

## DESPERATE LINES NO MORE

Colombia Will Take to the Field to "Preserve Her Face."

### WILL RESIST PANAMA

Hard-Pushed Bogota Government Will Send an Expedition Against the New Republic.

Same Action is Necessary to Prevent the Downfall of Colombia.

Panama, Jan. 30.—News comes from Bogota that inasmuch as Generals Reyes and Cavallero have assured Colombia that the United States will object to her landing forces only in the canal zone, the Colombian government intends to send an expedition against Panama.

The only explanation of this news from Bogota is that the government of Colombia is compelled to take some

steps to prevent its downfall, which is said to be imminent, as President Marroquin has lost all the prestige he ever had. There is much speculation in Bogota as to the outcome of this movement should it be put through.

Colombian newspapers are complaining that it cost more than \$15,000,000 in paper money (a Colombian dollar is worth about seven-tenths of an American cent) to move the troops Colombia has today at Titumati, on the Gulf of Darien, from Cartagena to that point. These men are estimated at from 2,000 to 4,000, and at one time they were well supplied with provisions.

Joachim Velez, Perez y Soto and other enemies of Marroquin have been imprisoned for alleged conspiracy. People arriving from Colombia declare the situation in that country to be growing worse every day.

#### A Receiver Wanted.

Laporte, Ind., Jan. 30.—Application has been made in the federal court by the Royal Trust company of Chicago for the appointment of a receiver for the Chicago & South Shore Railway company, operating an interurban electric railway between Laporte and Michigan City, and for the foreclosure of the mortgage held by it, securing an issue of bonds for \$282,000. The application for the appointment of a receiver will be resisted. Judge Anderson issued a temporary restraining order against the company, forbidding the officers from disposing of property pending the hearing for a receiver on Feb. 4. The road is valued at \$400,000.

#### Cut Off From the World.

New Harmony, Ind., Jan. 30.—The Wabash river here is rising rapidly. The ice is heavy and fills the river from bank to bank. Old citizens say it is the heaviest ice they ever saw along the Wabash river. Some people living on Fox Island have not yet been able to bury John Stewart, who died last Saturday. There is no undertaker on the island and it may be days and perhaps weeks before an undertaker can reach the island. Over a hundred people live on the island. Conditions along the river are most threatening.

#### Steam Pitted Against Death.

Chicago, Jan. 30.—General Henry Strong of Chicago is racing across the continent from California in the hope that he can reach Chicago in time to see his wife alive. Mrs. Strong was stricken with paralysis, and her physicians regard her death probable within a short time. General Strong left Santa Barbara on a special train which he chartered as soon as he received a telegram telling him of Mrs. Strong's illness.

#### Three Sentenced to Death.

Denver, Col., Jan. 30.—Fred Arnold, one of the burglars who shot and killed Mrs. Amanda Youngblood, was found guilty of murder in the first degree and sentenced to be hanged. His two companions were recently convicted and sentenced to death.

## Catarrh

### Invites Consumption

It weakens the delicate lung tissues, deranges the digestive organs, and breaks down the general health.

It often causes headache and dizziness, impairs the taste, smell and hearing, and affects the voice.

Being a constitutional disease it requires a constitutional remedy.

**Hood's Sarsaparilla** Radically and permanently cures catarrh of the nose, throat, stomach, bowels, and more delicate organs.

Read the testimonials. No substitute for Hood's acts like Hood's. Be sure to get Hood's.

"I was troubled with catarrh 20 years. Seeing statements of cures by Hood's Sarsaparilla resolved to try it. Four bottles entirely cured me." WILLIAM SHERMAN, 1080 9th St., Milwaukee, Wis.

Hood's Sarsaparilla promises to cure and keeps the promise.

## HEART DISEASE

During the last two or three years very great improvements have been made in the treatment of the different kinds and stages of heart disease. Cases formerly considered incurable now rapidly recover under the new treatment. The well-known specialist, Franklin Miles, M. D., LL. B., will send a \$3.75 course of his New Special Treatment free to any afflicted reader who will recommend it when cured.

This liberal offer is to demonstrate the great superiority of his new system of treating heart troubles, such as short breath, pain in the side, oppression in the chest, irregular pulse, palpitation, smothering spells, puffing of the ankles or dropsy.

