A HELLO COMBINE

Northern Indiana Telephone Companies Getting Together.

AN IMPROVED SERVICE

Is the Design of the Independent Concerns Operating in That Part of Hoosierdom.

Seven Important County Seats to Be Connected By New Copper Circuit.

Warsaw, Ind., Jan. 22.—To enable the independent telephone companies to compete for business with larger corporations, a meeting was held here yesterday by managers of companies operating in seven important county seats of northern Indiana, and arrangements were made to construct copper lines on the co-operative plan connecting Fort Wayne, Columbia City, Warsaw, Plymouth, Rochester, Logansport and South Bend. All of these cities are connected with a single or "iron" circuit, but it is not entirely satisfactory on account of so many villages being connected on the line. The new arrangement will give each county seat mentioned direct communication with the others and cut out villages on the new circuit. The work of construction will begin at once.

ADJUSTMENT IN SIGHT

Car Shops Strike at Jeffersonville Nearing An End.

Jeffersonville, Ind., Jan. 22.—General President D. D. Mulcahy of the Amalgamated Woodworkers' union of America, a committee of eight and Manager John D. Ingram of the American Car and Foundry company, are holding a conference, endeavoring to settle the strike that has been in progress at this place for a week. No information is being given out, but both sides have expressed a willingness to settle the trouble in an equitable way. It is now believed the passenger department will resume operations Thursday and that the freight men will not be called out.

Killed By His Own Engine

Jeffersonville, Ind., Jan. 22.—Harry A. Murphy, who was one of the best known railroad engineers in southern Indiana, was struck by a Pennsylvania suburban train yesterday and instantly killed. He was frightfully mangled and his body was pushed along the track for a considerable distance. He was employed by the Kentucky and Indiana Bridge company and was on his way to New Albany to take out his run, the train striking him being the one which he was to have taken passage on a short distance from where he was killed.

Courts Will Settle It.

Delphi, Ind., Jan. 22.—Last fall the townships of Burlington and Democrat voted by a majority of seven to build 22 miles of free gravel roads. When the election returns were canvassed by the board, remonstrators filed a number of objections to building the road, alleging fraud and irregularities. The commissioners overruled the remonstrance and an appeal was taken, which is now being tried in the circuit court, Judge Vinton of Lafayette presiding. The case may go to the supreme court.

A Woman's Strange Act.

Yorktown, Ind., Jan. 22.—Mrs. Thos. Collier is charged with arson. Mr. and Mrs. Collier are tenants of John Best, who sold the property to Otto Cox, who served notice to vacate. As tenants they built a corn-crib, chicken house and fence, for which they demanded pay, and on being refused it is alleged that Mrs. Collier applied a torch, destroying the disputed property. She refused to accept bail and was committed, although she left children at home needing her care.

Concordia to Be Improved.

Fort Wayne, Ind., Jan. 22.—The main building of the Concordia Lutheran college will be rebuilt at an estimated cost of \$100,000. Concordia Lutheran college is the oldest Lutheran institution of its kind in the country.

Floor Gave Way at Funeral.

Goshen, Ind., Jan. 22.—While services were being held over the body of the late Mrs. Edward Conner at the Conner home, the floor gave way and a number of people narrowly escaped tumbling into the cellar.

Dropped Dead.

Warsaw, Ind., Jan. 22.—George W. Bennett, aged 85 years, one of the oldest settlers of northern Indiana and a retired business man, dropped dead from an apoplectic stroke here last night.

Miner Fearfully Mangled.

Brazil, Ind., Jan. 22.—While William Conroy, miner, was preparing a blast at Jessup, there was a premature explosion which tore off his arms and legs and killed him instantly.

Eye Busted By a Blow.

Greentown, Ind., Jan. 22.—During a fight in a saloon Oliver Evans was struck with a bottle between the eyes, bursting the ball of one eye and destroying the sight.

A DRAMATIC SCENE

President Mitchell Defends Himself Before the Miners.

Indianapolis, Jan. 22.—An unexpected and sensational development attracted large attention in the convention of the United Mine Workers yesterday afternoon. President Mitchell in an impassioned speech denounced the effort which had been made to impeach his conduct in the matter of the enforced resignation of former Secretary-Treasurer Pearce. President Mitchell declared that he had long suffered in silence the stings of insinuation and covert attack, but that now his tongue was loosed and that hereafter he would strike blow for blow.

The incident leading to this declaration was an open charge made on the floor of the convention by Miss Mollie Meredith, formerly an assistant secretary in the National Mine Workers' office. Miss Meredith, who is credited with being the first to discover former Treasurer Pearce's shortage, preferred formal charges against President Mitchell, Secretary Wilson and members of the national board, alleging that they had shielded Pearce and covered up the actual amount of his shortage in their report to the last national convention of Mine Workers. She said Pearce's "extra money" amounted to about \$2,000 a year. Yet Mr. Mitchell and Mr. Wilson say in their report, she declared, that only \$160 was taken by Pearce. "This is where they both lie to you," she said, "and I sincerely hope that the miners in their convention will demand an investigation of the books."

Secretary-Treasurer Wilson in reply to Miss Meredith's charges made an exhaustive statement concerning the examination of Pearce's accounts and of the resultant report to the miners at the last annual convention, vehemently disclaiming any concealment of the finding of the experts, either by statement or implication. Later President Mitchell addressed the miners on the subject, and it was then that his dramatic and impassioned words in defense of his position so deeply stirred the convention. A committee was appointed to investigate the whole subject.

The following scale committee has been appointed: John P. Reese, district No. 13; W. H. Haskins, No. 6; W. D. Van Horn, No. 11; W. R. Russell, No. 12; William Wilson, No. 8; John Fahy, No. 9; Thomas Duffy, No. 7; Patrick Dolan, No. 5; Bernard Rice, No. 2; James D. Wood, No. 23; Geo. Richards, No. 25; Henry Collins, No. 1.

The banquet that the Central Labor union will give on the evening of Jan. 30 in honor of the visiting miners will be one of the largest affairs of its kind ever seen in the city. It is expected that there will be not less than 1,000 plates.

Harmony Lacking

Buffalo, N. Y., Jan. 22.—Much bitterness has developed at the convention of the American bowling congress here, and the struggle for supremacy between the Eastern and Western delegates may lead to a split and the formation of two distinct bodies.

When He Prays.

"Do you say your prayers?" asked the little girl.

"Well, sometimes," replied the little boy.

"When?" asked the little girl.

"Well," returned the little boy, "when Bob an' I get to playin' an' makin' an awful racket while we're goin' to bed an' we hear pop comin' up stairs two steps at a time we drop right down on our knees an' begin to pray, an' when he gets to our door he don't dare disturb us."—Chicago Post.

If You Were Scared

easily you might suppose that the pain in the lower part of your back meant kidney trouble. But being a person of sense you know it is only muscular stiffness, from cold, and that prompt treatment with Perry Davis' Painkiller will prevent it from growing into lumbago. Act accordingly and you will be glad you saw this. There is but one Painkiller Perry Davis'.
