ALBERTA

GALLATIN

THE FAMOUS ACTRESS WHO
APPEARS AT THE GEN-
NETT TONIGHT.

SEEN AT THE WESTCOTT

By a Palladium Representative—She
Tells of the Play.

Alberta Gallatin, who appears at
the Gennett tonight in Ibsen's lat-
est and best production, "Ghosts,"
with her support, are stopping at the
Westcott hotel.

A Palladium representative called
at the hotel today and was introduced
to the lady who has won such a won-
derful reputation as an actress. The
representative found her one of the
most congenial and versatile of wom-
en, ready and most willing to tell
of the play in which she carries the
leading role. She says "Ghosts" is
a strong play on heredity, and is con-
sidered to be Ibsen's masterpiece, as
it is also his latest production, for
the writing of which he was forced
into exile. It is one of the greatest
emotional productions extant.

There is no change of scene, the
costuming is the same all through,
and it is absolutely void of any stag-
iness. People sit throughout the pro-
duction with almost breathless atten-
tion, so interested are they in the pro-
duction. We have only five people
in the company, but they are all ac-
tors, and each one seems especially
adapted to the part taken.

The following persons compose the
cast: Miss Alberta Gallatin, Allen
Davenport, pastor; John Ravold, car-
penter; Claus Bogel, a French creole,
the son; Rose Curry, the maid.

Next to Miss Gallatin, who plays
the mother, the son is the strong part.
All seem fitted for the part assigned
them. The company is enroute from
California to New York.

Miss Gallatin is in love with the
west and its people, and says Rich-
mond is certainly one of the beautiful
spots of creation. She was here in
"Sapho," but, owing to a dislike for
that kind of a play, which has no
moral lesson to it, and also owing to
family influences, she gave up
"Sapho."

Miss Gallatin, who retains her
family name on the stage, is fine
looking and of splendid stature. She
is a daughter of General Albert Gal-
latin Jenkins, who was the youngest
man in congress. He was elected from
Virginia when twenty-four years old,
and took his seat when he was twenty-
five. She has had a wonderful
rise in her profession and also
great training, having toured with
Booth and Barrett, Joe Jefferson,
Mansfield, Mrs. Fiske, E. H. Sutherland,
and many other prominent men and
women.

Those who can do so should see
her tonight, and we guarantee them
one of the finest productions of the
season.

TO EASTHAVEN.

Henry Peters, one of the oldest
residents of Muncie, has gone insane.
A commission held for the purpose of
deciding upon his mental condition
has been held and it has been ar-
ranged to transfer him to the East-
haven hospital in this city. Peters
was once a most influential man.

The meeting resulted as was ex-
pected and once more the dove of
peace hovers over the Western league.

RATHER ROUGH

What a New York Judge Says About
Gas Companies.

Of course the following does not
apply to Richmond, but, as it sounds
good, the Palladium reprints it with-
out comment:

"It make no difference to the gas
company what the meters read. If
the bills are not high enough they
send in last year's. I have found this
to be true myself and I discharge the
defendant."

"Thus spoke yesterday Magistrate
Flammer of New York, after listen-
ing to a complaint against Dr. Charles
Selling, of 234 east eighty-seventh
street, after he had refused to admit
a gas inspector to examine the meter.
Dr. Selling said his bill had jumped
from \$2 last December to \$8.10 this
month, and that he had refused to
pay it. He thought the company
wished to shut off the gas."

REVIVAL SERVICES.

The revival services at the First
Methodist Episcopal church continues
with great interest. There were six
conversions last night. Evangelist
Reed preaches this evening at 7:30.

BATTLE OF PORT ARTHUR

REPORTS INDICATE THAT AN
ATTACK WAS MADE

WITH QUITE A LOSS

On Both Sides—Russian Vessel Re-
ported Destroyed.

St. Petersburg, March 23.—Official
reports from both General Alexieff
and Admiral Makareoff tell of the
Japanese bombardment of Port Ar-
thur on the 21st and 22d, saying the
Russian fleet went out in the inner
harbor, but reports say nothing of the
results, except that one of the Jap-
anese ships was struck. The Rus-
sian casualties are five killed and
nine wounded. At 11 o'clock on the
22d the Japanese fleet withdrew.
Further details are expected today.
It is understood here that no news-
paper dispatches are permitted to
leave Port Arthur.

