

TAKEN TO BEDFORD

James McDonald Returned to Bedford for Examination.

HELD TO GRAND JURY

Alleged Murderer of Miss Schafer Entered a Plea of Not Guilty.

Met at Station by His Wife, the Accused Seemed to Enjoy Attention Attracted.

Bedford, Ind., March 1.—James McDonald, accused of being the murderer of Sarah C. Schafer, was brought from Bloomington yesterday and arraigned before Mayor Smith. He entered a plea of not guilty and Mayor Smith bound him over to the grand jury.

McDonald was kept in the mayor's office, guarded by Sheriff Smith and Detective Reed, until the 10:08 train, when he was returned to Bloomington. He would have been kept in the Lawrence county jail had it not been thought that this place is so unsafe that the prisoner might have effected his escape. He was joined at the station as he was being returned, by his wife and brothers-in-law. The waiting room was crowded and McDonald, as he smoked a good cigar, seemed to enjoy the attention he drew. There was absolutely no demonstration at any time during his stay in Bedford.

FATHER'S BRUTAL ACT

Nearly Kills Child by Pouring Whisky Down Its Throat.

Michigan City, Ind., March 1.—Upon going to his home, Anson Champton, a laborer, nearly killed his two-year-old son by administering whisky to the little one. Taking the child on his knee, after he had created a disturbance with his family, Champton poured nearly all the contents of a half-pint bottle of whisky down the child's throat. The police were called and Champton was removed to jail. The child lay in a stupor all night, but physicians think it will recover. Champton was given a lengthy jail sentence.

Wabash Storm Swept.

Wabash, Ind., March 1.—A severe hail and rain storm visited this city. The electrical display was vivid. Lightning struck the home of Samuel Harsh, knocking off the chimney and partly wrecking the building. W. W. Ford's barn was also damaged, and a steer was killed. The hail, about the size of moth balls, whitened the ground and ruined the Wabash Greenhouse company's building, destroying the flowers. The loss is \$1,500. The rivers are rising and the Ft. Wayne & Southwestern interurban railway is flooded by the Wabash, no cars entering the city.

It Was Loaded.

Portland, Ind., March 1.—The dead body of Emanuel Shaneyfelt, sixteen years old, was found lying by the roadside, near New Pittsburgh. A revolver was near by. His right hand was powder-burned, but his lips and face were untouched, although blood was streaming from his mouth. The bullet seemingly passed to the back of the mouth without touching the teeth. The revolver belonged to the youth, and it is believed that he shot himself accidentally while looking into the barrel and ejecting empty shells.

Death of Laporte Pioneer.

Laporte, Ind., March 1.—H. F. Huntley, a Laporte miller and a brother of Mrs. Charles Emory Smith, of Philadelphia, is dead. Mr. Huntley was born at Dayton, O., sixty-five years ago, but he had lived in Laporte for fifty years. He served in an Indiana regiment during the civil war. He was severely wounded at Day's Gap, Ala.

KICK AND SCREAM

Baby's Awful Suffering from Eczema.

Could Not Hold Her. She Tore Her Face and Arms.

Cuticura Saved Her Life, So Mother Says.

"When my little girl was six months old, she had eczema. We had used cold creams and all kinds of remedies, but nothing did her any good. In fact, she kept getting worse. I used to wrap her hands up, and when I would dress her, I had to put her on the table for I could not hold her. She would kick and scream, and when she could, she would tear her face and arms almost to pieces. I used four boxes of Cuticura Ointment, two cakes of Cuticura Soap, and gave her the Cuticura Resolvent, and she was cured, and I see no traces of the humor left. I can truthfully say that they have saved her life, and any one suffering as she did, I should advise them to give Cuticura a fair trial." MRS. G. A. CONRAD, Lisbon, N. H., Feb. 7, 1898.

Five years later, viz., Feb. 23, 1903, Mrs. Conrad writes:

"It is with pleasure that I can inform you that the cure has been permanent as it is now six years since she was cured, and there has been no return of the disease since, and I have advised a lot of friends to use the Cuticura Remedies in all diseases of the skin."

TREACHEROUS MOROS

Summary Punishment Inflicted by Major Scott.

Washington, March 1.—Gen. Wade, in a cablegram to the war department, dated Manila, Feb. 27, advises the department of a report of Gen. Wood concerning an engagement at Jolo, on the 14th inst., with the remnants of Hassan's Cotta Moros. The American expedition was in charge of Maj. Hugo L. Scott. During the fight, Gen. Wood states, firing twice was stopped to give the Moros a chance to surrender, but they declined. The entire body, he adds, with the exception of Hassan, is either dead or captured, and Hassan is located. Second Lieut. Eugene R. West, Eighteenth battery, field artillery, was seriously wounded in the thigh. Six other men were wounded. It is said at the war department that this destruction of Hassan's band is a case of retributive justice. Maj. Scott suffered at the hands of this fanatical Moro. The chief enticed the major off into the jungle, pretending to be friendly, and in ambush shot him. Since that time Maj. Scott has been on his trail and now has destroyed his band. Hassan, who was a priest, is one of the irreconcilables. When the navy was making some surveys a year ago, off the coast of Jolo, Hassan construed the setting up of survey marks as an act of hostility and attacked the troops. He came into Gen. Sumner's headquarters under summons but made his escape and ever since has been at war. His band is believed to have numbered about 600 and if entirely destroyed, as the cablegram reports, the battle must have been of some proportions.

