

## DEAD IN EARNEST

Vincennes People Will Show Engineers That They Mean Business.

## BIG PUBLIC RECEPTION

Government Experts Who Will Look Into the Matter of River Improvement to Be Feted.

On Saturday the Whole Town Will Turn Out to Do the Inspectors Honor.

Vincennes, Ind., Jan. 19.—Extensive preparations are being made to entertain the four United States engineers who will come here from Washington next Saturday to gather statistics that will be used when the bill appropriating \$3,500,000 to the improvement of the Wabash river is brought up in congress. Almost \$1,000 has been subscribed by the citizens for the entertainment. The complete program has not been announced, but it is likely that a big civic and military parade will be given during the afternoon. The preparations are not only for an entertainment to the engineers, but to show that this part of the state and southern Illinois are enthusiastic over the proposed improvement and are more than anxious for it. A number of prominent men will be here to attend the celebration, among those expected being Senator Beveridge and Congressman Hemenway and Miers.

## HANDSOME EDIFICE

Indianapolis Catholics Preparing for New Cathedral.

Indianapolis, Jan. 19.—It is announced that the building of the new cathedral of the diocese of Indianapolis will begin in April and be carried on until practically completed. It has also been made public known for the first time that Bishop Chatard has given \$20,000 toward the building fund.

Arrangements have already been made for the breaking of the ground and the laying of the foundation. The plans for the new cathedral were drawn about seven years ago by Architect Renwick of New York, the architect of St. Patrick's cathedral of that city. The estimated cost of the edifice is \$200,000. It is expected to be the handsomest church in Indiana and one of the finest in the middle West.

## Will Display Valuable Resources.

Indianapolis, Jan. 19.—Oil operators of Indiana are preparing to make an exhibit at the World's Fair that they say will show that Indiana is among the leaders as an oil producing state. The displays will also show the superior quality of the Indiana oil. Though the oil industry is a comparatively new one in Indiana, State Geologist Blatchley, after a study of the Indiana oil fields, says they are among the state's most valuable resources.

## Damages Were Minimized.

Muncie, Ind., Jan. 19.—The various damage suits brought by farmers against the pulp companies of this county on account of the pollution of running streams by factory refuse, have been compromised, but in every instance the farmer obtained but a small per cent of the sum asked. This does not bring to an end the filing of suits against the strawboard companies, however.

## Preparing for State Meeting.

Fort Wayne, Ind., Jan. 19.—The Rev. J. Webster Bailey, state president of the Young People's Society of Christian Endeavor, has issued a call for a meeting of the state executive committee to be held Thursday at Muncie. The committee will complete arrangements and fix the date for the state convention. It is understood that the convention will be held in Fort Wayne.

## No Evidence of Murder.

Terre Haute, Ind., Jan. 19.—Coroner Taber has rendered his verdict in the case of Mrs. Wardell and two daughters, found in their burned home at Atherton. The stories of probable murder, based on alleged threats of relatives, could not be traced to an authentic source. The coroner holds that the apparently crushed condition of the skulls could have been caused by fire.

## A Receiver Wanted.

Indianapolis, Jan. 19.—Henry C. G. Bais, a stockholder in the Holt Ice and Cold Storage company, has made application in the superior court for the appointment of a receiver for that corporation. He declares that the corporation is insolvent.

## Evansville Is Ambitious.

Evansville, Ind., Jan. 19.—An organization known as the "100,000 Club" has been formed here, the aim being to boost Evansville and have 100,000 population by 1910.

And you'll be all right in the morning.

## ECZEMA ON LITTLE GIRL

Sleepless Nights for Mother and Awful Suffering of Child.

## CURED BY CUTICURA

Had Given up All Hope of Ever Making Any Cure.

"My little girl has been suffering for two years or more from eczema, and during that time I could not get a night's sleep, as her ailment was very severe.

"I had tried so many remedies and spent much money, deriving no benefit, I had absolutely given up all hope of making any cure. But as a last resort I was persuaded to try a set of the Cuticura remedies, and to my great delight a marked change was manifested from the first application. I gave the child a bath with Cuticura Soap, using a soft piece of muslin cloth. This I did twice a day, each time following with the Cuticura Ointment, and at the same time gave the Resolvent, according to directions. One box of the Ointment and two bottles of the Resolvent, together with the Soap, effected a permanent cure. I submit this for publication if you desire, hoping it will add to your success and assist so many thousands of sufferers in curing themselves." Mrs. I. B. JONES, ADDINGTON, IND. T.

The first step in the treatment of the chronic forms is to remove the scales and crusts and soften the skin, by warm baths with Cuticura Soap. The scalp, ears, elbows, hands, ankles and feet will require frequently a thorough soaking in order to penetrate the thickened skin and crusts with which these parts are often covered. Dry carefully, and apply Cuticura Ointment, lightly at first, and where advisable spread it on pieces of soft cloth and bind in place. Take the Resolvent, pills, or liquid, in medium doses. Do not use cold water in bathing, and avoid cold, raw winds.

Sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per box of 50). Ointment, 50c. Soap, 25c. Depot: London, 27, Chancery Lane, E.C. 4, Eng. 2, Rue de la Paix, Paris, 17, Colombe Ave. Potter Drug & Chem. Corp., Sole Proprietors. Send for "How to Cure Eczema."
