FRIDAY, NOV. 22, 1901.

Indiana and Ohio Weather

WASHINGTON, D. C., Nov. 22.—For Indiana—Rain tonight, turning to snow and colder in the north Saturday, cloudy and colder.
For Ohio—Rain or snow tonight, warmer in the central and western; Saturday rain or snow with falling temperature.

LOCAL MENTION.

Dark glasses for the sun. Haner's Spectacles correctly fitted at Haner's.

Kernels of wheat the queen breakfast food. oct9dtf

Go to the K. of P. temple and have your fortune told, at Rathbone Sisters' fair. 21-33

Mrs. Charles Kolp's 9 o'clock dance tonight. Piano and drum will furnish the music.

B. F. Grave of Pennville, historian of the Grave family, is in the city visiting friends.

Typewriters, all makes, for sale or rent. Ribbons, repairs, etc. Tyrrell, W. U. telegraph office. 11

Parker Osborn, aged 80 years, son of Charles Osborn, died last Monday at Sabina, Ohio, and was buried at Wilmington, Ohio, Wednesday. He was well known to many in this community. Charles Osborn was one of the founders of Quakerism in the west.

The Indianapolis News of last evening contains portraits of Louis Kriete and his bride, Miss Edna Endsow, and an account of the wedding which occurred at Noblesville at the home of the parents of the bride, Mr. and Mrs. Samuel Endsow. The wedding was an elaborate home affair and one of the big social affairs of the season at Noblesville. The house was garlanded from cellar to garret. George Reynolds of this city was best man and Misses Gertrude Stoll and Nellie Boswell bridesmaids. Music was furnished by the Montani brothers, of Indianapolis. Blue and purple were the predominating colors in the dining room. The ceremony was performed in the parlor beneath a huge bell of white roses, and in front of an immense bank of potted plants, ferns and chrysanthemums that extended to the ceiling. Among the out of town guests were Mrs. Mary Kriete, Miss Nettie Reynolds and George Reynolds of Richmond. Mr. and Mrs. Kriete will be at home to their friends at Noblesville after January 1.

DEATHS AND FUNERALS.

CONWELL—Miss Mary Conwell, formerly of this city, died at Anderson last evening. The remains will arrive Saturday morning at 9 o'clock and be taken to St. Paul's Episcopal church where the casket will be open from 9:30 to 10 o'clock for friends to call. The services will be at 10 o'clock at the church. Interment at Earlham.

O'BRIEN—Thomas O'Brien, aged about 72 years, died this noon at his home five miles northwest of the city. Funeral announcement later.

BROWN—The funeral of Arthur Brown occurred yesterday from the home, 812 north F street, Rev. Chamness officiating. The pallbearers were A. G. Ogborn, O. H. Fry, R. J. Salter, Jesse Brooks, George Dowell and Elijah Lawton.

Rathbun Indicted.

Jeffersonville, Ind., Nov. 22.—A special grand jury today indicted N. C. Rathbun for murder in the first degree for killing a man supposed to be Thomas Goodman.

Why Brown Came Down.

The presentation of the above play at the Gennett last evening by the Dramatic club was as good a piece of work as the club has done in its entire existence. The cast was just right; everybody had a part suited to the capacity of the performer. The house was filled and the audience enthusiastic.

Advance of Ten Per Cent.

Louisville, Ky., Nov. 22.—The L. & N. railroad without notice advanced the wages ten per cent. of all shopmen in Louisville. They received \$1.75 per day or more.

Ohio Favorite laundry soap, 10 bars for 25c. HUFF'S, Sixth and Main.

WONDERFUL.

A RICHMOND INVENTOR HAS DISCOVERED IT.

Storing the Heat of the Sun Into Blocks, Like Ice is Made, for the Heating of Houses in Winter.

From a reliable source we learn that one of the greatest discoveries of modern times has been made by a Richmond man and will be put on the market by next winter, and perhaps earlier, and Richmond capital will float the enterprise to a large degree. It is a method of storing the heat rays of the sun. It has for years been thought this was possible, but the method has never been considered until now. The theory is similar to the making of ice. In ice-making the heat rays are taken out of the water, which hardens into ice and the subsequent melting of the ice is due to the absorption of the heat from the surrounding air, producing cold. In the process of storing heat this process is reversed. The inventor, who is a practical and scientific man, a former student at college, where he first got his idea of the matter, has discovered a substance which is abundant and cheaply procured which will absorb the heat rays of the sun and hold them until driven out again. The material is to be made into blocks like ice, and the heat collected and sold that way; or the material will be sold to large plants and the purchasers charge the blocks themselves. In winter the heat stored up in the blocks is driven out by a process which is still a secret as is the composition of the blocks and this heat is diffused in a summer-like warmth, not like the heat of a stove, but like the heat of the sun. The entire process is a very simple one to the user of the blocks.

There has been one meeting of capitalists held in the past week at which a practical demonstration of the process was made and all present were fully satisfied that the process is practical and easily used; and that it will revolutionize the present methods of heating in winter. There is no fuel used, simply heat by the sun is stored and afterward liberated as wanted, both of which processes seemed to be practical and easily applied. While this information is thoroughly reliable, from a reliable manufacturer, we are not at liberty to use names for the present.

RAILROADS.

Important Changes in Time Of Trains Over the Panhandle—New Train Added.