CORBETT STILL CHAMPION

Fight Stopped in the Eleventh Round by Referee.

San Francisco, March 1.—Champion Featherweight Young Corbett had no difficulty in retaining his laurels last night, defeating Dave Sullivan, of New York, in the 11th round of a scheduled 20-round contest. Corbett left the ring without a mark, while on the other hand Sullivan received a terrific beating only the merciful action of Referee Graney in stopping the contest in the 11th round saving the New Yorker from having his face beaten into a pulp. Sullivan put up a game fight and, while out-boxed, out-fought and out-generated, he gave the champion cause for worry in one round. Taking another feature out of the fight, which was Sullivan's excessive gameness, the contest was never in doubt.

Reservation to be Opened.

Washington, March 1.—Some excellent lands, including twelve townships of the Red Lake Indian reservation in northwestern Minnesota and a part of the Rosebud reservation—about 416,000 acres—in Gregory county, S. D., will be opened for settlement in a few months. President Roosevelt has conceived the idea that it would be to the

interest of the Government to adopt the plan of disposing of the land by auction, and for some time he has been talking on the subject with senators and representatives in congress who are interested in it.

Improving the Navy.

Washington, March 1.—Important to the efficiency of the American navy was the action of Secretary Moody in signing the order for the equipping of the eighteen battleships and armored cruisers now building with submerged torpedoes. The board on construction recently decided to omit torpedo tubes from all battleships. There was such a protest, however, from many officers in the navy that at the instance of the secretary the board reconsidered its decision. It is believed that the torpedo tubes with which the Jap battleships are equipped are responsible for the damage to the Russian battleships in the Port Arthur day attack as the Russian vessels were hit below the water line.

Got Dowie On the Run.

Melbourne, March 1.—John Alexander Dowie's meeting in the Exhibition building was broken up by the crowd shouting and singing comic songs. He was obliged to abandon the meeting and was himself chased around the city by the rougher element, the mob yelling challenges to him to justify himself as a prophet. Public antagonism is so strong that Dowie has been refused rooms at a fashionable hotel.

Judge of District Court Plainly Speaks His Mind.

It is with pleasure that I give my hearty endorsement to Dr. Pierce's Golden Medical Discovery. It is the most successful remedy that I know of for the weakened condition of the digestive organs which excessive heat or overwork sometimes brings, causing indigestion, sick headache, a disagreeable or bitter taste in the mouth, sleepless nights and a complication of unnatural conditions, making one feel sick all over. Your remedy is scientifically prepared and well calculated to renovate the entire system, cleansing and vitalizing the blood and assisting the stomach to perfect assimilation of the food, which will soon restore health and harmony.

Sincerely yours,

E. E. Willard

Judge of 11th District, Duval County, Florida.

The "Golden Medical Discovery" restores the long lost appetite; it strengthens the weak stomach and corrects the impaired digestion; it promotes the flow of digestive juices and facilitates the assimilation of the life-giving elements of the food into the blood. When the blood is pure and rich, old inert tissues are torn down, carried off and excreted, and new, healthy-muscular tissues replace them. In this way it puts on healthy flesh up to the normal weight and fortifies one against all disease-breeding germs. It allays

inflammation of the mucous membranes, soothes the cough, facilitates expectoration, and deepens the breathing, supplying the system with a much needed stock of oxygen. It drives out all impurities and disease germs.

\$3,000 Forfeit!

Will be cheerfully paid, in lawful money of the United States, by the World's Dispensary Medical Association, of Buffalo, N. Y., proprietors of Dr. Pierce's Golden Medical Discovery, if they cannot show the original statement and signature of every testimonial among the thousands which they are constantly publishing attesting the superior curative properties of their several medicines, and thus proving the genuineness and reliability of all the multitude of testimonials volunteered by grateful people, in their behalf.

"I feel it my duty to write you as I have received so much benefit from the use of your medicines," says Mrs. E. Sando, of Elon, Iowa. "I was troubled with torpid liver, indigestion, and nervous prostration, for about eighteen months and lost strength so that I was unable to do any work. Consulted several doctors but without receiving help. They advised me to have an operation for gall stone, which I thought would be the very last step I would take. I then sat down and wrote to you for advice, some five or six months ago, and have since been taking your 'Golden Medical Discovery.' Can now say that I am well and able to do all my work, besides doing lots of weaving. In the last two months I have woven about four hundred yards of carpet and feel now that I will keep on with it as I like the weaving business so well. I took only eight bottles of the 'Golden Medical Discovery' and some of Dr. Pierce's Pleasant Pellets.

"I will be glad if I can say anything to those who are suffering as I did."

"I was taken sick nine years ago with fever," writes Mr. M. M. Wardwell, of Linwood, Leavenworth Co., Kans. "Had the doctor and he broke up the fever all right, but I took diarrhea right away; he couldn't cure it and it became chronic, and then he gave up the case. I got so weak with it and had piles so badly I couldn't lie down, nor hardly sit up. Was that way two or three months; thought I would 'never be well again,' but picked up one of Dr. Pierce's Memorandum Books one day and saw your description of catarrh of the stomach. I thought it hit my case. We had a bottle of Dr. Pierce's Golden Medical Discovery in the house that was got for mother. You recommend it for catarrh of the stomach, so I began taking it. The one bottle nearly cured me. I got two bottles next time and took one and one-half and was well. I haven't been bothered with diarrhea since."

A FEW PENNIES will pay the expense of mailing Dr. Pierce's Common Sense Medical Adviser. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume.
