles, book binding, illuminated texts, etc. The promise has been secured of a number of pieces from the celebrated Altan Ceramic club of Chicago. Mrs. L. P. Stubbs and Miss Bessie Whitridge of this city will be better represented than ever before. The Janesville, O., pottery has promised an extensive exhibit through the personal solicitation of Colonel John F. Miller. There will be a collection of pottery showing the best specimens of ware work at the same time representing several nations. There is also the promise in textiles of hand-made coverlets from Clay county, Kentucky. This work is done by women in their homes, but is superintended by Miss Robinson of Berea college. There will be made rugs from Pequot, N. H. These are the handiwork of the village women. There will be a number of beautiful hand made things from the Chicago Arts and Crafts society. There will also be hand made lamps and clocks from Dayton, O. The wood carving department will have some splendid work.

The work of the schools will be fully set forth. Miss Charlotte Mendum is in charge of this. Prof. W. S. Hiser is looking after the manual training department. A sketch room will be in charge of Miss Hattie Elliott. The sketches will all be by amateurs.

An artistic catalogue of the exhibit will be issued. The cover design is by Miss Mendum, and is a beautiful thing. The catalogue will be free from advertisements this year, an innovation that will be pleasing.

Old Soldier's Experience.

M. M. Austin, a civil war veteran, of Winchester, Ind., writes: "My wife was sick a long time in spite of good doctor treatment, but was wholly cured by Dr. King's New Life Pills, which worked wonders for her health." They always do. Try them. Only 25¢ at A. G. Luken & Co.'s drug store.

BEHIND THE BARS

The Philippine Commissary Swindlers Enter Upon Their Imprisonment.

IN EXPIATION OF CRIME

Capt. Barrows, Capt. Reed and Lieut. Boyer Sentenced to Five, Three and One Years Respectively.

Interesting Story of an American Agent of the Insurgents Has Just Come to Light.

Manila, May 24.—At Bilbil prison, Manila, three former United States officers last night began to serve sentences in expiation of crimes in connection with the commissary scandals. Captain Frederick J. Barrows, late depot quartermaster of the department of Southern Luzon, is sentenced to five years' imprisonment; Captain James C. Reed, late depot commissary at Manila, to three years' imprisonment; and Lieutenant Frederick Boyer, late depot commissary at Calamba, to one year's imprisonment. Captain Reed and Captain Barrows seemed comparatively unmoved by their situation. Lieutenant Boyer protested his innocence and seemed vindictive toward Captain Barrows, who he alleged, was alone guilty of misappropriation. Major Hare, commandant of the prison, cleared a storeroom to be occupied by the trio apart from the Philippine prisoners, but as Lieutenant Boyer avoids speaking to Captain Barrows, other arrangements are probable.

An examination of the effects of Knud Engelskjold, the Norwegian through whom the Mohammedan chiefs of Mindanao made overtures of peace to General Otis, and who was recently arrested for embezzlement, discloses the fact that he had been acting as an agent of the insurgents since 1898. He carried as his credentials a letter from the Philippine junta in Hong Kong to Aguinaldo, and on a pretense of examining mining property in Mindanao, he visited the insurgents. Accompanying him was G. E. St. Clair, an American. The latter pretended to be an Englishman, but yesterday he acknowledged that he was acting as an agent of the insurgents. Colonel Colton, assistant collector of customs in Manila, and S. H. Steel, a Manila lawyer, in an endeavor to secure possession of mining property in Mindanao before the American troops arrived. The insurgents suspected St. Clair's nationality and twice sentenced him to be shot, but he managed to escape. St. Clair was taken into custody yesterday and paroled pending the investigation.

The question of the transportation of the 700 American teachers engaged to come to the Philippines is so serious that Judge Swift has called Secretary Root requesting that transpacific be detailed or that other special arrangements be made, as, owing to the movement of troops, there are no accommodations for the teachers.

President Breaks the Sod. San Francisco, May 24.—In the presence of several thousand people President McKinley last evening turned over the first sod of the new Inland Empire Square where the monument commemorating Admiral Dewey's victory at Manila bay is to be erected.

THE STRIKE SITUATION

Machinists Claim to Be Gaining in Settlements.

Washington, May 24.—President O'Connell of the Machinists' Union, in summarizing the situation, said: "The situation now shows that we are largely the gainer in the number of settlements made. The adjustments reported yesterday show a gain in New England, of 1,200 in the number of men returned to work with the demands granted; of 500 or 600 in Ohio; and probably 1,000 in Pennsylvania. About 1,000 men struck yesterday. There are some strikes in Philadelphia, and some in the Seaboard Air line shops at America, Ga. Our policy is to discourage bringing out any more men than is absolutely necessary to effect the success of the movement."

Advices to headquarters here indicate that at San Francisco many of the smaller concerns are ready to grant the demands, but are not ready to sign the agreement. At Indianapolis the American Bicycle company is reported as agreeing to the demands but refusing to sign the agreement. The same condition exists at several other points, and the matter is being left to the local organizations to settle.

America Stands Alone.

Washington, May 24.—Mr. Rockhill has confirmed the news from Pekin that the foreign ministers have declined to accede to the suggestion of the United States that the total of the indemnity to be collected from China shall be limited to \$200,000,000. It is expected that he will continue his efforts in the direction of keeping down the maximum of claims, even while abandoning the idea of limiting the indemnity. It is believed that the outcome will be a compromise upon a figure between \$200,000,000 and the maximum of \$327,000,000 claimed by the powers.

Worse Than Penal Servitude.

Worcester, Mass., May 24.—Mrs. Elizabeth A. Narumore, who killed her six children at their home in Coldbrook Springs, March 14 last, by locking out their brains with an ax and a club, was arraigned in the superior criminal court for Worcester county yesterday afternoon. The case was given to the jury after counsel had agreed that Mrs. Narumore killed the children and that she was insane at the time, though she is now sane. By order of the court the jury returned a verdict of not guilty because of insanity. Mrs. Narumore was committed to the Worcester insane hospital for life.

An Echo of Big Strike.

Springfield, Ill., May 24.—In the United States circuit court here the cases of the United States against Eugene V. Debs, United States versus American Railway union; United States versus George W. V. Debs, United States versus Clarence Gill, president American Railway union, have been dismissed with leave to renege. The cases against Debs were injunctions restraining him from influencing railroad employees in the big strike of 1894. Clarence Gill was held, as accessory to Debs.

A Grave in a Desert Place.

Springfield, Ill., May 24.—The interior has instituted a searching inquiry into the circumstances attending the suicide of Bresci, the assassin of King Humbert. A post mortem examination will be held, and the body will then be buried in a desert island. The warder's account is that he saw Bresci take a towel to the bars of the grating of the cell and hang himself, Bresci being dead when the warder reached him.

By Way of London.

London, May 24.—A dispatch to the Reuter Telegram company from Pekin says that the government of the United States will under no circumstances consent to any increase in the Chinese tariff unless commercial advantages are conceded in return.

TELEGRAMS

The making of a new mast and giraff for the Shamrock II has been begun at Glasgow.

Dispatches from points throughout the world show a generally satisfactory yield.

Frederick Johnson for place of meeting by the Order of Railway Conductors for 18