Tokio, March 23.—A dispatch from
Moji, opposite Shomonski, Japan,
says the Japanese fleet made an at-
tack on Port Arthur on March 18,
bombarded the city and its defense
and fought a furious engagement with
the Russian fleet outside the harbor,
destroying one Russian battleship.
Seven Japanese casualties are report-
ed. Nothing is said of the condition
of the Japanese fleet. The navy de-
partment is not advised of this en-
gagement.

til After Other Parties.

New York, March 23.—James B.
Dunn, of this city, received a letter
from Lieutenant General Miles ad-
vising that temperance people delay

made nominations, so as to be cer-
tain that a temperance nomination is
necessary.

MARTIN KELLAM

Of Milton, Injured Very Seriously by
an Accident.

(Special to Palladium.)
Milton, Ind., March 23.—Martin
Kellam, aged about twenty-one years,
was working in a clearing Saturday
on the farm of Oliver Ferguson. He
was about ten feet in the rear of a
team which was making a strong pull
on a log, when a trace broke and the
swingle-tree whirled around with ter-
rific force, throwing off the "clip,"
which struck young Kellam in the left
eye, bursting the ball, and it is feared
totally destroying its sight. He has
suffered much pain.

CHARGES INVESTIGATED.

Tokio, March 23.—The House of
Representatives is investigating the
charge that Teisuka, Aheyama, a
member of parliament, is in the em-
ploy of the Russian government. His
newspaper has been bitterly assail-
ing the government and has been sup-
pressed.

WITNESSES IN BERTRAM CASE

ALL IN AND THE ATTORNEYS
ARE NOW ARGUING

BEFORE THE JURY

Into Whose Hands the Matter Will be
Placed Tomorrow.

The Bertram case was continued
yesterday afternoon several witnesses
being examined and several that had
been examined were recalled.

This morning Mrs. Alice Hill was
recalled by the state to answer a few
questions that had been omitted. Mrs.
Bertram was also recalled by the de-
fense and replied with a few interro-
gatories.

This closed the testimony, and the
jury was retired for a rest. The case
has been a hard fought one and the
outcome is watched with interest.

Thirty character witnesses were
subpoenaed, but only ten were used,
and they all testified as to the good
name and character of Mrs. Alice
Hill. All agreed that she had a good
reputation for truth and veracity and
morality.

It was agreed that ten hours would
be allowed for the arguments, five
hours on either side. Prosecutor Com-
stock was the first speaker, and he
occupied over an hour giving a his-
tory of the case from the standpoint
of a prosecutor. The other attor-
neys will follow in turn, Johnson
closing for the defense and Robbins
for the prosecution. The judge will
then charge the jury. Robbins' clos-
ing argument will be delivered tomor-
row morning.

AN EXPLOSION

gas, not yet determined which,
Sharp's hotel and the Lewis restau-
rant and several small buildings were
destroyed last night. Loss \$20,000.
The body of William Lawton, Pitts-
burg, was taken from the ruins. It
is feared other guests of the hotel
perished.

THE SCHOOLS

Of Cass County Make a Bad Show-
ing.

A large percentage of the pupils in
the eighth grade of the Cass county
schools will not pass, owing to a poor
showing in writing, spelling and
punctuation. The Logansport Daily
Reporter says:

"The lack of readable writing, un-
intelligible punctuation and illusive
spelling is almost driving Superintendent
Haas and his assistant crazy. Superin-
tendent Haas this morning, be-
fore marking a big 'F' on the papers
before him, stated to a reporter
that if the grading was upon direct
'The spelling is something aw-
ful,' he stated. As an example, he
showed a paper upon which were the
following words, which the reader
will have to distinguish: Piladelpia,
Alabama, witsch, Misori, Misipi,
Coalarada, and comdondeer."

ly Injured.

bound express on the Lake Shore rail-
road ran into an open switch at
Northeast, Pa., today. Several pas-
senger coaches were derailed. The
engine partly demolished the station.

brakeman were reported seriously
wounded.

