

## WHY MOTHERS WORRY

Did you ever hear a mother worry over a plump child? There is no better bank of health for a child to draw from than a good supply of healthy flesh.

Scott's Emulsion not only gives a child weight and plumpness, but it feeds the brain, bones and nerves with strength and active power.

Fewer mothers would worry if they knew more about Scott's Emulsion.

Scott's Emulsion is substituted by cheap emulsions and so-called wines, cordials and extracts of cod-liver oil. They can do you no good and are dear at any price. Why buy them? Scott's Emulsion has been the one reliable preparation of cod-liver oil for nearly thirty years.

We'll send you a sample free upon request. SCOTT BOWNE, 409 Pearl Street, New York.

The stereopticon lecture delivered last evening at Garfield school by Dr. Brankamp before the History club members and their friends was quite largely attended, all of the members of the club and a number of guests being present. In response to an invitation a number of students of the high school were also in attendance.

Dr. Brankamp gave his lecture in an able manner and the pictures, some of which were exceedingly beautiful, proved greatly interesting to those present. The views were those of Holland, showing the scenery of city and country in a charming manner, and those who saw them felt amply repaid for venturing out on such a disagreeable night. The History club gives two of these stereopticon lectures each winter and they are proving very enjoyable affairs, being a pleasant departure from the routine program.

The Sorosis Club held a pleasant meeting yesterday afternoon at the home of Mrs. Edward Schalk on north eighth street. There was a pleasingly large attendance. Pedro was the feature of the afternoon. The first prize was awarded to Mrs. Schalk and the consolation fell to Mrs. Will Rowlett. An elegant two-course luncheon was served by the hostess. The next meeting, on April 5, will be at the home of Mrs. Ira Baker on north twentieth street.

The Occult Research Society holds a very important meeting tomorrow afternoon at the home of Mrs. Elizabeth Williamson, on south tenth street.

The Athenaea Society of the South Eighth Street Friends' church will hold the closing meeting of the year with Mrs. E. G. Hill, at her residence on east Main street Friday afternoon.

The Tuesday Aftermath held one of the most interesting sessions of the year yesterday afternoon, Mrs. Frank Land of north twelfth street being the hostess. Miss Laura Gano, of West Richmond gave a very excellent talk on "Bird-Neighbors." She spoke of the birds in this vicinity of which she has made a special study for quite a while, giving a full list and description of all birds to be found in this section of the country. Miss Gano is well posted on all matters concerning birds and is very clever in her imitations of birdcalls. This talk was not in the regular line of work but was an enjoyable variation from the regular program.

Prof. W. S. Davis of the high school, gave a very interesting talk in the regular line of the club's work on "Spain's Attitude Toward her Colonies." He told of the Spanish holdings in this country in the 17th century comparing them with her present holdings, and showed that, whereas she formerly owned nearly all of America, now her holding in the western hemisphere amounted to practically nothing. Prof. Davis outlined Spain's policy toward her colonies, which has proved detrimental to both ruler and ruled.

His talk was extremely interesting to the members. The next meeting of the club will be with Mrs. Noah Hutton, on north eleventh street.

The Ladies' auxiliary of the South Eighth Street Friends' church held a very enjoyable all-day meeting yesterday in the church parlors. The members are making final preparations for the Easter fair, to be given the latter part of next week, and yesterday morning was entirely consumed in preparing and arranging the articles for the market. The afternoon was more of a social hour and was very pleasantly spent by the members. Great interest is being manifested by all of the church members in the coming market, and, if their aid and support will have anything to do with making it a success, it will be one of the most successful affairs of the kind this spring.

Mrs. Harry Shaw was the hostess for the regular meeting of the Merry-Go-Round club yesterday afternoon at her home, on north tenth street. Whist was the feature of the afternoon, Mrs. Milo Ferrell winning first prize. There was a full attendance of the members and the club had as its guests Mrs. Hammond and Mrs. Lyman Dowd, of Davenport, Iowa. An elegant lunch was served.

The next meeting will be with Mrs. Ira Woods, and the date has been changed to Wednesday instead of Tuesday afternoon.

Two Richmond ladies are candidates for the Commercial-Tribune popularity contest. This paper proposes sending a few of the most popular young ladies of Ohio and Indiana to the world's fair and Misses Mary E. Peltz and Miss Ida G. Stevens, of this city, are candidates and their many friends are working hard in their favor.