There will be so many changes in the local time table on the Panhandle lines running into Richmond that we find it would be impossible to attempt to give them without danger of complicating matters and producing confusion. All who travel or expect to should bear in mind that these changes are very numerous and go into effect on Sunday, Nov. 24, at 7 a. m. Refer to the time tables in the usual column which will be changed by the company in due time.

The greatest change here will be train No. 18, formerly arriving here at 3:55 p. m. which now arrives at 5:55 and departs at 6, two hours later than formerly, reaching Cincinnati at 8 p. m. This train leaves Chicago at 12 o'clock, noon, making the trip from Chicago to Cincinnati via Richmond in eight hours.

Train No. 19, leaving here at 10:55 a. m., will leave at 11:10 a. m., fifteen minutes later, reaching Chicago at 5:30 p. m.

Train 41, Logansport accommodation, formerly leaving at 7:05 a. m., will leave at 7:20.

Train No. 6 for Cincinnati will leave at 4:15 a. m. instead of 4:45 as formerly.

Train No. 30, Cincinnati accommodation, will leave at 9:10 a. m. instead of 8:50.

Train 42 on the G. R. & I., now leaving at 4:05 p. m., will leave at 3:52; and

Train No. 18, now leaving at 4 p. m. will leave at 6 p. m.

We shall have now eight trains daily going to Indianapolis—almost one every hour of the day.

A new accommodation train will be put on between Bradford and Indianapolis, leaving Bradford at 10:20 a. m., Richmond 11:30 and arriving at Indianapolis 2 o'clock in the afternoon. In the opposite direction this train will leave Indianapolis at 1:25, Richmond 3:55, arriving at Bradford 5:10 p. m. Present train No. 40 will be changed to 42 and leave Indianapolis at 8 p. m., arriving at Richmond 10:20 p. m.

POLICE COURT.

Wheel Thief Caught—Hotel Beat to Be Punished ---Some Drunks.

Alfred Underhill, for provoking one Baker, was fined a dollar and costs.

Henry Huntsinger, for drunk, \$25 and costs and went down.

On Halloween Martin Sullivan left his wheel standing on Main street for a little while and on going after it found it had disappeared. This week the police got track of it at Eaton and Officer McNally went over and got it with the thief. Ephraim Baker had stolen it, rode it over to Eaton and sold it. This morning he pleaded guilty and was bound over to court in the sum of \$100. The wheel was identified by its number. The moral of this, have the number of your wheel and then if it is stolen you stand a chance of getting it back.

Harley Borden is a drummer for a Baltimore oyster house. An affidavit was sworn out by the Westcott hotel people accusing him of jumping a hotel bill of \$14.50. He was located at Logansport and arrested there last night. He will be brought back here for trial today. This offense is punishable by imprisonment.

Dr. Taylor gives special attention to treatment by electricity. Rheumatism and other forms of nervous diseases are not alone benefited but promptly cured. 22-3t

Buy your anthracite and soft coal of the Union Ice Co. 19-10t

Dr. J. E. Taylor has returned from New York and can be found at No. 30 south tenth street, both day and night. 22-3t

Fresh buttercups and reception sticks at Prices.

Reidston Dairy.

Reidston Dairy is now delivering milk to its customers morning and evening, it being impossible to reach its patrons by morning delivery. We are determined to accommodate our customers and furnish them the best article of pure milk and cream morning or evening as they prefer.

All societies giving dinners and suppers where the proceeds are devoted to charitable purposes will be furnished milk free of charge by making application.

Reidston milk has no water to increase the bulk, to enable us to sell cheap. We deliver it in its natural purity.

Home telephones, number 1349-361-139-904 F. nov22d30t

More mistakes of business as well as life come from the inclination to wait than from any other cause. Do not make the mistake of waiting to open a savings account with Dickinson Trust Company. One dollar starts you. Three per cent. interest. 22-2t

Fresh oysters, any size you want, at Prices.

LATEST QUOTATIONS.

Chicago, Ill., Nov. 23. — Wheat, 71 1/2. Corn, 60 1/2. Oats, 41 1/2.

Toledo, O., Nov. 22. — Wheat, 76 1/2.

Government Sets Up an Ingenious Theory.

Washington, Nov. 22.—The trial of Mrs. Lola Ida Bonine on the charge of killing James Seymour Ayres, Jr., was fairly launched yesterday. The preliminary presentation of the case on behalf of the government was made by Assistant District Attorney Hugh T. Taggart, and after he had concluded a number of witnesses were heard. Mr. Taggart's statement consumed only about an hour and 15 minutes and consisted for the most part of a review of the circumstances connected with the tragedy. Mr. Taggart stated the theory of the prosecution to be that Ayres was murdered by Mrs. Bonine and that she gained admission to his room in the Kenmore hotel through a window, reaching that by means of a fire escape. He attempted to show that she was piqued by his non-attention to her.

Mrs. Bonine apparently was unmoved by his representations. Once or twice during the address she leaned over and spoke to her attorneys. The witnesses of the day did not throw any new light upon the killing.

Taxes Are High AND CUT INTO YOUR INCOME.

Will anybody pay you 7 Per Cent Interest net above taxes?

That is what you can secure by investing in the 7 per cent. preferred stock of the Hussey Mower and Implement Co.

We invite you to investigate the machine at the Westcott Hotel, and then call on

Mr. Samuel Dickinson
Treasurer of the Company, at
Dickinson Trust Co.
