## J. FRANK HANLEY GIVES US A CALL

AND EXPRESSES AN OPINION  
AS TO THE OUTCOME OF  
THE CONVENTION.

CANDIDATE FOR  
GOVERNOR

Says the Nominee of the Convention  
Will be the Next Governor of  
Indiana.

Mr. J. F. Hanley, candidate for governor of Indiana, and one of the most genial of gentlemen, is in the city today calling on friends and looking after his political fences.

Mr. Landis will be a candidate before the Republican convention that meets in Indianapolis April 26 and 27, for governor of Indiana. Mr. Hanley paid the Palladium a pleasant call this morning, and, when asked what he had to say to the dear people, he said:

"Oh, I don't know that I have anything special to say, only that the nominee of the convention will be the governor of Indiana!"

"And what chances have you, Mr. Hanley, for that honor?" queried the reporter.

"Well," said he, "the people of the state will make the nomination, and the people are with me in this contest. Twelve counties have already instructed for me, besides numerous townships in many other counties. These counties are in almost every section of the state, and their action is a fair index to the feeling over the entire state. In addition to the counties that have instructed for me there are many other counties that will give solid support. My district, the tenth, with 132 delegates, are with me. My friends everywhere are earnest, loyal and active, and I am absolutely confident of the result. Indications point to a great convention, representative of the best party in the best state of the Union."

## HOLY WEEK

Lent Ends With Next Sunday—Services Today and Remainder of the Week.

This is holy week, which is commemorative of the time in which so many historical events occurred in the life of Christ. Today is being celebrated Holy Thursday, the Last Supper. Mass was celebrated at the two Catholic churches and a solemn procession, with the Blessed Sacrament, was held in the churches. Services appropriate to the day will also be held this evening.

Tomorrow is Good Friday, commemorative of the crucifixion of Christ on the cross. At the Catholic churches services will be held in the morning, with "The way of the cross" in the afternoon at 3 o'clock and a sermon in the evening at 8 o'clock.

Holy Saturday is the day on which water is blessed for use in the church during the year.

During these days of great devotion the bells are not rung. The services on all these occasions are very beautiful and impressive, and are all historical.

Services are also held at St. Paul's Episcopal church on all those days. The Lutheran churches celebrate the sacred occasion and all the churches observe Easter.

His remains will arrive here tomorrow afternoon at 4:20 o'clock.

Mr. Carman was a familiar figure in Richmond and a very good business man. He was married twice, his first wife being a Swallow, sister of Mrs. Wm. Rigsby, and his present wife is a daughter of William Howard, of this city, who was with him at the time of his death.

Mr. Carman was in the neighborhood of fifty years of age and has had an affliction of the lungs for years.

## AGAINST CANAL

Prominent Dayton Man is Favorable to Its Abandonment.

Dayton, O., March 31.—John H. Paterson, president of the National Cash Register company, in a signed article issued yesterday, favors the abandonment of the Miami and Erie Canal and the sale or lease of the strip to some enterprise, the proceeds to be placed in the state school fund.

Mr. Paterson declares the canal is out of date, that it lacks terminal facilities and that the traffic on it is slow and inconvenient. He says that no enormous expenditure of the state could overcome the drawbacks and he is opposed to spending a large sum of money for its maintenance.

He also is in favor of a new railroad between this city and Toledo.

The drawings were all splendid, and it was a difficult matter to make the selection, but, after due deliberation the board decided to accept the plans of John A. Hasecoster. Of course, it is well understood that these plans are subject to alterations at the will of the board, and several changes will be made.

This was the only business transacted at the meeting. The plans are now on exhibition in the show window of the George H. Knollenberg dry goods store.

## C. C. & L. ROAD

Rev. Earl Naftzger, former pastor of the Methodist church at Charlottesville, and well known in Richmond, has been appointed pastor of the English-speaking church at Bombay, India, and he will leave for his new home and field of labor about the middle of April.

Rev. Naftzger was pastor at Charlottesville two or three years, and was frequently heard here. He is a member of the North Indiana conference quartet, with Rev. D. H. Guild, formerly of Knightstown. He is a brother of the Rev. Leslie J. Naftzger, pastor of the Grace Methodist church at Kokomo. Less than a year ago Rev. Naftzger lost his young wife, and with the tie that binds him, home, family and friends severed, he will go to a foreign land to "preach the gospel unto every creature."

Rev. Naftzger is now pastor of the Market street Methodist church at Logansport. He will sever his relation with the North Indiana conference next week, during the session at Muncie.

## STEEPLE CHARLEY

The Great World Pole Climber in The City.

C. B. Lukens, better known all over the country as "Steeple Charley" with his manager, Leo Powers, are in the city today. Mr. Lukens is certainly a wonder. He climbs flag poles, and in fact any wind of poles, steeples, etc., without the use of ladders, and he performs his work with the greatest of ease.

This morning he climbed the flag pole of the American Seeding Co.'s plant in this city, put on new ropes and painted the pole.

It was he who guided the dome of the New York World building, that there was so much talk about at the time.

## AFFLICTION OF MR. GIBBINS

ONE OF EATON'S BEST KNOWN MEN SERIOUSLY ILL.

LITTLE HOPE OF RECOVERY

Stricken Suddenly Tuesday Night—His Leg Dead and Amputation Would be Disastrous.

(Special to Palladium.)

Eaton, O., March 31.—The friends of Mr. J. M. Gibbins were pained and greatly surprised to learn this morning that he was threatened with a malady which would cost him the loss of a limb, and probably his life.

Tuesday night about 10 o'clock he was awakened out of a sleep with a severe pain in the calf of his left leg, which so increased in intensity that Dr. Ryder was summoned. When he arrived he found the circulation stopped in the lower part of the leg, and the foot practically dead. He at once diagnosed the case as that of a clot formation in the artery, caused from the kidney and heart complications. Dr. Shaw was called in consultation and the two physicians informed the stricken family to prepare for the worst.

Wednesday morning found the leg in an advanced stage of putrefaction, gangrene having set in, and spread over the entire leg below the knee. An operation was quickly decided upon as the only means of saving his life, and Dr. Weist, of Richmond, was summoned. He arrived at 1:40, and, after consultation, and in view of the condition of the patient, it was decided to postpone the operation until today. We are informed by the physician that the case is practically hopeless, and Mr. Gibbins' life is hanging by a slender thread.

The Palladium asked Dr. Weist about Mr. Gibbins' condition, and he said there was little hope, and the leg was not amputated.

## NEW CASTLE

Has Pretensions of One Day Amounting to Something.

The New Castle Courier, for some time past, has been poking fun at Richmond's apparent lethargy in the matter of securing factories, railroads, etc. It seems to take a delight in that sort of thing.

They had a meeting up there Tuesday night for the purpose of securing additional factories, principally the Chicago Steel Manufacturing company. A subscription paper was started to get enough money to put up a building for the factory. That's all on paper.

In the account of the meeting the Courier says: "Come, let's get together on this splendid proposition and give Richmond and other surrounding towns another sample of our thrift and enterprise."

The Palladium would like to say to our dear friend, the Courier, that New Castle, with all her bombast about new factories, would not make a respectable suburb for Richmond. The whole place would fit in the elk's pen at Glen Miller. Richmond is not of hushroom growth. She has stood the test of years, has grown gradually and surely and safely, and there is quibble about her credit! When New Castle is able to lift her head above water Richmond will talk business with her.

Mrs. Mary Custer, widow of the late Benjamin Custer, is in the city today.
