SATURDAY, MAY 25, 1901.

The thirty-seventh annual Indiana Sunday school convention is announced for Shelbyville, Tuesday, Wednesday and Thursday, June 18, 19, 20. Dr. J. Wilbur Chapman of New York, Dr. H. M. Hamill, international field secretary, W. C. Pearce of Illinois, normal teacher and field worker of international fame, Mrs. Mary Barnes Mitchell of Iowa, primary specialist and noted convention speaker, and Prof. E. O. Excell, the far famed convention chorister, together with many able Sunday school leaders of our own state, will furnish an unequalled opportunity for fellowship instruction and inspiration in the great Sunday school enterprise of this new century. All Sunday school superintendents are authorized to credential themselves and will go. One fare for the round trip on all roads. Free entertainment for lodging and breakfast. Dinners and suppers served near the church for 15 to 20 cents. Reduced rates at hotels. Ask your superintendent to send in your name at once. For particulars, address John C. Carman, state superintendent, Indianapolis.

The publication of lists of donors to charitable enterprises is a thing of doubtful propriety, to say the least. It is a very different thing from the publication of a noteworthy and exceptional donation by an individual. Parties who have the responsibility of soliciting contributions for some local charity are not expected to make public use of the names of donors. They certainly have no right to make such use of them without the consent of the persons interested. The main object in publishing these lists is to work on human vanity and thereby stimulate donations or subscriptions. It is perhaps justly assumed that a good many people like to see their names printed in these lists. But the assumption is not warranted that all do, and those who object are entitled to have their wishes respected. The Palladium has, in the past, printed such lists at the request of donation solicitors and has thereby incurred the just displeasure of some donors. Hereafter when donation lists are sent to this office for publication they must be accompanied by satisfactory assurance that the donors have all been consulted, in order to secure insertion in these columns.

The long pending decision of the United States supreme court as to whether the constitution follows the flag into our island possessions will be handed down next Monday. The fact has leaked out that the decision will sustain the position of the government. The court is said to be divided, but the majority of opinion is against the theory that the constitution necessarily applies to all the possessions of the nation. The opinion disposes of the uniform taxation clause of the constitution which has been invoked by all the appellants in the cases which have brought out this decision in the following manner: The framers of the constitution in writing that clause had no thought of its application to territorial possessions. No such question was now presented had arisen in their minds. The clause "all duties, imposts and excises shall be uniform throughout the United States," the court holds, was placed in the constitution as a result of the jealousy of the states which united in forming the nation. It was intended to prevent any state or combination of states securing advantage over another or others; to prevent the ports of one state gaining preference over those of another in the importation of goods. This rule of uniformity was made primarily for the states united, the court holds, not for territories then possessed or afterward acquired, and the constitutional requirement is satisfied as long as all duties on imports are uniformly imposed at all the ports throughout the United States. The advantage of this uniformity may be extended to territories and possessions not states and not members of the American union, but that is for congress to determine under the authority of the constitution. The opinion of the court is unquestionably sound. It is based on common sense and meets the requirements of present conditions.

We do not believe that it is the business of the state to try to protect its citizens against all the humbugs that prevail. There seems to be something in human nature that craves humbuggery, and the supply exists because of the demand. Most of the humbugs are comparatively harmless. Most of their victims are happy in being humbugged. These should not be deprived of the blessed privilege. It may cost them something, and they may learn later on that they were duped, but then the valuable experience gained in such cases can be accepted as full compensation for their loss of money and for their disappointment. Prayer healer Dowie of Chicago is one of the humbugs that has hitherto seemed to us comparatively harmless. To be sure, he has relieved his dupes of a good deal of money that might be of use to them later on, but they are probably happier without it than they would be with it. He has effectively applied the prayer cure to some who came to him to be healed, but who were, in most cases, either not sick or were in a frame of mind to be persuaded that the "divine" remedy was effective. In all ordinary cases there could no harm come of this business. But a case of Dowieism occurred in Chicago the other day that has aroused just indignation. A woman was allowed to die in childbirth for lack of proper care and professional attention. Such was the verdict of a coroner's jury and the evidence certainly sustained it. The result was the arrest of Dowie and the husband of the woman. The fact that the woman believed in Dowieism will not be accepted by the courts as sufficient excuse for the neglect which resulted in her terrible suffering and death. Dowie will be punished if there is any law that will reach his case. For the husband of the victim there can be no adequate punishment under the law. But he should, through the remainder of his life, be held up to the scorn and contempt of his fellow men, and be shunned by all self-respecting women.