They are the result of twenty-five years of careful study, extensive research, and remarkable success in treating weak, dilated, enlarged, rheumatic fatty or neuragic hearts. Each one requires a different treatment.

The treatments are carefully selected for each patient, as regards their age, weight and stage of each kind of heart disease.

The eminent Rev. W. Bell, D. D., of Dayton, Ohio, General Secretary of Foreign Missions, writes editorially in The State Sunday School Union: "We desire to state that from personal acquaintance we know Dr. Miles to be a most skillful specialist, a man who has spared neither labor nor money to keep himself abreast of the great advancement in medical science."

Rev. J. W. Stokesbury, of Fallport, Mo., had head, heart, stomach troubles, and nervous prostration. Three physicians failed to help him. He writes, "I regard myself cured."

A thousand references to, and testimonials from Bishops, Clergymen, Bankers, Farmers, and their wives will be sent free on request. These include many who have been cured after from five to fifteen physicians and professors had pronounced them "incurable." Among them are: H. A. Groce, 501 Mountain St., Egin, Ill.; Mrs. Sophia Snowberg, No. 282 21st Ave., S. Minneapolis, Minn.; Mrs. A. B. Colburn, Blessing, Ia.; Mrs. M. B. Morelen, Rogers, Ohio, and the presidents of two medical colleges, etc.

Send to Dr. Franklin Miles, 564 to 574 Main St., Elkhart, Ind., for Heart Book and \$3.75 free Treatment. Please mention this paper.

23-30-6

### LINCOLN LEAGUE

Coming Meeting Excites General Interest Over the State.

Indianapolis, Jan. 30.—The formal call for the coming convention of the Indiana Lincoln league, which will be held at Evansville Feb. 12 and 13, has just been issued by President R. Harry Miller, of Fairmount, and this has aroused new interest among Republicans here in the coming meeting. Indianapolis always sends a large delegation to the Lincoln League gatherings, and this year will be no exception. The Marion club is taking the lead in organizing a party to attend the convention, and it is probable that several hundred volunteers will be secured to make the trip. Indianapolis probably will present a candidate for president to the convention. Willard McGuire of this city has all but announced himself as a candidate, and in case he should get out of the way it is more than likely that W. A. Walker, president of the Marion club, will get into the race. The men are the best of friends and will not antagonize each other, however. McGuire is understood to have first claim on the position of any Indianapolis man, as he first talked of being a candidate, and Mr. Walker will not do anything until Mr. McGuire fully makes up his mind what he wants to do. With McGuire out of the way Mr. Walker probably will be put forward by the Marion club as a candidate.

The meeting of the national committee on trade relations of the National Association of Steam and Hot Water Fitters in this city has brought to light the fact that there are certain abuses of the trade at present which have tended to keep down prices in the organization propose to end if it can be done, and the result probably will be that people will have to pay more for plumbing supplies in the future. The members of the association have discovered that some of the manufacturers have been selling to unrecognized parties in the trade who do not live up to the regulations of the association; that some jobbers have been selling direct to consumers. The effect of these moves has been to bring down prices, in fact, as the association members say, to disorganize the trade. The association proposes to put an end to these practices if it can be done, and a warning to all members of the association telling them not to deal with men who violate the agreement will probably be issued and other steps will be taken to bring about a change.

The manner in which the craze for roller polo continues in this city as well as in all the gas belt towns where the sport is pursued so vigorously, has put the skeptics to rout. When it was first proposed to build the auditorium here and devote it exclusively to polo, there was a general declaration from "knowing ones" who did not care for the game that it could not last and that the men who put up money to erect the rink would find themselves out for all the expense they went to. As a matter of fact, however, the craze for the game not only has not decreased as the false prophets said it would, but the game is even more popular today than it ever was before. There have been a good many people who thought the love for the sport would not last more than one year, but the indications now are that there will be even better support for the game next year than there has been this winter.

#### International Amenities.

New York, Jan. 30.—Interchange of cable messages of good will with the English Pilgrims at supper at the Carlton hotel, London, formed a striking feature of the banquet given at Delmonico's last night by the Pilgrims of the United States in honor of Sir Henry Mortimer Durand, the British ambassador. Bishop Potter presided.

