WEST SIDE, 3D STREET AND RAILROAD

DUBLIN.

Thornburg preached his first sermon at the Radical U. B. church Sunday a. m.

Walter Kline of Wichita, Kansas, is here visiting parents, old home and friends.

Miss Hazel McGath has been wrestling with a case of malarial fever for a week or more.

Solomon Cripe, who has been visiting his children in Chicago all summer came here a week or so ago to his old home.

Rev. Hobson preached his first sermon in the Liberal U. B. church Sunday for this year.

Dr. Smith, an old physician from Metamora, Ind., has moved here and has taken charge of the drug store recently, of James Hatfield, and will add to it in connection with his practice.

Nearly or quite all the empty houses in Dublin are now occupied.

Marshal, son of Mr. and Mrs. Casper Green, took sick Saturday morning and died in the evening. He was their only child. He was 17 years of age and had not been in good health for some time.

Mr. Jones and family from Ridge farm, Illinois, was here all last week on a visit to Charley King and family, being a brother-in-law. Mr. Jones is a large farmer in Vermillion county, Ill. His brother-in-law, Mr. King, spent the week in taking him about over the country letting him see some of our fine Indiana land and farms, our good gravel roads, a thing they never enjoy in the portion of Illinois in which Mr. Jones lives. Mr. King and Mr. Jones attended the state fair on Thursday which within itself was a big thing.

Dr. Champe of Dublin received the sad news of his brother, Lafayette Champe's death, at Garnett, Kan., the first of last week. He was the last living member of the family save that of Dr. Champe, living here. It was sad news to his brother here.

Appropriate services were held here on Wednesday afternoon and Thursday afternoon of last week over the funeral of the President. The reason services were held in the M. E. church Wednesday was from the fact that Rev. Pierce could not be here on Wednesday, as he was to attend the reunion of his regiment, the 8th Indiana, which met at Winchester on Thursday.

Kirkpatrick and his gang of hands desisted work again on Saturday last, in the laying of our pavements. The work no doubt will now be pushed to a finish, as the contractors have other jobs awaiting them. They are doing some fine work, from the appearance of the pavements when perfectly dry. Much work is yet to do in finishing the grade outside of the pavements by the citizens, but when all is finished our streets will compete in appearance with the best.

Summer Complaint

Is not always brought about by change of air and water. The "stay-at-homes" are just as susceptible to diarrhoea; due, generally, to overeating, as unripe fruits, etc.; and, drinking ice water, all accompanied by painful bowel discharges; and, if not checked, results seriously. Perry Davis' Pain Killer is the only purely reliable remedy. 25 and 50c.

A YOUNG LADY'S LIFE SAVED**At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.**

Dr. Chas. H. Utter, a prominent physician, of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by A. G. Luken & Co. and W. H. Sudhoff.