Base Ball.
Tomorrow, with the weather permitting, the newly organized Kokomo team will play the Entre Nous at the Driving park. This is a strong aggregation of ball players, and will no doubt put up a good article of ball. McCord, the pitcher, was at one time a member of the Marion team. Thursday he shut out the Logansport team by a score of 10 to 0. The line-up of the home team will be the same as that of the last game. The following line-up of the Kokomo team shows some ball players of note:
McDonald, p.
Loker, c.
Fear, 1b.
O'Donal, 2b.
Garvey, 3b.
Lester, ss.

IT IS NOT DECIDED

What Disposition Will Be Made of Indianapolis Arsenal.

INVESTIGATING A BIT

Gen. Otis, of the Department of the Lakes Sends An Officer to View the Situation.

Major Thorpe Is of the Opinion a Battery Post May Be Established.

Indianapolis, May 25.—Major Frank Thorpe of the United States army arrived in the city yesterday from Fort Sheridan as a result of orders sent from the war department to General Otis, who commands the Department of the Lakes, to inspect the Indianapolis arsenal grounds and buildings to ascertain if it would be advisable for the war department to utilize the grounds and buildings for an army post for infantry or for a battery of field artillery. The orders also gave Major Thorpe instructions to take a complete inventory of everything connected with the arsenal and to make a report to Gen. Otis, who in turn will report to the war department.

Major Thorpe spent the afternoon at the arsenal and made a preliminary inspection of the grounds and buildings. He is in consultation today with Major Shaler, commandant at the arsenal, and will make a thorough inspection and inventory to incorporate in his report to Gen. Otis. He really does not believe the war department will decide to completely abolish the arsenal grounds in Indianapolis," said Maj. Thorpe, "but of course I am not in a position to say what disposition will be made of the grounds. In case the department does not establish an infantry post here or a battery of artillery it may use the site for a general recruiting station."

WRONG USE OF MAIDS.
Gets Elmer Huddleston and Wife Into Trouble With Uncle Sam.
Indianapolis, May 25.—A jail sentence of 90 days has been given Elmer Huddleston by the United States court, his wife has been sentenced to the same place for 30 days, and a clerk in the money order department of the Indianapolis postoffice is \$150 out of pocket on their account. The Huddlestons were indicted by the federal grand jury on the charge of using the mails for fraudulent purposes. They owned an interest in a Texas estate and sold it to an uncle for \$150. Mrs. Huddleston's sister had a similar interest in the same estate. The estate was Mrs. Coffman and the Huddlestons brought the orders from their home near Southport to one Indianapolis office and got them cashed.

Tragedy in Show Tent.
Newcastle, Ind., May 25.—During the performance of "Huckling Billy" at the show tent at this place yesterday, Edward Wallace of Cairo, Ill., was stabbed to death by William Briggs of Paducah, Ky., in the cooking tent where both were employed. A butcher knife was used. Wallace was the first to strike with a break board, but the next stroke sent the 10-inch blade of the knife to his heart and he was then ripped open, dying immediately. Both men are negroes. Briggs escaped to the woods.

Glad That He's Alive.
Muncie, Ind., May 25.—Arthur Koenig, 18 years old, dependent because his parents forbade his marriage to a girl of similar age, to whom he had been attentive for two years, attempted to commit suicide by swallowing poison, but a stomach pump relieved him. He is now glad that he is still alive, and he will make no further attempt at self-destruction.

The Law Will Intervene.
Whitestown, Ind., May 25.—The educational laws passed by the legislature will, if strictly complied with, seriously affect the township schools in this county. Some of the township trustees had planned to erect high schools, but the law forbids a high school in a township of less than 20,000 population.

Postoffice Safe Dynamited.
Shelbyville, Ind., May 25.—Burglars forced their way into the store owned by Frank Kelley at Ray's Crossing and secured the postoffice safe, which they carried some distance away, and then opened with dynamite. They found \$50 cash and an equal amount in stamps.

Two Drowned While Boating.
Lawrenceburg, Ind., May 25.—Miles Williamson, 13 years old, and Carl Sauer, 12, fell overboard while boating on the Ohio river, and were drowned.

Big Fire at New Castle.
Newcastle, Ind., May 25.—The Safety Shutter factory was started by fire last night and \$10,000 damage was done to the \$90,000 plant.