#### Much Banded Divorce Case.

Shelbyville, Ind., Jan. 30.—Janette Cummins has filed a motion in the Shelby circuit court asking for a new trial in the divorce case of William E. Cummins vs. Janette Cummins. The case was tried here the last term of court, and was venued from Hancock county. This makes the fifteenth time it has been in the different courts.

#### Banquet for Penrose.

Philadelphia, Jan. 30.—United States Senator Boies Penrose was the guest of honor at a dinner here last night given by the Pennsylvania league of Republican clubs as a mark of appreciation for his work as state chairman in the last campaign.

#### San Domingans Still Fighting.

Paris, Jan. 30.—A dispatch from San Domingo says that after desperate fight the insurgents recaptured the town of San Pedro de Macoris.

#### An Extinct "Volcano."

Lexington, Ky., Jan. 30.—William Castle, deputy United States marshal, arrested Presley Crow and John Hildebrand on a "moonshine" raid and returned here. The prisoners were operating on Sugar Loaf mountain in Rowan county and it is now believed that their "moonshine" still accounts for the reports of an active volcano which recently alarmed residents of that vicinity.

#### Private Inquiry Dropped.

Chicago, Jan. 30.—Satisfied with the finding of the coroner's jury that investigated the Iroquois theater fire, the independent prosecution started by Arthur E. Hull, whose whole family perished in the disaster, was formally abandoned in court. There will be an investigation of the Iroquois disaster by a special grand jury.

#### Death of Julius Conitz.

Laporte, Ind., Jan. 30.—Julius Conitz, formerly a Laporte county banker, who failed three years ago for \$100,000 while financing railroads in Michigan, is dead of hemorrhage of the brain, at Blue Grass, N. D. His assets netted 50 per cent and he has since paid nearly all of his remaining indebtedness.

#### Duelist Charged With Murder.

Paris, Jan. 30.—As a result of a judicial inquiry into a duel between Charles Ebelot and Henry Lantier, which was fought on Dec. 16, Ebelot, who killed his antagonist, will be charged with homicide and tried.

### MARKET REPORT

Prevailing Prices for Grain, Provisions and Livestock on Jan. 29.

Indianapolis Grain and Livestock.  
Wheat—Wagon, 90c; No. 2 red, strong, 94c.

## Uneeda Biscuit

And so says everybody who ever enjoyed the nutriment of this famous biscuit.

Hold only in air-tight, moisture-proof packages.

NATIONAL BISCUIT COMPANY

## Made for the Man Who Wants the Best. The Great Western Endless Apron

**SPREADS** all kinds of manure regardless of their condition, handles hard and manure that has been tramped so hard that it is necessary to loam with pick, fresh stable manure, containing wet or dry straw, corn stalks, etc. Old straw stack bottoms, whether rotted or not. Cow manure fresh from the gutter, sheep manure, lime, salt, ashes, and in fact all kinds of manure and fertilizers and does it quicker, better and more evenly than by hand. Spreads as much manure in one day as 15 men can by hand. Spreads the largest load in 2 to 4 minutes. Makes the same amount of manure go three times as far and produce better results. Spreads a layer of manure which forms a hooper and holds all hard clumps of manure in contact. Every machine has a **NON-BUNCHABLE RAKE** with beater until thoroughly pulverized before discharging, therefore no bunching or **ENDLESS APRON** is one continuous apron (Not a ½ apron) and therefore is always ready to load, never works. The **APRON** does not extend below axle. The **CONTAINER** no turning back into position with crank or reverse gears to cause leakage. Apron turns over in its own length. **STRENGTH AND DURABILITY.** Our machine is made so strong that it is almost impossible to break it. Every piece is made extra strong regardless of cost. Every gear and sprocket wheel is keyed on. We use no pins or cheap contrivances to come loose, get out of order, break, and cause trouble. **GUARANTEE** Should any part break, wear out, or get out of order, we will replace it free of charge. **LARGE CATALOGUE** 10 by 15 inches, with 8 large cuts showing spreader perfectly and describes it fully. Gives 34 reasons why the Great Western Endless Apron Manure Spreader is the best and most complete machine made and why you should have one. Also tells how to apply manure to secure best results. Mailed free.

The Most Practical Manure Spreader Made

## JONES HARDWARE CO.

Our Motto: "Up-to-date Implements."

## CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of **Chas. H. Fletcher** and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifile with and endanger the health of Infants and Children—Experience against Exp.

### What is CASTORIA
