**Business would flow in from the most unexpected quarters, and when we took time to investigate we could always trace it direct to some of our advertising.—Col. Geo. Merritt, of Waterbury Watch Co.**

It is very gratifying to the friends of Senator Fairbanks to know that the people of New England, through their leaders, have expressed a choice for Charles W. Fairbanks of Indiana for vice president. Indiana and New York are two of the most important states in the Union, in presidential years, and, with Roosevelt and Fairbanks, nominated by acclamation, the states would be found in the Republican column and with large majorities.

Senator Fairbanks is a strong man with the business men. He has been a success in his own business affairs and this very fact inspires confidence in his ability to administer the affairs of our national government should fortune or accident place him in the highest place in the nation.

Mr. Fairbanks has the confidence of the laboring men because he has always been interested in the working men's welfare notably in securing legislation favorable to them and to all the interests they represent. He is a distinguished lawyer and universally respected by the lawyers of the state irrespective of party affiliations. He is a dignified gentleman as is shown by his attitude toward the nomination for the second place.

Mr. Fairbanks is a safe, conservative and forceful character and is so thoroughly known by the people of the whole country that they look upon him with the utmost confidence in both his ability and integrity.

Some of our exchanges are calling attention to the compensation the newspapers are to receive from the world's fair management. For all the columns and even pages of advertising the papers are giving the fair, they are to receive in return a season ticket, but on the following conditions: The ticket must be used by the representative of the paper and must have posted on ticket the photograph of the bearer and an affidavit that he is the person whose photograph appears there—this will exclude his brother or double—and his height, weight, nationality and whether or not he has been vaccinated. Of course this may be a little exaggerated but the requirements are just as silly.

The contest for the nomination for congressman is over in the eighth district. Cromer carried it by nearly two thousand majority. This has been the most noted contest in Indiana so far. Theodore Shockey of Union City stumped the district for Dunlap and when the votes were all counted in Shockey's own county, Dunlap had but few votes more than Cromer. Cromer has fully demonstrated that he is next to the people and that the people believe in him.

Representative Williams, the Democratic leader in the House, has introduced a resolution asking the secretary of war to inform the House whether or not free speech and free political action prevail in the Philippine Islands since the war. He ought to ask about states nearer home. His own state of Mississippi, for instance.

Marshall Field, the great Chicago merchant, has offered to endow a professorship in Chicago University. This new professor is to occupy a unique position among college teachers. His sphere will be without the ordinary curriculum. He is to teach young women how to employ their leisure hours. Almost any college can use a professor in this capacity. He will have to work overtime to do his nearest duties.

Alexander Dowie is still conspicuous although in far away Australia. The people in Melbourne will not let him exhibit himself in the streets only in an attempt to escape a mob. Neither will they admit him to the best hotels. If our good people in the United States would treat such frauds as the people of Melbourne treat them, some of our poor and unsuspecting citizens would be better off financially.

Hon. James E. Watson will be renominated for congress tomorrow at Shelbyville. As there is no opposing candidate, the nomination will be by acclamation. Mr. Watson has rendered such acceptable service to his constituents as to entitle him to this compliment.

## Deafness Cannot be Cured

By local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## SPECIAL REVIVAL.

A special revival is now going on at the Holiness mission, 426 Main street. Rev. F. Chalfant, of Muncie, a powerful man of God, is in charge, and many other ministers are present. Everybody come and enjoy themselves. Free services each night at 7:30 p. m.

## It Never Disappoints.

F. J. Williams, proprietor of the Hamilton Drug Co., Hamilton, Iowa, says Chamberlain's Colic, Cholera and Diarrhoea Remedy is practically the only remedy he sells for cramps, diarrhoea and colic, for the plain reason that it never disappoints. For sale by A. G. Luken & Co., and W. H. Sudhoff, fifth and Main streets.

Richmond took a game from Indianapolis last night in overtime. It was one of those rough games, in which "scrapping" is resorted to. The Indians wanted Doherty out of the game, so they just made arrangements for a fuss, and Barney, like Barkus, "was willin'", so he and Foster had a mixup, and both were put off the floor. Allie Cogshall took

## TWO KINDS OF CHILDREN

Children that grow too fast and those that seem hardly to grow at all, both need Scott's Emulsion.

It gives that rich vital nourishment which is the secret of all healthy growth. It rounds out the long limbs, and helps children to grow without using up all their strength in growing.

Mothers ought to know more about the wonderful help which Scott's Emulsion would give their children.

There is no secret about Scott's Emulsion. Nothing is covered up by obscure references to "active principles" or "alkaloids."

Scott's Emulsion is simply an emulsion of the best Norwegian cod liver oil combined with the hypophosphites and glycerin.

We'll send you a sample free upon request.  
SCOTT & BOWNE, 409 Pearl Street, New York.

Foster's place, and Cunningham, sr., took Doherty's place, and the game settled down to business.

At the end of the third period the score was tied, when overtime was played, Richmond caging the winning goal in 2:10. Line-up and summary: Indianapolis. Position. Richmond.

### In Case of Accident.

Accidents will happen. Mother strains her back lifting a sofa, Father is hurt in the shop. Children are forever falling and bruising themselves. There is no preventing these things, but their worst consequences are averted with Perry Davis' Painkiller. No other remedy approaches it for the relief of sore, strained muscles. There is but one Painkiller. Perry Davis'. (3)

### FALSE ALARM.

The fire department was called to Gaar, Scott & company's yesterday afternoon about 4:45, but the alarm was false, as no sign of a fire was visible. Probably some archin wanted to "see the horses run."

## GARFIELD NOTES

(Charles Starr.)

The three games Friday night were of such an interesting nature that the most of the audience remained to the end of the last game and all were well paid for coming. The Crescents gave the Clippets a lesson in polo by scoring 5 goals to their one. The Eagles also defeated the Elks by the same ratio. Score, Eagles 15, Elks 3. In the basket ball game the Monarchs were defeated by the score of 32 to 1.

The basket ball teams are making some complaint about the Friday night games. Hitherto they have had the last game, two polo games coming before theirs. They now want at least the second game to be basket ball.

In the general exercises Monday the topic of the talk by Miss Test was the Audubon Society. The pupils were given a few hints on the way to attract birds to live with them and they were also shown ways to make dwellings for the birds.

A new basket ball team will probably be organized at Garfield. Some of the boys are tiring of polo. These and some others who have not as yet played either game will be the members of the new team.

The school council met Tuesday for the first time this term. The meeting was very successful. Some interesting topics were discussed.

Some of the boys of Garfield are beginning to think of base ball now as the spring weather has come. There will be a number of teams formed and it is hoped by the lovers of that sport that there will be some interesting and fast base ball played at Garfield's baseball field which is in the eastern part of the city.