ANOTHER VERDICT

Dowie and His Methods Recommended for Investigation.
Chicago, May 25.—Another coroner's verdict was registered against the followers of Dowie last evening, when the jury which has been listening to the evidence in the case of Mrs. Mary Louie, the chestnut street woman whose death was due to the neglect of the authorities of Dowie's church, and urging the state officials to investigate the workings of the hospital run by Dowie, which it is said is managed by the aid of the state laws. Steps will also be taken to prosecute some of the nurses and "deacons" in charge of the place for practicing medicine without a license. Mrs. Christensen was burned in her dwelling and so severely injured that she died some days later. No medical attendance was given her, but evidence was brought out to the effect that the burns had been treated with vasoline, and all through the Dowieites declaim against antiseptic precautions, insisting that there is no such thing as infection, it was admitted yesterday that the bandages used in treating the woman had been carefully boiled. The matter of the hospital will be brought before the state board of health.

Dowie Paid the Bills.
New York, May 25.—Earl Gladstone Pierson, the two-months-old child of J. Luther Pierson, the faith healer who is in jail in Waite Plains because he refuses to pay a fine of \$500 imposed upon him for failing to provide a medical attendance for a foster daughter who died recently from pneumonia, was buried yesterday. A New York undertaker called at the Pierson home in Valhalla, and told Mrs. Pierson that he had been instructed by John Alexander Dowie of Chicago, the organizer of the Christian Catholic church in Zion, of which Pierson is a member, to look after the burial of the child. He said that Dowie had also forwarded money to pay for a plot in which to bury the infant.

BIG LABOR MOVEMENT.
Nine Hour Day On All Railroads Is to Be the Next Thing.
Washington, May 25.—James O'Connell of the International Association of Machinists, has announced that he will recommend to the next annual convention of machinists at Toronto, beginning June 3, that a date be set for a 9-hour day without reduction in wages on all the railroads of the country. On railroads which fail to comply with this demand, a strike will be ordered. This recommendation will be made in Mr. O'Connell's annual report. Mr. O'Connell says that such a strike would involve probably 100,000 men, including 40,000 machinists, the others being electricians, patternmakers and semi-skilled workmen who work with the machinists in the various shops. The policy will be to enforce the demand by tying up practically the entire mechanical service of the roads. Mr. O'Connell says the country does not need less than a 9-hour day when the 9-hour day must be in operation on all roads and he believes this date should be some day in the autumn. Mr. O'Connell says that the book of the present strike is gratifying.

HON. E. J. PICKETT'S PUBLIC STATEMENT.

"I Have Found Benefit and Help from the Use of Dr. Greene's Nervura, and Freely and Publicly Recommend Its Use to Any Others Who May Be Suffering from the Same Troubles."

As Commander of the Clinton G. A. R. Post for 10 years, and President of the Clinton Co. Veteran Association; as Representative of his district in the State Legislature, and holding other public offices in the gift of the people of his section, the Hon. Mr. Pickett has a wide acquaintance. He is trusted, respected, and looked up to by all. His word is "as good as his bond." Everyone who knows him or his reputation, will understand how thoroughly he has been convinced, before making a public statement. Dr. Greene's Nervura blood and nerve remedy cured him of rheumatism and insomnia. Read his letter.

Hon. E. J. Pickett, Pickett's Corners, Saranac, N.Y., says:

"It gives me pleasure to thus address you, giving some account of my opinion of DR. GREENE'S NERVURA BLOOD AND NERVE REMEDY. I have used Nervura for some time back. I have been troubled with rheumatism and insomnia for a considerable time. I am pleased to state that I have found benefit and help from the use of Dr. Greene's Nervura in a large degree, and freely and publicly recommend its use to any others who may be suffering from the same troubles. The report of the benefit conferred on my friends has come to me often, and I feel sure that Dr. Greene's Nervura stands high with them, as it justly deserves. You have my permission to publish this letter and my photograph, hoping it may do good to others also."

Rheumatism, insomnia, and all blood and nerve troubles are cured by Dr. Greene's Nervura blood and nerve remedy. No one can doubt this who reads the testimony of the men and women printed in this newspaper nearly every day.

Why do you ignore this great medicine and experiment in ways that never cure? Stop making the mistake of forcing Nature and begin the use of the medicine that works in harmony with natural laws. Dr. Greene's Nervura always helps and always cures. Test its virtues in your own case now.

Dr. Greene's free advice is at the disposal of all who are ailing and weak. Write to him, or call at his office, 35 W. 14th St., New York City. No charge in either case.
