## HOWELL UNSEATED

House Decides Pennsylvania District  
Election Contest.

Washington, Feb. 11.—The house disposed of the Connell-Howell contested election case from the Tenth Pennsylvania district in favor of Mr. Connell. The Republicans, with the exception of Messrs. Lanning (N. J.), Shiras (Pa.) and Parker (N. J.), supported the resolution unseating Mr. Howell and giving the seat to the contestant. The Democrats solidly supported Mr. Howell. Mr. Connell was promptly sworn in and took his seat. The house has resumed consideration of the senate amendment proposing a loan of \$4,600,000 to the Louisiana Purchase exposition, on which a vote on the question of concurrence will be taken today. Further opposition to the proposition developed in the debate yesterday.

## ON CROSS-EXAMINATION

Machen Sticks to His Story of the  
Groff Fastener.

Washington, Feb. 11.—In the postal trial August W. Machen, under cross-examination, reiterated the statement that he recommended the Groff fastener because of its merits and not through the influence either of the Groffs or Lorenz. He explained that when he came to Washington to assume his duties he owed \$30,000 and at the present time owes but \$2,000 of that debt. It was brought out by the government that since 1899 Machen had deposited in a Westminster (Md.) bank over \$77,000, and the government sought to show that it was impossible for him through the various sources mentioned by him to have received this amount of money.

## Hanna's Physicians Uneasy.

Washington, Feb. 11.—Senator Hanna's condition remains practically unchanged. The physicians say that no complications have developed. It is this feature of the case that the physicians are guarding zealously against as they realize that if any complications develop in the senator's distressingly weak condition the result may be fatal quickly. The doctors say that they are satisfied with the progress of the case although they do not conceal their apprehension that unforeseen complications may occur at any time.