FINGER GRAFTED ON FACE

TO MAKE A NOSE FOR A YOUNG
MAN

BORN WITHOUT ONE

Dr. Charles Fraser Says That Opera-
tion Will Be Successful.

Philadelphia, March 22.—The op-
eration of grafting a finger upon a
man's face in order to build up a nose
was performed at the University hospi-
tal on Saturday. The patient, a
young man named Leonard, was born
practically without a nose. He took
up his residence at the hospital early
last week and on Saturday afternoon
the operation was made in the pres-
ence of a large number of physicians,
who had been attracted by the un-
usual case.

After the face had been laid open
along the line of the nose the nail
was removed from the fourth finger
of the left hand and part of the skin
of the finger scraped away. Then the
finger was grafted upon the face. A
plaster cast mold was formed around
the newly grafted finger.

Until the flesh has grown firmly
together this mould will remain in
place and Leonard will be forced to
hold his arm and hand in one po-
sition all that time. The process of graft-
ing will occupy about three weeks.
When the plaster cast is finally re-
moved, the finger will be amputated.

Dr. Charles Fraser, who performed
the operation, has every hope of its
ultimate success. So far as is known
there has been only one similar opera-
tion in this country, and that was at
Johns Hopkins hospital.

COURT HOUSE

A marriage license was issued to
Ira M. Wright and Nellie M. Parker,
of Whitewater.

The county commissioners were in
session this morning. A committee
of Henry county farmers was before
the board in reference to building a
joint bridge between Henry and
Wayne counties, over Byerley's Ford.
No action of a definite nature was
taken in the matter.

day's cloudburst caused a loss of
\$20,000 in the immediate vicinity. The
postoffice at Manville was carried into
the river.

GOLDEN WEDDING CELEBRATED

ALFRED JOHNSON AND WIFE
FIFTY YEARS MARRIED
TODAY.

A FAMILY GATHERING

In Honor of the Event—Dinner at
Westcott Hotel—Guests.

Today is being celebrated with
pomp the golden anniversary of
the marriage of Mr. and Mrs. Alfred
Johnson, of 125 north eighteenth
street.

Fifty years have this prominent
couple journeyed along life's path-
way in peace and harmony and, today,
surrounded by those who are near
and dear to them, this aged couple,
enjoying the best of health, are re-
calling the events of the fifty years
that have passed into history.

A dinner at the Westcott was one
of the features of the important
event. The spread comprised every-
thing the season afforded and was
served in the private dining room.
Flowers were there in profusion, those
of golden hue predominating. A large
number of valuable presents were re-
ceived. The following persons were
present as guests on this occasion:

Mr. and Mrs. Isaac T. Johnson, of
Philadelphia; Mr. and Mrs. J. B.
Johnson and children, of Urbana,
(mayor); Mr. Charles Johnson, of
Urbana; J. Will Johnson, of Pueblo,
Colo.; Miss Anna Mary Johnson, of
this city; Mr. E. L. Johnson, of Cin-
cinnati, brother; Mr. and Mrs.
Charles S. Farnham, of this city;
Mrs. Hannah M. Johnson, this city,
and Mrs. Susan M. Thorne, of
Urbana, Ohio.

RURAL FREE DELIVERY

Carriers Will Likely Have Another
Increase.

Washington, March 23.—A little
skirmish in the house yesterday in-
dicates that there will be a lively fight
over the rural free delivery amend-
ment. A point of order will be made
against it, thus necessitating a rule
for its consideration. This is the
course that has been decided upon
by Chairman Overstreet. From pre-
sent indications the pay of the car-
riers will be increased over the figure
proposed by the house committee. "It
has probably been overlooked by a
great many people," said an Indiana
member who was discussing the
amendment, "that the department
stores of the large cities have deep in-
terest in the proposition to allow rural
carriers to act as agents. There
are many carriers in the country, and
the number will be greatly increased
within the next few years. With the
continuation of the agency business
this means almost complete annihila-
tion for small country merchants, who
have already registered their oppo-
sition to the policy of the department
in permitting carriers to act as agents
or solicitors for hire. This phase of
the question has received little con-
sideration so far, but it is high time
that we should give it some, though
it is expected that an animated debate
will follow when the rural free deliv-
ery item is reached today or Thurs-
day."
