## TOGO GOES NORTH

**Report Now Has It the Japanese Fleet Has Blockaded Vladivostok.**

### CONSIDERED PROBABLE

While This Report Is Not Officially Confirmed It Is Thought to be Likely.

Extraordinary Precautions at Secretary Observed by the Wily Japanese.

London, Feb. 29.—Vladivostok has been blockaded by a Japanese fleet since Thursday, according to a dispatch from Hakodate which adds that incoming steamers report Russian cruisers on the east coast of Kinkwan, in the bay of Sendai, Japan.  
Japanese warships have been reported in the vicinity of Vladivostok, but this report of a blockade, although considered probable, has not yet been confirmed from other sources.

Tokio, Feb. 29.—Korean soldiers on the Ham-Gieng frontier have been attacked and dispersed by Russian troops.

Che Foo, Feb. 29.—While the Japanese report that their fleet is still concentrated in the neighborhood of Port Arthur, yet endeavors are being made to prevent definite information from becoming public. The survivors of the sunken transports who were landed Saturday were not allowed to see anybody and they will be sent home. The Japanese fleet originally consisted of sixteen warships, but two battleships and a dispatch boat are now missing from that number, and from two sources it has been learned that two Japanese warships returned to Sasebo in a disabled condition. It is being circulated among the Chinese that Port Arthur has fallen.

**VARYING ACCOUNTS**  
It All Depends Upon the Point of View, It Seems.

Seoul, Feb. 29.—Details of a skirmish at Ping Yang last Friday show that fifty Russian cavalrymen approached the north gate of the Japanese camp and fired at 1,000 meters. A sharp fusillade took place and the Russians retired. All foreigners are safe.

St. Petersburg, Feb. 29.—A dispatch received here from Liao Yang and dated Feb. 28, says that Chinese on the Yalu river report that an advance guard of Russian cavalry which has penetrated Korea for a distance of about 200 versts across the river had an encounter with a detachment of Japanese and that the Japanese were compelled to retreat and fled, leaving their horses, which were seized by Cossacks. General Lenevitch dispatched cavalry and a line of infantry in pursuit and with an order to occupy northern Korea.

**The Siege of Port Arthur.**  
Tokio, Feb. 29.—As the campaign progresses it seems that the chances are growing slimmer for a great pitched battle on the open sea between the fleets of modern battleships which the world has long awaited. It is believed here that the Russians lack the strength to assume the offensive and that they will probably stick to Port Arthur doggedly to await a sea and land investment. Whoever wins the war Port Arthur will cease to be an important base. The fortifications will probably be dismantled as they are small and cramped and however many guns are defending it is thought they are incapable of insuring protection. It is estimated that the Russians have 200 guns mounted at Port Arthur, making it, theoretically, one of the strongest forts in the world.

**Troops Pushing Forward.**  
Irkutsk, Feb. 29.—The movement of troops on the trans-Siberian railroad has attained unprecedented proportions. Trains going east are filled with troops. All trains from Manchuria are crowded with women and children and the station here is filled with refugees awaiting an opportunity to return to Russia, many of them remaining two days before being able to continue their journey.

**Formal Rules of War.**  
St. Petersburg, Feb. 29.—Rules of war were published officially last night. An august decree had been referred to the ruling senate by the ministry of justice for the laying down of the rules which Russia intends to follow during the war with Japan. The original draft of these rules was endorsed by the czar with the words: "It must be so."

**Viceroy's New Headquarters.**  
Yin Kow, Feb. 29.—Viceroy Alexieff has arrived at Mukden where he probably will remain until the reorganization of the forces has been completed. He has been living aboard a train but he entered his headquarters today. The schedule of all regular trains on the railroad has been annulled.

## HEAVY LAND FIGHTING

May Be Looked for Most Any Time Along the Yalu.

St. Petersburg, Feb. 29.—The official announcement by Maj. Gen. Pflug, chief of staff to Viceroy Alexieff, that Russian cavalry had crossed the Yalu river, is expected to be followed shortly by news of rather heavy land fighting, as according to seemingly trustworthy reports Gen. Lenevitch has sent a whole army corps of infantry to support the Cossacks, who have penetrated to a point below Anju and who are reported to have beaten the Japanese in several skirmishes. Nevertheless, if this movement in force is progressing, it must not be assumed that the Russians have taken the offensive, but rather that they are taking up a strong position in Northern Korea in order to check the advance of the formidable army of Japanese landing on both shores of Korea while the concentration of Russian troops behind the Yalu is being completed. This concentration is making better progress than is generally believed abroad.

The movement of troops eastward over the trans-Siberian railroad will be greatly accelerated henceforth, as telegraphic reports say that the ice railroad over Lake Baikal was completed Sunday. Up to this time the tracks have been used as far as laid, the soldiers marching from the terminus of the line to the other shore.

Maj. Gen. Pflug's report that Gen. Ma's Chinese army is west of the Liao river agrees with the statement of the special correspondent of the Russ at Tien Tsin that the Chinese war minister is hurrying large bodies of troops to the northeastern frontier of Pe Chi Li. This report says the troops are not going by rail but are marching by night.

The military situation will be greatly complicated if Gen. Ma's army is really moving to the rear of the Russian position with the intention of making common cause with the Japanese, as it will expose both Russian flanks to attack.

The blockade of Port Arthur continues. The Russians seem resigned for the present not to expect to accomplish much by sea realizing that the Port Arthur fleet is over-matched in both ships and guns, but they hint that things may be different in the spring if the Baltic fleet gets out and effects a juncture with that at Port Arthur.

**General Pflug Reports.**  
St. Petersburg, Feb. 29.—An official dispatch received from Maj. Gen. Pflug, Viceroy Alexieff's chief of staff, which is dated Feb. 28, says: "The night of Feb. 27 passed quietly at Port Arthur. The enemy's squadron keeps in of movements of Chinese troops west of Liao river, and according to rumors about 10,000 Chinese troops under Gen. Ma, are on the road between Tung Chu and Chao Jan. The military guard on the Sin Min Tu railroad has been reinforced, from forty to fifty Chinese soldiers having been placed at each station. Our mounted troops have entered Korea and the attitude of the population is friendly toward us."

**Fierce Gale at Port Arthur.**  
Port Arthur, Feb. 29.—There has been no change in the situation here during the past few days. A gale blew from the north Sunday, accompanied by thunder and lightning. The sea is very rough, rendering impossible any attempt to effect a landing.

**Prominent Mine Operator Missing.**  
Owensboro, Ky., Feb. 29.—Guy M. Deane of Owensboro, one of the most prominent coal operators of the South, is missing. His family know nothing concerning his whereabouts. Foul play is suspected. Deane is supposed to have left Jackson, Miss., for Owensboro, Thursday, Feb. 18. Since that time there has not been the slightest clue to his whereabouts. He was connected with the best-known business concerns in this state. He married Susan Griffith, one of the best-known young women of the South. His business partners claim his financial affairs are all right.

**Robbery Motive for Murder.**  
Huntington, W. Va., Feb. 29.—Jake Cohen, of Dingess, was arrested and taken to Williamson, charged with having murdered an unknown man near Doane, robbery being the motive. The body of the murdered man had been hidden under stones and leaves on the hillside. The body cannot be identified.
